Legal and Copyright Notices

Payment

You must remit payment in accordance with the FedEx Service Guide, tariff, service agreement or other terms or instructions provided to you by FedEx from time to time. You may not withhold payment on any shipments because of equipment failure or for the failure of FedEx to repair or replace any equipment.

Inaccurate Invoices

If you generate an inaccurate invoice, FedEx[®] may bill or refund to you the difference according to the *FedEx Service Guide*, tariff service agreement or other terms or instructions provided to you by FedEx from time to time. A request for refund on a FedEx shipment must be made in accordance with the applicable Service Guide or terms or instructions provided by FedEx from time to time. A shipment given to FedEx with incorrect information is not eligible for refund under any FedEx money-back guarantee. FedEx may suspend any applicable money-back guarantee in the event of equipment failure or if it becomes inoperative.

Confidential and Proprietary

The information contained in this guide is confidential and proprietary to FedEx Corporate Services, Inc. and its affiliates (collectively "FedEx"). No part of this guide may be distributed or disclosed in any form to any third party without written permission of FedEx. This guide is provided to you and its use is subject to the terms and conditions of the FedEx Automation Agreement. The information in this document may be changed at any time without notice. Any conflict between this guide, the FedEx Automation Agreement and the *FedEx Service Guide* shall be governed by the FedEx Automation Agreement and the *FedEx Service Guide*, in that order.

About This Guide

This guide describes how to integrate with FedEx Web Services.

It is written for the application developer who uses web services to design and deploy applications enabled by FedEx. It describes how to get started with application development and how to use the Application Programming Interface (API). It also describes each available service in addition to the business logic that drives each FedEx process.

Document Organization

Each web service provides access to FedEx features. The service description includes service details and a full schema listing to facilitate application development.

Resources

- FedEx Developer Resource Center: fedex.com/developer
- FedEx Services At-a-Glance: fedex.com/us/services
- *FedEx Service Guide* available at fedex.com/us/service-guide
- Microsoft Web Services: msdn.microsoft.com/en-us/library/ms950421.aspx
- O'Reilly XML.com: www.xml.com
- Secure Socket Layer Certificates: fedex.com/us/developer/downloads/dev_cert.zip
- Web Services organization home page: www.web-services.org

Support

- Contact FedEx Web Services technical support at websupport@fedex.com.
- For technical support, call 1.877.339.2774 and state "API" at the voice prompt.
- Support hours are Monday through Friday, 7:00 a.m. to 9:00 p.m. CST, and Saturday, 9:00 a.m. to 3:00 p.m. CST.
- For FedEx Customer Service, call 1.800.GoFedEx 1.800.463.3339.
- Customers using a FedEx® Compatible Solutions Program automation solution should contact their software provider for support.

1 Introduction

FedEx Web Services gives you the tools to build custom platform- and interface-independent applications that access FedEx features. You can use FedEx Web Services in a variety of ways to create customized integration solutions for your specific shipping needs. Here are just a few of the ways a company can use web services to streamline operations, improve visibility, and provide more choices to clients:

- **Verify Addresses and Improve Customer Satisfaction:** Prompt customers for additional information in the event of an address discrepancy or missing information with the Address Validation WSDL.
See [Address Validation Service](#) for more information.
- **Give Customers More Options:** Help customers learn about all the available shipping options and rates with Ship Service and Rate Services. You can also extend this service to your shopping cart and website, allowing customers to access money-saving information firsthand.
See [Rate Services](#) and [Ship Service](#) for more information.
- **More Convenience:** Use the Locations Service to find the FedEx pickup location nearest your customer. Or, send an email to your customers with a link to this service as part of your standard order-receipt process.
See [Locations Service](#) for more information.
- **Offer Global Shipping Options:** Create shipping labels for worldwide locations. Improve customer service by offering more shipping options to customers in more countries with the consolidated Ship Service.
See [Ship Service](#) for more information.
- **Reduce Customer Service Costs:** Decrease phone traffic from customers checking the status of their shipments and cut customer service costs. FedEx provides online Tracking and Visibility Services that allow you to provide customers with the status of shipments, Signature Proof of Delivery (SPOD), and Shipment Notification in the Ship Request.
See [Shipment Notification in the Ship Request](#), [Signature Proof of Delivery \(SPOD\)](#) and [Tracking and Visibility Services](#) and for more information.
- **Simplify Processes and Improve Satisfaction:** In addition to ExpressTagAvailability, provide a simple way to allow customers to return an order with Email Labels. This service sends an email with the address (URL) of a website where the recipient can log in and print a return label.
See [ExpressTagAvailability](#) and [Email Labels](#) for more information.

Why should developers be interested in web services?

- **Interoperability:** Any web service can interact with any other web service and can be written in any programming language.

- **Ubiquity:** Web services communicate using HTTP and XML. Any connected device that supports these technologies can both host and access web services.
- **Low Barrier to Entry:** The concepts behind web services are easy to understand, and developers can quickly create and deploy them using many toolkits available on the web.
- **Industry Support:** Major content providers and vendors support the web services movement.

Any application running on any platform can interact with a web service by using the Simple Object Access Protocol (SOAP) and Web Services Description Language (WSDL) standards for message transfer and service discovery. By following the standards, applications can seamlessly communicate with platform services.

1.1 Document Overview

The *FedEx Web Services Developer Guide* provides instructions for coding the functions you need to develop FedEx supported applications described in the following chapters.

- Introduction (this chapter):
 - Documentation overview and guidelines, including how to use the Help application and how to print this guide.
 - Overview information about web services, including a high-level description of FedEx Web Services methods.
 - Coding basics.
 - Overview information about testing and certifying your application.
- [Rate Services](#) describes services to rate packages.
- [Validation Availability And Commitment](#) Service and Country Service describes how to check service availability, postal codes, and route information.
- [Tracking and Visibility Services](#) covers Track Services and includes:
 - Elements for requesting tracking information, coding notification requests, and requesting [Signature Proof of Delivery \(SPOD\)](#).
 - The [Notification](#) service, which can be used to notify shippers and recipients of significant shipment events.
 - Elements for configuring [FedEx InSight](#).
- [Locations Service](#) describes how to receive the addresses of the nearest FedEx package drop-off locations, including FedEx Office® Print and Ship Center locations.
- [Address Validation Service](#) explains how to check your shipping addresses for accuracy before shipping.
- [Ship Service](#) provides:
 - Service details for shipping with FedEx® services.

- Service details and coding details for all shipping services, including [FedEx Express U.S. Shipping](#), [FedEx Ground U.S. Shipping](#), [FedEx Express International Shipping](#), and [FedEx International Ground Shipping](#).
- [Returns Shipping](#) describes how to verify that a FedEx ExpressTag® Dispatch can be scheduled for a given place and time.
- [Creating a Label](#) describes how to configure, customize, and print shipping labels using a variety of options.
- [FedEx SmartPost Shipping](#) describes how to configure FedEx SmartPost® shipping options.
- Appendixes:
 - [Appendix A: Country Code Tables](#)
 - [Appendix B: U.S. State Codes](#)
 - [Appendix C: Canada Province Codes](#)
 - [Appendix D: Mexico State Codes](#)
 - [Appendix E: UAE State Codes](#)
 - [Appendix F: Currency Codes](#)
 - [Appendix G: Harmonized Tariff Unit of Measure Codes](#)
 - [Appendix H: Vague Commodity Descriptions](#)
 - [Appendix I: Waybill Legal Terms and Conditions](#)
 - [Appendix J: Postal-Aware Countries and Formats](#)
 - [Appendix K: Physical Packaging Type Codes](#)
 - [Appendix L: Customs-Approved Document Descriptions](#)
 - [Appendix M: Time Zones](#)
 - [Appendix N: Minimum Customs Value](#)
 - [Appendix O: Error Code Messages](#)
 - [Appendix P: Countries Accepting Electronic Trade Documents](#)
 - [Appendix Q: Track Service Scan Codes](#)
 - [Appendix R: Maximum Field Lengths](#)
 - [Appendix S: FedEx Express Plain Paper Label Samples](#)
 - [Appendix T: FedEx Express Thermal Label Samples](#)
 - [Appendix U: FedEx Ground Plain Paper Labels](#)
 - [Appendix V: FedEx Ground Thermal Label Samples](#)
 - [Appendix W: FedEx SmartPost Label Samples](#)
 - [Appendix X: Sample Shipping Documents](#)
 - [Appendix Y: Glossary](#)

Each chapter covering FedEx Web Services coding includes:

- Service Details: Business rules for using the FedEx service.
- Service Options: Links to additional services that can be added to the basic Web Service.
- Coding Details: Best practices information, basic request and reply elements, and a link to error messages.
- XML Schema: A link to the layout for the service. This layout provides coding requirements for all elements in the schema.

1.2 Printing All or Part of This Guide

You can print all or part of this guide from the PDF version.

1.2.1 Printing from the PDF Version

From the PDF version you can print the complete document or a page range of the document.

1. Open the PDF file and click the printer icon  or click **File > Print**.
2. From the **Print** dialog box, print the complete document, specify a page range, or choose from any of the available print options.

1.3 Web Services, WSDL, and SOAP Overview

This section describes the standard coding technologies used in FedEx Web Services.

1.3.1 Web Services

Web services are a collection of programming technologies, including XML, Web Services Description Language (WSDL), and SOAP, which allow you to build programming solutions for specific messaging and application integration.

Web services are, by definition, platform independent. FedEx Web Services allow developers to build custom applications that are independent of changes to the FedEx interface.

Web Services are consumed by many different applications across many platforms. It is based on the basic principles that govern XML standards, one of which is how Namespaces can be declared and applied.

Namespaces are declared as an attribute of an element. It is not mandatory to declare namespaces only at the root element; rather it could be declared at any element in the XML document. The scope of a declared namespace begins at the element where it is declared and applies to the entire content of that element, unless overridden by another namespace declaration with the same prefix name, the content of an element is the content between the `<opening-tag>` and `</closing-tag>` of that element. So essentially, XML namespace declarations are scoped, meaning that the declared prefix (or default namespace) is in

force for the element on which the declaration occurs (as well as its descendant elements). A namespace declared as follows:

```
<v12:RateReply xmlns:v12="http://  
is semantically same as  
<RateReply xmlns="http://fedex.com/ws/rate/v12">  
or even (hypothetically) same as  
<foo:RateReply xmlns:foo="http://fedex.com/ws/rate/v12">
```

1.3.2 WSDL

A SOAP request to, or response from, a service is generated according to the service's WSDL definition. A WSDL document describes a service. It is an XML document that provides information about what the service does, the methods that are available, their parameters, and parameter types. It describes how to communicate with the service in order to generate a request to, or decipher a response from, the service.

The purpose of a WSDL is to completely describe a web service to a client. A WSDL defines where the service is available and what communications protocol is used to talk to the service. It defines everything required to write a program to work with an XML web service. A WSDL document describes a web service using seven major elements. Elements can be abstract or concrete.

Abstract XML elements describe the web service: <types>, <message>, <operation>, <portType>. Concrete XML elements provide connection details: <service>, <port>, <binding>.

1.3.2.1 WSDL Elements

Element	Definition
<definitions>	The root element contains name space definitions.
<portType>	The most important WSDL element. It is a set of all operations that a web service can accept and is a container for <operation> elements. This WSDL element describes a web service, the operations that can be performed, and the messages that are involved, and can be compared to a function library (or a module or a class) in a traditional programming language.
<types>	Defines variable types used in the web service (both the parameters passed to a function and the type of the value passed back via the response). The data types are described by XML schema. This element contains user-defined data types (in the form of XML schema). For maximum platform neutrality, WSDL uses XML schema syntax to define data types.
<message>	Defines the data elements of an operation. Each message can consist of one or more parts that can be compared to the parameters of a function call in a traditional programming language.
<operation>	Child of the <binding> element that defines each operation that the port exposes. This element allows only three messages: Message - Definition Input Message - Data web services receive Output Message - Data web services send

Element	Definition
	Fault Message - Error messages from web services
<service>	Contains a <port> child element that describes the URL where the service is located. This is the location of the ultimate web service.
<binding>	Defines the message format and protocol details for each port. The binding element has two attributes: the name attribute and the type attribute. This element specifies how the client and the web service should send messages to one another.

Note: For more information about the WSDL standard, refer to the World Wide Web Consortium (W3C) Website at w3.org/TR/wsdl

1.3.3 SOAP

- Is a simple XML-based protocol that allows applications to exchange information over HTTP.
- Is built on open standards supported by numerous development tools on various platforms.
- Is a request interface object in your application programming language.
- Provides a way to communicate between applications running on different operating systems, with different technologies and programming languages.
- Enables the data to pass through layers of intermediaries and arrive at the ultimate receiver the way it was intended.

Note: You may not need to actually construct the SOAP messages yourself — many development tools available today construct SOAP behind the scenes.

1.3.3.1 SOAP Message

A SOAP message is an XML document that can be a request for a web service from a client or a "reply" from a web service to a client.

- Required <SOAP:Envelope>
- Optional <SOAP:Header>
- Required <SOAP:Body>

1.3.3.1.1 Example: Delete Tag Request (SOAP Message)

```
<SOAP-ENV:Envelope
    xmlns:SOAP-ENV="http://schemas.xmlsoap.org/soap/envelope/"
    xmlns:SOAP-ENC="http://schemas.xmlsoap.org/soap/encoding/"
    xmlns:xsi="http://www.w3.org/2001/XMLSchema-instance"
    xmlns:xsd="http://www.w3.org/2001/XMLSchema"
    xmlns="http://fedex.com/ws/ship/v15">
<SOAP-ENV:Body>
<DeleteTagRequest>
<WebAuthenticationDetail>
```

```
<UserCredential>
  <Key>
    User Key
  </Key>
  <Password>
    User Password
  </Password>
</UserCredential>
</WebAuthenticationDetail>
<Client detail>
  <AccountNumber>xxxxxxxx</Account number>
  <MeterNumber>xxxxxx</MeterNumber>
</ClientDetail>

<Version>
  <ServiceId>ship</ServiceId>
  <Major>15</Major>
  <Intermediate>0</Intermediate>
  <Minor>0</Minor>
</Version>
<DispatchLocationId>MQYA</DispatchLocationId>
<DispatchDate>yyyy-mm-dd</DispatchDate>
<Payment>
  <PaymentType>shipper</PaymentType>
  <Payor>
    <AccountNumber>xxxxxxxx</AccountNumber>
    <CountryCode>US</CountryCode>
  </Payor>
</Payment>
<ConfirmationNumber>XXXX</ConfirmationNumber>
</DeleteTagRequest>
</SOAP-ENV:Body>
</SOAP-ENV:Envelope>
```

1.3.4 Non-SOAP Web Services

FedEx offers a non-SOAP web services solution that you can use to send transactions without having to use tools that provide SOAP protocol support for web services. This may be convenient for developers using environments that do not provide support for SOAP. With this interface, XML documents are sent directly to the FedEx servers via the HTTP POST command. FedEx provides a set of specifications and examples to help with the development of this type of communications method.

To use the non-SOAP web service solution, you must have a working knowledge of HTTPS and Secure Socket Layering (SSL) encryption, the ability to provide a secure SSL connection to FedEx and the ability to code to an operation interface using XML.

The interfaces used in the SOAP and non-SOAP web services are defined in WSDL files. The WSDL files contain schemas that define the layout of the operations. The same WSDL file is used for both the SOAP and non-SOAP web service users.

Non-SOAP users are concerned only with the schema definitions and not the other WSDL components that are SOAP-specific. The XML data that is sent via the non-SOAP interface looks almost identical to

the data that is sent via the SOAP interface. The only difference is that the data sent via the non-SOAP interface does not contain the wrapping Envelope and Body tags that are specific to SOAP. The following is an example of a TrackRequest using the non-SOAP interface.

1.3.4.1 Example Track Request

```
<soapenv:Envelope xmlns:soapenv="http://schemas.xmlsoap.org/soap/envelope/"  
    xmlns:v9="http://fedex.com/ws/track/v9">  
    <soapenv:Header/>  
    <soapenv:Body>  
        <v9:TrackRequest>  
            <v9:WebAuthenticationDetail>  
                <v9:UserCredential>  
                    <v9:Key>xxxxxx</v9:Key>  
                    <v9:Password/>  
                </v9:UserCredential>  
            </v9:WebAuthenticationDetail>  
            <v9:ClientDetail>  
                <v9:AccountNumber>XXXX</v9:AccountNumber>  
                <v9:MeterNumber>XXXX</v9:MeterNumber>  
                <v9:Localization>  
                    <v9:LanguageCode>EN</v9:LanguageCode>  
                    <v9:LocaleCode>US</v9:LocaleCode>  
                </v9:Localization>  
            </v9:ClientDetail>  
            <v9:TransactionDetail>  
                <v9:CustomerTransactionId>Track By Number_v9</v9:CustomerTransactionId>  
                <v9:Localization>  
                    <v9:LanguageCode>EN</v9:LanguageCode>  
                    <v9:LocaleCode>US</v9:LocaleCode>  
                </v9:Localization>  
            </v9:TransactionDetail>  
            <v9:Version>  
                <v9:ServiceId>trck</v9:ServiceId>  
                <v9:Major>9</v9:Major>  
                <v9:Intermediate>1</v9:Intermediate>  
                <v9:Minor>0</v9:Minor>  
            </v9:Version>  
            <v9:SelectionDetails>  
                <v9:CarrierCode>FDXE</v9:CarrierCode>  
                <v9:PackageIdentifier>  
                    <v9>Type>TRACKING_NUMBER_OR_DOORTAG</v9>Type>  
                    <v9:Value>XXXX</v9:Value>  
                </v9:PackageIdentifier>  
                <v9:ShipmentAccountNumber/>  
                <v9:SecureSpodAccount/>
```

```
<v9:Destination>
    <v9:StreetLines>Address_Line</v9:StreetLines>
    <v9:City>City</v9:City>
    <v9:StateOrProvinceCode>XX</v9:StateOrProvinceCode>
    <v9:PostalCode>XXXXXX</v9:PostalCode>
    <v9:CountryCode>XX</v9:CountryCode>
</v9:Destination>
</v9:SelectionDetails>
</v9:TrackRequest>
</soapenv:Body>
</soapenv:Envelope>
```

1.3.4.2 Error Handling

Error handling for non-SOAP operations is different from error handling for SOAP operations. The SOAP specification provides an error handling mechanism that is not present for non-SOAP operations. For a SOAP operation, a fault is returned as a SOAP exception. For a non-SOAP request, the contents of the SOAP fault are returned as an XML document. These SOAP fault documents are returned in situations such as schema validation failures or when operation types are unrecognized. In the following example, a SOAP fault document is returned from a schema validation failure in which the AccountNumber element was incorrectly sent as the AccountNumberx element:

```
<soapenv:Fault xmlns:soapenv="http://schemas.xmlsoap.org/soap/envelope/">
<faultcode>soapenv:Server</faultcode>
<faultstring>5: Schema validation failed for request.</faultstring>
<detail>
<con:fault xmlns:con="http://www.bea.com/wli/sb/context">
<con:errorCode>5</con:errorCode>
<con:reason>Schema validation failed for request.</con:reason>
<con:details>
<con1:ValidationFailureDetail
xmlns:con1="http://www.bea.com/wli/sb/stages/transform/config">
<con1:message>Expected element 'AccountNumber@http://fedex.com/ws/ship/v8' instead
of 'AccountNumberx@http://fedex.com/ws/ship/v8' here in element
ClientDetail@http://fedex.com/ws/ship/v8</con1:message>
<con1:xmlLocation>
<ship:AccountNumberx
xmlns:ship="http://fedex.com/ws/ship/v8">0000000000</ship:AccountNumberx>

</con1:xmlLocation>
<con1:message>Expected element 'AccountNumber@http://fedex.com/ws/ship/v1' before
the end of the content in element
ClientDetail@http://fedex.com/ws/ship/v8</con1:message>
<con1:xmlLocation>
<ship:ClientDetail xmlns:ship="http://fedex.com/ws/ship/v8">
<ship:AccountNumberx>00000000000000000000</ship:AccountNumberx>
<ship:MeterNumber>0000000</ship:MeterNumber>
</ship:ClientDetail>
</con1:xmlLocation>
</con1:ValidationFailureDetail>
```

```
</con:details>
<con:location>
<con:node>Validate</con:node>
<con:pipeline>Validate_request</con:pipeline>
<con:stage>ValidateRequest</con:stage>
<con:path>request-pipeline</con:path>
</con:location>
</con:fault>
</detail>
</soapenv:Fault>
```

Each reply should be checked for the Fault element to indicate failure in processing the message.

Note: Normal error processing still applies; this is an additional error check for incorrect syntax in XML documents

Keep in mind that if you use either the SOAP or non-SOAP version of FedEx Web Services, labels are returned as Base64 encoded. To print shipping labels, you must decode labels before sending them to your printer.

For more information on Base64 decoding, see [Creating a Label](#).

1.3.4.3 Non-SOAP HTTP POST Example

The following HTTPS POST example is a valid working example, but is not guaranteed to work for all programming languages, applications, and host systems:

```
POST /xml HTTP/1.0
Referrer: YourCompanyNameGoesHere
Host: ws.fedex.com
Port: 443
Accept: image/gif, image/jpeg, image/pjpeg, text/plain, text/html, /*
Content-Type: text/xml
Content-length: %d
Your FedEx Transaction
```

Each line is followed by one new line character except Content-length and the FedEx transaction. Two new line characters follow the Content-length line. The FedEx transaction has no extra characters. The Content-length line should have the length of the FedEx transaction in place of the %d variable.

Note: Port 443 must be opened for bi-directional communication on your firewall.

After formatting your non-SOAP transaction and placing it in a HTTP POST request, you will need to open an SSL connection to the FedEx test server and send the request through FedEx by using your SSL connection.

Next, parse the HTTPS response to determine if there were any errors. Examine the HTTP header to determine if any HTTP or Web Server errors were encountered. If you received a 200 status code, parse the reply to determine if there were any processing problems.

1.3.5 Visual Basic Project Error

You may receive an error indicating that an element is not set, even after setting it in the code. When you set a Boolean type element to true, you may also need to set the specified element to true.

1.4 Implementing FedEx Web Services

Before you begin implementing FedEx Web Services, note the following guidelines:

- FedEx Web Services are designed to support any operating system and coding language. Downloadable sample code is available in Java, C#, VB, .Net and PHP languages from the FedEx Developer Resource Center Technical Resources.
- Transactions submitted to FedEx using FedEx Web Services are required to have a minimum of 128-bit encryption to complete the request.

1.5 Understanding the XML Schema

The XML schema defines the messages that you can use to access the FedEx services. You create a request that contains business data and other instructions and you send it to FedEx. FedEx replies with a response that contains the data resulting from the instructions you sent in.

The XML schema provides a means for defining the structure, content, and semantics of XML documents.

An XML schema defines:

- Elements and attributes that can appear in a document
- Elements that are child elements
- Order and number of child elements
- Whether an element is empty or can include text
- Data types, default values, and fixed values for elements and attributes
- Some important facts about the XML schema:
 - Elements that contain sub-elements or carry attributes have complex types.
 - Elements that contain numbers (and strings, and dates, etc.), but do not contain any sub-elements, have simple types. Some elements have attributes. Attributes always have simple types.
 - Complex types in the instance document, and some of the simple types, are defined in the schema associated with a FedEx Web Service. Other simple types are defined as part of XML schema's repertoire of built-in simple types.
 - XML schema built-in simple types are prefixed by "xs:", which is associated with the XML schema namespace through the declaration xmlns:xs="http://www.w3.org/2001/XMLSchema", displayed in the schema element.

- The same prefix, and the same association, are also part of the names of built-in simple types, such as xs:string. This association identifies the elements and simple types as belonging to the vocabulary of the XML schema language, rather than the vocabulary of the schema author.

1.5.1 Guide to the XML Schema

The XML schema for each WSDL provides details about the structure, content, and semantics of the request XML document sent to a FedEx Web Service and the XML document returned by that FedEx Web Service.

The top of each service schema includes:

- Schema location and schema file name that ends in an ".xsd" suffix.
- Alphabetical listing of complex types for the documented service.
- Alphabetical listing of schema simple types for the documented service.
- Input or request data type for the documented service.
- Output or reply data type for the documented service.

The remainder of the service schema contains tables of information about each element, complex type, and simple type.

Each table consists of some or all of the following sections: diagram, namespace, children, type, properties, used by, facets, and source.

1.5.2 XML Schema Diagrams

XML schema diagrams describe the elements (usually associated with a request or reply), complex types, and simple types that make up the WSDL. This table illustrates the relationships and behavior of elements and types.

Schema Diagram	Description
<p>children ns:WebAuthenticationDetail ns:ClientDetail ns:TransactionDetail ns:Version ns:ShipTimestamp ns:TrackingId ns:DeletionControl</p>	<p>Diagrams of a parent element, such as DeleteShipmentRequest, include connections to the child elements. Child elements can be simple or complex types.</p> <p>A child element connected with a solid line and surrounded by a box with a solid border represents a required type, such as ClientDetail.</p> <p>A child element connected by a dotted line and surrounded by a dotted border represents an optional type, such as TransactionDetail.</p> <p>Types that are documented include the documentation directly below the box.</p> <p>All children are listed by name below the diagram.</p>
<p>ns:DeletionControl type ns:DeletionControlType</p> <p>Determines the type of deletion to be performed in relation to package level vs shipment level.</p>	<p>A box with a single solid border represents a single element that is required.</p> <p>The type can be simple or complex.</p>
<p>ns:ShipTimestamp type xs:dateTime</p> <p>The timestamp of the shipment request.</p>	<p>A box with a dotted border indicates a single element that is optional.</p> <p>The type can be simple or complex.</p>

Schema Diagram	Description
<pre> classDiagram ns:ProcessShipmentReply < -- ns:Notifications ns:Notifications < -- ns:HighestSeverity ns:Notifications < -- ns:TransactionDetail ns:Notifications < -- ns:Version ns:Notifications < -- ns:JobId ns:Notifications < -- ns:CompletedShipmentDetail ns:Notifications < -- ns:ErrorLabels ns:CompletedShipmentDetail --> ns:ProcessShipmentReply </pre> <p>The diagram illustrates the structure of the <code>ns:ProcessShipmentReply</code> schema. It features a layered box representing a multiple occurrence element. A solid line connects the root element to the box, while a dashed line connects the box to its child element <code>ns:CompletedShipmentDetail</code>. The box contains several other elements: <code>ns:HighestSeverity</code>, <code>ns:TransactionDetail</code>, <code>ns:Version</code>, <code>ns:JobId</code>, and <code>ns:ErrorLabels</code>. Below the box, the multiplicity <code>1..∞</code> is indicated. The <code>ns:Notifications</code> element is also labeled with <code>1..∞</code>.</p>	<p>A layered box represents a multiple occurrence element. A solid line represents a required multiple occurrence element.</p> <p>The number of possible occurrences appears below the box, as depicted by the <code>ProcessShipmentReply</code>.</p> <p>An unbounded number of occurrences is represented by the infinity <code>∞</code> symbol (<code>maxOccurs="unbounded"</code>), as depicted by <code>Notifications</code>.</p> <p>An element with a dotted border represents an optional multiple occurrence type (<code>minOccurs="0"</code>), such as <code>ErrorLabels</code>.</p> <p>Note: An element that is defined as <code>minOccurs="0"</code> may be required for some calls. A standard type such as "JobId" indicates "string" below the element name.</p> <p>A FedEx specific type such as "ErrorLabels" indicates the FedEx type below the element name.</p>

1.5.2.1 Required Elements

Most requests to FedEx require the following complex elements:

Note: These elements are common to most FedEx Web Services (see the table below to learn which WSDLs need which common elements) and are not documented service by service.

WebAuthenticationDetail: The WebAuthenticationDetail element includes user credentials issued by FedEx so that your transactions are recognized by the FedEx back-end systems. The following elements are required:

Element	Description
WebAuthenticationDetail	The descriptive data to be used in authentication of the sender's identity and right to use FedEx Web Services.
UserCredential	Credential used to authenticate a specific software application. This value is provided by FedEx after registration.
WebAuthenticationCredential	Two-part authentication string used to verify shipper identity.
WebAuthenticationCredential/Key	Unique identifier assigned to each customer as part of their authentication credentials.
WebAuthenticationCredential/Password	Second part of the authentication credential which has a direct relationship with the credential key.

Note: FedEx Web Services now use two-factor authentication. If you do not have new credentials, the latest WSDLs will use your old authentication credentials. If you do not have a new user authentication credential, do not populate the password element.

Client detail: The ClientDetail element is required for all services that need your account number and meter number. Requirements are

- A standard type such as “string” appears in black text below element name.
- A FedEx specific type such as “Address” appears in red text below the element name.

Element	Description
ClientDetail/AccountNumber	Your FedEx account number.
ClientDetail/MeterNumber	The associated meter number for your FedEx account number. Maximum of 9 characters.
ClientDetail/ClientProductId	Identifies the FedEx Compatible software product. This identifier is provided by FedEx.
ClientDetail/ClientProductVersion	Identifies the FedEx Compatible software version. This identifier is provided by FedEx.

Note: When building a web-based application for shipping that will be used at multiple locations, include the local FedEx Express account and meter in the ClientDetail section of the ship transaction. Create a database to hold multiple account and meter numbers for the shipping locations

Reply/HighestSeverity/Notification:

Element	Description
Reply/HighestSeverity/Notification	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS — Your transaction succeeded with no other applicable information. • NOTE — Additional information that may be of interest to you about your transaction. • WARNING — Additional information that you need to know about your transaction that you may need to take action on. • ERROR — Information about an error that occurred while processing your transaction. • FAILURE — FedEx was unable to process your transaction.

TransactionDetail: The TransactionDetail element is optional for all transactions. However, if you want to identify associated request and reply transactions, use this element.

Element	Description
TransactionDetail/CustomerTransactionId	Maximum of 40 characters. This element allows you to assign a unique identifier to your transaction. This element is returned in the reply and helps you match requests to replies.

VersionId: The VersionId element is required and uploads the WSDL version number to FedEx. FedEx provides the latest version number for the service you are using. This number should be updated when you implement a new version of the service.

Element	Description
ServiceId	Identifies a system or sub-system which performs an operation.
Major	Identifies the service business level.
Intermediate	Identifies the service interface level.
Minor	Identifies the service code level.

Sender Information: Your shipper information is required for all shipping transactions:

Element	Description
AccountNumber	If you include this element in the ship request, this entry overrides the account number in the ClientDetail element.

Element	Description
TIN	Tax Identification Number — this information is required for international shipments only.
Contact	<p>The Contact element includes:</p> <ul style="list-style-type: none"> • ContactId • PersonName • Title • CompanyName • PhoneNumber • PhoneExtension • TollFreePhoneNumber • PagerNumber • FaxNumber • EmailAddress
Address	<p>This element includes:</p> <ul style="list-style-type: none"> • StreetLines: two StreetLines elements are allowed. • City • StateOrProvinceCode: required if your shipper address is in the U.S. or Canada. See Appendix B and Appendix C • PostalCode: required. • UrbanizationCode: may be required if your shipper address is in Puerto Rico. • CountryCode: required. See Appendix A • CountryName: required
Residential	Required if your shipper address is considered a residential location. If you are unsure, use the Address Validation Service to check your address.
Reply/HighestSeverity/Notification	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS — Your transaction succeeded with no other applicable information. • NOTE — Additional information that may be of interest to you about your transaction. • WARNING — Additional information that you need to know about your transaction that you may need to take action on. • ERROR — Information about an error that occurred while processing your transaction. • FAILURE — FedEx was unable to process your transaction.

1.5.2.2 WSDL and XML Schema

You can download the WSDL or XML schema for each service by following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at <http://fedex.com/developer>.
2. Enter your username and password to login to the DRC.
3. Expand "FedEx Web Services for Shipping" and choose "Get Started."
4. Under the "Download" section in either the "Standard Services" or the "Advanced Services" tabs, click on the "Download WSDL or XML" link next to the download arrow of the appropriate service.

Note: You can download the schema in either WSDL or XML format, depending on which link you choose.

1.6 Implementation Process

Planning your integration and organizing your application data to address your shipping needs can sometimes take more time than the actual implementation of the integration. FedEx Web Services conform to industry standards and are compatible with a comprehensive array of developers' tools. This ensures the fastest time-to-market with maximum flexibility to integrate FedEx transactions and information into your applications. FedEx WSDLs are fully interoperable with any product or developer's tool that also conforms to the WS-I Basic Profile. For details, see ws-i.org/Profiles/BasicProfile-1.1-2004-08-24.

To obtain FedEx Web Services and begin integrating with an application, you need to access documentation, sample code, and sample service requests and replies with the WSDLs from the FedEx Developer Resource Center Technical Resources. Also, obtain a test meter number to engage in real-time online testing in the FedEx hosted test environment.

You will need a Test Key, Test Password and Test Account Number, all of which can be obtained at the Developer Resource Center.

Note: Not all services are available outside the U.S.

1.6.1 Testing

FedEx supplies a complete online operating environment with which to test your applications against live FedEx servers. To execute test interactions, you must first include a test account number, test meter number, authentication key, and password in your code. These credentials are provided to registered developers at the FedEx Developer Resource Center at www.fedex.com/developer.

Production credentials can be obtained prior to the certification process. Advanced services are not enabled, but standard services are enabled. Refer to Preproduction Assistance for more information on support from FedEx.

1.6.1.1 Preproduction Assistance

Preproduction assistance is available via the FedEx Web Integrated Solutions Consultation (WISC) team. If you are in the preproduction stages of implementing a FedEx web integrated solution and would like to speak with a FedEx integration consultant who can assist you in understanding FedEx Web Services, contact your FedEx sales executive or technical support at 1.877.339.2774 Monday thru Friday, 7 a.m. to 9 p.m. and Saturday 9 a.m. to 3 p.m. (CST). Both your FedEx sales executive and technical support can request a WISC team member to contact you within 3 business days.

Corporate developers may find that solutions to their needs have already been implemented by a software vendor that is FedEx® Compatible. If improved time-to-market, cost containment, or specialized knowledge is needed, corporate development planners may want to review the available third-party solutions. To see a list of the solutions provided by the FedEx Compatible providers, go to the available FedEx Compatible Solutions page at <http://www.fedex.com/us/compatible/>.

1.6.2 Certification

Certification is the process of ensuring that your implementation meets a number of requirements for safe, secure, and effective operation of your solution in the FedEx production environment. Certification requirements differ based on whether you are a corporate or commercial developer, and whether you are implementing using the advanced or standard services. The FedEx Web Integrated Solutions Consultation (WISC) team member assigned to support you will assist you with the certification process.

Note: Certification is not required for rating and tracking in production.

1.6.3 Go To Production

Once an application has passed certification, the developer must replace the test credentials with the production credentials issued by FedEx. The application connection is then directed to the production servers, and the application is live.

1.6.3.1 Requirements for Corporate and Non-Commercial Developers

There are some differences in how support is provided and in the approvals required to go into production that depend on whether you are creating an application for use by your own company or if you are planning to resell your solution to others.

1.6.3.2 Requirements and Resources for Corporate Developers

Corporate developers are typically part of a dedicated development team at a single company. This category also includes third-party developers (consultants) hired by the company to work on its behalf. In all cases, the integration will be used by the company itself and will not be resold or distributed outside of its own footprint. In this situation, FedEx can support the customer directly.

Requirements and Resources for Corporate Developers	
Must be accepted into the FedEx® Compatible Program	No

Requirements and Resources for Corporate Developers	
Self-certification of implementations using standard services	Yes
Self-certification of implementations using advanced services	No
Certification assistance	Yes (WISC team)
FedEx supports the customer directly	Yes

1.6.3.2.1 Requirements for Consultants

Consultants developing on behalf of a corporate customer must ensure that their client provides their account information and a signed End User License Agreement (EULA) to FedEx to obtain a production test meter.

1.6.3.2.2 Requirements and Resources for Commercial Developers

Commercial developers create solutions with the intent of distributing and/or reselling them to their customers. Because they are deployed in a variety of situations, commercial integrations generally require a higher order of "fit and finish." Commercial developers are responsible for supporting their products for their customers. FedEx has a dedicated team of professionals to help developers commercialize their products and to coordinate the three-way interplay between the developer, the end customer, and FedEx.

Requirements and Resources for Commercial Developers	
Must be accepted into the FedEx Compatible Program	Yes (Required)
Self-certification of implementation using standard services	No
Self-certification of implementations using advanced services	No
Certification assistance	Yes (via FedEx Compatible)
FedEx supports the customer directly	No
FedEx supports the commercial developer's customer	Indirectly

If you are a commercial developer interested in becoming a FedEx Compatible provider, go to <http://www.fedex.com/us/compatible/> for more information about the FedEx Compatible Program.

1.6.3.3 URL Errors

If a VB.NET or C# project still sends transactions to the test server after changing the URL in the WSDLs to point to production, perform the following:

- Make sure permissions are already activated in the production environment.

- Copy the WSDL files to a different folder.
- Follow the directions on changing the new WSDL files to point to production, as described in the FedEx Developer Resource Center in the “Move to Production” topic.
- Remove existing web services references from your project that point to old WSDLs containing the URLs to the test environment.
- Create new web references that point to the modified WSDLs. Use the same names as the old references.
- Compile and test the project. Your new production credentials should work for standard web services, such as rating or tracking without extra permissions. Advanced web services require permissions to be active before they will work. Test keys will no longer work with production server addresses

2 Rate Services

Use the RateService WSDL to request pre-ship rating information and to determine estimated or courtesy billing quotes. Time in Transit can be returned with the rates if it is specified in the request. Depending on how a rate request is structured, the reply will return in different structures. These structures have two different names.

2.1 Rate

RateRequest wsdl provides a rate response on a single service.

Note: A rate request does not return route or service availability. All rate quotes are estimates only and may differ from the actual invoiced amount.

2.2 Rate Available Services/Rate Shopping

A Rate Available Services request will provide a list of available services from one request. Rates are returned for each service on the list.

Note: A Rate Available Services request does not return route information, but does check service availability and returns only those services that are actually available.

2.2.1 Rate Service Details

The Rate and Rate Available Services operations provide a shipping rate quote for a specific service combination depending on the origin and destination information supplied in the request. The following details apply:

- Discount rates are available for all services and origin/destination pairs.
- FedEx list rates are available for FedEx Express®, FedEx Ground®, FedEx SmartPost® and FedEx Freight® services. When list rates are requested, both account rates and list rates are returned.

Note: List rates are not available for all FedEx Freight accounts.

- FedEx Freight shipper accounts can only request rates from origin at shipper address. FedEx Freight Bill To accounts can request rates from origins other than shipper address.
- Time in transit may be returned with the rates if it is specified in the request.
- The Rate operation returns the rate for the origin and destination by requested service. You will not receive service checking to validate whether that service is actually available for your ship date and origin/destination pair.
- The Rate Available Services operation returns the rate for the origin and destination for all available services.

Note: Only valid services are returned.

- Rate and Rate Available Services for FedEx Express shipments support intra-Mexico shipping.
- Rating is available for FedEx SmartPost Shipping. See FedEx SmartPost Request Elements for more details in Chapter 31. SmartPost outbound ship replies will also include rate elements with estimated rates. SmartPost Return shipping label replies will not include rate elements and estimates.
- This quote is an estimate and may differ from the actual invoiced amount.
- Rate shopping, service-specific commitment and rate information may also be specified.

For more detailed information about the services offered by FedEx, see the electronic FedEx Service Guide.

2.2.2 Rate Coding Details

When requesting a rate quote:

- Include as much detail as possible about your shipment. The RateService WSDL provides elements to identify your shipment, including shipping option elements. This information is important for calculating the correct shipping costs with surcharges.
- Use the optional RateRequestTypes element to have list rates returned with discount rates. If you choose LIST as the element value, you receive both discount and list rates, in addition to automation rate quotes.
- For Rate (a single service), specify the service to ensure rate data for the service and shipment data input is returned. For Rate Available Services (multiple services returned), do not include the ServiceType. The system will then return a list of services.
- For Rate, specify the carrier by using CarrierCode. For Rate Available Services, specify the carrier to ensure rate data for all services for the carrier and the shipment data combination are returned, or do not specify a CarrierCode to receive all available services from all carriers in the return.
- Use the optional ReturnTransitAndCommit element to include transit time information in the reply. FedEx Express information will include the day and date the package will be delivered, based on the ship date you specified. The FedEx Ground response will describe the number of business days required for the package delivery.
- Use ConsolidationKey to identify the consolidation to which an open shipment should be added after successful creation. You must specify the ConsolidationKey Type, Index, and Date in the RateRequest, in addition to the standard fields, to enable this. The ConsolidationKey fields are the only consolidation-specific fields which must be specified in the RateRequest. The RateReply will return rate and shipment data in the RateReplyDetails array for all CRNs associated with the specified consolidation

*Note: Starting in v16, the "RATED_ *" RateType in the rate reply structure has been removed.*

2.2.2.1 RateRequest Elements

Table 1: RateRequest Elements

Element	Required	Description
RateRequest/ReturnTransitAndCommit	Optional	Allows the caller to specify that the transit time and commit data are to be returned in the reply. Valid values include: <ul style="list-style-type: none"> • TRUE • FALSE
RateRequest/CarrierCodesCarrierCodeType	Optional	Candidate carriers for rate-shopping. This field is only considered if RequestedShipment/ServiceType is omitted.
RateRequest/VariableOptionsServiceOptionType	Optional	Contain zero or more service options whose combinations are to be considered when replying with available services. Specify if Saturday delivery is required. Valid value is SATURDAY_DELIVERY. Note: If you specify SATURDAY_DELIVERY for VariableOptions, you will get both Saturday Delivery options and regular options for all services where Saturday delivery is an option. Do not specify SATURDAY_DELIVERY for SpecialServices or it will only return any applicable Saturday Delivery options.
RateRequest/ConsolidationKey		Uniquely identifies a consolidation, which is a logical container of a collection of shipments.
ConsolidationKey/Type		Specifies the type of consolidation. Valid options are: <ul style="list-style-type: none"> • "INTERNATIONAL_GROUND_DIRECT_DISTRIBUTION" • "INTERNATIONAL_GROUND_DISTRIBUTION" • "TRANSBORDER_DISTRIBUTION"
ConsolidationKey/Index		Unique consolidation shipment identifier assigned when the consolidation was created.
ConsolidationKey>Date		Specifies the date when the consolidation was created.
RateRequest/RequestedShipment	Required	The shipment for which a rate quote (or rate-shopping comparison) is desired.
RequestedShipment/ShipTimestamp	Optional	The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-hour clock. The date and time are separated by the

Element	Required	Description
		letter T, such as 2009-06-26T17:00:00). The UTC offset indicates the number of hours/minutes, such as xx:xx from UTC, such as 2009-06-26T17:00:00-04:00 is defined as June 26, 2009 5:00 p.m. Eastern Time.
RequestedShipment/DropoffType	Optional	Identifies the method by which the package is to be tendered to FedEx. This element does not dispatch a courier for package pickup.
RequestedShipment/ServiceType	Optional	Identifies the FedEx service to use in shipping the package for a rate request.
RequestedShipment/PackagingType	Required	Identifies the packaging used by the requestor for the package. See PackagingType for list of valid enumerated values.
RequestedShipment/TotalWeight	Optional	Identifies the total weight of the shipment being conveyed to FedEx. This is only applicable to International shipments and should be used on the first package of a multiple piece shipment. This value contains 1 explicit decimal position.
RequestedShipment/TotalInsuredValue	Optional	Total insured amount.
RequestedShipment/PreferredCurrency	Optional	Indicates the currency the caller requests to have used in all returned monetary values (when a choice is possible).
RequestedShipment/Shipper	Required	The descriptive data for the physical location from which the shipment originates.
RequestedShipment/Recipient	Required	The descriptive data for the physical location to which the shipment is destined.
RequestedShipment/RecipientLocationNumber	Optional	A unique identifier for a recipient location.
RequestedShipment/Origin	Optional	Physical starting address for the shipment, if different from shipper's address.
RequestedShipment/SoldTo	Optional	Indicates the party responsible for purchasing the goods shipped from the shipper to the recipient. The sold to party is not necessarily the recipient or the importer of record. The sold to party is relevant when the purchaser, rather than the recipient determines when certain customs regulations apply.
RequestedShipment/ShippingChargesPayment	Optional	Descriptive data indicating the method and means of payment to FedEx for providing shipping services.

Element	Required	Description
SpecialServicesRequested/ShipmentSpecialServiceType	Optional	<p>Identifies the collection of special services requested by the shipper and offered by FedEx. If the shipper requests a special service requiring additional data (such as C.O.D.), the special service type must be present in the SpecialServiceTypes collection, and the supporting detail must be provided in the appropriate sub-object (such as CodDetail). Valid values are:</p> <ul style="list-style-type: none"> • BROKER_SELECT_OPTION • CALL_BEFORE_DELIVERY • COD • CUSTOM_DELIVERY_WINDOW • DANGEROUS_GOODS • DO_NOT_BREAK_DOWN_PALLETS • DO_NOT_STACK_PALLETS • DRY_ICE • EAST_COAST_SPECIAL • ELECTRONIC_TRADE_DOCUMENTS • EMAIL_NOTIFICATION • EXTREME_LENGTH • FOOD • FEDEX_ONE_RATE • FREIGHT_GUARANTEE • FREIGHT_TO_COLLECT • FUTURE_DAY_SHIPMENT • HOLD_AT_LOCATION • HOME_DELIVERY_PREMIUM • INSIDE_DELIVERY • INSIDE_PICKUP • INTERNATIONAL_CONTROLLED_EXPORT_SERVICE • INTERNATIONAL_TRAFFIC_IN_ARMS_REGULATIONS • LIFTGATE_DELIVERY • LIFTGATE_PICKUP • LIMITED_ACCESS_DELIVERY • LIMITED_ACCESS_PICKUP • PENDING_SHIPMENT • PHARMACY_DELIVERY • POISON • PROTECTION_FROM_FREEZING • RETURNS_CLEARANCE • RETURN_SHIPMENT

Element	Required	Description
		<ul style="list-style-type: none"> • SATURDAY_DELIVERY • SATURDAY_PICKUP • TOP_LOAD
RequestedShipment/ExpressFreightDetail	Optional	Details specific to an Express freight shipment.
RequestedShipment/FreightShipmentDetail	Optional	Data applicable to shipments using FEDEX_FREIGHT_PRIORITY and FEDEX_FREIGHT_ECONOMY services.
RequestedShipment/DeliveryInstructions	Optional	Used with Ground Home Delivery and Freight.
RequestedShipment/VariableHandlingChargeDetail	Optional	Details about how to calculate variable handling charges at the shipment level.
Requested Shipment/CustomsClearanceDetail	Optional	Information about this package that only applies to an international (export) shipment.
RequestedShipment/CustomsClearanceDetail/CustomsOptionsDetail/CustomsOptionType		<p>Specifies the reason for a global return, as recognized by Customs.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • COURTESY_RETURN_LABEL: For the outbound courtesy return label. • EXHIBITION_TRADE_SHOW: For exhibition or trade-show, outbound and inbound. • FAULTY_ITEM: For faulty item being returned, inbound only. • FOLLOWING_REPAIR: For repaired or processed item being sent, outbound only. • FOR_REPAIR: For repair or processing, outbound and inbound. • ITEM_FOR_LOAN: For loan item, outbound and inbound. • OTHER: Other reason, outbound and inbound. This type requires a description. • REJECTED: For rejected merchandise being returned, inbound. • REPLACEMENT: For replacement being sent, outbound only • TRIAL: For use in a trial, outbound and inbound.
CustomClearanceDetail/DutiesPayment	Optional	Descriptive data indicating the method and means of payment to FedEx for providing shipping services.
CustomsClearanceDetail/Commodities/Cust	Optional	Used to calculate Argentina and Dominican Republic

Element	Required	Description
omsValue		export taxes.
RequestedShipment/PickupDetail	Optional	For use in "process tag" transaction.
PickupDetail/ReadyDateTime	Optional	Specify the time and date the package will be ready for pickup.
PickupDetail/LatestPickupDateTime	Optional	Specify the last possible pickup time and date.
PickupDetail/CourierInstructions	Optional	Specify any courier instructions.
PickupDetail/RequestType	Optional	Specify the request type.
PickupDetail/RequestSource	Optional	Specify the request source.
RequestedShipment/SmartPostDetail	Optional	Details specific to FedEx SmartPost shipments.
RequestedShipment/BlockInsightVisibility	Optional	If true, only the shipper/payer will have visibility of this shipment.
RequestedShipment/ ReturnInstructionsDetail ShippingDocumentFormat/documentFormat Option srequested/ Document formatOptions	No	SUPPRESS_ADDITIONAL_LANGUAGES This value will suppress English language if another language is specified in language code field. (Default is English)
RequestedShipment/SpecialServicesReques ted/ tPendingShipmentDetail/ EmailLabelDetail	No	Describes specific information about the emaillabel shipment. <ul style="list-style-type: none">• Message: Content of the email message• Recipients: EMailRecipient• emailAddress - email address of the recipient• role - role type of the recipient• optionsRequested localization
RequestedShipment/SpecialServicesReques ted/ tPendingShipmentDetail/ProcessingOptions	No	ALLOW MODIFICATIONS This allows the Email Label originator to specify if the completer can make modifications to editable shipment data.
RequestedShipment/SpecialServicesReques ted/Re commendedDocumentSpecification	No	<ul style="list-style-type: none">• 'ANTIQUE_STATEMENT_EUROPEAN_UNION'• 'ANTIQUE_STATEMENT_UNITED_STATES'• 'ASSEMBLER_DECLARATION'• 'BEARING_WORKSHEET'• 'FILM_AND_VIDEO_CERTIFICATE'• 'CERTIFICATE_OF_SHIPMENTS_TO_SYRIA'

Element	Required	Description
		<ul style="list-style-type: none"> • 'PRINTED_CIRCUIT_BOARD_WORKSHEET' • 'COMMERCIAL_INVOICE_FOR_THE_CARIBBEAN_ • COMMON_MARKET' • "CONIFEROUS_SOLID_WOOD_PACKAGING_MATERIAL_ • TO_THE_PEOPLES REPUBLIC_OF_CHINA" • "DECLARATION_OF_IMPORTED_ELECTRONIC_PRODUCTS SUBJECT_TO_ • RADIATION_CONTROL_STANDARD" • "DECLARATION_OF_BIOLOGICAL_STANDARDS" • "ELECTRONIC_INTEGRATED_CIRCUIT_WORKSHEET" • "INTERIM_FOOTWEAR_INVOICE" • "NAFTA_CERTIFICATE_OF_ORIGIN_UNITED STATES" • "NAFTA_CERTIFICATE_OF_ORIGIN_CANADA_FRENCH" • "NAFTA_CERTIFICATE_OF_ORIGIN_CANADA_ENGLISH" • "NAFTA_CERTIFICATE_OF_ORIGIN_SPANISH" • "PACKING_LIST" • "REPAIRED_WATCH_BREAKOUT_WORKSHEET" • "DECLARATION_FOR_FREE_ENTRY_OF_RETURMED_AMERICAN_PRODUCTS" • "STATEMENT REGARDING THE IMPORT_OF_RADIO_FREQUENCY_DEVICES" • "TOXIC_SUBSTANCES_CONTROL_ACT" • "UNITED_STATES_WATCH_REPAIR_DECLARATION" • "UNITED_STATES_NEW_WATCH_WORKSHEET" • "UNITED_STATES_CARIBBEAN_BASIN_TRADE_PARTNERSHIP_ACT_ • CERTIFICATE_OF_ORIGIN_TEXTILES" • "UNITED_STATES_CARIBBEAN_BASIN_TRADE_PARTNERSHIP_ACT_ • CERTIFICATE_OF_ORIGIN_NON_TEXTILES"
RequestedShipment/LabelSpecification/LabelOrderType	No	<p>Specifies the order in which the labels will be returned. Valid values are:</p> <ul style="list-style-type: none"> • SHIPPING_LABEL_FIRST

Element	Required	Description
		<ul style="list-style-type: none"> • SHIPPING_LABEL_LAST
RequestedShipment/specialServicesRequested/pendingShipmentDetail/documentReferences/documentProducer	No	<p>Specifies details for uploaded documents provided by the shipment initiator.</p> <p>Valid values:</p> <ul style="list-style-type: none"> • CUSTOMER • FEDEX_CAFE • FEDEX_CLS • FEDEX_FIDT • FEDEX_FXRS • FEDEX_GSMW • FEDEX_GTM • OTHER

RequestedShipment/RateRequestType	Optional	<p>Indicates the type of rates to be returned. Valid values are:</p> <ul style="list-style-type: none"> • LIST — Returns published rates in response. • PREFERRED — Returns rates in currency specified in the PreferredCurrency element. • NONE — Returns account rates in

Element	Required	Description
		<p>response. This value is the default behavior.</p> <p><i>Note1: If no value or a value of NONE is included, the RateRequest returns the account (discount) rates by default. If you include the LIST value, the RateRequest will return both list and account rates within the response.</i></p> <p><i>Note2: A preferred currency is available for both account and list rates. Include just the PREFERRED value to receive a preferred currency for an account rate. Include both the PREFERRED and LIST values to receive a preferred currency for both list and account rates within the response. The preferred currency is not returned if the requested currency is already present within the rate response.</i></p>
RequestedShipment/CustomerSelectedActualRateType	Optional	Specifies the type of rate the customer wants to have used as the actual rate type.
RequestedShipment/EditRequestType	Optional	Specifies whether the customer wishes to have Estimated Duties and Taxes provided with the rate quotation on this shipment. Only applies with shipments moving under international services.
RequestedShipment/PackageCount	Optional	The total number of packages in the entire shipment. The maximum number of packages in one rate request is 100.
RequestedShipment/RequestedPackageLineItems	Optional	One or more package-attribute descriptions, each of which describes an individual package, a group of identical packages, or (for the total-piece-total-weight case) common characteristics of packages in the shipment.

2.2.3 Rating for Multiple-Package Shipment

This option is available for FedEx Express U.S. and international multiple-package shipments (MPS), FedEx Ground® U.S. and international multiple-package shipments, FedEx Express U.S. C.O.D. and international C.O.D. multiple-package shipments, and FedEx Ground U.S. C.O.D. and international C.O.D. multiple-package shipments.

The maximum number of packages in one rate request is 100.

For more information about MPS, see [FedEx Express U.S. Multiple-Package Shipments](#).

Note: Package level rates are not returned for Express International shipments. This applies to single and multi-package shipments.

2.2.3.1 RateReply Elements

Table 2: RateReply Elements

Element	Required	Description
HighestSeverity	Yes	<p>Identifies the highest severity encountered when performing the request. Valid values are:</p> <ul style="list-style-type: none"> • FAILURE • ERROR • WARNING • NOTE • SUCCESS
Notifications	Yes	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS – Your transaction succeeded with no other applicable information. • NOTE – Additional information that may be of interest to you about your transaction. • WARNING – Additional information that you need to know about your transaction that you may need to take action on. • ERROR – Information about an error that occurred while processing your transaction. • FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
TransactionDetail	No	Contains the CustomerTransactionID that was sent to the request.
TransactionDetail/CustomerTransactionId	No	Free form text to be echoed back in the reply. Used to match requests and replies.
TransactionDetail/Localization	No	Governs data payload language/translations (contrasted with ClientDetail.localization, which governs Notification.localizedMessage language selection).
Version	Yes	The version of this reply.
RateReplyDetails	No	Each element contains all rate data for a single service. If service was specified in the request, there will be a single entry in this array; if service was omitted in the request, there will be a separate entry in this array for each service being compared.

Element	Required	Description
RateReplyDetails/ ReturnedRateType		Valid values: <ul style="list-style-type: none"> • PAYOR_ACCOUNT_PACKAGE • PAYOR_ACCOUNT_SHIPMENT • PAYOR_LIST_PACKAGE • PAYOR_LIST_SHIPMENT • PREFERRED_ACCOUNT_PACKAGE • PREFERRED_ACCOUNT_SHIPMENT • PREFERRED_LIST_PACKAGE • PREFERRED_LAST_SHIPMENT
CompletedShipmentDetail/ PendingShipmentAccessDetail/Accessor Details	Yes	Provides the ability to return multiple sets of Email label access credentials: -role <ul style="list-style-type: none"> • "SHIPMENT_COMPLETOR" • "SHIPMENT_INITIATOR" <ul style="list-style-type: none"> ◦ userId ◦ password ◦ emailLabelUrl

2.2.4 FedEx Freight Priority and FedEx Freight Economy

You can obtain list and negotiated rates, in addition to transit time information, for FedEx Freight® Priority and FedEx Freight® Economy from the Rating WSDL.

2.2.4.1 RateRequest Elements

The following request elements are specific to FedEx Freight shipments

Table 3: FedEx Express Freight RateRequest Elements

Element	Required	Description
ReturnTransitAndCommit	Optional	Allows the caller to specify that the transit time and commit data are to be returned in the reply. Valid values are: <ul style="list-style-type: none"> • TRUE • FALSE
CarrierCodes	Optional	Candidate carriers for rate-shopping use case. This field is only considered if RequestedShipment/ServiceType is omitted.

Element	Required	Description
RequestedShipment	Required	The shipment for which a rate quote (or rate-shopping comparison) is desired.
RequestedShipment/ShipTimestamp	Optional	The ship time.
RequestedShipment/DropoffType	Optional	Identifies the method by which the package is to be tendered to FedEx. This element does not dispatch a courier for package pickup.
RequestedShipment/ServiceType	Optional	Identifies the type of service the rate quote is for. Choose either: <ul style="list-style-type: none"> • FEDEX_FREIGHT_ECONOMY • FEDEX_FREIGHT_PRIORITY
RequestedShipment/PackagingType	Optional	Identifies the packaging used by the requestor for the package. Valid values are: <ul style="list-style-type: none"> • YOUR_PACKAGING • FEDEX_10KG_BOX • FEDEX_25KG_BOX • FEDEX_BOX • FEDEX_ENVELOPE • FEDEX_EXTRA_LARGE_BOX • FEDEX_LARGE_BOX • FEDEX_MEDIUM_BOX • FEDEX_PAK • FEDEX_SMALL_BOX • FEDEX_TUBE
RequestedShipment/TotalWeight	Optional	—
RequestedShipment/TotalInsuredValue	Optional	—
RequestedShipment/PreferredCurrency	Optional	Indicates the currency the caller requests to have used in all returned monetary values, when a choice is possible.
RequestedShipment/Shipper	Required	Descriptive data identifying the party responsible for shipping the package. Shipper and Origin should have the same address.
Shipper/AccountNumber	Optional	The FedEx account number associated with this transaction.
Shipper/Address	Optional	Descriptive data for a physical location. May be used as an actual physical address (place to

Element	Required	Description
		which one could go), or as a container of "address parts" which should be handled as a unit (such as a city-state-ZIP combination within the U.S.).
Address/StreetLines	Required	Combination of number, street name, and so on. At least one line is required for a valid physical address; empty lines should not be included.
Address/City	Required	Name of city, town, and so on.
Address/StateOrProvinceCode	Required	Identifying abbreviation for U.S. state, Canadian province, etc. Format and presence of this field will vary, depending on country.
Address/PostalCode	Optional	Identification of a region (usually small) for mail/package delivery. Format and presence of this field will vary, depending on country.
Address/CountryCode	Required	The two-letter code used to identify a country.
Address/CountryName	Optional	The fully spelled out name of a country.
RequestedShipment/Recipient	Required	Descriptive data identifying the party receiving the package.
Recipient/Address	Required	Descriptive data identifying the recipient's address which includes: StreetLines, City, StateOrProvinceCode, PostalCode and CountryCode.
RequestedShipment/RecipientLocationNumber	Optional	A unique identifier for a recipient location.
RequestedShipment/Origin	Optional	Physical starting address for the shipment, if different from shipper's address.
RequestedShipment/ShippingChargesPayment	Optional	The descriptive data for the monetary compensation given to FedEx for services rendered to the customer.
ShippingChargesPayment/PaymentType	Optional	Identifies the method of payment for a service.
ShippingChargesPayment/Payor	Optional	Descriptive data identifying the party responsible for payment for a service.
Payor/ResponsibleParty	Optional	The descriptive data for a person or company entity doing business with FedEx.
ResponsibleParty/AccountNumber	Optional	The FedEx account number associated with this

Element	Required	Description
		transaction.
RequestedShipment/SpecialServicesRequested	Optional	Identifies the special services the caller is requesting with this shipment.
RequestedShipment/FreightShipmentDetail	Required	Includes required shipment data to obtain rates for FedEx Freight shipments.
FreightShipmentDetail/FedExFreightAccountNumber	Optional	Account number used with FedEx Freight services.
FreightShipmentDetail/FedExFreightBillingContactAndAddress	Optional	Billing address used to validate FedEx Freight account on the bill of lading. Required valid values for address are: <ul style="list-style-type: none"> • StreetLines • City • StateOrProvinceCode • PostalCode
FreightShipmentDetail/Role	Required	Indicates the role of the party submitting the transaction. Valid values are: <ul style="list-style-type: none"> • CONSIGNEE • SHIPPER
FreightShipmentDetail/LineItem	Optional	Details of the commodities in the shipment.
LineItem/FreightClass	Required	Freight class for this line item. Valid values are: <ul style="list-style-type: none"> • CLASS_050 • CLASS_055 • CLASS_060 • CLASS_065 • CLASS_070 • CLASS_077_5 • CLASS_085 • CLASS_092_5 • CLASS_100 • CLASS_110 • CLASS_125 • CLASS_150 • CLASS_175 • CLASS_200 • CLASS_250

Element	Required	Description
		<ul style="list-style-type: none"> • CLASS_300 • CLASS_400 • CLASS_500
LineItem/Packaging	Optional	<p>Physical packaging type for this commodity or freight class. Valid values are:</p> <ul style="list-style-type: none"> • BAG • BARREL • BASKET • BOX • BUCKET • BUNDLE • CARTON • CASE • CONTAINER • CRATE • CYLINDER • DRUM • ENVELOPE • HAMPER • OTHER • PAIL • PALLET • PIECE • REEL • ROLL • SKID • TANK • TUBE
LineItem/Description	Optional	Customer-provided description for this commodity or freight class.
LineItem/Weight	Optional	Weight for this commodity or freight class.
FreightShipmentLineItem/Dimensions	Optional	<p>The dimensions of this package and the unit type used for the measurements. Valid values are:</p> <ul style="list-style-type: none"> • Length • Width • Height

Element	Required	Description
		<ul style="list-style-type: none"> Units
FreightShipmentLineItem/Volume	Optional	Volume (cubic measure) for this commodity or freight class.
RequestedShipment/RateRequestTypes	Optional	Indicates the type of rates to be returned. Valid values are: <ul style="list-style-type: none"> LIST — Returns published rates in response. PREFERRED — Returns rates in currency specified in the PreferredCurrency element. NONE — Returns account rates in response. This value is the default behavior.
RequestedShipment/PackageCount	Optional	The total number of packages in the entire shipment (even when the shipment spans multiple transactions).
RequestedShipment/RequestedPackageLineItems	Optional	One or more package-attribute descriptions, each of which describes an individual package, a group of identical packages, or (for the total-piece-total-weight case) common characteristics all packages in the shipment.

The following reply elements are specific to FedEx Freight shipments:

Table 4: FedEx Freight Reply Shipment Elements

Element	Description
ServiceType	Identifies the type of service used to ship the package. Valid FedEx Freight options are: <ul style="list-style-type: none"> FEDEX_FREIGHT
ReplyDetails/FREIGHT_GUARANTEE	Specifies how the freight has been guaranteed for delivery. Valid FedEx Freight values are: <ul style="list-style-type: none"> GUARANTEED_DATE GUARANTEED_MORNING GUARANTEED_TIME
ReplyDetails/FLATBED_TRAILER	Surcharge for a flatbed trailer.

Possible Surcharges

VariableHandlingCharges — If you specify additional handling charges in the rate quote, charges are returned in the Rate reply.

VAT

Note: See [Surcharges and Discounts](#) for more information about surcharges and rate calculations.

2.2.4.3 Rate Surcharge Return

Surcharges are returned in the Rate reply and in the Ship reply as follows:

- Total surcharge
- Total taxes (for Canadian origin shipments)
- Total discounts
- Itemized surcharge

2.3 Surcharges and Discounts

Your shipment may incur fees in addition to the base shipping rate depending on the service options you choose. The following are descriptions of those fees that are returned in the rate quote.

Table 6: Surcharges and Discounts Rate Quote

Surcharge	Description	Applicable Services
Additional Handling Dimension Surcharge	For FedEx Express, shipment measures greater than 60" in length but equal to or less than 108" in length. For FedEx Ground, shipment measures greater than 60" in length but equal to or less than 108"	FedEx Priority Overnight®, FedEx Standard Overnight®, FedEx 2Day®, FedEx Express Saver®, FedEx Ground®, FedEx International Ground®
Additional Handling Weight Surcharge	For FedEx Ground or FedEx Express, shipment has an actual weight of greater than 70 lbs.	FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx Express Saver, FedEx Ground, FedEx International Ground
Additional Handling Packaging Surcharge	For FedEx Express, shipment is not fully encased in an outer shipping container and/or is encased in packing material other than corrugated cardboard. For FedEx Ground, shipment is not fully encased in an outer shipping container and/or is encased in packing material other than corrugated cardboard.	FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx Express Saver, FedEx Ground, FedEx International Ground

Surcharge	Description	Applicable Services
Broker Select Option	<p>A fee applies to B13A for Canada Export Shipping shipment if you choose to have FedEx complete the delivery after customs clearance and if your recipient and customs broker are served by different FedEx clearance points.</p> <p>See B13A for Canada Export Shipping for more information.</p>	FedEx International Priority®, FedEx International Priority® Freight, FedEx International Economy®, FedEx International Economy® Freight
Courier Pickup Charge	A charge applies when you request a pickup. This charge does not apply if you drop off your package at a FedEx shipping location or if you have regular scheduled pickups.	
Dangerous Goods	FedEx assesses a surcharge on each package containing dangerous-goods materials. For intra-Canada shipments this surcharge is also based on the type of service provided.	FedEx Express, FedEx Priority Overnight, FedEx First Overnight®, FedEx First Overnight® Freight, FedEx 2Day, FedEx 2Day® A.M., FedEx Freight, FedEx International Economy and FedEx International Economy Freight
Declared Value	FedEx liability for each package is limited to \$100USD unless a higher value is declared and paid for. For each package exceeding \$100USD in declared value, an additional amount is charged. FedEx does not provide insurance of any kind.	FedEx Express and FedEx Ground shipments
Delivery Area Surcharge	A delivery area surcharge applies to shipments destined for select U.S. postal codes. (This surcharge does not apply to FedEx Ground Multiweight® shipments.) In addition, a delivery area surcharge applies to FedEx Express shipments destined for areas in Alaska that are remote, sparsely populated, or geographically difficult to access.	FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx Express Saver, FedEx Ground, FedEx Home Delivery®
Dimensional Weight	For FedEx Express shipments: FedEx may assess shipping charges based on the International Air Transport Association (IATA) volume standard. Dimensional weight is calculated by multiplying the length by width by height of each package in inches and dividing the total by 166 (for shipments within the U.S. and shipments between the U.S. and Puerto Rico) or 186 (for international shipments). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. Shipments in FedEx packaging may also be subject to dimensional-weight pricing.	FedEx Express and FedEx Ground shipments

Surcharge	Description	Applicable Services
	For FedEx Ground shipments: Dimensional weight may apply to FedEx Ground packages that are 3 cubic feet (5,184 cubic inches) or larger. Multiply the length by width by height of each package in inches. If the total is 5,184 inches or greater, calculate dimensional weight by dividing by 166 (for shipments within the U.S. and Puerto Rico and for shipments to Canada).	
Duties and Taxes	Duties and taxes, including goods and services tax (GST) and value-added tax (VAT) may be assessed on the contents of the shipment.	FedEx Express International package and freight service
FedEx® Collect on Delivery (C.O.D.)	If you request FedEx to obtain payment from the recipient at the time the shipment is delivered, an additional surcharge is applied.	FedEx Express and FedEx Ground shipments
FedEx Ground® Electronic C.O.D. (E.C.O.D.)	A charge applies when you direct FedEx to collect payment from your recipient and deposit it directly into your bank account.	FedEx Ground shipments
FedEx® Delivery Signature Options	FedEx provides five options when you need a signature upon delivery: Indirect Signature Required, Direct Signature Required, Adult Signature Required, Service Default and No Signature Required. Indirect Signature Required is allowed to U.S. residential addresses only. Direct Signature Required is allowed to U.S. addresses and when shipping via FedEx Ground to Canadian addresses. Adult Signature Required is allowed to U.S. addresses. Depending upon the service associated with the shipment (the default signature option varies per service), the courier will perform the default request for signature collection.	FedEx Express shipments to U.S. addresses and FedEx Ground shipments to U.S. and Canadian addresses
FedEx Email Return Label	A charge applies in addition to shipping charges once the recipient uses the return label. This service is only available for U.S. shipments.	FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx 2Day A.M., FedEx Ground, FedEx 2Day® Freight, FedEx 3Day® Freight
FedEx ExpressTag®	A charge applies in addition to shipping charges when FedEx picks up the package for return at your recipient's location. This service is only available for intra-U.S. and intra-United Kingdom shipments.	FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day
FedEx Ground® Alternate Address Pickup	FedEx may provide pickup service to an address other than the shipping location associated with the FedEx Ground account number.	FedEx Ground (U.S. and Canada)

Surcharge	Description	Applicable Services
FedEx Ground® Call Tag	A charge applies in addition to shipping charges when FedEx picks up the packages for return at your recipient's location. This service is only available for U.S. shipments.	FedEx Ground, FedEx Home Delivery
FedEx Home Delivery Convenient Delivery Options	You can choose FedEx Home Delivery convenient delivery options: 1) FedEx Date Certain Home Delivery®, 2) FedEx Evening Home Delivery®, 3) FedEx Appointment Home Delivery®.	FedEx Home Delivery
FedEx International Controlled Export (FICE)	A charge applies when you select FICE for shipments moving under a U.S. State Department (DSP) license or under U.S. Drug Enforcement Administration permits 36, 236, and 486. This charge also applies for inbound shipments moving under a transportation and exportation customs form (CF7512) from a foreign trade zone or bonded warehouse.	FedEx International Priority, FedEx International Priority Freight
FedEx® Print Return Label	A charge applies in addition to shipping charges once the recipient has used the return label. This service is available for intra-U.S. and international shipments.	FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx 2Day A.M., FedEx Ground, FedEx 2Day Freight, FedEx 3Day Freight
Inside Delivery/Inside Pickup Charge	When requested, FedEx may move shipments to positions beyond the adjacent loading area.	FedEx Freight
FedEx Freight Special Services	When requested, a surcharge will be applied to the FedEx Freight special services. For a list of these surcharges, see Intra-Canada Express Service.	FedEx Freight
Oversize Charge	<p>FedEx Express: The maximum limits for FedEx Express U.S. packages are 150 lbs. and 119" in length and 165" in length and girth (L+2W+2H). Packages that weigh 150 lbs. or less and exceed 108" in length or 130" in length and girth are considered "oversize" packages. Oversize packages are rated based on the greater of the package's actual rounded weight or dimensional weight.</p> <p>FedEx Ground: A package weighing 150 lbs. or less and measuring greater than 130" in length and girth is classified as an oversize package. The shipping charges for an oversize package are based on the greater of the package's actual rounded weight or its dimensional weight.</p> <p>FedEx Home Delivery: The shipping charge for any package with a dimensional weight of greater than 70 lbs. is the same as a FedEx Ground package of</p>	FedEx Ground and FedEx Home Delivery

Surcharge	Description	Applicable Services
	the corresponding dimensional weight being shipped under the same circumstances.	
Residential Surcharge	A residential package surcharge applies to shipments to a home or private residence, including locations where a business is operated from a home.	FedEx Express, FedEx Ground, FedEx International Ground (Canada only), FedEx Freight, FedEx International® Premium
Rural Delivery (Alaska and Hawaii)	A surcharge applies for delivery to select rural postal codes in Alaska and Hawaii.	FedEx Ground U.S.
Saturday Delivery/Saturday Pickup	Saturday Service is available for an additional charge depending on the package service type and origin/destination pair.	FedEx Priority Overnight, FedEx First Overnight Freight, FedEx 2Day, FedEx 2Day A.M., FedEx International Priority, FedEx 1Day® Freight, FedEx 2Day Freight
Dry Ice Surcharge	A surcharge will be applied for dry-ice packaging.	FedEx International Priority, FedEx International Economy, and FedEx International Economy Freight services
Fuel Surcharge	<p>The fuel surcharge percentage for FedEx Express services is subject to monthly adjustment based on a rounded average of the U.S. Gulf Coast (USGC) spot price for a gallon of kerosene-type jet fuel.</p> <p>The fuel surcharge percentage for FedEx Ground services is subject to monthly adjustment based on a rounded average of the national U.S. on-highway average price for a gallon of diesel fuel.</p>	FedEx Express, FedEx Freight, FedEx Ground, and FedEx Home Delivery

Note: For more information about FedEx terms and conditions, including surcharges, go to fedex.com/us/services/terms/.

2.3.1 FedEx Discount Programs

The following discount programs are offered by FedEx and are calculated in your rate quote:

Table 7: FedEx Discount Programs

Discount Program	Description
FedEx Ground Multiweight	FedEx Ground Multiweight is ideal for multiple-package shipments moving as one unit to the same destination on the same day. This pricing option allows you to combine packages for a multiweight rate. Pricing is based on the combined weight of your

	packages.
Earned Discounts Pricing Program	The Earned Discounts Pricing Program awards discounts when you meet predetermined revenue levels and/or shipping criteria. You earn additional discounts as you increase shipping activity or due to specific shipment characteristics. Earned discounts are also available for FedEx SmartPost shipping.

Note: For more information on pricing programs, contact your FedEx account executive.

2.4 FedEx One Rate

As part of the FedEx One Rate offering, new FedEx white packaging is introduced for your use.

2.4.1 FedEx One Rate Packaging

The FedEx Packaging Types that are valid/available with the One Rate pricing option are the following:

- FEDEX_ENVELOPE
- FEDEX_SMALL_BOX
- FEDEX_MEDIUM_BOX
- FEDEX_LARGE_BOX
- FEDEX_EXTRA_LARGE_BOX
- FEDEX_PAK
- FEDEX_TUBE

Your own packaging is not available for the One Rate pricing option.

2.4.2 New Packaging for Non-One Rate (Traditional Weight-Based)

The new FedEx Packaging Types that are valid/available with the non-One Rate or traditional weight-based pricing option are the following:

- FEDEX_SMALL_BOX
- FEDEX_MEDIUM_BOX
- FEDEX_LARGE_BOX
- FEDEX_EXTRA_LARGE_BOX

2.4.3 Maximum Weight for New FedEx Packaging

The maximum allowable weights for the New FedEx Packaging (referenced below) are:

- FEDEX_SMALL_BOX
- FEDEX_MEDIUM_BOX

- FEDEX_LARGE_BOX
- FEDEX_EXTRA_LARGE_BOX

For U.S. domestic traditional weight-based Express shipment: 20 lb/9 kg

For U.S. outbound traditional weight-based Express shipment: 40 lb/18 kg

For U.S. domestic Express One Rate shipment: 10 lb/4.5 kg (Envelope)

For U.S. domestic Express One Rate shipment: 50 lb/22.68 kg (all other)

2.4.4 How to Specify One Rate Pricing

How to Specify FedEx One Rate Pricing Option in the Web Service Transaction:

1. Specify the "FEDEX_ONE_RATE" ShipmentSpecialService.
2. Specify one of the following Packaging Types:

Packaging Type	Maximum Weight LB	Maximum Weight KG
FEDEX_SMALL_BOX	50	22.68
FEDEX_MEDIUM_BOX	50	22.68
FEDEX_LARGE_BOX	50	22.68
FEDEX_EXTRA_LARGE_BOX	50	22.68
FEDEX_PAK	50	22.68
FEDEX_TUBE	50	22.68
FEDEX_ENVELOPE	10	4.5

3. Specify a U.S. origin and a U.S. destination.

Note: Intra-Hawaii shipments are not allowed for One Rate pricing.

4. Specify one of the following FedEx Express services:

- FIRST_OVERNIGHT
- PRIORITY_OVERNIGHT
- STANDARD_OVERNIGHT
- 2_DAY
- 2_DAY_AM
- EXPRESS_SAVER

**Note: Web Services clients can request both One Rate and weight-based (non-One Rate) rates in a single RateRequest by specifying "FEDEX_ONE_RATE" as a ServiceOptionType in the RateRequest.variableOptions.*

2.4.5 Express Saver Service and FedEx Packaging

Weight-Based Express Saver Now Available with FedEx Packaging:

Packages can now be shipped using the Express Saver service for a weight-based rate in the following FedEx packaging;

- FEDEX_SMALL_BOX
- FEDEX_MEDIUM_BOX
- FEDEX_LARGE_BOX
- FEDEX_EXTRA_LARGE_BOX
- FEDEX_TUBE

Previously, only your own packaging was allowed for the Express Saver service.

2.5 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

2.6 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

3 Validation Availability And Commitment Service and Country Service

Use Validation Availability and Commitment Service (VACS) and Country Service WSDLs to check service availability, route and postal codes.

3.1 Service Availability

You can use the ServiceAvailability Request to determine which FedEx Express® services are available between an origin and destination.

3.1.1 Example Service Availability Request

```
<soapenv:Envelope xmlns:soapenv="http://schemas.xmlsoap.org/soap/envelope/"  
    xmlns:v2="http://fedex.com/ws/vacs/v2">  
    <soapenv:Header/>  
    <soapenv:Body>  
        <v2:ServiceAvailabilityRequest>

3.1.2 Validation Availability and Commitment Service Details

The ServiceAvailabilityRequest returns a list of all available FedEx Express services for the given origin and destination information, including intra-Mexico. For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

3.1.3 Validation Availability and Commitment Service Coding Details

To check the availability of one particular FedEx Express service and packaging type, include the Service and Packaging elements in the request message. Only information regarding that single service and packaging type will be returned from the request. To obtain a list of all available services for a given origin and destination, omit the Service and Packaging elements from the request. In this case the reply will contain every available service

3.1.3.1 Service Availability Request Elements

Table 8: Service Availability Request Elements

Element	Required	Description
Origin	Required	The descriptive data for the postal code and country code the shipment originates from.
Destination	Required	The descriptive data for the postal code and country code to which the shipment is destined.
ShipDate	Required	The date on which the package will be shipped. The date should not be a past date or a date more than 10 days in the future. The date format must be YYYY-MM-DD.
CarrierCode	Required	Identification of a FedEx service. For this transaction the value can be FDXE.
Service	Optional	Identifies the FedEx transportation service to check for

Element	Required	Description
		availability. See ServiceType for valid values. Omit this element and the Packaging element to get a list of every available service.
Packaging	Optional	Identifies the FedEx packaging type used by the requestor for the package. See PackagingType for valid values. Omit this element and the Service element to get a list of every available service.

3.1.3.2 ServiceAvailability Reply Elements

Table 9: ServiceAvailability Reply Elements

Element	Description
Options	<p>The descriptive data for the collection of available FedEx services returned for the request. The reply includes the day of the week that service is available.</p> <p>PackageType options:</p> <ul style="list-style-type: none"> • FEDEX_10KG_BOX • FEDEX_25KG_BOX • FEDEX_BOX • FEDEX_ENVELOPE • FEDEX_PAK • FEDEX_TUBE • INDIVIDUAL_PACKAGES • YOUR_PACKAGING <p>Service type options:</p> <ul style="list-style-type: none"> • EUROPE_FIRST_INTERNATIONAL_PRIORITY • FEDEX_1_DAY_FREIGHT • FEDEX_2_DAY • FEDEX_2_DAY_AM • FEDEX_2_DAY_FREIGHT • FEDEX_3_DAY_FREIGHT • FEDEX_EXPRESS_SAVER • FEDEX_FIRST_FREIGHT • FEDEX_GROUND • FEDEX_HOME_DELIVERY • FIRST_OVERNIGHT • INTERNATIONAL_DISTRIBUTION_FREIGHT • INTERNATIONAL_ECONOMY • INTERNATIONAL_ECONOMY_DISTRIBUTION • INTERNATIONAL_ECONOMY_FREIGHT

Element	Description
	<ul style="list-style-type: none">• INTERNATIONAL_FIRST• INTERNATIONAL_PRIORITY• INTERNATIONAL_PRIORITY_DISTRIBUTION• INTERNATIONAL_PRIORITY_FREIGHT• PRIORITY_OVERNIGHT• STANDARD_OVERNIGHT
DestinationAirportID	Describes the airport destination.
Service	Lists the service.
DeliveryDate	Expected/estimated date of delivery (YYYY-MM-DD). U.S. destinations only.
DeliveryDay	Expected/estimated day of week of delivery. U.S. destinations only.
DestinationStationId	Station identification.

3.2 CountryService

Country Service enables customers to validate postal codes and service commitments.

3.2.1 Example PostalCodeInquiryRequest

```
<soapenv:Envelope xmlns:soapenv="http://schemas.xmlsoap.org/soap/envelope/"

</v2:TransactionDetail>
```

3.2.2 CountryService Coding Details

In addition to the basic request elements required for all operations, the following elements are available when coding a PostalCodeInquiryRequest:

Table 10: Postal Code Inquiry Request Elements

Element	Required	Description
PostalCode	Yes	Postal code is required for postal-aware countries.
CountryCode	Yes	Required 2-letter FedEx country code.

PostalCodeInquiryReply data (based on your search criteria) are returned in a PostalCodeInquiryReply.

Table 11: Postal Code Inquiry Reply Elements

Element	Description
ExpressFreightContractor	Identifies whether the area is an Express Freight Contractor Delivery Area.
ExpressDescription	Postal code service area description for FedEx Express delivery.
ExpressFreightDescription	Only the service area field is currently provided for Express Freight.
ExpressDescription	Postal code service area description for FedEx Freight delivery.

3.3 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.

If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.

2. From the left navigation area of the screen, click on the link “FedEx Web Services”.
3. Click on the link “Documentation and Downloads”.
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the “Download Code In...” drop down and check the “Include Documentation PDF” checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer’s Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

3.4 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

4 Tracking and Visibility Services

The TrackService WSDL provides the following services to actively track your shipments:

- Tracking Service

Use the TrackService WSDL to obtain real-time tracking information for FedEx Express®, FedEx Ground®, FedEx SmartPost®, FedEx Home Delivery®, FedEx Express® Freight, and FedEx Custom Critical® shipments.

- Signature Proof of Delivery (SPOD)

Use FedEx SPOD to request a proof of delivery letter that includes a graphic image of your recipient's signature after your shipment has been delivered.

- Notification

Use Notification to have FedEx automatically notify you and/or your customer and/or another third party by email, fax, or wireless of significant shipment events, such as clearance delays, delivery attempts, releases, consolidated proofs of delivery, and pre-alerts.

FedEx now offers a new email notification of Tendered, which may be specified with the shipment request, in addition to the existing Delivery, Exception, and Shipment email notifications. Use the Tendered email notification if you want an email notification sent to the specified recipients once the shipment has been tendered to FedEx. This notification is supported for FedEx Express, FedEx Ground, FedEx Freight® Economy, and FedEx SmartPost®.

- FedEx InSight®

FedEx InSight is a web-based application that enables you to view the status of your inbound, outbound, and third-party shipments without a tracking number. All you need is your account number and/or company name and address. You can see information about the status of your shipments so you can more effectively manage your supply-chain processes. FedEx InSight also notifies you by email, fax, or wireless of significant shipment events, such as clearance delays, delivery attempts, releases, consolidated proof of delivery, and delivery pre-alerts. For more information regarding FedEx InSight, go to fedex.com/insight.

As part of the ShipService WSDL, you may add additional elements to your ProcessShipmentRequest to customize your FedEx InSight information. For coding elements, see [Ship Service](#).

4.1 Tracking Shipments

Use the TrackService WSDL to use FedEx® Tracking options to obtain timely and accurate tracking information for FedEx Express, FedEx Ground, FedEx Home Delivery, FedEx Freight®, FedEx Custom Critical, and FedEx SmartPost shipments. This WSDL handles tracking numbers individually.

You can also track the status of shipments by using a reference number, such as a purchase order (PO) number, customer reference, invoice, Bill of Lading (BOL), part number, or Transportation Control Number (TCN). Tracking by something other than tracking number also requires inclusion of Sender's account number and should contain secure tracking content.

4.1.1 Batch Tracking

Additional information on batch tracking is required for request and reply elements. For example, within the request, it's possible to have multiple occurrences of the TrackRequest/SelectionDetails element for batch tracking.

The maximum number of packages within a single track transaction is limited to 30.

Each level of Notifications within the new track response is as shown below:

- TrackReply/Notifications = Overall Transaction Status
- TrackReply/CompletedTrackDetails/Notifications = Individual Track Request Status
- TrackReply/CompletedTrackDetails/TrackDetails/Notification = Specific Tracking Number Status

Notes

- *If there's a failure or error notification at the method level (TrackReply/Notifications) then ignore the remaining response/payload.*
- *If there's a failure or error notification at the CompletedTrackDetails level then ignore the remaining response/payload.*
- *If there's a failure or error notification at the TrackDetails level then ignore the remaining response/payload.*

4.1.2 Tracking Service Details

You can use FedEx track service to obtain timely and accurate tracking information for FedEx Express, FedEx Ground, FedEx Home Delivery, FedEx Cargo, FedEx Freight, FedEx SmartPost, and FedEx Custom Critical shipments. Basic tracking service details are:

- FedEx Express and FedEx Ground [Signature Proof of Delivery \(SPOD\)](#) are available for 18 months after the ship date.
- FedEx Express shipments support intra-Mexico shipping for Signature Proof of Delivery (SPOD).
- FedEx Freight Signature Proof of Delivery (SPOD) are available for 2 years after the ship date.
- FedEx Custom Critical Signature Proof of Delivery (SPOD) is available for 90 days.
- The TrackService WSDL handles tracking numbers individually.

- You can track the status of shipments using a reference number, such as a PO number, customer reference, invoice number, BOL, part number, or TCN.

Refer to [TrackRequest Elements](#), [TrackReply Elements](#) and the Track Schema for syntax details.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

For a listing of scan codes, see [Appendix Q: Track Service Scan Codes](#).

4.1.3 Tracking Service Options

The following options are available with this service:

4.1.3.1 Track by Tracking Number

This option applies to FedEx Express, FedEx Ground, FedEx Freight, and FedEx Custom Critical shipments. You can track any package shipped by FedEx using this tracking method. No extra qualifiers, such as date range are required for this method, but are recommended. Provide the Carrier Code to ensure the desired results for your request.

4.1.3.2 Track by Reference Number

This option applies to FedEx Express, FedEx Ground, FedEx Freight, FedEx Cargo, FedEx SmartPost, and FedEx Custom Critical shipments. You can track packages by a reference number entered during the shipping operation. Track by Reference Number can use any of the following sources:

- Shipper/Customer Reference

Note: With a FedEx Express and FedEx Ground shipment, the customer's reference number is coded as a Shipper Reference and Customer Reference. Use the Free_Form_Reference value to perform a wildcard search on the values associated with the shipment.

- Invoice Number
- PO
- Department (not available for FedEx SmartPost)
- Part Number (not available for FedEx SmartPost)
- Returns Material Authorization (RMA)
- TCN (not available for FedEx SmartPost)
- BOL (not available for FedEx SmartPost)

Note: If you enter a tracking number as part of this Request, the tracking number always takes precedence over the Reference element. Therefore, if you enter a tracking number for a shipment that does not include the Reference data you requested, the tracking number is returned with no error message. To limit the number of tracking replies for a specific reference, you can enter a date range for this search.

4.1.3.3 Track by Multiple-Package Shipment (MPS) Tracking Number

This option is available for FedEx Express U.S. and International multiple-package shipments, FedEx Ground U.S. and international multiple-package shipments, FedEx Express U.S. C.O.D. and International C.O.D. multiple-package shipments and FedEx Ground U.S. C.O.D. and FedEx International C.O.D. multiple-package shipments. MPS tracking allows you to track by the master tracking number or by one of the associated sequential tracking numbers for child packages. Tracking by the master tracking number returns tracking data for all child tracking numbers associated with the master. Tracking by the child tracking number returns tracking on the specific package associated with that tracking number.

For more information about MPS, see [Multiple-Package Shipment Elements](#).

4.1.3.4 Track by Door Tag Number

This option is available for FedEx Express and FedEx Ground U.S. and Canadian shipments. This option allows you to track the status of shipments by a FedEx Door Tag number. A Door Tag is left at the recipient's shipping address if the recipient is not there to receive the package. A Door Tag number is linked at FedEx with the package's original tracking number. This tracking functionality allows you to track using only the Door Tag number without requiring the associated tracking number. No additional search elements are required to track by Door Tag. You may request tracking scan information for any packages shipped by FedEx by entering a valid Door Tag number.

4.1.4 TrackRequest Elements

In addition to basic elements required for all transactions, the following elements make up the TrackRequest.

See [Introduction](#) for more information.

Table 12: TrackRequest Elements

Element	Required	Description
TrackRequest/SelectionDetails	No	Specifies the details needed to select the shipment being requested to be tracked.
TrackRequest/SelectionDetails/CarrierCode	No	The FedEx operating company (transportation) used for this package's delivery.
TrackRequest/SelectionDetails/OperatingCompany	No	Identifies operating transportation company that is specific to the carrier code.
TrackRequest/SelectionDetails/Packagelde ntifier	No	The type and value of the package identifier that is to be used to retrieve the tracking information for a package or group of packages. Valid values are: <ul style="list-style-type: none">Type: The type of the Value to be used to retrieve tracking information for a package, such as SHIPPER_REFERENCE, PURCHASE_ORDER,

Element	Required	Description
		<p>TRACKING_NUMBER_OR_DOORTAG, and so on.</p> <ul style="list-style-type: none"> Value: The value to be used to retrieve tracking information for a package.
TrackRequest/SelectionDetails/Packagelde ntifier/Type	No	<p>The type of track to be performed.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> BILL_OF_LADING COD_RETURN_TRACKING_NUMBER CUSTOMER_AUTHORIZATION_NUMBER CUSTOMER_REFERENCE DEPARTMENT DOCUMENT_AIRWAY_BILL FREE_FORM_REFERENCE GROUND_INTERNATIONAL GROUND_SHIPMENT_ID GROUP MPS INVOICE JOB_GLOBAL_TRACKING_NUMBER ORDER_GLOBAL_TRACKING_NUMBER ORDER_TO_PAY_NUMBER OUTBOUND_LINK_TO_RETURN PARTNER_CARRIER_NUMBER PART_NUMBER PURCHASE_ORDER RETURN_MATERIALS_AUTHORIZATION RETURNED_TO_SHIPPER_TRACKING_NUMBE R TRACKING_CONTROL_NUMBER TRACKING_NUMBER_OR_DOORTAG TRANSPORTATION_CONTROL_NUMBER SHIPPER_REFERENCE STANDARD MPS
TrackRequest/SelectionDetails/ TrackingNumberUniqueldentifier	No	Used to distinguish duplicate FedEx tracking numbers.
TrackRequest/SelectionDetails/ShipDateRa ngeBegin	No	To narrow the search to a period in time, use the ShipDateRangeBegin and ShipDateRangeEnd to help eliminate duplicates.
TrackRequest/SelectionDetails/ShipDateRa ngeEnd	No	To narrow the search to a period in time, use the ShipDateRangeBegin and ShipDateRangeEnd to help

Element	Required	Description
		eliminate duplicates.
TrackRequest/SelectionDetails/ShipmentAccountNumber	No	For tracking by references information, either the account number, or destination postal code and country must be provided.
TrackRequest/SelectionDetails/SecureSpodAccount	No	Specifies the SPOD account number for the shipment being tracked.
TrackRequest/SelectionDetails/Destination	No	For tracking by references information, either the account number, or destination postal code and country must be provided.
TrackRequest/SelectionDetails/PagingDetail	No	Specifies the details about how to retrieve the subsequent pages when there is more than one page in the TrackReply. Valid values are: <ul style="list-style-type: none"> • PagingToken: When the MoreData field = true in a TrackReply, the PagingToken must be sent in the subsequent TrackRequest to retrieve the next page of data. • NumberOfResultsPerPage: Specifies the number of results to display per page when there is more than one page in the subsequent TrackReply.
TrackRequest/SelectionDetails/CustomerSpecifiedTimeOutValueInMilliseconds	No	The customer can specify a desired time out value for this particular tracking number.
TrackRequest/TransactionTimeOutValueInMilliseconds	No	The customer can specify a desired time out value for this particular transaction.
TrackRequest/ProcessingOptions	No	Valid value is INCLUDE_DETAILED_SCANS. If FALSE (the default), the reply will contain summary/profile data including current status. If TRUE, the reply will contain profile and detailed scan activity (multiple TrackDetail objects) for each package.

4.1.4.1 Example Track Request

4.1.5 TrackReply Elements

In addition to standard reply elements, the following elements are returned in a successful TrackReply.

See [Introduction](#) for more information.

Table 13: TrackReply Elements

Element	Description
TrackReply/HighestSeverity	Identifies the highest severity encountered when performing the request. Valid values are: <ul style="list-style-type: none">• FAILURE• ERROR• WARNING• NOTE• SUCCESS
TrackReply/Notifications	Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are: <ul style="list-style-type: none">• SUCCESS – Your transaction succeeded with no other applicable information.• NOTE – Additional information that may be of interest to you about your transaction.• WARNING – Additional information that you need to know about your transaction that you may need to take action on.• ERROR – Information about an error that occurred while processing your transaction.• FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
TrackReply/CompletedTrackDetails	Contains detailed tracking entry information.
TrackReply/CompletedTrackDetails/HighestSeverity	Contains the severity type of the most severe Notification in the Notifications array.
TrackReply/CompletedTrackDetails/Notifications	Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are: <ul style="list-style-type: none">• SUCCESS – Your transaction succeeded with no other applicable information.• NOTE – Additional information that may be of interest to you about your transaction.• WARNING – Additional information that you need to know about your transaction that you may need to take action on.• ERROR – Information about an error that occurred while

Element	Description
	<p>processing your transaction.</p> <ul style="list-style-type: none"> • FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
TrackReply/CompletedTrackDetails/DuplicateWaybill	This element is returned if duplicate packages exist with the same tracking number. Only limited data will be provided for each one.
TrackReply/CompletedTrackDetails/MoreData	Returned if additional packages remain to be retrieved.
TrackReply/CompletedTrackDetails/PagingToken	Value that must be passed in a SendNotification Request to retrieve the next set of packages (when MoreDataAvailable = true).
TrackReply/CompletedTrackDetails/TrackDetails	Contains detailed tracking information for the requested package(s). See TrackReply/CompletedTrackDetails/TrackDetails Elements .
TrackReply/CompletedTrackDetails/TrackDetails/TrackSpecialHandling/TrackSpecialHandlingSpecialType	Specifies special handling types
TrackReply../FedExLocationType	Specifies type of FedEx facility.

The following optional TrackDetails elements provide further identification of the package in the TrackService reply.

Table 14: TrackReply/CompletedTrackDetails/TrackDetails Elements

Element	Description
Notification	To report soft error on an individual track detail.
TrackingNumber	The FedEx package identifier.
Barcode	Each instance of this data type represents a barcode whose content must be represented as ASCII text, such as not binary data.
Barcode/Type	<p>The kind of barcode data in this instance. Valid values are:</p> <ul style="list-style-type: none"> • ADDRESS • ASTRA • FEDEX_1D • GROUND • POSTAL • USPS
Barcode/Value	The data content of this instance.
TrackingNumberUniqueIdentifier	When duplicate tracking numbers exist, this data is returned with summary information for each of the duplicates. The summary information is used to

Element	Description
	determine which of the duplicates the intended tracking number is. This identifier is used on a subsequent track request to retrieve the tracking data for the desired tracking number.
StatusDetail	Specifies details about the status of the shipment being tracked.
StatusDetail/CreationTime	An ISO8601DateTime.
StatusDetail/Code	A code that identifies this type of status.
StatusDetail/Description	A human-readable description of this status.
StatusDetail/Location	<p>Address information related to the associated Status Detail Code and Description.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • City • State • Country
StatusDetail/AncillaryDetails	Descriptive data for a physical location. May be used as an actual physical address — place to which one could go — or as a container of "address parts," which should be handled as a unit, such as city-state-ZIP combination within the U.S.
CustomerExceptionRequests	Unique identifier for the customer exception request.
CustomerExceptionRequests/Id	Unique identifier for the customer exception request.
CustomerExceptionRequests/Status Code	A code that identifies this type of status.
CustomerExceptionRequests/Status Description	A human-readable description of this status.
CustomerExceptionRequests/Create Time	An ISO8601DateTime.
Reconciliation	Used to report the status of a piece of a multiple piece shipment which is no longer traveling with the rest of the packages in the shipment or has not been accounted for.
ServiceCommitMessage	<p>Used to convey information such as:</p> <ol style="list-style-type: none"> 1. FedEx has received information about a package but has not yet taken possession of it. 2. FedEx has handed the package off to a third party for final delivery. 3. The package delivery has been cancelled.

Element	Description
DestinationServiceArea	A FedEx-specific code that indicates the level of service that FedEx is committed to provide for package delivery.
DestinationServiceAreaDescription	Descriptive text to provide additional explanation about the Destination Service Area.
CarrierCode	Identifies a FedEx operating company (transportation).
OperatingCompany	Identifies operating transportation company that is specific to the carrier code.
OperatingCompanyOrCarrierDescription	Specifies a detailed description about the carrier or the operating company.
ProductionLocationContactAndAddress	Specifies the FedEx office production center contact and address.
OtherIdentifiers	Other related identifiers for this package such as reference numbers.
OtherIdentifiers/PackagelIdentifier	Required. The type and value of the package identifier that is to be used to retrieve the tracking information for a package.
OtherIdentifiers/PackagelIdentifier/Type	Required. The type of value to be used to retrieve tracking information for a package, such as SHIPPER_REFERENCE, PURCHASE_ORDER, TRACKING_NUMBER_OR_DOORTAG, and so on.
OtherIdentifiers/PackagelIdentifier/Value	Required. The value to be used to retrieve tracking information for a package.
OtherIdentifiers/TrackingNumberUniqueIdentifier	Used to distinguish duplicate FedEx tracking numbers. When duplicate tracking numbers exist this data is returned with summary information for each of the duplicates. The summary information is used to determine which of the duplicates the intended tracking number is. This identifier is used on a subsequent track request to retrieve the tracking data for the desired tracking number.
OtherIdentifiers/CarrierCode	The FedEx operating company (transportation) used for this package's delivery.
Service	Specifies details about service such as service description and type.
Service/Type	The service type of the package/shipment, such as FEDEX_CARGO_AIRPORT_TO_AIRPORT.
Service/Description	Complete and accurate description of this service. Descriptive text for the associated Service/Type.
Service/ShortDescription	Specifies a shorter description for the service that is calculated per the service code.

Element	Description
PackageWeight	The weight of this package.
PackageDimensions	Physical dimensions of the package.
PackageDimensionalWeight	The dimensional weight of the package.
ShipmentWeight	The weight of the entire shipment.
Packaging	Retained for legacy compatibility only.
PackagingType	Strict representation of the Packaging type, such as FEDEX_BOX, YOUR_PACKAGING, and so on.
PackagingType	<p>Strict representation of the Packaging type, such as FEDEX_BOX, YOUR_PACKAGING, and so on.</p> <p>Valid Values are:</p> <ul style="list-style-type: none"> • "FEDEX_EXTRA_LARGE_BOX" • "FEDEX_LARGE_BOX" • "FEDEX_MEDIUM_BOX" • "FEDEX_SMALL_BOX". • FEDEX_10KG_BOX • FEDEX_25KG_BOX • FEDEX_BOX • FEDEX_ENVELOPE • FEDEX_PAK • FEDEX_TUBE • YOUR_PACKAGING
PackageSequenceNumber	The sequence number of this package in a shipment. This would be 2 if it was package number 2 of 4.
PackageCount	The number of packages in this shipment.
Charges	Specifies the details about the Single Point of Clearance (SPOC) details.
Charges/Type	The descriptive information about the type of charges. Valid value is ORIGINAL_CHARGES.
Charges/ChargeAmount	The currency amount billed for services rendered.
ShipmentContents	This is a hierarchical field; it does not contain data but identifies that the lower-level fields will be related to the shipment contents.
ShipmentContents/PartNumber	The part number.

Element	Description
ShipmentContents/ItemNumber	The item number.
ShipmentContents/ReceivedQuantity	The quantity of the item received, in the form of a non-negative integer.
ShipmentContents/Description	The descriptive data identifying the contents of the shipment.
PackageContents	Specifies the contents of the package.
ClearanceLocationCode	A FedEx-specific code that identifies the destination FedEx facility where the consolidation shipment must be cleared. This is identified by the shipper/customer in association with the consolidation services: IPD, IED or IDF.
Commodities	Describes the kinds and quantities of all commodities in the shipment.
Commodities/CommodityId	Value used to identify a commodity description; must be unique within the containing shipment.
Commodities/Name	Specify name of the commodity.
Commodities/NumberOfPieces	Specify number of pieces for the commodity.
Commodities/Description	Complete and accurate description of the commodity.
Commodities/CountryOfManufacture	Country code where commodity contents were produced or manufactured in their final form.
Commodities/HarmonizedCode	The unique alpha/numeric code representing the commodity item.
Commodities/Weight	Specify weight of commodity.
Commodities/Quantity	Specify quantity of commodity. This field is used for enterprise transactions.
Commodities/QuantityWithFraction	This field is only for use in upload file construction and processing.
Commodities/QuantityUnits	Unit of measure used to express the quantity of this commodity line item.
Commodities/AdditionalMeasures	Contains only additional quantitative information other than weight and quantity to calculate duties and taxes.
Commodities/UnitPrice	Value of each unit in Quantity. Six explicit decimal places positions.
Commodities/CustomsValue	Specify customs value for commodity.
Commodities/ExciseCondition	Defines additional characteristics of commodity used to calculate duties and taxes.

Element	Description
Commodities/ExportLicenseExpirationDate	Date of expiration. Must be at least 1 day into future. The date that the Commerce Export License expires. Export License commodities may not be exported from the U.S. on an expired license. Applicable to U.S. shipping only. Required only if commodity is shipped on commerce export license, and Export License Number is supplied.
Commodities/CIMarksAndNumbers	An identifying mark or number used on the packaging of a shipment to help customers identify a particular shipment.
Commodities/PartNumber	The part number.
Commodities/NaftaDetail	All data required for this commodity in NAFTA Certificate of Origin.
Commodities/NaftaDetail/PreferenceCriterion/	<p>Defined by NAFTA regulations. See instructions for NAFTA Certificate of Origin for code definitions.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • A • B • C • D • E • F
Commodities/NaftaDetail/ProducerDetermination	<p>Defined by NAFTA regulations. See instructions for NAFTA Certificate of Origin for code definitions.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • NO_1 • NO_2 • NO_3 • YES
Commodities/NaftaDetail/ProducerId	Identification of which producer is associated with this commodity (if multiple producers are used in a single shipment).
Commodities/NaftaDetail/NetCostMethod	<p>Valid values are:</p> <ul style="list-style-type: none"> • NC: Net cost method used for RCV calculation. • NO: Net cost method not used.
Commodities/NaftaDetail/NetCostDateRange	Date range over which RVC net cost was calculated.
ReturnDetail	This is a hierarchical field; it does not contain data but identifies that the lower-level fields will be related to a return shipment.

Element	Description
ReturnDetail/MovementStatus	<p>Identifies whether the return shipment has actually been returned.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • MOVEMENT_OCCURRED • NO_MOVEMENT
ReturnDetail/LabelType	<p>Specifies the label that is to be put on a return package.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • EMAIL • PRINT
ReturnDetail/Description	Descriptive text about the return shipment, entered by the customer.
ReturnDetail/AuthorizationName	Name of person authorizing the return, entered by the customer.
CustomsOptionDetails	Specifies the reason for return.
CustomsOptionDetails/Type	<p>Specifies the reason for a global return, as recognized by Customs.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • COURTESY_RETURN_LABEL: For the outbound courtesy return label. • EXHIBITION_TRADE_SHOW: For exhibition or trade-show, outbound and inbound. • FAULTY_ITEM: For faulty item being returned, inbound only. • FOLLOWING_REPAIR: For repaired or processed item being sent, outbound only. • FOR_REPAIR: For repair or processing, outbound and inbound. • ITEM_FOR_LOAN: For loan item, outbound and inbound. • OTHER: Other reason, outbound and inbound. This type requires a description. • REJECTED: For rejected merchandise being returned, inbound. • REPLACEMENT: For replacement being sent, outbound only. • TRIAL: For use in a trial, outbound and inbound.
CustomsOptionDetails/Description	Specifies additional description about customs options. This is a required field when the CustomsOptionType is "OTHER."
AdvanceNotificationDetail	The details of the advance notification, such as estimated time of arrival, reason and status.
ShipperAddress	The address information for the shipper.
OriginLocationAddress	The address of the FedEx pickup location/facility.

Element	Description
EstimatedPickupTimestamp	Estimated package pickup time for shipments that haven't been picked up.
ShipTimestamp	Time package was shipped/tendered over to FedEx. Time portion will be populated if available, otherwise will be set to midnight.
TotalTransitDistance	The distance from the origin to the destination. Returned for Custom Critical shipments.
DistanceToDestination	Total distance package still has to travel. Returned for Custom Critical shipments.
DestinationAddress	The address this package is to be (or has been) delivered.
HoldAtLocationContact	The descriptive data for a point-of-contact person.
HoldAtLocationAddress	The address this package is requested to be placed on hold at.
DestinationLocationAddress	The address of the FedEx delivery location/facility.
AppointmentDeliveryTimestamp	Date and time the package would be delivered if the package has appointment delivery as a special service.
EstimatedDeliveryTimestamp	Projected package delivery time based on ship time stamp, service and destination. Not populated if delivery has already occurred.
ActualDeliveryTimestamp	The time the package was actually delivered.
ActualDeliveryAddress	Actual address where package was delivered. Differs from destination address, which indicates where the package was to be delivered; This field tells where delivery actually occurred, such as next door, at station and so on.
OfficeOrderDeliveryMethod	Identifies the method of office order delivery.
DeliveryLocationType	Strict text indicating the delivery location at the delivered to address.
DeliveryLocationDescription	User/screen friendly representation of the DeliveryLocationType (delivery location at the delivered to address). Can be returned in localized text.
DeliveryAttempts	Specifies the number of delivery attempts made to deliver the shipment.
DeliverySignatureName	This is either the name of the person that signed for the package or "Signature not requested" or "Signature on file."
PieceCountVerificationDetails	Specifies the details about the count of the packages delivered at the delivery location and the count of the packages at the origin.
PieceCountVerificationDetails/Count	The type of location.

Element	Description
LocationType	Valid values are: <ul style="list-style-type: none">• DESTINATION• ORIGIN
PieceCountVerificationDetails/Count	The count of the pieces in the form of a non-negative integer.
PieceCountVerificationDetails/Description	Describes the piece count verification.
TotalUniqueAddressCountInConsolidation	Specifies the total number of unique addresses on the CRNs in a consolidation.
AvailableImages	The type of image available.
Signature	The signature image if available.
NotificationEventsAvailable	The types of email notifications that are available for the package.
SplitShipmentParts	Returned for cargo shipments only when they are currently split across vehicles. Applies to FedEx Freight shipments.
SplitShipmentParts/PieceCount	The number of pieces in this part.
SplitShipmentParts/Timestamp	The date and time this status began.
SplitShipmentParts/StatusCode	A code that identifies this type of status.
SplitShipmentParts/StatusDescription	A human-readable description of this status.
RedirectToHoldEligibility	Indicates redirection eligibility as determined by tracking service, subject to refinement/override by redirect-to-hold service. Valid values are: <ul style="list-style-type: none">• ELIGIBLE• INELIGIBLE• POSSIBLY_ELIGIBLE
Events	Event information for a tracking number.
Events/Timestamp	The time this event occurred.
Events/EventType	Carrier's scan code. Pairs with EventDescription.
Events/EventDescription	Literal description that pairs with the EventType.
Events/StatusExceptionCode	Further defines the Scan Type code's specific type, such as DEX08 business

Element	Description
	closed. Pairs with StatusExceptionDescription.
Events/StatusExceptionDescription	Literal description that pairs with the StatusExceptionCode.
Events/Address	Address information of the station that is responsible for the scan.
Events/StationId	Station identification.
Events/ArrivalLocation	Valid Values are: <ul style="list-style-type: none"> • AIRPORT • CUSTOMER • CUSTOMS_BROKER • DELIVERY_LOCATION • DESTINATION_AIRPORT • DESTINATION_FEDEX_FACILITY • DROP_BOX • ENROUTE • FEDEX_FACILITY • FEDEX_OFFICE_LOCATION • INTERLINE_CARRIER • NON_FEDEX_FACILITY • ORIGIN_AIRPORT • ORIGIN_FEDEX_FACILITY • PICKUP_LOCATION • PLANE • PORT_OF_ENTRY • SHIP_AND_GET_LOCATION • SORT_FACILITY • TURNPOINT • VEHICLE

4.1.6 Tracking Status

This table defines the tracking status codes:

Table 15: Tracking Status Codes

Code	Definition	Code	Definition
Movement		PD	Pickup Delay
		PF	Plane in Flight
AA	At Airport	PL	Plane Landed
AC	At Canada Post facility	PM	In Progress
AD	At Delivery	PU	Picked Up
AF	At FedEx Facility	PX	Picked up (see Details)
AP	At Pickup	RR	CDO requested
AR	Arrived at	RM	CDO Modified
AX	At USPS facility	RC	CDO Cancelled
CA	Shipment Cancelled	RS	Return to Shipper
CH	Location Changed	RP	
DD	Delivery Delay	LC	
DE	Delivery Exception	RG	
DL	Delivered	RD	
DP	Departed	SE	Shipment Exception
DR	Vehicle furnished but not used	SF	At Sort Facility
DS	Vehicle Dispatched	SP	Split Status
DY	Delay	TR	Transfer
EA	Enroute to Airport	Regulatory	
ED	Enroute to Delivery	CC	Cleared Customs
EO	Enroute to Origin Airport	CD	Clearance Delay

Code	Definition	Code	Definition
EP	Enroute to Pickup	CP	Clearance in Progress
FD	At FedEx Destination	EA	Export Approved
HL	Hold at Location	SP	Split Status
IT	In Transit	Possession	
IX	In transit (see Details)	CA	Carrier
LO	Left Origin	RC	Recipient
OC	Order Created	SH	Shipper
OCN	N/A	CU	Customs
OD	Out for Delivery	BR	Broker
OF	At FedEx origin facility	TP	Transfer Partner
OX	Shipment information sent to USPS	SP	Split status

4.2 Signature Proof of Delivery (SPOD)

To confirm a shipment has been received and signed for, you can use the SPOD request Fax or Letter function of the TrackService WSDL. With this feature, you can request a letter that includes a graphic of the recipient's signature for FedEx Express and FedEx Ground shipments.

4.2.1 Service Details

- To view detailed SPOD information, include the 9-digit FedEx account number in the SPOD Fax or Letter request.
- If an account number is not provided, or if it does not match the shipper or payer, then only summary SPOD information will be provided.
- If an SPOD Letter is requested, it will be returned in PDF format that can be printed, browsed, or emailed.
- An SPOD Fax request will request a Fax format of the SPOD to be sent to a specific Fax number.
- There is no charge for SPOD.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

4.2.1.1 SPODLetterRequest Elements

Use this request if the SPOD should be sent as a letter.

In addition to basic elements required for all transactions, the following elements make up the SPODLetterRequest.

See [Introduction](#) for more information.

Table 16: SPOD Letter Request Elements

Element	Required	Description
TrackingNumber	Yes	Shipment tracking number.
ShipDate	No	Date on which package was shipped.
AccountNumber	No	Account number associated with the shipment.
Carrier	No	FedEx service that delivered the package.
Destination	No	Only country is used for elimination of duplicate tracking numbers.
AdditionalComments	No	Any additional information.
LetterFormat	Yes	Specify the letter format. Must be included when type is set to Letter.
Consignee	No	Information to be substituted for recipient information in the letter.

4.2.1.2 SPODLetterReply Elements

In addition to standard reply elements, the following element is returned in a successful SPODLetterReply.

See [Introduction](#) for more information.

Table 17: SPOD Letter Reply Elements

Element	Description
Letter	Base64-encoded SPOD letter.

4.2.1.3 SPODFaxRequest Elements

Use this request if the SPOD should be sent as a Fax.

In addition to basic elements required for all transactions, the following elements make up the SPODFaxRequest.

See [Introduction](#) for more information.

Table 18: SPOD Fax Request Elements

Element	Required	Description
TrackingNumber	Yes	Shipment tracking number.
ShipDate	No	Date on which the package was shipped.
AccountNumber	No	Account number associated with the shipment.
Carrier		FedEx service that delivered the package.
Destination		Only country is used for elimination of duplicate tracking numbers.
AdditionalComments	No	Any additional information.
FaxSender	No	Contract and address information about the person requesting the fax to be sent.
FaxRecipient		Contract and address information, including the fax number, about the person to receive the fax.
Consignee	No	Information to be substituted for recipient information in the letter.

4.2.1.4 SPODFaxReply Elements

In addition to standard reply elements, the following element is returned in a successful SPODFaxReply. See [Introduction](#) for more information.

Table 19: SPOD Fax Reply Elements

Element	Description
FaxConfirmationNumber	Number of the FAX where confirmation is to be sent.

4.2.2 Tracking and SPOD Differences

- Use Tracking to check the status of your shipment at any time during and within 18 months after delivery.
- Use SPOD to obtain an image of the recipient's signature (if the signature is available) once the shipment has been delivered.

4.2.3 SPOD Data Availability

Signature Proof of Delivery is available for FedEx Express and FedEx Ground shipments up to 18 months from the ship date. This includes the signature image and associated shipment data. The signature image and additional recipient information may not be available for display in all countries and is indicated on the SPOD where applicable.

4.2.4 Summary SPOD

You can obtain a SPOD letter with summary information without providing the 9-digit FedEx account number. This letter contains all the same information as Detailed SPOD, but only contains the city, state/province, and country information for the shipper and recipient. The signature image may not be available for display in all countries and is indicated on the SPOD where applicable. For a sample see the following [SPOD Sample Letter – Partial](#) example.

4.2.5 Detailed SPOD

You can obtain a SPOD letter with detailed information by providing the 9-digit FedEx account number. If the account number matches the shipper or payer of the shipment, you will be able to view detailed SPOD information, which includes complete contact name, company name, street address, city, state/province, postal code, and country information for both the shipper and recipient (if available). The signature image and additional recipient information may not be available for display in all countries and will be indicated on the SPOD where applicable. For a sample see the following [SPOD Sample Letter – Full](#) example.

4.2.6 Service Availability

You can get proof-of-delivery for FedEx Express and FedEx Ground shipments that were delivered to destinations worldwide (where available). For more information, contact FedEx Customer Service.

4.2.7 No Signature Found

Signatures can take up to five days to process. Even if no signature is available, you can receive the available proof of delivery information. You can also check again later for the signature. If no signature is available after seven business days, call **1.800.GoFedEx 1.800.463.3339**.

Note: The signature may be unavailable if it was released (the shipper or recipient signed a signature release agreement). SPOD requests cannot be batch-processed. If you need multiple SPOD documents, you must create multiple requests. The returned SPOD PDF buffer is encoded in Base64 and then must be Base64 decoded.

4.2.8 SPOD Sample Letter – Partial

FedEx Express	FedEx Express Customer Support Trace 3875 Airways Boulevard Module H, 4th Floor Memphis, TN 38116	U.S. Mail: PO Box 727 Memphis, TN 38194-4843 Telephone: 901-389-3600

Dear Customer:

The following is the proof of delivery you requested with the tracking number 123456789123.

Delivery Information:

Status:	Delivered	Delivery location:	555 Purple Promise Lane
Signed for by:	John Q. Public	Delivery date:	Jun 1, 2005 09:16
Service type:	FedEx 2 Day Service		

Shipping Information:

Tracking number:	123456789123	Ship date:	May 31, 2005
Recipient:	CUSTOMERSERVICE DEPARTMENT FEDERAL EXPRESS 555 PURPLE PROMISE LANE ANYTOWN, TN 38000 U.S.	Shipper:	GARY SMITHSON
			3680 HACKENSON ROAD ENGLEWOOD, CO 80112 U.S.

Thank you for choosing FedEx Express.

FedEx Worldwide Customer Service
1-800 GoFedEx/1-800-461-3399

4.3 Notification

Notification may be included using the TrackService WSDL SendNotificationsRequest or in the ShipService. Notification allows you to request exception and delivery notifications be sent to you, your recipient, and up to 2 other email addresses. A personal message can also be included.

Note: If you include notification elements in a Ship request, you do not need to use the TrackService WSDL SendNotificationsRequest for that shipment. The TrackService WSDL SendNotificationsRequest is provided if no notification request has been made for an undeliverable shipment.

4.3.1 Notification Service Details

The following service details apply:

- Send notification of package state to up to four email addresses.

Note: If the notification request is for an international package, you may identify one of the notification recipients as a broker.

- FedEx services offering this feature are FedEx Express (including intra-Mexico), FedEx Ground, FedEx Home Delivery (FHD), FedEx Custom Critical (FXCC), FedEx SmartPost (FXSP), and FXFR (FedEx Freight).
- Shipment, delivery and tendered notifications are available for FedEx SmartPost® Returns. Email exception is not available.

There are two notification options:

1. Exception notification, such as if an exception occurs during scanning and the package may be delayed, or if an address correction is required
2. Delivery notification
 - You must choose between these delivery types: wireless (to a cell phone), text only email, and HTML email.
 - A personal message (up to 120 characters) is allowed for email notifications only. This element is not allowed for wireless notifications.
 - You may select a valid language code for your communication. If no language code is indicated in the service request, the default is EN. The following table lists the valid language codes:

Table 20: Valid Language Codes for Notification Service

Value	Language	Locale Code (required if indicated below)
DA	Danish	
DE	German	

Value	Language	Locale Code (required if indicated below)
EN	English (default value)	
ES	Spanish (Latin American)	ES
ES	Spanish (North America)	US
FR	French (Canada)	CA
FR	French (Europe)	
IT	Italian	
JA	Kanji (Japan)	
KO	Korean	
NL	Dutch	
PT	Portuguese (Latin America)	
SV	Swedish	
ZH	Chinese (simplified)	CN
ZH	Chinese (Taiwan)	TW
ZH	Chinese (Hong Kong)	HK

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

4.3.2 Notification Coding Details

In addition to the standard elements required for all transactions, the following elements are provided as part of the TrackService WSDL SendNotificationsRequest.

See [Introduction](#) for more information.

4.3.2.1 SendNotificationsRequest Elements

Table 21: Send Notifications Request Elements

Element	Required	Description
TrackingNumber	Required	Tracking number.
MultiPiece	Optional	Indicates whether to return tracking information for all associated packages.
PagingToken	Optional	To obtain additional data on second and subsequent SendNotifications requests. Client must submit this value in subsequent track requests in order to obtain next page of data. Must contain at least four characters.
TrackingNumberUniqueld	Optional	Populate only if the TrackingNumberUniqueld is known from a previous Tracking request or an email notifications request that resulted in a duplicate reply.
ShipDateRangeBegin	Optional	Recommend providing date range to find desired track number by limiting the results to this range. If not provided FedEx will default to a range that may not be useful for the search.
ShipDateRangeEnd	Optional	If provided, ShipDateRangeBegin is required.
SenderEMailAddress	Required	Valid email address of notification requestor.
SenderContactName	Required	Valid contact name of notification requestor.
NotificationDetailEMail	Optional	Descriptive data required for FedEx to provide email notification to the customer regarding the shipment. This element is required when SpecialServiceType EMAIL_NOTIFICATION is present in the SpecialServiceTypes collection.
NotificationDetail/PersonalMessage	Optional	A message that will be included in the email notifications. Personal messages are not applicable with wireless formatted notifications such as UTF-8 encoded message.
NotificationDetail/Recipients	Required	Information describing the destination of the email format of the email and events to be notified on. Specify up to six email addresses to receive the specified notification.
NotificationDetail/Recipients/EmailNotificationRecipientType	Optional	Identifies the relationship this email recipient has to the shipment. Valid values are: <ul style="list-style-type: none">• BROKER• OTHER• RECIPIENT

Element	Required	Description
		<ul style="list-style-type: none"> SHIPPER
EMailNotificationDetail/Recipients/EmailAddress	Required	The email address of the notification recipient.
EMailNotificationDetail/Recipients/NotificationEventsRequested	Optional	Identifies if an email notification should be sent to the recipient: <ul style="list-style-type: none"> ON_DELIVERY ON_EXCEPTION ON_SHIPMENT ON_TENDER
EMailNotificationDetail/Recipients/Format	Required	This element is required to specify the type of notification you want to receive. Valid values are: <ul style="list-style-type: none"> HTML TEXT WIRELESS
EMailNotificationDetail/Recipients/Localization	Required	The language/locale to be used in this email notification
Recipients/Localization/LanguageCode	Required	You may include a language code to have the email message returned in that language. See Notification Service Details for a table of valid language codes. If no value is included with this element, the default is en (English).
Recipients/Localization/LocalECode	Optional	Some languages require a locale code to further identify the requested language. For example, if you request the notification emails in Spanish, you must include a locale code of U.S. for North American Spanish. See Notification Service Details for a table of valid locale codes.

</SOAP-ENV:Body>
</SOAP-ENV:Envelope>
```

4.3.2.2 SendNotificationsReply Elements

Table 22: SendNotificationsReply Elements

Element	Description
DuplicateWaybill	This element is present in the reply if duplicate tracking numbers are found as part of the notification request.
MoreDataAvailable	Returned in the reply if additional notification data is available.
PagingToken	If you receive the MoreDataAvailable element in the reply, you will also receive the PagingToken element with corresponding PagingToken number. This number must be included in any additional notification request, to receive additional data for your original request.
Packages	Information about the notifications that are available for this tracking number. If there are duplicates, then the ship date and destination address information is returned for determining which TrackingNumberUniqueIdentifier to use on a subsequent request. This complex element includes: <ul style="list-style-type: none"> • TrackingNumber • TrackingNumberUniqueIdentification • CarrierCode • ShipDate • Destination • RecipientDetails
Packages/TrackingNumber UniqueIdentifiers	When duplicate tracking numbers exist, this data is returned with summary information for each of the duplicates. The summary information is used to determine which of the duplicates the intended tracking number is. This identifier is used on a subsequent track request to retrieve the tracking data for the desired tracking number.

4.3.2.2.1 Example SendNotificationsReply

4.4 FedEx InSight

As part of the ShipService WSDL, you may add additional elements to your ProcessShipment request to customize your FedEx InSight information:

Table 23: FedEx InSight Elements

Element	Description
RequestedShipment/BlockInsightVisibility	Optional. If true, only the shipper/payor will have visibility of this shipment.
RequestedPackageLineItem/ContentRecords	Includes the following elements: <ul style="list-style-type: none">• PartNumber• ItemNumber

Element	Description
	<ul style="list-style-type: none">• ReceivedQuantity• Description <p>These multiple occurrence elements can be repeated up to 50 times for a single tracking number.</p>

For more information regarding FedEx InSight, go to fedex.com/insight.

For more information about shipping notification, see [Shipment Notification in the Ship Request](#).

4.5 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

4.6 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

5 Locations Service

The Locations Service WSDL searches for, and returns, the addresses of the nearest FedEx package drop-off locations, including FedEx Office® Print and Ship Center locations.

5.1 Locations Service

Use the Locations Service WSDL to request FedEx locations available for FedEx Express® and FedEx Ground® package drop-off. This transaction searches for and returns the addresses of the nearest FedEx location. You can also use the Locations service to find FedEx locations that provide Hold at FedEx Location service.

5.1.1 Locations Service Details

The Locations Service lets you search for FedEx drop-off locations by address, geographic coordinates or phone number.

You can also narrow your search by type of location. One, multiple, or all types of the FedEx locations listed may be specified in the search request:

- FedEx Authorized ShipCenter® locations: Access the FedEx transportation network at over 5,800 independently owned and operated pack and ship locations across the U.S. Stores participating in the FedEx Authorized ShipCenter program also provide other business services. FedEx Authorized ShipCenter locations may apply additional charges to the FedEx published rates.
- Express Station
- Freight Service Center
- Ground Terminal
- Home Delivery Station
- Office Location
- Self Service Location: Drop off FedEx Express packages (up to 20" x 12" x 6") at a FedEx Express® Drop Box. Drop boxes cannot be used for FedEx Ground packages or dangerous goods shipments.
- FedEx SmartPost Hub
- The following Hold-At-Location location types are supported:
 - Drop Box – For FedEx Express packages
 - Ship and Get Lockers – FedEx Ground and Express packages
 - Office – FedEx Express and Ground packages
 - Express Stations – Only Express packages

Additionally, the search request supports an attribute to specify that the locations support FedEx Express or FedEx Ground Redirect to Hold capability and attributes to specify specific capabilities at the location such as Accepts Cash, Dangerous Goods Service, Ground Dropoff Service, Home Delivery Dropoff Service, Open 24 Hours, Returns Services, Same Day City Dropoffs and so on.

The search request will also allow a customer to request a map URL for the locations returned. In addition to the locations address, the search reply will also return normal hours of operation, exception hours of operation, accepted currency and location holidays for the locations that met the criteria specified in the request.

You may also narrow your search by the following:

- Saturday Service available
- Packing Service available (most FedEx Office locations): FedEx will pack your shipment for you (at an extra charge).
- Packing Supplies available (anywhere FedEx Express packing materials are supplied; does not include FedEx Ground materials).
- Latest Express drop-off locations: Returns locations with the latest drop-off time near you.
- Express drop-off after: Drop a package off after a specific time, such as 5 p.m. Use this element to search for drop-off locations open after 5 p.m.

Note: The Locations Service WSDL returns up to 25 locations within a 50-mile radius of your address.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

5.1.2 Location Request Coding Details

In addition to the basic request elements required for all transactions as described in the Introduction, the following elements are available when coding a FedExSearchLocationsRequest:

Table 24: SearchLocationsRequest Coding Elements

Element	Required	Description
EffectiveDate	No	The date.
LocationsSearchCriterion	Yes	Specifies the criterion that may be used to search for FedEx locations. Valid values are: <ul style="list-style-type: none">• ADDRESS• GEOGRAPHIC_COORDINATES• PHONE_NUMBER
Address	Yes	Descriptive data for a physical location. May be used as an actual physical address (place to which one could go), or as a container of "address parts" which should be handled as a unit (such as a city-state-ZIP combination within the U.S.).

Element	Required	Description
Address/StreetLines	No	Combination of number, street name, etc. At least one line is required for a valid physical address; empty lines should not be included.
Address/City	No	Name of city, town, etc.
Address/StateOrProvinceCode	No	Identifying abbreviations for U.S. state, Canada province, etc. Format and presence of this field will vary, depending on country.
Address/PostalCode	No	Identification of a region (usually small) for mail/package delivery. Format and presence of this field will vary, depending on country.
Address/UrbanizationCode	No	Relevant only to addresses in Puerto Rico.
Address/ CountryCode	Yes	The two-letter code used to identify a country. Required when searching by any of the LocationsSearchCriterion, even PhoneNumber and GeographicCoordinates.
Address/ CountryName	No	the fully spelled out name of a country.
Address/Residential	No	Indicates whether this address is residential (as opposed to commercial).
PhoneNumber	No	Identifies the phone number associated with this contact if the search criterion is PHONE_NUMBER. Numeric value only, for example 9015551234. Mobile numbers will not return results.
GeographicCoordinates	No	Geographic coordinates if the search criterion is GEOGRAPHIC_COORDINATES. ISO 6709 format, for example +40.75-074.00/
MultipleMatchesAction	No	Specifies the criterion to be used to return location results when there are multiple matches. Valid values are: <ul style="list-style-type: none"> • RETURN_ALL • RETURN_ERROR • RETURN_FIRST
SortDetail	No	Specifies the details on how the location search results will be sorted in the reply.
SortDetail/Criterion	No	Specifies the criterion to be used to sort the location details. Valid values are: <ul style="list-style-type: none"> • DISTANCE

Element	Required	Description
		<ul style="list-style-type: none"> • LATEST_EXPRESS_DROPOFF_TIME • LATEST_GROUND_DROPOFF_TIME • LOCATION_TYPE
SortDetail/Order	No	<p>Specifies the sort order of the location details. Valid values are:</p> <ul style="list-style-type: none"> • HIGHEST_TO_LOWEST • LOWEST_TO_HIGHEST
RequestedReservationDetail		You can check for Ship and Get locker availability for redirect to Hold of the tracking number identified in the reservation detail.
RequestedReservationDetail/ UniqueTrackingNumber/TrackingNumber		<p>Search for RTH to a Ship and Get Locker can be requested by populating this element.</p> <p><i>Note: You should populate this element in the ReservationDetail in order to correctly identify the shipment.</i></p>
Constraints	No	Constraints to be applied to location attributes.
Constraints/RadiusDistance	No	Specifies the value and units of the radius around the address to search for FedEx locations.
Constraints/RadiusDistance/Value	No	Identifies the maximum distance to return locations for.
Constraints/RadiusDistance/Units	No	<p>Identifies the unit of measure for the distance value. Valid values are:</p> <ul style="list-style-type: none"> • KM • MI
Constraints/ExpressDropOffTimeNeeded	No	The latest time at which the customer can drop off a package for being shipped using an Express service.
Constraints/ResultsFilters	No	Specifies the criteria used to filter the results of locations searched. The only valid value is EXCLUDE_LOCATIONS_OUTSIDE_STATE_OR_PROVINCE
Constraints/SupportedRedirectToHoldServices	No	<p>Specifies the types of services supported by a FedEx location for redirect to hold. Valid values are:</p> <ul style="list-style-type: none"> • FEDEX_EXPRESS • FEDEX_GROUND • FEDEX_GROUND_HOME_DELIVERY <p><i>Note: Ship and Get locations can support any of these</i></p>

Element	Required	Description
		<i>3 redirect –to-hold services (as defined in the FedEx enterprise).</i>
Constraints/RequiredLocationAttributes	No	<p>The location attributes Locations Service uses to filter by. If more than one value is specified, only those locations that have all the specified attributes will be returned. The attributes are:</p> <ul style="list-style-type: none"> • ACCEPTS_CASH • ALREADY_OPEN • COPY_AND_PRINT_SERVICES • DANGEROUS_GOODS_SERVICES • DIRECT_MAIL_SERVICES • EXPRESS_FREIGHT_DROPOFFS • EXPRESS_PARCEL_DROPOFFS • FEDEX_FREIGHT_DROPOFFS • GROUND_DROPOFFS • GROUND_HOME_DELIVERY_DROPOFFS • LOCATION_IS_IN_AIRPORT • NOTARY_SERVICES • OBSERVES_DAY_LIGHT_SAVING_TIMES • OPEN_TWENTY_FOUR_HOURS • PACKAGING_SUPPLIES • PACK_AND_SHIP • PASSPORT_PHOTO_SERVICES • RETURNS_SERVICES • SATURDAY_DROPOFFS • SATURDAY_EXPRESS_HOLD_AT_LOCATION • SIGNS_AND_BANNERS_SERVICE • SONY_PICTURE_STATION • VIDEO_CONFERENCING • WEEKDAY_EXPRESS_HOLD_AT_LOCATION • WEEKDAY_GROUND_HOLD_AT_LOCATION • SAME_DAY_DROPOFFS • SAME_DAY_CITY_DROPOFFS • DROP_BOX • SHIP_AND_GET • CLEARANCE_SERVICES
Constraints/ResultsToSkip	No	A positive number indicating the number of results to

Element	Required	Description
		skip.
Constraints/ResultsRequested	No	A positive number indicating the number of results requested.
Constraints/LocationContentOptions	No	The options provided for the location. Valid values are: <ul style="list-style-type: none"> • HOLIDAYS • LOCATION_DROPOFF_TIMES • MAP_URL
Constraints/LocationTypesToInclude	No	Identifies a kind of FedEx facility. Valid values are: <ul style="list-style-type: none"> • FEDEX_AUTHORIZED_SHIP_CENTER • FEDEX_EXPRESS_STATION • FEDEX_FREIGHT_SERVICE_CENTER • FEDEX_GROUND_TERMINAL • FEDEX_HOME_DELIVERY_STATION • FEDEX_OFFICE • FEDEX_SELF_SERVICE_LOCATION • FEDEX_SMART_POST_HUB

Successful reply data (based on your search criteria) are returned in a SearchLocationsReply:

Table 25: SearchLocationsReply Elements

Element	Description
TotalResultsAvailable	Specifies total number of location results that are available.
ResultsReturned	Specifies the number of location results returned in this reply.
FormattedAddress	Specifies the address formatted to have correct postal code per USPS standards.
AddressToLocationRelationship	The details about the relationship between the address requested and the locations returned.
AddressToLocationRelationship/MatchedAddress	Address as provided in the request.
AddressToLocationRelationship/MatchedAddressGeographicCoordinates	Specifies the geographic coordinates for the matched address.
AddressToLocationRelationship/DistanceAndLocationDetails	Specifies the distance between the matched address and the addresses of matched FedEx locations. Also specifies the details

Element	Description
	of the FedEx locations.
AddressToLocationRelationship/DistanceAndLocationDetails/LocationDetail/ClearanceLocationDetail	Provides Details about the clearance location. Valid values are: <ul style="list-style-type: none"> • servicesSupported • consolidationType • clearanceLocationType • specialServicesSupported • clearanceCountries • clearanceRoutingCode
AddressToLocationRelationship/DistanceAndLocationDetails/LocationDetail/ClearanceLocationDetail/DistributionClearanceType	Specifies the point of clearance details: DESTINATION_COUNTRY_CLEARANCE - Specifies that the point of clearance is only for the destination country. SINGLE_POINT_OF_CLEARANCE - Specifies that there is single point of clearance.
AddressToLocationRelationship/DistanceAndLocationDetails/LocationDetail/ClearanceCountryDetail	Specifies the special services supported at the clearance location for an individual destination country. <ul style="list-style-type: none"> • Valid values are: • clearanceCountry • specialServicesSupported
AddressToLocationRelationship/DistanceAndLocationDetails/LocationDetail/ClearanceCountryDetail/PackageSpecialServiceType	Package Special Service types. Valid values are: <ul style="list-style-type: none"> • ALCOHOL • APPOINTMENT_DELIVERY • COD • DANGEROUS_GOODS • DRY_ICE • NON_STANDARD_CONTAINER • PIECE_COUNT_VERIFICATION • PRIORITY_ALERT • SIGNATURE_OPTION
AddressToLocationRelationships/DistanceAndLocationDetails/LocationDetail/Attributes	The location attributes Locations Service uses to filter by. If more than one value is specified, only those locations that have all the specified attributes will be returned. The attributes are: <ul style="list-style-type: none"> • ACCEPTS_CASH • ALREADY_OPEN • CLEARANCE_SERVICES • COPY_AND_PRINT_SERVICES • DANGEROUS_GOODS_SERVICES • DIRECT_MAIL_SERVICES • DROP_BOX • EXPRESS_FREIGHT_DROPOFFS

Element	Description
	<ul style="list-style-type: none"> • EXPRESS_PARCEL_DROPOFFS • FEDEX_FREIGHT_DROPOFFS • GROUND_DROPOFFS • GROUND_HOME_DELIVERY_DROPOFFS • LOCATION_IS_IN_AIRPORT • NOTARY_SERVICES • OBSERVES_DAY_LIGHT_SAVING_TIMES • OPEN_TWENTY_FOUR_HOURS • PACKAGING_SUPPLIES • PACK_AND_SHIP • PASSPORT_PHOTO_SERVICES • RETURNS_SERVICES • SAME_DAY_CITY_DROPOFFS • SAME_DAY_DROPOFFS • SATURDAY_DROPOFFS • SATURDAY_EXPRESS_HOLD_AT_LOCATION • SHIP_AND_GET • SIGNS_AND_BANNERS_SERVICE • SONY_PICTURE_STATION • VIDEO_CONFERENCING • WEEKDAY_EXPRESS_HOLD_AT_LOCATION • WEEKDAY_GROUND_HOLD_AT_LOCATION
AddressToLocationRelationships/DistanceAndLocationDetails/LocationDetail/CarrierDetails	New ServiceType supports the following values: SAME_DAY and SAME_DAY
AddressToLocationRelationships/DistanceAndLocationDetails/LocationDetail/LocationContactAndAddress/AddressAncillaryDetail	Additional information about a physical location.

5.1.3 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.

If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.

2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

5.1.4 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

6 Pickup Service

The FedEx pickup web service allows you to schedule a courier to pick up a shipment, cancel a pickup request, or check for pickup availability.

6.1 Pickup

Use the Pickup Service to schedule courier pickup of a shipment at the location specified in the transaction.

6.1.1 Pickup Service Details

FedEx Express® pickup requests:

- The time that your packages will be ready to be picked up must be no later than the postal code cutoff time for your location. The cutoff time can be retrieved with the PickupAvailability request.
- The length of time from when your packages will be ready to the time at which the courier will no longer be able to enter the premises to pick up the packages must be no less than the "access time", which can also be retrieved with the PickupAvailability request.
- FedEx Express pickup can be scheduled for the current or next business day.
- The maximum number of packages for a single pickup request is 99.
- If you already have a regular scheduled pickup, it is not necessary to schedule a one-time pickup or add another regular scheduled pickup.
- You cannot change a pickup request. To change a request, you must delete the original request and enter a new request.
- FedEx systems now supports domestic UK Pickup functionality.

For more information about your cut-off time, call FedEx Customer Service at **1.800.GoFedEx 1.800.463.3339**.

FedEx Ground® pickup requests:

- Pickup can be scheduled for the next business day or any business day up to 2 weeks in advance.
- Maximum number of packages for a single pickup request is 99.
- If you already have a regular scheduled pickup, it is not necessary to schedule a one-time pickup or add another regular scheduled pickup.
- Pickup at a residential address is available for an additional surcharge.
- You cannot change a pickup request. To change a request, you must delete the original request and enter a new request.

General information:

- To request a pickup for a different country, include the Country element with the appropriate country code where you would like FedEx to pick up your shipment.
- If you need to schedule a pickup for both FedEx Express (including intra-Mexico shipping) and FedEx Ground packages, you are required to schedule one pickup for each of the carriers individually.
- If your total package weight exceeds 150 lbs., contact FedEx Customer Service for assistance.
- If your pickup location is in a remote area, make sure your packages are ready earlier to accommodate remote pickup schedule.
- Always include the latest time your package can be picked up (or your company's close time).
- Saturday pickup service is offered in select locations worldwide for your FedEx Express packages. Saturday drop-off is also available at many FedEx locations. Use the FedEx Web Services Locations Service WSDL to receive a list of Saturday drop-off locations.
- For FedEx Ground and FedEx Express pickups, you may request an alternate pickup address other than the shipping location attached to your FedEx account number. An additional surcharge applies.
- If you want a regular FedEx Express or FedEx Ground pickup service, contact your FedEx account executive.
- Pick up can be scheduled for FedEx SameDay® within Mexico and FedEx SameDay® City within Mexico City and the southern Mexican States. For additional details please refer to [FedEx SameDay](#).
- New options have been added to support domestic UK pickup as mentioned below:
 - FEDEX_DISTANCE_DEFERRED
 - FEDEX_NEXT_DAY_EARLY_MORNING
 - FEDEX_NEXT_DAY_MID_MORNING
 - FEDEX_NEXT_DAY_AFTERNOON
 - FEDEX_NEXT_DAY_END_OF_DAY
 - FEDEX_NEXT_DAY_FREIGHT

For more detailed information about the services offered by FedEx, see the electronic [FedEx Service Guide](#).

6.1.1.1 LTL Freight Pickup Special Services

CreatePickupRequest has several special service types that can be setup in FreightPickupDetail/LinItems. Some of these Special Services are only for LTL, some for small parcels and some are for both. The ones marked 'For Freight Shipments' in the shipment special service type valid values in the table below relate to LTL freight pickup.

Element	Description
FreightPickupDetail/LineItems/Shipments/SpecialServicesRequested/ShipmentSpecialServiceType	<ul style="list-style-type: none"> • BLIND_SHIPMENT - Freight shipment to be handled as blind shipment. • BROKER_SELECT_OPTION • CALL_BEFORE_DELIVERY - For Freight shipments. • COD • CUSTOM_DELIVERY_WINDOW - Freight shipment has non-standard delivery date/range. • CUT_FLOWERS • DANGEROUS_GOODS - Freight shipment contains hazardous materials. • DELIVERY_ON_INVOICE_ACCEPTANCE • DETENTION - Freight shipment delayed prior to loading or unloading. • DO_NOT_BREAK_DOWN_PALLETS - For Freight shipments. • DO_NOT_STACK_PALLETS - For Freight shipments. • DRY_ICE • EAST_COAST_SPECIAL • ELECTRONIC_TRADE_DOCUMENTS - Electronic Trade Documents for international parcel shipments. • EMAIL_NOTIFICATION • EXCLUSIVE_USE - Freight shipment requires exclusive use of equipment. • EXHIBITION_DELIVERY - Freight shipment delivery address is for amusement park, trade show, fair, etc. • EXHIBITION_PICKUP - Freight shipment pickup address is for amusement park, trade show, fair, etc. • EXPEDITED_ALTERNATE_DELIVERY_ROUTE - For Custom Critical use only. • EXPEDITED_ONE_DAY_EARLIER - For Custom Critical use only. • EXPEDITED_SERVICE_MONITORING_AND_DELIVERY - For Custom Critical use only. • EXPEDITED_STANDARD_DAY_EARLY_DELIVERY - For Custom Critical use only. • EXTRA_LABOR - Express Freight shipment requires additional labor at load or unload. • EXTREME_LENGTH - Freight shipment contains shipping unit or piece with excessive length. • FEDEX_ONE_RATE • FLATBED_TRAILER - Freight shipment requires flatbed trailer. • FOOD - For Freight shipments. • FREIGHT_GUARANTEE - Freight shipment has date or date and time delivery guarantee.

Element	Description
	<ul style="list-style-type: none"> • FREIGHT_TO_COLLECT - For Pitstop India • FUTURE_DAY_SHIPMENT • HOLD_AT_LOCATION • HOLIDAY_DELIVERY - For Pitstop India • HOLIDAY_GUARANTEE - Freight shipment to be delivered on holiday. • HOME_DELIVERY_PREMIUM • INSIDE_DELIVERY • INSIDE_PICKUP • INTERNATIONAL_CONTROLLED_EXPORT_SERVICE • INTERNATIONAL_MAIL_SERVICE • INTERNATIONAL_TRAFFIC_IN_ARMS_REGULATIONS • LIFTGATE_DELIVERY - Freight shipment requires liftgate at delivery address. • LIFTGATE_PICKUP - Freight shipment requires liftgate at pickup address. • LIMITED_ACCESS_DELIVERY - Freight shipment to be delivered at address with limited access. • LIMITED_ACCESS_PICKUP - Freight shipment to be picked up at address with limited access. • MARKING_OR_TAGGING - Freight shipment to include marking or tagging of pieces. • NON_BUSINESS_TIME - Freight shipment to include services performed during non-business hours and/or days. • PALLET_SHRINKWRAP - Freight shipment to include shrinkwrapping of pallets by FedEx Freight. • PALLET_WEIGHT_ALLOWANCE - Freight shipment to be rated with standard allowance for pallets. • PALLETS_PROVIDED - Freight shipment to include pallets provided by FedEx Freight. • PENDING_COMPLETE • PENDING_SHIPMENT • PERMIT - Freight shipment to include permit obtained by FedEx. • PHARMACY_DELIVERY • POISON - For Freight shipments. • PORT_DELIVERY - Freight shipment to include delivery to a port. • PORT_PICKUP - Freight shipment to include pickup at a port. • PRE_DELIVERY_NOTIFICATION - Freight shipment requires notification to consignee prior to delivery. • PROTECTION_FROM_FREEZING - Freight shipment requires protection from freezing temperatures. • REGIONAL_MALL_DELIVERY - Freight shipment to be

Element	Description
	<p>delivered at major regional shopping mall.</p> <ul style="list-style-type: none"> • REGIONAL_MALL_PICKUP - Freight shipment to be picked up at major regional shopping mall. • RETURN_SHIPMENT • RETURNS_CLEARANCE - Special clearance requested for international returns shipment. • RETURNS_CLEARANCE_SPECIAL_ROUTING_REQUIRED • SATURDAY_DELIVERY • SATURDAY_PICKUP • SHIPMENT_ASSEMBLY - Freight shipment to include assembly services. • SORT_AND_SEGREGATE - Freight shipment to include sorting and/or segregating services. • SPECIAL_DELIVERY - For Pitstop India • SPECIAL_EQUIPMENT - Freight shipment to include use of special equipment. • STORAGE - Freight shipment to include storage by carrier. • SUNDAY_DELIVERY - For Pitstop India • THIRD_PARTY_CONSIGNEE • TOP_LOAD - For Freight shipments. • USPS_DELIVERY - Freight shipment to include delivery by US Postal Service. • USPS_PICKUP - Freight shipment to include pickup by US Postal Service. • WEIGHING - Freight shipment to include weighing.

Note:

Below are examples of when and why a *SpecialServicesType* needs to be specified in a LTL freight request:

- *FOOD* value is selected when shipment has food items. This is required for Freight so that this shipment is not moved with other shipments that may potentially contain poison. The same is applied for *POISON* service so that it cannot be moved with *FOOD* shipments.
- *TOP_LOAD* value is selected when shipment is delicate and that needs to be kept at the top – so that other shipments are not stacked on this to avoid damage.
- *DO_NOT_BREAK_DOWN_PALLETS* value is selected if restacking of pallets may be required for a load shifted to put the truck back in balance or if an inspection may be needed due to freight being misrepresented and not classified correctly.

6.1.1.2 Pickup Service Request Elements

In addition to the elements required for all requests, the following elements are included in the Pickup Service request

Table 26: Pickup Service Request Elements

Element	Description
AssociatedAccountNumber	Account number from a FedEx operating entity.
TrackingNumber	Specifies the tracking number to be used for processing a pickup for a return shipment.
OriginDetail/UseAccountAddress	This element is required if you want to have the package picked up at a different address than the one associated with the shipper account. Valid values are: <ul style="list-style-type: none"> • Y — Use shipper Address • N — User Alternate Address If you enter N, the PickupLocation element is required.
OriginDetail/PickupLocation	This element is required for alternate pickup addresses. Valid elements are: <ul style="list-style-type: none"> • Contact • Address
OriginDetail/PackageLocation	Provides a location description where the courier/driver will pick up the package. PickupServiceBuildingLocationType: Valid values are: <ul style="list-style-type: none"> • FRONT • NONE • SIDE • REAR
OriginDetail/BuildingPartCode	Describes the package location building type for the pickup: <ul style="list-style-type: none"> • APARTMENT • BUILDING • DEPARTMENT • FLOOR • ROOM • SUITE
OriginDetail/BuildingPartDescription	Accompanies the BuildingPartCode to describe the package pickup location. Entries can be an apartment number, suite number, etc.
OriginDetail/ReadyTimeStamp	Identifies the date and time the package will be ready for pickup by FedEx. The time must be no later than the CutOffTime, which can be discovered with the PickupAvailabilityRequest. FedEx Express pickup can be scheduled for the current or next business day.
OriginDetail/CompanyCloseTime	Your company close time is required for a successful dispatch request. The time between the ReadyTimestamp and the CustomerCloseTime must be no less than a length of time called the AccessTime, which can be discovered with a PickupAvailabilityRequest.

Element	Description
PickupServiceRequest/PackageCount	Total number of packages that make up the dispatch request.
PickupServiceRequest/TotalWeight	Total weight of packages that make up the dispatch request.
PickupServiceRequest/CarrierCode	FedEx operating company (FedEx Express, FedEx Ground) performing the pickup.
PickupServiceRequest/OversizePackageCount	Identifies the number of oversize packages that are tendered to FedEx Ground. For more information about oversize package requirements, see the electronic FedEx Service Guide .
PickupServiceRequest/CourierRemarks	Any additional information that the courier needs to perform your pickup should be included in the reply request.
PickupServiceRequest/CommodityDescription	Required for international APAC customers only. Provides area for any additional commodity description. Field is limited to 20 characters since P2D and Cosmos restrict the commodity description to 20 characters.
CreatePickupRequest/PickupServiceCategory	Specifies the service category for the pickup being scheduled. Valid values are: <ul style="list-style-type: none"> • SAME_DAY • SAME_DAY_CITY • FEDEX_DISTANCE_DEFERRED • FEDEX_NEXT_DAY_EARLY_MORNING • FEDEX_NEXT_DAY_MID_MORNING • FEDEX_NEXT_DAY_AFTERNOON • FEDEX_NEXT_DAY_END_OF_DAY • FEDEX_NEXT_DAY_FREIGHT

Note: Dispatch requests should be limited to one request per day unless you add packages that exceed the dimensions or weight for the original request.

If you want to schedule a FedEx Express Freight dispatch, the following additional elements are required.

Element	Description
ExpressFreightDetail/Service	Valid FedEx Freight service type.
ExpressFreightDetail /BookingNumber	All freight shipments required an advanced booking number from FedEx. This booking number is also required for freight dispatch requests.
ExpressFreightDetail /Dimensions	Length, width, and height of freight shipment to be picked up.
ExpressFreightDetail /TruckType	Type of truck required for pickup. Valid values are: <ul style="list-style-type: none"> • Drop_Trailer_Agreement

Element	Description
	<ul style="list-style-type: none"> • Liftgate • Tractor_Trailer_Access
ExpressFreightDetail /TrailerSize	<p>Trailer size required for dispatch. Valid values are:</p> <ul style="list-style-type: none"> • TRAILER_28_FT • TRAILER_48_FT • TRAILER_53_FT

6.1.1.3 Pickup Service Reply Elements

The following elements are returned in the Pickup Service reply:

Table 27: Pickup Service Reply Elements

Element	Description
DispatchConfirmationNumber	FedEx returns a dispatch confirmation number for a successful dispatch request. This number must be used if you need to cancel the dispatch.
Location	The FedEx station ID receiving an FedEx Express dispatch request.
Message	This message provides information regarding the success or failure of the dispatch request. <i>Note: Dispatch requests may fail if you enter an insufficient time window between Package Ready and Business Close. If you have questions about pickup times, contact your regional FedEx Support Hotline.</i>
PRP Control Number	PRP, Package Returns Program, Control Number - If you have contracted with FedEx to use the Package Return Program (PRP), the PRP control number is required in your dispatch request. For more information about PRP, go to fedex.com/us/services/options/returns/prp.html .

6.1.1.4 Pickup Service Country Codes

Table 28: Pickup Service Country Codes

Code	Country	Code	Country
AE	United Arab Emirates	IE	Ireland
AN	Netherlands Antilles	IL	Israel
AR	Argentina	IN	India
AT	Austria	IT	Italy
AU	Australia	JM	Jamaica

HU	Hungary	VI	U.S. Virgin Islands
ID	Indonesia		

6.2 Cancel Pickup Service

Use the Cancel Pickup Service to cancel a pickup request.

6.2.1 Cancel Pickup Service Details

You may cancel a FedEx Express or FedEx Ground pickup if the request package ready time has not already been met. See [Cancel Pickup Request/Reply Coding Details for FedEx Freight](#). For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

6.2.2 Cancel Pickup Service Coding Details

In addition to the basic service elements required for most transactions (AuthenticationDetail and ClientDetail), the following elements are required to cancel a Pickup Service request:

Table 29: Cancel Pickup Service Request Elements

Element	Description
DispatchConfirmationNumber	This number is received from FedEx in your dispatch reply and is required for canceling a dispatch request.
ScheduledDate	Indicates the date the dispatch occurs.
Location	The location information for the FedEx station handling the dispatch is returned in the dispatch reply. This information is required to cancel an FedEx Express dispatch.
CourierRemarks	Any additional information for the FedEx courier regarding the dispatch cancellation.

If you enter an invalid dispatch confirmation number or this number does not match the location and/or scheduled date of the dispatch, you will receive an error notification. If the FedEx courier has already

been dispatched to your pickup location, the dispatch cannot be canceled and the CancelPickup Service reply will return a failure notification.

6.2.2.1 Example CancelPickupService Request

6.2.3 Cancel Pickup Request/Reply Coding Details for FedEx Freight

In addition to the basic service elements required for most transactions (AuthenticationDetail and ClientDetail), the following elements are required to cancel a Pickup request for a FedEx Freight shipment:

Table 30: Cancel a Pickup Request Elements

Element	Description
CarrierCode	<p>Identifies the FedEx service operating company (transportation) that was sent the pickup that is being canceled.</p> <p>Valid values are:</p> <ul style="list-style-type: none">• FDXC• FDXE• FDXG• FXCC• FXFR• FXSP
PickupConfirmationNumber	Identifies the pickup confirmation number that is being canceled. The pickup confirmation number was returned to the client when the pickup was requested.
ScheduledDate	Identifies the scheduled date for the pickup that is being canceled. The scheduled date was provided by the client when the pickup was requested.
EndDate	Identifies the end date for the pickup that is being canceled.
Location	Identifies the FedEx location identifier responsible for processing the package pickup that is being canceled. The FedEx location identifier was returned to the client when the pickup was requested. Required for Express service type.
Remarks	Identifies comments the customer wants to convey to the FedEx courier regarding the package pickup.
ShippingChargesPayment	Includes the descriptive data for the monetary compensation given to FedEx for services rendered to the customer.
Reason	Identifies the reason for canceling the pickup request.
ContactName	Identifies the name of the person that requested pickup cancellation.
PhoneNumber	Identifies the phone number of the person that requested pickup cancellation.
PhoneExtension	Identifies the phone extension of the person that requested pickup

Element	Description
	cancellation.

The CancelPickupReply element returns the descriptive data to a client in response to a CancelPickupRequest. The following elements are returned in a Cancel Pickup reply for a FedEx Freight shipment:

Table 31: Cancel a Pickup Reply Elements

Element	Description
HighestSeverity	<p>Identifies the highest severity encountered when performing the request. Valid values in order from high to low are:</p> <ul style="list-style-type: none"> • FAILURE • ERROR • WARNING • NOTE • SUCCESS
Notifications	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS — Your transaction succeeded with no other applicable information. • NOTE — Additional information that may be of interest to you about your transaction. • WARNING — Additional information that you need to know about your transaction that you may need to take action on. • ERROR — Information about an error that occurred while processing your transaction. • FAILURE — FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
TransactionDetail	<p>Includes descriptive data that governs data payload language/translations. The TransactionDetail from the request is echoed back to the caller in the corresponding reply.</p>
Version	<p>Identifies the version/level of a service operation expected by a caller (in each request) and performed by the callee (in each reply).</p>
Message	<p>Includes a Human readable message from the dispatch system.</p>

6.3 Pickup Availability

Use Pickup Availability to obtain cutoff and access time required to request and schedule a pickup and pickup based on the specified area. You may check pickup availability for either FedEx Express or FedEx Ground shipments. See [Pickup Availability Request/Reply Coding Details for FedEx Freight](#).

6.3.1 Pickup Availability Coding Details

In addition to the basic service elements required for most transactions (AuthenticationDetail and ClientDetail), the following elements are available for a PickupAvailability request:

Table 32: PickupAvailability Elements

Element	Description
PackageReadyTime	Optional. Identifies the date and time the package will be ready for pickup by FedEx. Express pickup can be scheduled for the current or next business day. Format HHMM where valid time format HH is a value between 00 and 24 and MM is not a value between 00 and 59. <i>Note: The Package Ready Time does equate to the time the driver should arrive for the package</i>
CompanyCloseTime	Optional. Specify your company close time. The ReadyTimeStamp and the CompanyCloseTime must allow a long enough time period for a FedEx courier to arrive at your pickup location. Format HHMM where valid time format HH is a value between 00 and 24 and MM is not a value between 00 and 59.
DispatchDate	Optional. Specify the date for package pickup.
StreetLines	Optional. Specify if a street address line(s) is required.
City	Optional. Specify the pickup city.
StateOrProvinceCode	Required only if recipient country is U.S. or Canada, or if SED applies and country is Mexico (MX).
PostalCode	Required for FedEx Ground shipments if recipient country is a postal aware country. See Appendix J: Postal-Aware Countries and Formats for a list of postal aware countries.
UrbanizationCode	Optional. Relevant only to addresses in Puerto Rico, where multiple addresses within the same postal code can have the same house number and street name. When this is the case, the urbanization code is needed to distinguish them.
CountryCode	Required.

Element	Description
	For a list of valid codes, see Appendix A: Country Code Tables.
CountryName	Required. The fully spelled out name of a country.
PickupRequestType	Required. Request type valid values are: <ul style="list-style-type: none"> • SAME_DAY • FUTURE_DAY
Carriers	Required. FedEx service (FedEx Express, FedEx Ground) performing the pickup. Valid values are: <ul style="list-style-type: none"> • FDXG • FDXE
PickupShipmentAttributes/dimensions	Optional. Descriptive information about the package dimensions.
PickupShipmentAttributes/weight	Optional. Descriptive information about the package weight.

6.3.2 Pickup Availability Request/Reply Coding Details for FedEx Freight

6.3.2.1 Pickup Availability Request Elements

In addition to the basic service elements required for most transactions (AuthenticationDetail, ClientDetail, TransactionDetail, and AccountNumber), the following elements are required to request availability of pickup for a FedEx Freight shipment:

Table 33: Pickup Availability Request Elements

Element	Description
PickupAddress	Includes descriptive data for a physical location. May be used as an actual physical address (place to which one could go), or as a container of "address parts" which should be handled as a unit, such as a city-state-ZIP combination within the U.S.
PickupRequestType	Describes the relationship between the date on which a dispatch occurs and the date on which it is created (scheduled) by means of a CourierDispatchRequest. <ul style="list-style-type: none"> • FUTURE_DAY means that the dispatch date is later than the date on which it is created. If FUTURE_DAY is included, then Options with ScheduleDay of FUTURE_DAY will be included in the reply • SAME_DAY means that the dispatch is to occur on the date on which it is created. If SAME_DAY is included, then Options with ScheduleDay of SAME_DAY will be included in the reply.

Element	Description
DispatchDate	Identifies the dispatch date (in the local time zone) for the pickup whose availability is being requested.
NumberOfBusinessDays	Identifies the number of business days to consider when checking availability.
PackageReadyTime	Identifies the time when the package will be ready to be picked up. The time is local to the pickup postal code, in 24-hour form, such as 13:00:00. It should not contain a TZD. If a TZD is included, it will be ignored.
CustomerCloseTime	Identifies the latest time at which the courier will be able to gain access to pick up the package(s). The time is local to the pickup postal code, in 24-hour form, such as 17:00:00. It should not contain a TZD. If a TZD is included, it will be ignored.
Carriers	Identifies the FedEx carrier(s) for which availability is requested. Valid values are: <ul style="list-style-type: none"> • FDXC • FDXE • FDXG • FXCC • FXFR • FXSP
ShipmentAttributes	Includes descriptive information about the shipment.

6.3.2.2 Pickup Availability Reply Elements

The PickupAvailabilityReply element returns the descriptive data to a client in response to a PickupAvailabilityRequest. The following elements are returned in a Pickup Availability reply for a FedEx Freight shipment:

Table 34: Pickup Availability Reply Elements

Element	Description
HighestSeverity	Identifies the highest severity encountered when performing the request. Valid values in order from high to low are: <ul style="list-style-type: none">• FAILURE• ERROR• WARNING• NOTE• SUCCESS
Notifications	Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are: <ul style="list-style-type: none">• SUCCESS — Your transaction succeeded with no other applicable information.• NOTE — Additional information that may be of interest to you about your transaction.• WARNING — Additional information that you need to know about your transaction that you may need to take action on.• ERROR — Information about an error that occurred while processing your transaction.• FAILURE — FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
TransactionDetail	Includes descriptive data that governs data payload language/translations. The TransactionDetail from the request is echoed back to the caller in the corresponding reply.
Version	Identifies the version/level of a service operation expected by a caller (in each request) and performed by the callee (in each reply).
RequestTimeStamp	Identifies the point in time when the request was processed.
Options	Identifies the options for picking up the shipment.
Options/Carrier	The carrier to which the PickupScheduleOption applies

Element	Description
Options/Description	Descriptive information about the shipment
Options/ScheduleDay PickupRequestType	Tells whether this option describes a dispatch created on the dispatch date (SAME_DAY), or on a prior date (FUTURE_DAY).
Options/Available	True if this pickup option is available.
Options/PickupDate	Identifies the date (in the postal code's time zone) to which this PickupScheduleOption refers.
Options/CutOffTime	Identifies the latest allowed ready time (in the postal code's time zone) for a postal code. As a local time, it will not include a Time Zone Designator.
Options/AccessTime	Identifies the minimum required length of the window of time between the ReadyTime and CustomerCloseTime.
Options/ResidentialAvailable	
Options/CountryRelationship	
CloseTimeType	Identifies whether the close time is specified by the customer or is the default time. Valid values are: <ul style="list-style-type: none">• CUSTOMER_SPECIFIED• DEFAULT
CloseTime	Identifies the close time corresponding to the specified CloseTimeType.
LocalTime	Identifies the local time of the service center that will service the pickup.

6.4 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".

4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the “Download Code In...” drop down and check the “Include Documentation PDF” checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer’s Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

6.5 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

7 Close Shipment

The Close Service WSDL allows you to reconcile shipping information for your FedEx Ground® or FedEx SmartPost® shipments and print a ground manifest for your ground driver. The ground manifest is generated after a successful close and must be printed before your ground shipments are tendered to FedEx. You may continue to ship ground packages after a close has been performed. Similarly, FedEx SmartPost must be closed in order for the system to become aware of the package before it is scanned at the FedEx SmartPost facility.

Note 1: Shipments with an advanced ship date will not be included in a close until that date.

Note 2: SmartPost shipments are not trackable on FedEx.com unless they are scanned by a FedEx SmartPost facility.

Close by Reference will allow you to identify those, and only those, packages that are finalized, and upload that specific package data to FedEx. This will be accomplished by allowing you to close their ship transactions (intra-US and International) for FedEx Ground (including SmartPost) via customer reference fields.

The feature can be broken down into the following subset:

1. Ship with reference designation for close
2. Reference Confirmation
3. Hourly Upload with reference designation for close
4. End of Day Close with reference designation for close
5. Trigger data to transfer to Ground backend systems
6. Openship Verification Error Option

Note: The Close transaction (GroundClose Request and/or SmartpostCloseRequest) is required when processing Ground and/or SmartPost shipments.

7.1 FedEx Ground Close Ship Day Service Details

The Close Service can be performed multiple times during your shipping day. Use the Close Service to initiate the final stage of processing all shipment data submitted by the customer for the day (close of business).

Note: Close transactions are performed at the meter level. If you have multiple meters, then additional close requests are required. Future Day Shipments are not included in a close prior to the future ship date.

In addition to the ground manifest, the following reports are returned after a successful close and need to be printed (if shipments with these services are included in the Close transaction):

- FedEx Ground® C.O.D. / FedEx Ground® Electronic C.O.D. (E.C.O.D.)
- HazMat

- FedEx Ground Multiweight® Package Detail

C.O.D./E.C.O.D. and HazMat reports can be printed anytime during the shipping day for shipments that have already been closed (up to three days in the past). FedEx Ground Multiweight reports (if the account is multiweight enabled) are produced at close time and cannot be reprinted.

Note: Close is a requirement only for FedEx Ground®. FedEx Express® shipments are automatically closed and do not require you to perform a specific close operation.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

7.1.1 FedEx Ground Close Ship Day Coding Details

The following elements are required for a Ground Close transaction:

Table 35: Ground Close Request Elements

Element	Requirements
TransactionDetail/CustomerTransactionId	Maximum of 40 characters. This element allows you to assign a unique identifier to your transaction. This element is returned in the reply and helps you match requests to replies.
CloseGroupingType	Specifies how the shipment close requests are grouped. This is an optional field and it defaults to TIME which in turn will default to End-of-Day.
CloseGroupingType/MANIFEST_REFERENCE	Specifies that the shipments will be closed by a Shipment Manifest element.
CloseGroupingType/SHIPPING_CYCLE	Specifies that the shipments will be closed by a shipping cycle
CloseGroupingType/TIME	Default value. Specifies that the shipments will be closed by the date/time indicated in the "TimeUpToWhichShipmentsAreToBeClosed" field (exists for GroundClose Requests currently)
TimeUpToWhichShipmentsAreToBeClosed	Identifies the date and time up to which unclosed shipments are to be closed. Both the date and time portions of the string are expected to be used. The time is the local time based on shipper's time zone. The date component must be in the format:YYYY-MM-DD(eg.2009-04-26). The time component must be in the format :HH-MM-SS using a 24 hour clock (e.g.11:00 a.m is 11:00:00, whereas 5:00 p.m is 17:00:00). The date and time parts are separated by a T (e.g.2009-04-26T17:00:00)
ManifestReferenceDetail	Specifies that the shipments will be closed by a Shipment Manifest element.

The following elements are required for a Close Service transaction:

Table 36: Close Service Operations

Element	Requirements
GroundCloseRequest	Initiates the final stage of processing all shipment data submitted by the customer for the day (close of business) for FedEx Ground shipments. Only returns the Ground Manifest.
SmartPostCloseRequest	Initiates the final stage of processing all shipment data submitted by the customer for the day (close of business) for FedEx SmartPost shipments.
GroundCloseWithDocumentsRequest	Ground Close with user specified reports. Recommended for use if/when additional reports are required at the time of Close outside of the Ground Manifest.
ReprintGroundCloseDocumentsRequest	Prints the user specified reports that were generated when the Close was processed.
CloseWithDocumentsRequest	Through the Close Service, the Reprint transaction will only be available for three days.

The following elements are required for a FedEx Ground Close Service with Documents request:

Table 37: GroundCloseWithDocumentsRequest Elements

Element	Requirements
CloseDate	Date on which shipments were closed.
CloseDocumentSpecification	<p>Specifies characteristics of document(s) to be returned for this request. You may request the following close documents.</p> <ul style="list-style-type: none"> • COD_REPORT • MANIFEST • MULTIWEIGHT_REPORT • OP_950 • DetailedDeliveryManifestDetail • ManifestDetail <p>Contains all data required for close-time documents to be produced in conjunction with a specific set of shipments.</p>

The following elements may be returned in the Ground Close with Documents reply:

Table 38: Ground Close Service with Document Reply Elements

Element	Requirements
HighestSeverity	Identifies the highest severity encountered when performing

Element	Requirements
	the request. Valid values are: <ul style="list-style-type: none"> • FAILURE • ERROR • WARNING • NOTE • SUCCESS
Notifications	Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are: <ul style="list-style-type: none"> • SUCCESS — Your transaction succeeded with no other applicable information. • NOTE — Additional information that may be of interest to you about your transaction. • WARNING — Additional information that you need to know about your transaction that you may need to take action on. • ERROR — Information about an error that occurred while processing your transaction. • FAILURE — FedEx was unable to process your transaction
TransactionDetail	Descriptive data for this customer transaction. The TransactionDetail from the request is echoed back to the caller in the corresponding reply.
Version	Identifies the version/level of a service operation expected by a caller (in each request) and performed by the callee (in each reply).
Close Document Type	Actual document contents for all provided reports.

7.1.2 FedEx Ground Report Printing

When you perform a Close, FedEx Web Services generates four ground reports:

- Ground Manifest
- Note: The address in the header is pulled from the first package shipped that day for that meter.*
- C.O.D./E.C.O.D. Report
 - Multiweight Detail
 - Hazardous Materials Certification Report (U.S. only)

You can also choose to reprint C.O.D./E.C.O.D., FedEx Ground Manifest and HazMat reports using the Close service. FedEx Ground Multiweight reports (if the account is multiweight enabled) are produced at close time and cannot be reprinted.

Additional elements for printing ground reports include the following:

Table 39: Printing Ground Reports Elements

Element	Requirements
GroundCloseReportsReprintRequest	If this element is set to true, you receive ground reporting from the last three closed shipping days. To indicate which report(s) you want to receive, include the CloseReport Type element and specify a date from the previous three calendar days. If this element is set to false, the Close Service processes and all valid reporting is returned.
CloseReportType	If the CloseRequest/ReportOnly is set to true, you may request the following reports: <ul style="list-style-type: none"> • MANIFEST • COD • HAZMAT • MULTIWEIGHT
TrackingNumber	If you include the tracking number of a particular FedEx Ground shipment for which you want to print ground reports (manifest, C.O.D., HazMat, or Multiweight Detail), the report(s) requested in the CloseReportType element are returned.

7.2 FedEx SmartPost Close Shipment Service Details

The Close Service can be performed multiple times during your shipping day. Use the Close Service to initiate the final stage of processing all shipment data submitted by the customer for the day (close of business). If you are a SmartPost Small Shipper, you must process both a Ground Close and a SmartPost Close as both FedEx Ground and FedEx SmartPost handle your shipments. Close FedEx Ground prior to FedEx SmartPost to ensure your package data is transmitted accurately.

If you are a SmartPost Large Shipper, you only need to process the SmartPost Close.

- FedEx SmartPost Close is independent of a FedEx Ground® Close. FedEx Express® shipments are automatically closed and do not require you to perform a specific close operation.
- No reports are returned in the FedEx SmartPost Close Reply.
- For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

7.2.1 FedEx SmartPost Close Ship Day Coding Details

The following elements are required for a Close Service transaction:

Table 40: FedEx SmartPost Close Service Elements

Element	Requirements
WebAuthenticationDetail/UserCredential/Key	The value for the Key was provided by FedEx upon your request. It is an alphanumeric mixed-case string.
WebAuthenticationDetail/UserCredential/Password	The value for the Password was provided by FedEx upon your request. It is an alphanumeric mixed-case string.
ClientDetail/AccountNumber	The FedEx Express nine-digit meter number that has been used in the Ship transactions
ClientDetail/MeterNumber	The FedEx Express nine-digit meter number that has been used in the Ship transactions.
Version/ServiceId	The value is "clos"
Version/Major	The current value is "3".
Version/Intermediate	The current value is "0".
Version/Minor	The current value is "0".
HubId	Specify the HubId. Valid values are: <ul style="list-style-type: none"> • 5185 ALPA Allentown • 5303 ATGA Atlanta • 5281 CHNC Charlotte • 5602 CIIL Chicago • 5929 COCA Chino • 5751 DLTX Dallas • 5802 DNCO Denver • 5481 DTMI Detroit • 5087 EDNJ Edison • 5431 GCOH Grove City • 5771 HOTX Houston

Element	Requirements
HubId	<ul style="list-style-type: none"> • 5465 ININ Indianapolis • 5648 KCKS Kansas City • 5254 MAWV Martinsburg • 5379 METN Memphis • 5552 MPMN Minneapolis • 5531 NBWI New Berlin • 5110 NENY Newburgh • 5015 NOMA Northborough • 5327 ORFL Orlando • 5194 PHPA Philadelphia • 5854 PHAZ Phoenix • 5150 PTPA Pittsburgh • 5958 SACA Sacramento • 5843 SCUT Salt Lake City • 5983 SEWA Seattle • 5631 STMO St. Louis <p><i>Note: Include only the numeric HubId value in your request.</i></p>
DestinationCountryCode	For FedEx SmartPost the value is always US.
PickupCarrier	The value will be either FDXG or FXSP, depending on which driver picks up your FedEx SmartPost packages.
CustomerManifestId	<p>Optional. Maximum length 8 characters. If no CustomerManifestId values were sent in the individual Ship request, then do not include this element in the request at all.</p> <p>If CustomerManifestId values were sent in the Ship requests, then send one FedEx SmartPost close for each unique CustomerManifestId. Each Close request will only close the packages with a matching CustomerManifestId value.</p>

7.2.2 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.

If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.

2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

8 Address Validation Service

Use the Address Validation Service (AVS) to validate or complete recipient addresses.

This service validates recipient addresses before you ship packages, provides descriptive error details and corrected options for invalid addresses, and/or determines whether an address is business or residential to increase the accuracy of courtesy rate quotes.

Note: Do not use this service to determine the deliverability of an address. FedEx does offer delivery service to every valid address. However, FedEx does not deliver to PO Boxes (except via SmartPost).

8.1 Address Validation Request

The AddressValidation WSDL AddressValidationRequest allows you to validate recipient address information before you ship a package. Correct addresses on the shipping label will help eliminate delivery delays and additional service fees.

Note 1: The Address Validation Service is an advanced service and must be enabled by FedEx Customer Support for production use. Contact your FedEx account executive for more information.

Note 2: Address resolution rates vary by country.

Countries where Address Validation works	
Virgin Islands	United Kingdom
Brazil	Switzerland
Mexico	Austria
Bahamas	Sweden
Cayman Islands	Estonia
Argentina	Finland
Aruba	Greece
Barbados	Norway
Bermuda	Portugal
Chile	South Africa
Costa Rica	Panama
Dominican Republic	Trinidad and Tobago
Guatemala	Uruguay
Jamaica	Venezuela
Netherlands	Columbia
Antilles	France
Germany	Peru

Countries where Address Validation works	
Spain	Singapore
Italy	Australia
Belgium	New Zealand
Czech Republic	Hong Kong
Denmark	Malaysia
Netherlands	

Note: More countries will be supported throughout the year.

Use the Address Validation request to perform the following:

- Complete incomplete recipient addresses. For example the AVS helps in completing incomplete recipient address information like zip code, but not missing apartment number. In some cases, AVS may be able to add missing information, depending on the verification of the provided information against reference data. AVS cannot add missing secondary information (i.e. apartment or suite) at this time.
- Correct invalid recipient addresses.
- Determine whether an address is business or residential to increase the accuracy of courtesy rate quotes. Applies to U.S. and Canada addresses only.
- Confirm the validity and completeness of addresses in many countries in these regions- U.S., Canada, Latin America, Europe and Middle East and Asia Pacific. You are now able to validate domestic and international address information in the following countries before shipping a package, eliminating unnecessary delivery delays and additional service fees.

Note: The information returned by AddressValidationRequest is for suggested use only

Legal Disclaimer:

The data provided herein is FedEx proprietary and confidential information, provided as a courtesy at your request. No part of this data may be distributed or disclosed in any form to any third party without the written permission of FedEx. It reflects the current FedEx address-level business/residential classification in the FedEx delivery address database, and is subject to change. In furnishing this information, FedEx does not guarantee its present or future accuracy, and does not guarantee that packages shipped to these addresses will be invoiced according to the business/residential classification provided herein. Providing this information shall not be deemed to alter the terms of the relationship between the parties. See the FedEx Service Guide and any applicable account pricing agreement for terms and conditions governing FedEx shipping and charges.

8.2 Address Validation Service Details

The followings service details apply to Address Validation:

- Provides street level matches.
- Receives monthly updates to its address database.

- Checks addresses in several countries in these regions - U.S., Canada, Latin America, Europe and Middle East and Asia Pacific.
- Can distinguish between business and residential addresses (for U.S. and Canada only).
- Does not match addresses based upon individual/personal names.
- FedEx does not normally deliver to P.O. box addresses for U.S. or U.S. inbound shipments. However, FedEx may deliver to post office boxes in some rural locations if the P.O. box is associated with an address. You may also use P.O. box addresses for certain international locations, including shipments to Puerto Rico, but you must include a valid phone, fax or telex number on the label.
- Up to 100 addresses can be checked in one Web Service request.

For more detailed information about the services offered by FedEx, see the electronic [FedEx Service Guide](#).

8.3 How FedEx Address Validation Works

- Checks if street, city, state or province, or postal code is entered. In some cases, AVS may be able to add missing information, depending on the verification of the provided information against reference data. AVS cannot add missing secondary information (i.e. apartment or suite) at this time.
- Checks if the street number is within a valid range for the street entered.
- Informs you when an address cannot be resolved (address verified against reference data) based on the street number, street name, city, state or province, or postal code entered.

8.4 Tips on Getting Accurate Address Matches

Use correct spacing: Make sure spaces are placed correctly and avoid unnecessary spaces.

Use correct spelling: Eliminate spelling and typographic errors. Make sure you have the correct usage of the number zero (0) and letter O.

Avoid special characters: Refrain from using special characters not required for the address, such as periods after abbreviations (Ave vs. Ave.)

Provide additional address and street information: Providing additional address information can increase the accuracy of address results. For example:

- Building or house number such as 1, 1A, One
- Street name such as Main, George Washington, 42nd
- Street Suffix such as Road, Avenue, Rd, Ave

Enter city, state/province and postal code: Providing all address information will increase the accuracy of your results. The ZIP+4 portion of the postal code is not necessary to check an address.

Use correct abbreviations: The United States Postal Service and postal authorities in other countries define standard abbreviations for state/province, street suffix, and apartment/unit designations. A

nonstandard abbreviation may cause poor search results. If you are unsure about an abbreviation, do not use it.

8.5 Address Results

Urbanization (Puerto Rico only): This descriptor, commonly used in urban areas of Puerto Rico, is an important part of the address format as it describes the location of a given street. In Puerto Rico, repeated street names and address number ranges can be found within the same postal code. These streets can have the same house number ranges. In these cases, the urbanization name is needed to correctly identify the location of a particular address.

For example:

Sr Pedro Rivera Urb Hermosillo 123 Calle 1 Bayamon, PR 00961-1212

8.6 Address Checking Process

Address Validation Service (AVS) is the new central database for address-related information across FedEx. Address Validation returns the "best" address in the response—one that has been validated against reference data.

Address Validation Service rules:

- If too many changes are required, AVS will not be able to find a match to reference data. In this situation, AVS will return a formatted form of the raw address input.
- If Address Validation Service gets just a zip code, it will return unknown for the business/residential classification.
- Four address classification values may be returned—Business, Residential, Mixed or Unknown.

8.7 Address Classification

Address Validation uses reference data to determine the classification of a given address. The classification is calculated as part of the address validation process. The classification for a functional address is calculated independently of the address validation process and is based on feedback by operational personnel, with commercial data sources used for confirmation only.

Address Validation has only four possible classifications for addresses: unknown, business, residential and mixed. All addresses begin with an "unknown" classification and stay that way until Address Validation business rules determine that their classifications should change. A location only gets a "mixed" classification if it is a multi-tenant based address and contains both business and residential units.

8.7.1 Residential Address Classification

Residential address relates to a home or private residence, including locations where a business is operated from the home.

8.8 Address Validation Coding Details

The following information is the minimum required to check an address:

- Address with at least 1 address line
- City
- State/Province (if applicable)
- Postal (if country is postal aware)
- Country

8.8.1 AddressValidationRequest Elements

Element	Description
AddressValidationRequest	Validation: Given a raw address the AddressValidation system responds with all of the information it can determine about that address including the Business Residential classification that was in effect at the time, including information on how the classification was calculated.
AddressValidationRequest/InEffectAsOfTimestamp	Optional DateTime field used to request the data as of this point in time. This defaults to current date time (of the AddressValidation System). This is useful because the AddressValidation database is dynamic and stores historical data. Characteristics such as Business/Residential indicator may change over time. Eg. 2013-01-11 T 07:52:56
AddressToValidate	
AddressToValidate/ClientReferenceld	A reference id provided by the client.
AddressToValidate/Contact	The descriptive data for a point-of-contact person
Contact/ContactId	Client provided identifier corresponding to this contact information.
Contact/PersonName	Optional. Identifies the contact person's name.
Contact>Title	Identifies the contact person's title.
Contact/CompanyName	Optional. Identifies the company this contact is associated with.
Contact/PhoneNumber	Identifies the phone number associated with this contact.
Contact/PhoneExtension	Identifies the phone extension associated with this contact.

Element	Description
Contact/TollFreePhoneNumber	Identifies a toll free number, if any, associated with this contact.
Contact/PagerNumber	Identifies the pager number associated with this contact.
Contact/FaxNumber	Identifies the fax number associated with this contact.
Contact/EMailAddress	Identifies the email address associated with this contact.
AddressToValidate/Address	Descriptive data for a physical location. May be used as an actual physical address (place to which one could go), or as a container of "address parts" which should be handled as a unit (such as a city-state-ZIP combination within the US).
Address/StreetLines (0 to 4 repetitions)	Combination of number, street name, etc. At least one line is required for a valid physical address; empty lines should not be included.
Address/ City	Required. Name of city, town, etc.
Address/StateOrProvinceCode	Required. Identifying abbreviation for US state, Canada province, etc. Format and presence of this field will vary, depending on country.
Address/PostalCode	Required. Identification of a region (usually small) for mail/package delivery. Format and presence of this field will vary, depending on country.
Address/UrbanizationCode	Optional. Relevant only to addresses in Puerto Rico.
Address/CountryCode	The two-letter code used to identify a country.
Address/CountryName	Required. The fully spelt out name of a country.
Address/Residential	Indicates whether this address residential (as opposed to commercial).

8.8.2 AddressValidationReply Elements

Any error conditions or address-checking issues are returned in the Address Validation reply. The following table describes Address Validation reply elements:

Table 41: Address Validation Reply Elements

Element	Description
ReplyTimestamp	Date and time
AddressValidationResult	

Element	Description
AddressValidationResult/ClientReferenceId	The client reference id for the validated address.
AddressValidationResult/State	Specifies the degree to which service was able to simplify the address provided, as per USPS standards and match it to an address already in the internal FedEx address repository.
AddressValidationResult/FedExAddressClassificationType	UNKNOWN, BUSINESS, RESIDENTIAL, MIXED
AddressValidationResult/EffectiveContact	The descriptive data for a point-of-contact person
EffectiveContact/ContactId	Client provided identifier corresponding to this contact information.
EffectiveContact/PersonName	Identifies the contact person's name.
EffectiveContact>Title	Identifies the contact person's title.
EffectiveContact/CompanyName	Identifies the company this contact is associated with.
EffectiveContact/PhoneNumber	Identifies the phone number associated with this contact.
EffectiveContact/PhoneExtension	Identifies the phone extension associated with this contact.
EffectiveContact/TollFreePhoneNumber	Identifies a toll free number, if any, associated with this contact.
EffectiveContact/PageNumber	Identifies the pager number associated with this contact.
EffectiveContact/FaxNumber	Identifies the fax number associated with this contact.
EffectiveContact/EMailAddress	Identifies the email address associated with this contact.
AddressValidationResult/EffectiveAddress	Descriptive data for a physical location. May be used as an actual physical address (place to which one could go), or as a container of "address parts" which should be handled as a unit (such as a city-state-ZIP combination within the US).
EffectiveAddress/StreetLines (0 to 4 repetitions)	Combination of number, street name, etc. At least one line is required for a valid physical address; empty lines should not be included.
EffectiveAddress/City	Name of city, town, etc.
EffectiveAddress/StateOrProvinceCode	Identifying abbreviation for US state, Canada province, etc. Format and presence of this field will vary, depending on country.
EffectiveAddress/PostalCode	Identification of a region (usually small) for mail/package delivery. Format and presence of this field will vary, depending on country.
EffectiveAddress/UrbanizationCode	Relevant only to addresses in Puerto Rico.
EffectiveAddress/CountryCode	The two-letter code used to identify a country.

Element	Description
EffectiveAddress/CountryName	The fully spelt out name of a country.
EffectiveAddress/Residential	Indicates whether this address residential (as opposed to commercial).
AddressValidationResult/ParsedAddressPartsDetail	
ParsedAddressPartsDetail/ ParsedPostalCode	The postal code specified in a form that is supported by USPS as base, secondary and tertiary.
ParsedAddressPartsDetail/ParsedStreetLineDetail	The content of all streetlines parsed into individual street line components
ParsedStreetLineDetail /HouseNumber	
ParsedStreetLineDetail /PreStreetType	
ParsedStreetLineDetail /LeadingDirectional	
ParsedStreetLineDetail /StreetName	
ParsedStreetLineDetail /StreetSuffix	
ParsedStreetLineDetail /TrailingDirectional	
ParsedStreetLineDetail /UnitLabel	
ParsedStreetLineDetail /UnitNumber	
ParsedStreetLineDetail / RuralRoute	Rural Route (RR) / Highway Contract (HC)
ParsedStreetLineDetail /PoBox	
ParsedStreetLineDetail /Building	
ParsedStreetLineDetail /Organization	
ParsedAddressParts/BuildingComplete	
ParsedAddressParts/OrganizationComplete	
ParsedPostalCodeDetail/Base	US Postal Code Base
ParsedPostalCodeDetail/AddOn	US Postal Code AddOn
ParsedPostalCodeDetail/DeliveryPoint	US Postal Code Delivery Point: value from 00 to 99.
AddressValidationResult/AddressAttribute	Specifies additional information about the address processed by the system as a key-value pair.
AddressAttribute/Name	Specifies the key for the address attribute.
AddressAttribute/Value	The value for the key for address attribute

8.8.3 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

8.9 Notification

Element	Description
Reply/HighestSeverity/Notification	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request.</p> <p>Valid values are:</p> <ul style="list-style-type: none">• SUCCESS — Your transaction succeeded with no other applicable information.• NOTE — Additional information that may be of interest to you about your transaction.• WARNING — Additional information that you need to know about your transaction that you may need to take action on.• ERROR — Information about an error that occurred while processing your transaction.• FAILURE — FedEx was unable to process your transaction.

9 Open Shipping

Open Shipping is a highly flexible feature that allows you to create and enter information for a shipment as it is received throughout the day, rather than entering all of the shipping information only when the shipment is ready to be processed. The shipment remains “open” for a five day period and accepts package additions, deletions or edits during that time. At the end of five days, the shipment must be confirmed or it will be purged.

Open Ship shipments are often multiple-piece shipments but can also be shipments that contain single packages, referred to as single-piece shipments.

Note: Open Shipping is limited to 50 packages per shipment.

You may use the OpenShipService WSDL to create an open shipment and add packages to the shipment over a period of time. This gives you a flexible way to prepare your shipment throughout the day until you are ready to ship.

This chapter describes the procedure for creating, modifying and deleting an Open Ship shipment using Web Services and the OpenShip WSDL.

9.1 FedEx Services with Open Ship

You can use the Open Ship shipping method for the following FedEx services:

- FedEx Express® intra-U.S. and intra-Canada
- FedEx Ground® intra-U.S. and intra-Canada
- FedEx Home Delivery®
- FedEx SmartPost®
- FedEx International Priority®
- FedEx International Priority® Freight
- FedEx International Economy®

Note: You may also use the Open Ship method for Consolidation Services. Refer to [Consolidation Services](#) for more information.

9.2 Open Ship Process and Workflow

You can use Open Shipping to create a regular open shipment. An Open Ship shipment typically requires multiple transactions: one to CREATE the open shipment, one or more to ADD or MODIFY the packages in the shipment, and one to CONFIRM the open shipment. The figure below illustrates the basic workflow for processing an Open Ship shipment, unless the CONFIRM action type is used.

Table 42: Open Ship Creation

Workflow Item	Description
1. CREATE Shipment	To CREATE a shipment requires the CreateOpenShipmentRequest with required shipment information and at least one package defined (Action type = CREATE_PACKAGE or RequestedPackageLineItems information) in the request for a tracking number to be returned. A tracking number for the shipment is assigned but no labels are printed for the Open Ship CREATE shipment transaction.
2 - 4. ADD Piece* *not to exceed 50 pieces per shipment	Packages are processed individually by sending an AddPackagesToOpenShipmentRequest. A unique tracking number is returned for each piece (aka package) processed.
5. CONFIRM Shipment	You must ADD a minimum of 1 (one) piece before you can CONFIRM an Open Ship shipment. To CONFIRM the shipment, send the ConfirmOpenShipmentRequest, or use the CONFIRM action type. Package labels and all other reports are returned in the CONFIRM shipment response.

9.3 About Web Services Open Ship Transactions

Open Ship transactions consist of seven steps that perform these functions:

1. CREATE shipment
2. ADD packages
3. DELETE packages or MODIFY information about them (optional)
4. MODIFY information about the shipment (optional)

You can MODIFY information either for a package or a shipment, but you must select the correct element depending on what you want to do.
5. CONFIRM shipment
6. VALIDATE shipment
7. RETRIEVE package and/or RETRIEVE shipment

9.3.1 Rules for Open Ship Transactions

Use the OpenShipService WSDL when you want to add multiple packages to a shipment over a period of time but do not know how many packages you plan to add or when the shipment will be complete. Using Open Ship gives you the flexibility to create the shipment first and add packages as needed. Read the rules for Open Ship transactions carefully.

Important: You must complete an Open Ship shipment within five (5) days after the CREATE transaction. After five (5) days, the entire shipment is deleted.

The following rules apply to Open Ship transactions:

- You can use some of the Open Ship operations with each other. For example, you can CREATE a shipment and CONFIRM the shipment with one transaction (assuming all required information to ship a package is received), or even MODIFY data, ADD a package, and CONFIRM.
- You have 5 days to CONFIRM an Open Ship shipment after a Close (End-of-Day) transaction. After the 5th day, the entire shipment is deleted if you do not CONFIRM the shipment. If you do not CONFIRM a shipment on the same day you CREATE it, or if a Future Day ship date is not specified during the CREATE transaction, then you must change the Ship Date to the current day or later.
- To ship a multiple-piece shipment (MPS) to a single consignee, use Open Ship to ADD individual packages to the shipment.
- An Open Ship shipment must have at least one package at all times prior to CONFIRM. If a package is confirmed and is the only package in the shipment, the entire shipment is confirmed and you cannot add any more packages to the shipment.

9.4 Create Open Shipment

Use the CreateOpenShipment transaction to CREATE Open Ship shipments.

1. Create the shipment by coding a transaction string that includes CreateOpenShipmentRequest or CreateConsolidationRequest.
2. Define the first package during the CreateOpenShipment transaction using CREATE_PACKAGE or send the RequestedPackageLineItems information in the CreateOpenShipmentRequest. The CREATE_PACKAGE provides a package tracking number without providing package information. Add detailed package information using the ModifyPackageInOpenShipment transaction prior to shipment CONFIRM.
3. When you create an Open Ship shipment, send all common shipment level information in the original CreateOpenShipment transaction. Next, add information unique to each package with every new AddPackageToOpenShipment transaction. This method eliminates duplication of existing data and increases the processing speed of the transaction. Add the first package during the CreateOpenShipment transaction.
4. After you CREATE a shipment, you can ADD one or more packages in additional transaction strings and continue to modify the shipment until you are ready to CONFIRM and ship.
5. There are validation actions to be taken as part of processing CreateOpenShipment, AddPackageToOpenShipment, ModifyOpenShipment and ModifyPackageInOpenShipment transactions, either STRONG_VALIDATION, WEAK_VALIDATION, or CONFIRM Shipment.

- a. Strong validation – Full shipment edits: any edit that fails will cause the transaction to fail. If the transaction is successful, a tracking number may be returned and the transaction will be saved to the database (committed).
- b. Weak validation - Full shipment edits: any edit that fails will return errors but the transaction does not fail. The tracking number is returned and the transaction is saved in the database if the core edits are passed. Fix errors with the ModifyRequests transaction using the Index and returned tracking number.
- c. No validation specified – Default behavior is that core shipment edits are applied, which is the basic set of edits, the tracking number is returned if core edits are passed, and the record is saved to the database.

Note: Use caution when using the Weak or No validation. The shipment and package information must pass strong edits before the open shipment can be confirmed.

6. Ensure the RequestedShipment object is included with at least one RequestedPackageLineItem defined, as described in this table.

Table 43: CreateOpenShipmentRequest

Element ID	Multiple Occurrence	Description
AsynchronousProcessingOptions	No	Optional. This is used to specify processing options related to synchronous or asynchronous processing.
AsynchronousProcessingOptions/Options	Yes	Describes the type of options available. Valid values are: <ul style="list-style-type: none"> • ALLOW_ASYNCHRONOUS • ASYNCHRONOUS_ONLY • SYNCHRONOUS_ONLY (Default)
Index	No	Optional. Customer-assigned identifier for this shipment, which must be unique for stand-alone open shipments.
ConsolidationKey	No	Optional. If provided, identifies the consolidation to which this open shipment should be added after successful creation.
Actions	Yes	Optional. Specifies the optional actions to be performed during the creation of this open shipment. Valid values are: <ul style="list-style-type: none"> • CONFIRM • CREATE_PACKAGE • STRONG_VALIDATION

Element ID	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • WEAK_VALIDATION • TRANSFER
RequestedShipment	No	Required. The descriptive data for the shipment being tendered to FedEx.
RequestedShipment/ShipTimestamp	No	Optional. Identifies the date and time the package is tendered to FedEx.
RequestedShipment/DropoffType	No	Optional. Identifies the method by which the package is to be tendered to FedEx. This element does not dispatch a courier for package pickup.
RequestedShipment/ServiceType	No	Required. Identifies the FedEx service to use in shipping the package.
RequestedShipment/PackagingType	No	Required. Identifies the packaging used by the requestor for the package.
RequestedShipment/TotalWeight	No	Optional. The total weight of the shipment.
RequestedShipment/TotalInsuredValue	No	Optional. The total amount the shipment is insured for.
RequestedShipment/TotalDimensions	No	Optional.
RequestedShipment/PreferredCurrency	No	Optional. This attribute indicates the currency the caller requests to have used in all returned monetary values (when a choice is possible).
RequestedShipment/Shipper	No	Required. Descriptive data identifying the party responsible for shipping the package.
RequestedShipment/Recipient	No	Required. Descriptive data identifying the party receiving the package.
RequestedShipment/RecipientLocationNumber	No	Optional. A unique identifier for a recipient location.
RequestedShipment/Origin	No	Optional. Physical starting address for the shipment, if different from shipper's address.
RequestedShipment/SoldTo	No	Indicates the party responsible for purchasing the goods shipped from the shipper to the recipient. The sold to party is

Element ID	Multiple Occurrence	Description
		not necessarily the recipient or the importer of record. The sold to party is relevant when the purchaser, rather than the recipient determines when certain customs regulations apply.
RequestedShipment/ShippingChargesPayment	No	Required. Descriptive data for the monetary compensation given to FedEx for services rendered to the customer.
RequestedShipment/SpecialServicesRequested	No	Optional. Special services available at the shipment level for some or all service types.
RequestedShipment/ProcessingOptionsRequested	No	Optional. Specifies any custom processing to be applied to this shipment.
RequestedShipment/ExpressFreightDetail	No	Optional. Data applicable to an FedEx Express Freight shipment.
RequestedShipment/FreightShipmentDetail	No	Optional. Data applicable to shipments using FEDEX_FREIGHT_ECONOMY and FEDEX_FREIGHT_PRIORITY services.
RequestedShipment/ConsolidationDetail	No	Optional. Data applicable to shipments that are a part of a consolidation.
RequestedShipment/DeliveryInstructions	No	Optional. Used with FedEx Ground Home Delivery and FedEx Freight.
RequestedShipment/VariableHandlingChargeDetail	No	Optional. Details about how to calculate variable handling charges at the shipment level.
RequestedShipment/CustomsClearanceDetail	No	Optional. Customs clearance data, used for both international and intra-country shipping.
RequestedShipment/CustomsClearanceDetail/CustomsOptionsDetail/CustomsOptionType		<p>Specifies the reason for a global return, as recognized by Customs. Valid values are:</p> <ul style="list-style-type: none"> • COURTESY_RETURN_LABEL: For the outbound courtesy return label. • EXHIBITION_TRADE_SHOW: For exhibition or trade-show, outbound and inbound. • FAULTY_ITEM: For faulty item being returned, inbound only.

Element ID	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • FOLLOWING_REPAIR: For repaired or processed item being sent, outbound only. • FOR_REPAIR: For repair or processing, outbound and inbound. • ITEM_FOR_LOAN: For loan item, outbound and inbound. • OTHER: Other reason, outbound and inbound. This type requires a description. • REJECTED: For rejected merchandise being returned, inbound. • REPLACEMENT: For replacement being sent, outbound only. • TRIAL: For use in a trial, outbound and inbound.
RequestedShipment/PickupDetail	No	Optional. The pickup characteristics of a shipment (e.g. for use in a tag request).
RequestedShipment/SmartPostDetail	No	Optional. Specifies the characteristics of a shipment pertaining to FedEx SmartPost services.
RequestedShipment/BlockInsightVisibility	No	Optional. If true, only the shipper/payor will have visibility of this shipment.
RequestedShipment/LabelSpecification	No	Required. Descriptive data identifying the party responsible for shipping the package.
RequestedShipment/LabelSpecification/LabelForm atType	Yes	Required. Specifies the type of label to be returned.
RequestedShipment/LabelSpecification/ImageType	No	Optional. Specifies the image format used for a shipping document.
RequestedShipment/LabelSpecification/LabelStock Type	No	Optional. For thermal printer labels this indicates the size of the label and the location of the doc tab if present. Valid values are: <ul style="list-style-type: none"> • PAPER_4X6 • PAPER_4X8 • PAPER_4X9

Element ID	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • PAPER_7X4.75 • PAPER_8.5X11_BOTTOM_HALF_LABEL • PAPER_8.5X11_TOP_HALF_LABEL • PAPER_LETTER • STOCK_4X6 • STOCK_4X6.75.LEADING_DOC_TAB • STOCK_4X6.75.TRAILING_DOC_TAB • STOCK_4X8 • STOCK_4X9.LEADING_DOC_TAB • STOCK_4X9.TRAILING_DOC_TAB • PAPER "6X4"
RequestedShipment/ShippingDocumentSpecification	No	Optional. Contains data used to create additional (non-label) shipping documents.
RequestedShipment/RateRequestTypes	Yes	<p>Optional. Indicates the type of rates to be returned. Valid values are:</p> <p>Rates that can be returned are:</p> <ul style="list-style-type: none"> • LIST – Returns published rates in response • PREFERRED – Returns rates in currency specified in the PreferredCurrency element. • NONE – Returns account rates in response. This value is the default behavior.
RequestedShipment/EdtRequestType	No	Optional. Specifies whether the customer wishes to have Estimated Duties and Taxes provided with the rate quotation on this shipment. Only applies with shipments moving under international services.
RequestedShipment/MasterTrackingId	No	Optional. Only used with multiple-transaction shipments to identify the master package in a multi-piece shipment.
RequestedShipment/PackageCount	No	Required. The total number of packages in the entire shipment, even when the shipment spans multiple transactions. For OpenShip, this is an estimated number of packages. The system maintains the actual count as packages are added and removed

Element ID	Multiple Occurrence	Description
		from the OpenShip transaction.
RequestedShipment/ConfigurationData	No	Optional. Specifies data structures that may be re-used multiple times with a single shipment.
RequestedShipment/ManifestDetail/CustomerReferenceType		This identifies which customer reference field is used as the manifest ID.
RequestedShipment/RequestedPackageLineItems	Yes	<p>Required. One or more package-attribute descriptions, each of which describes an individual package, a group of identical packages, or (for the total-piece-total-weight case) common characteristics for all packages in the shipment.</p> <p><i>Note: Not required for CREATE_PACKAGE Action.</i> Valid values include:</p> <ul style="list-style-type: none"> • Weight/Units • Weight/Value
CreateOpenShipmentRequest/RequestedShipment/RequestedPackageLineItem/ItemDescriptionForClearance	No	Required for UAE; Otherwise: Optional - This element is for the customer to describe the content of the package for customs clearance purposes. This applies to intra-UAE, intra-Columbia and intra-Brazil shipments.
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/ EmailLabelDetail	No	<p>Describes specific information about the email label shipment.</p> <ul style="list-style-type: none"> • Message: Content of the email message • Recipients: EMailRecipient <ul style="list-style-type: none"> ◦ emailAddress - email address of the recipient ◦ role - role type of the recipient ◦ optionsRequested ◦ localization
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/ProcessingOptions	No	<p>ALLOW_MODIFICATIONS</p> <p>This allows the Email Label originator to specify if the completer can make modifications to editable shipment data.</p>
RequestedShipment/SpecialServicesRequested/RecommendedDocumentSpecification/	No	Specifies the details about documents that are recommended to be included with the shipment for ease of shipment processing

Element ID	Multiple Occurrence	Description
		<p>and transportation. Table 44: CreateOpenShipmentReply

Element	Multiple Occurrence	Description
HighestSeverity	No	<p>Identifies the set of severity values for a Notification.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • ERROR • FAILURE • NOTE • SUCCESS • WARNING
Notifications	Yes	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS – Your transaction succeeded with no other applicable information. • NOTE – Additional information that may be of interest to you about your transaction. • WARNING – Additional information that you need to know about your transaction that you may need to take action on. • ERROR – Information about an error that occurred while processing your transaction. • FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
Notifications/Severity	No	Same as "NotificationSeverityType" above
Notifications/Source	No	Indicates the source of this notification. Combined with the Code it uniquely identifies this notification.
Notifications/Code	No	A code that represents this notification. Combined with the Source it uniquely identifies this notification.
Notifications/Message	No	Human-readable text that explains this notification.
Notifications/LocalizedMessage	No	The translated message. The language and locale specified in the Client detail. Localization is used to determine the representation. Currently only supported in a TrackReply.
Notifications/MessageParameters	Yes	A collection of name/value pairs that provide specific data to help the client determine the nature of an error, or

Element	Multiple Occurrence	Description
		warning, and so on without having to parse the message string.
TransactionDetail	No	Descriptive data for the customer transaction. The Transaction detail from the request is echoed back to the caller in the corresponding reply.
Version	No	Identifies the version/level of a service operation expected by a caller (in each request) and performed by the callee (in each reply).
JobId	No	—
AsynchronousProcessingResults	No	Indicates whether the transaction was processed synchronously or asynchronously.
ServiceType	No	List the type of FedEx service associated with the shipment.
CompletedShipmentDetail	No	Provides Completed Shipment Details.
CompletedShipmentDetail/UsDomestic	No	Indicates whether or not this is an intra-U.S. shipment.
CompletedShipmentDetail/CarrierCode	No	Indicates the carrier that will be used to deliver this shipment.
CompletedShipmentDetail/MasterTrackingId	No	The master tracking number and form ID of this multiple piece shipment. This information is to be provided for each subsequent of a multiple piece shipment.
CompletedShipmentDetail/ServiceTypeDescription	No	Description of the FedEx service used for this shipment. Currently not supported.
CompletedShipmentDetail/PackagingDescription	No	Description of the packaging used for this shipment. Currently not supported.
CompletedShipmentDetail/OperationalDetail	No	Specifies shipment level operational information.
CompletedShipmentDetail/AccessDetail	Yes	Only used with pending shipments.
CompletedShipmentDetail/TagDetail	No	Only used in the reply to tag requests. The following valid values are returned only for FedEx Express services: <ul style="list-style-type: none">• ConfirmationNumber

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • AccessTime • CutoffTime • Location • DeliveryCommitment
CompletedShipmentDetail/SmartPostDetail	No	<p>Valid values are:</p> <ul style="list-style-type: none"> • PickUpCarrier — Identifies the carrier that will pick up the FedEx SmartPost shipment. • Machinable — Indicates whether the shipment is deemed to be machinable, based on dimensions, weight, and packaging.
CompletedShipmentDetail/HazardousShipmentDetail	No	Computed shipment level information about hazardous commodities.
CompletedShipmentDetail/ShipmentRating	No	All shipment-level rating data for this shipment, which may include data for multiple rate.
CompletedShipmentDetail/ConsolidationDetail	No	Result data for a shipment within a consolidation.
CompletedShipmentDetail/CompletedHoldAtLocationDetail	No	<p>Returns the default holding location information when HOLD_AT_LOCATION special service is requested and the client does not specify the hold location address.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • HoldingLocation — Identifies the branded location name, the hold at location phone number and the address of the location. • HoldingLocationType — Identifies the type of FedEx location.
CompletedShipmentDetail/ExportComplianceStatement	No	Returns any defaults or updates applied to RequestedShipment.exportDetail.exportComplianceStatement.
CompletedShipmentDetail/CompletedEtdDetail	No	<p>Valid values are:</p> <ul style="list-style-type: none"> • FolderID — The identifier for all clearance documents associated with this shipment. • UploadDocumentReferenceDetails
CompletedShipmentDetail/ShipmentDocuments	Yes	All shipment-level shipping documents (other than labels and barcodes).
CompletedShipmentDetail/AssociatedShipments	Yes	The details of any associated shipments.

Element	Multiple Occurrence	Description
CompletedShipmentDetail/ PendingShipmentAccessDetail/ Accessor Details	Yes	<p>Provides the ability to return multiple sets of Email label access credentials:</p> <ul style="list-style-type: none"> • Role <ul style="list-style-type: none"> ◦ "SHIPMENT_COMPLETOR" ◦ "SHIPMENT_INITIATOR" • userId • password • emailLabelUrl
AssociatedShipments/Type	No	<p>Describes the type of associated shipment. Valid values: COD_RETURN DELIVERY_ON_INVOICE_ACCEPTANCE_RETURN</p>
AssociatedShipments/Sender	No	The descriptive data for a person or company entity doing business with FedEx.
AssociatedShipments/Recipient	No	The descriptive data for a person or company entity doing business with FedEx.
AssociatedShipments/ServiceType	No	Describes the type of FedEx service.
AssociatedShipments/PackagingType	No	<p>Identifies the packaging used by the requestor for the package. Valid values are:</p> <ul style="list-style-type: none"> • FEDEX_10KG_BOX • FEDEX_25KG_BOX • FEDEX_BOX • FEDEX_ENVELOPE • FEDEX_PAK • FEDEX_TUBE • YOUR_PACKAGING
AssociatedShipments/TrackingId	No	Specifies the tracking ID for the payment on the return.
AssociatedShipments/CustomerReferences	Yes	Specifies additional customer reference data about the associated shipment.
AssociatedShipments/ShipmentOperationalDetail	No	Specifies shipment level operational information.
AssociatedShipments/PackageOperationalDetail	No	Specifies package level operational information on the associated shipment. This information is not tied to an individual outbound package.

Element	Multiple Occurrence	Description
AssociatedShipments/Label	No	All package-level shipping documents (other than labels and barcodes).
CompletedShipmentDetail/CompletedCodDetail	No	Specifies the results of processing for the COD special service.
CompletedShipmentDetail/CompletedPackageDetails	Yes	<p>Valid values are:</p> <ul style="list-style-type: none"> • SequenceNumber • TrackingIds • GroupNumber — Used with request containing PACKAGE_GROUPS, to identify which group of identical packages was used to produce a reply item. • OversizeClass • PackageRating — All package-level rating data for this package, which may include data for multiple rate types. • OperationalDetail • Label • PackageDocuments — All package-level shipping documents (other than labels and barcodes). For use in loads after January, 2008. • CodReturnDetail — Specifies the information associated with this package that has COD special service in a ground shipment. • SignatureOption — Actual signature option applied, to allow for cases in which the original value conflicted with other service features in the shipment. • HazardousCommodities — Documents the kinds and quantities of all hazardous commodities in the current package, using updated hazardous commodity description data.
ErrorLabels	Yes	Empty unless error label behavior is PACKAGE_ERROR_LABEL and one or more errors occurred during transaction processing,
Index	No	Either the Customer-assigned identifier from the CreateOpenShipmentRequest or the FedEx generated index.

9.4.1 Create Pending Shipment Request

The function of creating a pending (email label) shipment (including both returns and non-returns) is accomplished via the CreatePendingShipmentRequest/Reply in the OpenShip WSDL. You must set several attributes in order to distinguish it from a normal “open” shipment.

The following attributes identify a return email label:

- CreatePendingShipmentRequest/Actions [] ActionType = “TRANSFER”
- CreatePendingShipmentRequest
requestedShipment/SpecialServicesRequested/SpecialServiceTypes = PENDING_SHIPMENT
- CreatePendingShipmentRequest
requestedShipment/SpecialServicesRequested/SpecialServiceTypes = RETURN_SHIPMENT
- CreatePendingShipmentRequest
requestedShipment/SpecialServicesRequested/PendingShipmentDetail/Type = EMAIL
CreatePendingShipmentRequest
requestedShipment/SpecialServicesRequested/PendingShipmentDetail/Type = RETURN

The following attributes identify a non-return email label:

- CreatePendingShipmentRequest/Actions [] ActionType = “TRANSFER”
- CreatePendingShipmentRequest
requestedShipment/SpecialServicesRequested/SpecialServiceTypes = PENDING_SHIPMENT
- CreatePendingShipmentRequest
requestedShipment/SpecialServicesRequested/PendingShipmentDetail/Type = EMAIL

The following elements must be included in the CreatePendingShipmentRequest:

Table 45: CreatePendingShipmentRequest

Element ID	Multiple Occurrence	Description
AsynchronousProcessingOptions	No	Optional. This is used to specify processing options related to synchronous or asynchronous processing.
AsynchronousProcessingOptions/Options	Yes	Describes the type of options available. Valid values are: <ul style="list-style-type: none">• ALLOW_ASYNCNCHRONOUS• ASYNCHRONOUS_ONLY• SYNCHRONOUS_ONLY (Default)
Index	No	Optional. Customer-assigned identifier for this shipment, which must be unique for stand-alone open shipments.
ConsolidationKey	No	Optional. If provided, identifies the consolidation to which this open shipment

Element ID	Multiple Occurrence	Description
		should be added after successful creation.
Actions	Yes	<p>Optional. Specifies the optional actions to be performed during the creation of this open shipment.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • CONFIRM • CREATE_PACKAGE • STRONG_VALIDATION • WEAK_VALIDATION • TRANSFER
RequestedShipment	No	Required. The descriptive data for the shipment being tendered to FedEx.
RequestedShipment/ShipTimestamp	No	Optional. Identifies the date and time the package is tendered to FedEx.
RequestedShipment/DropoffType	No	Optional. Identifies the method by which the package is to be tendered to FedEx. This element does not dispatch a courier for package pickup.
RequestedShipment/ServiceType	No	Required. Identifies the FedEx service to use in shipping the package.
RequestedShipment/PackagingType	No	Required. Identifies the packaging used by the requestor for the package.
RequestedShipment/TotalWeight	No	Optional. The total weight of the shipment.
RequestedShipment/TotalInsuredValue	No	Optional. The total amount the shipment is insured for.
RequestedShipment/TotalDimensions	No	Optional.
RequestedShipment/PreferredCurrency	No	Optional. This attribute indicates the currency the caller requests to have used in all returned monetary values (when a choice is possible).
RequestedShipment/Shipper	No	Required. Descriptive data identifying the party responsible for shipping the package.
RequestedShipment/Recipient	No	Required. Descriptive data identifying the party receiving the package.

Element ID	Multiple Occurrence	Description
RequestedShipment/RecipientLocationNumber	No	Optional. A unique identifier for a recipient location.
RequestedShipment/Origin	No	Optional. Physical starting address for the shipment, if different from shipper's address.
RequestedShipment/SoldTo	No	Indicates the party responsible for purchasing the goods shipped from the shipper to the recipient. The sold to party is not necessarily the recipient or the importer of record. The sold to party is relevant when the purchaser, rather than the recipient determines when certain customs regulations apply.
RequestedShipment/ShippingChargesPayment	No	Required. Descriptive data for the monetary compensation given to FedEx for services rendered to the customer.
RequestedShipment/SpecialServicesRequested	No	Optional. Special services available at the shipment level for some or all service types.
RequestedShipment/ProcessingOptionsRequested	No	Optional. Specifies any custom processing to be applied to this shipment.
RequestedShipment/ExpressFreightDetail	No	Optional. Data applicable to an FedEx Express Freight shipment.
RequestedShipment/FreightShipmentDetail	No	Optional. Data applicable to shipments using FEDEX_FREIGHT_ECONOMY and FEDEX_FREIGHT_PRIORITY services.
RequestedShipment/ConsolidationDetail	No	Optional. Data applicable to shipments that are a part of a consolidation.
RequestedShipment/DeliveryInstructions	No	Optional. Used with FedEx Ground Home Delivery and FedEx Freight.
RequestedShipment/VariableHandlingChargeDetail	No	Optional. Details about how to calculate variable handling charges at the shipment level.
RequestedShipment/CustomsClearanceDetail	No	Optional. Customs clearance data, used for both international and intra-country shipping.
RequestedShipment/PickupDetail	No	Optional. The pickup characteristics of a shipment (e.g. for use in a tag request).

Element ID	Multiple Occurrence	Description
RequestedShipment/SmartPostDetail	No	Optional. Specifies the characteristics of a shipment pertaining to FedEx SmartPost services.
RequestedShipment/BlockInsightVisibility	No	Optional. If true, only the shipper/payor will have visibility of this shipment.
RequestedShipment/LabelSpecification	No	Required. Descriptive data identifying the party responsible for shipping the package.
RequestedShipment/LabelSpecification/LabelForm atType	Yes	Required. Specifies the type of label to be returned.
RequestedShipment/LabelSpecification/ImageType	No	Optional. Specifies the image format used for a shipping document.
RequestedShipment/LabelSpecification/LabelStock Type	No	Optional. For thermal printer labels this indicates the size of the label and the location of the doc tab if present. Valid values are: <ul style="list-style-type: none"> • PAPER_4X6 • PAPER_4X8 • PAPER_4X9 • PAPER_7X4.75 • PAPER_8.5X11_BOTTOM_HALF_LA BEL • PAPER_8.5X11_TOP_HALF_LABEL • PAPER_LETTER • STOCK_4X6 • STOCK_4X6.75.LEADING_DOC_TA B • STOCK_4X6.75.TRAILING_DOC_TA B • STOCK_4X8 • STOCK_4X9.LEADING_DOC_TAB • STOCK_4X9.TRAILING_DOC_TAB • PAPER "6X4"
RequestedShipment/ShippingDocumentSpecificati on	No	Optional. Contains data used to create additional (non-label) shipping documents.
RequestedShipment/RateRequestTypes	Yes	Optional. Indicates the type of rates to be returned. Valid values are: <ul style="list-style-type: none"> • LIST – Returns published rates in response

Element ID	Multiple Occurrence	Description
		<ul style="list-style-type: none"> PREFERRED – Returns rates in currency specified in the PreferredCurrency element. NONE – Returns account rates in response. This value is the default behavior.
RequestedShipment/EdtRequestType	No	Optional. Specifies whether the customer wishes to have Estimated Duties and Taxes provided with the rate quotation on this shipment. Only applies with shipments moving under international services.
RequestedShipment/MasterTrackingId	No	Optional. Only used with multiple-transaction shipments to identify the master package in a multi-piece shipment.
RequestedShipment/PackageCount	No	Required. The total number of packages in the entire shipment, even when the shipment spans multiple transactions. For OpenShip, this is an estimated number of packages. The system maintains the actual count as packages are added and removed from the OpenShip transaction.
RequestedShipment/ConfigurationData	No	Optional. Specifies data structures that may be re-used multiple times with a single shipment.
RequestedShipment/ManifestDetail/CustomerReferenceType		This identifies which customer reference field is used as the manifest ID.
RequestedShipment/RequestedPackageLineItems	Yes	<p>Required. One or more package-attribute descriptions, each of which describes an individual package, a group of identical packages, or (for the total-piece-total-weight case) common characteristics for all packages in the shipment.</p> <p><i>Note: Not required for CREATE_PACKAGE Action. Valid values include:</i></p> <ul style="list-style-type: none"> Weight/Units Weight/Value
CreateOpenShipmentRequest/RequestedShipment/RequestedPackageLineItem/ItemDescriptionForCustomsClearance	No	Required for UAE; Otherwise: Optional - This element is for the customer to describe the content of the package for customs clearance purposes. This applies to intra-UAE, intra-Columbia and intra-Brazil

Element ID	Multiple Occurrence	Description
		shipments.

The following elements must be included in the CreatePendingShipmentReply:

Table 46: CreatePendingShipmentReply

Element	Multiple Occurrence	Description
HighestSeverity	No	<p>Identifies the highest severity encountered when performing the request. Valid values in order from high to low are:</p> <ul style="list-style-type: none"> • FAILURE • ERROR • WARNING • NOTE • SUCCESS
Notifications	Yes	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS – Your transaction succeeded with no other applicable information. • NOTE – Additional information that may be of interest to you about your transaction. • WARNING – Additional information that you

Element	Multiple Occurrence	Description
		<p>need to know about your transaction that you may need to take action on.</p> <ul style="list-style-type: none"> • ERROR – Information about an error that occurred while processing your transaction. • FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
Notifications/Severity	No	Same as "NotificationSeverityType" above
Notifications/Source	No	Indicates the source of this notification. Combined with the Code it uniquely identifies this notification.
Notifications/Code	No	A code that represents this notification. Combined with the Source it uniquely identifies this notification.
Notifications/Message	No	Human-readable text that explains this notification.
Notifications/LocalizedMessage	No	The translated message. The language and locale specified in the Client detail. Localization is used to determine the representation. Currently only supported in a TrackReply.
Notifications/MessageParameters	Yes	A collection of name/value pairs that provide specific data to help the client determine the nature of an error, or warning, and so on without having to parse the message string.
TransactionDetail	No	Descriptive data for the customer transaction. The Transaction detail from the request is echoed back to the caller in the corresponding reply.
Version	No	Identifies the version/level of a service operation expected by a caller (in each request) and performed by the callee (in each reply).
JobId	No	—
AsynchronousProcessingResults	No	Indicates whether the transaction was processed synchronously or asynchronously.
ServiceType	No	List the type of FedEx service associated with the shipment.
CompletedShipmentDetail	No	Provides Completed Shipment Details.
CompletedShipmentDetail/UsDomestic	No	Indicates whether or not this is an intra-U.S. shipment.

Element	Multiple Occurrence	Description
CompletedShipmentDetail/CarrierCode	No	Indicates the carrier that will be used to deliver this shipment.
CompletedShipmentDetail/MasterTrackingId	No	The master tracking number and form ID of this multiple piece shipment. This information is to be provided for each subsequent of a multiple piece shipment.
CompletedShipmentDetail/ServiceTypeDescription	No	Description of the FedEx service used for this shipment. Currently not supported.
CompletedShipmentDetail/PackagingDescription	No	Description of the packaging used for this shipment. Currently not supported.
CompletedShipmentDetail/OperationalDetail	No	Specifies shipment level operational information.
CompletedShipmentDetail/AccessDetail	Yes	Only used with pending shipments.
CompletedShipmentDetail/TagDetail	No	<p>Only used in the reply to tag requests.</p> <p>The following valid values are returned only for FedEx Express services:</p> <ul style="list-style-type: none"> • ConfirmationNumber • AccessTime • CutoffTime • Location • DeliveryCommitment
CompletedShipmentDetail/SmartPostDetail	No	<p>Valid values are:</p> <ul style="list-style-type: none"> • PickUpCarrier — Identifies the carrier that will pick up the FedEx SmartPost shipment. • Machinable — Indicates whether the shipment is deemed to be machinable, based on dimensions, weight, and packaging.
CompletedShipmentDetail/HazardousShipmentDetail	No	Computed shipment level information about hazardous commodities.
CompletedShipmentDetail/ShipmentRating	No	All shipment-level rating data for this shipment, which may include data for multiple rate.
CompletedShipmentDetail/ConsolidationDetail	No	Result data for a shipment within a consolidation.
CompletedShipmentDetail/CompleteHoldAtLocationDetail	No	Returns the default holding location information when HOLD_AT_LOCATION special service is requested

Element	Multiple Occurrence	Description
		<p>and the client does not specify the hold location address.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • HoldingLocation — Identifies the branded location name, the hold at location phone number and the address of the location. • HoldingLocationType — Identifies the type of FedEx location.
CompletedShipmentDetail/ExportComplianceStatement	No	Returns any defaults or updates applied to RequestedShipment.exportDetail.export.ComplianceStatement.
CompletedShipmentDetail/CompleteDEtdDetail	No	<p>Valid values are:</p> <ul style="list-style-type: none"> • FolderID — The identifier for all clearance documents associated with this shipment. • UploadDocumentReferenceDetails
CompletedShipmentDetail/ShipmentDocuments	Yes	All shipment-level shipping documents (other than labels and barcodes).
CompletedShipmentDetail/AssociatedShipments	Yes	The details of any associated shipments.
CompletedShipmentDetail/PendingShipmentAccessDetail/Accessor Details	Yes	<p>Provides the ability to return multiple sets of Email label access credentials:</p> <ul style="list-style-type: none"> • Role <ul style="list-style-type: none"> ◦ "SHIPMENT_COMPLETOR" ◦ "SHIPMENT_INITIATOR" • userId • password • emailLabelUrl
AssociatedShipments/Type	No	<p>Describes the type of associated shipment. Valid values:</p> <p>COD_RETURN DELIVERY_ON_INVOICE_ACCEPTANCE_RETURN</p>
AssociatedShipments/Sender	No	The descriptive data for a person or company entity doing business with FedEx.
AssociatedShipments/Recipient	No	The descriptive data for a person or company entity doing business with FedEx.
AssociatedShipments/ServiceType	No	Describes the type of FedEx service.

Element	Multiple Occurrence	Description
AssociatedShipments/PackagingType	No	<p>Identifies the packaging used by the requestor for the package. Valid values are:</p> <ul style="list-style-type: none"> • FEDEX_10KG_BOX • FEDEX_25KG_BOX • FEDEX_BOX • FEDEX_ENVELOPE • FEDEX_PAK • FEDEX_TUBE • YOUR_PACKAGING
AssociatedShipments/TrackingId	No	Specifies the tracking ID for the payment on the return.
AssociatedShipments/CustomerReferences	Yes	Specifies additional customer reference data about the associated shipment.
AssociatedShipments/ShipmentOperationalDetail	No	Specifies shipment level operational information.
AssociatedShipments/PackageOperationalDetail	No	Specifies package level operational information on the associated shipment. This information is not tied to an individual outbound package.
AssociatedShipments/Label	No	All package-level shipping documents (other than labels and barcodes).
CompletedShipmentDetail/CompleteDCodDetail	No	Specifies the results of processing for the COD special service.
CompletedShipmentDetail/CompletedPackageDetails	Yes	<p>Valid values are:</p> <ul style="list-style-type: none"> • SequenceNumber • TrackingIds • GroupNumber — Used with request PACKAGE_GROUPS, to identify which group of identical packages was used to produce a reply item. • OversizeClass • PackageRating — All package-level rating data for this package, which may include data for multiple rate types. • OperationalDetail • Label • PackageDocuments — All package-level shipping documents (other than labels and barcodes). For use in loads after January,

Element	Multiple Occurrence	Description
		<p>2008.</p> <ul style="list-style-type: none">• CodReturnDetail — Specifies the information associated with this package that has COD special service in a ground shipment.• SignatureOption — Actual signature option applied, to allow for cases in which the original value conflicted with other service features in the shipment.• HazardousCommodities — Documents the kinds and quantities of all hazardous commodities in the current package, using updated hazardous commodity description data.
ErrorLabels	Yes	Empty unless error label behavior is PACKAGE_ERROR_LABEL and one or more errors occurred during transaction processing,
Index	No	Either the Customer-assigned identifier from the CreateOpenShipmentRequest or the FedEx generated index.

9.5 Route and Time-in-Transit Transaction

Web Services returns FedEx Express routing or FedEx Ground time-in-transit information in the ConfirmOpenShipmentReply transaction.

9.6 Rate Open Ship Shipment Transaction

Rates are available for an Open Ship shipment with the ConfirmOpenShipment transaction. Use the RateRequestTypes element to request LIST rates, in addition to your account rates, in the reply.

9.7 Add Piece Transaction

Web Services first creates a master Open Ship shipment and then allows you to add pieces (aka packages) to the "open" shipment.

You must add the first package to the shipment in the initial CreateOpenShipRequest when you CREATE the Open Ship shipment, and you can add additional pieces in a separate ADD piece AddPackagesToOpenShipmentRequest. You can send a separate ADD piece transaction for each of your packages as you prepare your shipment throughout the day. You can send in multiple pieces within the

ADD transaction provided the total number of packages for the shipment do not exceed the Open Shipping package limit.

You will receive the labels during the ConfirmOpenShipment transaction.

To ADD a piece (aka package) to an Open Ship shipment use the elements described in the table.

Table 47: AddPackagesToOpenShipmentRequest

Element	Multiple Occurrence	Description
UserDetail	No	Optional.
Index	No	Required. Either the Customer-assigned identifier or the FedEx generated identifier of the open shipment where the package(s) are to be added.
Actions	Yes	Optional. Specifies the actions to be performed during the add piece transaction. Valid values are: <ul style="list-style-type: none"> • STRONG_VALIDATION • WEAK_VALIDATION
RequestedPackageLineItem	Yes	Required. Defines the elements of the package to be added.
RequestedPackageLineItem/SequenceNumber	Yes	Optional. Used only with individual packages as a unique identifier of each requested package. Will be adjusted at the shipment level as pieces are added or deleted.
RequestedPackageLineItem/groupNumber	Yes	Optional. Used only with package groups as a unique identifier of each group of identical packages.
RequestedPackageLineItem/groupPackageCount	Yes	Optional. Used only with package groups as a count of packages within a group of identical packages. The package count added to existing package count on the shipment cannot exceed Open Ship package limit.
RequestedPackageLineItem/variableHandlingChargeDetail	Yes	Optional. Only used for individual packages. Details about how to calculate variable handling charges at the shipment level.
RequestedPackageLineItem/insuredValue	Yes	Optional. Only used for individual packages and package groups to indicate the insured value of the package.
RequestedPackageLineItem/weight	Yes	Required. For individual packages and package groups.
RequestedPackageLineItem/dimensions	Yes	Optional. The dimensions of this package and the unit type used for the measurements. Valid values are: <ul style="list-style-type: none"> • Length

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> Width Height Units
RequestedPackageLineItem/PhysicalPackaging	Yes	Optional. Provides additional detail on how the customer has physically packaged this item. Required for packages moving under international and SmartPost services.
RequestedPackageLineItem/Item Description	Yes	Optional. Human-readable text describing the package.
RequestedPackageLineItem/CustomerReferences	Yes	Optional. Specifies additional customer reference data about the associated shipment.
RequestedPackageLineItem/SpecialServicesRequested	Yes	<p>Optional.</p> <p>Descriptive data regarding special services requested by the shipper for this package. If the shipper is requesting a special service which requires additional data, such as C.O.D., the special service type must be present in the ShipmentSpecialServicesRequested/SpecialServiceTypes collection, and the supporting detail must be provided in the appropriate sub-object. For example, to request C.O.D., "COD" must be included in the SpecialServiceTypes collection and the CodDetail object must contain the required data.</p>
RequestedPackageLineItem/ContentRecords	Yes	<p>Optional. Only used for individual packages and PACKAGE_GROUPS. Valid values are:</p> <ul style="list-style-type: none"> PartNumber ItemNumber ReceivedQuantity Description
RequestedPackageLineItem/Commodities	Yes	May only be used with shipment processing option of PACKAGE_LEVEL_COMMODITIES and one of the international distribution services.
AddPackagesToOpenShipmentRequest/RequestedPackageLineItems/PackageSpecialServicesRequested/AlcoholDetail	Yes	Specifies details for package containing alcohol
AddPackagesToOpenShipmentRequest/RequestedPackageLineItems/PackageSpecialServicesRequested/AlcoholDetail/AlcoholRe	Yes	<p>Specifies the recipient type that the recipient of the alcohol shipment has.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> CONSUMER

Element	Multiple Occurrence	Description
cipientType		<ul style="list-style-type: none"> • LICENSEE

9.7.1 Returned Add Piece Fields

The AddPackagesToOpenShipmentReply to an Open Ship ADD package transaction includes the tracking number of the newly added package.

Table 48: AddPackagesToOpenShipmentReply

Element	Multiple Occurrence	Description
JobId	No	Optional.
ServiceType	No	Optional. Description of the FedEx service type for the particular shipment.
CompletedShipmentDetail	No	Provides all of the returned information about a shipment/package(s).
ErrorLabels	Yes	Optional. Empty unless error label behavior is PACKAGE_ERROR_LABEL.

9.8 Modify Piece Transaction

To modify information about a package in an Open Ship shipment, including the Master piece, which is the first package added, you must include the fields listed in the table [ModifyPackageInOpenShipmentRequest](#) in a [ModifyPackageInOpenShipmentRequest](#).

Table 49: ModifyPackageInOpenShipmentRequest

Element	Multiple Occurrence	Description
UserDetail	No	Optional.
Index	No	Required. Customer-assigned identifier for this shipment (must be unique for stand-alone open shipments).

Element	Multiple Occurrence	Description
Actions	Yes	Optional. Specifies the optional actions to be performed during the modification of packages in Open Shipment. Valid values are: STRONG_VALIDATION
TrackingId	No	Required. The Tracking ID of the package being modified.
TrackingId/TrackingIdType	No	Optional. Describes the type of tracking ID.
TrackingId/FormId	No	Optional. Describes in detail the type of airbill and shipment moving through the FedEx system.
TrackingId/UspsApplicationId	No	Optional. For use with SmartPost tracking IDs only.
TrackingId/TrackingNumber	No	Optional.
RequestedPackageLineItem	No	Optional. This class rationalizes RequestedPackage and RequestedPackageSummary from previous interfaces.
RequestedPackageLineItem/SequenceNumber	No	Optional. Used only with individual packages as a unique identifier of each requested package. Will be adjusted at the shipment level as pieces are added or deleted.
RequestedPackageLineItem/GroupNumber	No	Optional. Used only with package groups, as a unique identifier of each group of identical packages.
RequestedPackageLineItem/GroupPackageCount	No	Optional. Used only with package groups, as a count of packages within a group of identical packages. The package count added to exiting package count on the shipment cannot exceed Open Ship package limit.
RequestedPackageLineItem/TrackingIds	Yes	Used only for INDIVIDUAL_PACKAGES.
RequestedPackageLineItem/VariableHandlingChargeDetail	No	Optional. Only used for individual packages. Details about how to calculate variable handling charges at the shipment level.

Element	Multiple Occurrence	Description
VariableHandlingChargeDetail/FixedValue	No	Optional.
VariableHandlingChargeDetail/PercentValue	No	Optional. Actual percentage (10 means 10%, which is a multiplier of 0.1)
VariableHandlingChargeDetail/RateElementBasis	No	Optional. Select the value from a set of rate data to which the percentage is applied.
VariableHandlingChargeDetail/RateTypeBasis	No	Optional. Select the type of rate from which the element is to be selected.
RequestedPackageLineItem/InsuredValue	No	Optional. Only used for individual packages and package groups.
RequestedPackageLineItem/Weight	No	Required. Only used for individual packages and package groups.
RequestedPackageLineItem/Dimensions	No	Optional. The dimensions of this package and the unit type used for the measurements. Valid values are: <ul style="list-style-type: none">• Length• Width• Height• Units
RequestedPackageLineItem/PhysicalPackaging	No	Optional. Provides additional detail on how the customer has physically packaged this item. Required for packages moving under international and SmartPost services.
RequestedPackageLineItem/ItemDescription	No	Optional. Human-readable text describing the package.
RequestedPackageLineItem/CustomerReferences	Yes	Optional. Specifies additional customer reference data about the associated shipment.

Element	Multiple Occurrence	Description
RequestedPackageLineItem/SpecialServicesRequested	No	<p>Optional.</p> <p>Only used for individual packages.</p> <p>Descriptive data regarding special services requested by the shipper for this shipment. If the shipper is requesting a special service which requires additional data, such as C.O.D., the special service type must be present in the ShipmentSpecialServicesRequested/SpecialServiceTypes collection, and the supporting detail must be provided in the appropriate sub-object.</p> <p>For example, to request C.O.D., "COD" must be included in the SpecialServiceTypes collection and the CodDetail object must contain the required data.</p>
SpecialHandlingDetail	No	Optional. Specifies the condition of a package when it was received at a FedEx location.
RequestedPackageLineItem/ContentRecords	Yes	<p>Optional. Only used for individual packages and package groups. Valid values are:</p> <ul style="list-style-type: none"> • PartNumber • ItemNumber • ReceivedQuantity • Description
RequestedPackageLineItem/Commodities	Yes	May only be used with shipment processing option of PACKAGE_LEVEL_COMMODITIES and one of the international distribution services.

Table 50: ModifyPackageInOpenShipmentReply

Element	Multiple Occurrence	Description
HighestSeverity	No	<p>Identifies the set of severity values for a Notification. Valid values are:</p> <ul style="list-style-type: none"> • ERROR • FAILURE • NOTE • SUCCESS • WARNINGS
Notifications	Yes	Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some

Element	Multiple Occurrence	Description
		<p>other information about the request.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS — Your transaction succeeded with no other applicable information. • NOTE — Additional information that may be of interest to you about your transaction. • WARNING — Additional information that you need to know about your transaction that you may need to take action on. • ERROR — Information about an error that occurred while processing your transaction. • FAILURE — FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
Notifications/Severity	No	Same as HighestSeverity types above.
Notifications/Source	No	Indicates the source of this notification. Combined with the Code it uniquely identifies this notification.
Notifications/Code	No	A code that represents this notification. Combined with the Source it uniquely identifies this notification.
Notifications/Message	No	Human-readable text that explains this notification.
Notifications/LocalizedMessage	No	The translated message. The language and locale specified in the Client detail. Localization is used to determine the representation. Currently only RequestedShipment/ supported in a TrackReply.
Notifications/MessageParameters		A collection of name/value pairs that provide specific data to help the client determine the nature of an error (or warning, and so on) without having to parse the message string.
JobId	No	—
CompletedShipmentDetail	No	Provides Completed Shipment Details.
CompletedShipmentDetail/UsDomestic	No	Indicates whether or not this is an intra-US shipment.
CompletedShipmentDetail/CarrierCode	No	Indicates the carrier that will be used to deliver this shipment.
CompletedShipmentDetail/MasterT	No	Only used with multiple-transaction shipments to identify

Element	Multiple Occurrence	Description
rackingId		the master package in a multi-piece shipment.
CompletedShipmentDetail/ServiceTypeDescription	No	Description of the FedEx service used for this shipment. Currently not supported.
CompletedShipmentDetail/PackagingDescription	No	Description of the packaging used for this shipment. Currently not supported.
CompletedShipmentDetail/OperationalDetail	No	Description of the operational details of the shipment.
CompletedShipmentDetail/AccessDetail	No	Only used with pending shipments.
CompletedShipmentDetail/TagDetail	No	<p>Only used in the reply to tag requests.</p> <p>The following valid values are, as of June 2007, returned only for FedEx Express services:</p> <ul style="list-style-type: none"> • ConfirmationNumber • AccessTime • CutoffTime • Location • DeliveryCommitment
CompletedShipmentDetail/SmartPostDetail	No	<p>Valid values are:</p> <ul style="list-style-type: none"> • PickUpCarrier — Identifies the carrier that will pick up the SmartPost shipment. • Machinable — Indicates whether the shipment is deemed to be machinable, based on dimensions, weight, and packaging.
CompletedShipmentDetail/HazardousShipmentDetail	No	Computed shipment level information about hazardous commodities.
CompletedShipmentDetail/ShipментRating	No	All shipment-level rating data for this shipment, which may include data for multiple rate.
CompletedShipmentDetail/ConsolidationDetail	No	Result data for a shipment within a consolidation.
CompletedShipmentDetail/CompletedHoldAtLocationDetail	No	<p>Returns the default holding location information when HOLD_AT_LOCATION special service is requested and the client does not specify the hold location address.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • HoldingLocation — Identifies the branded location name, the hold at location phone number and the

Element	Multiple Occurrence	Description
		address of the location. <ul style="list-style-type: none"> • HoldingLocationType — Identifies the type of FedEx location.
CompletedShipmentDetail/ExportComplianceStatement	No	Returns any defaults or updates applied to RequestedShipment.exportDetail.exportComplianceStatement.
CompletedShipmentDetail/CompletedEtdDetail	No	Valid values are: <ul style="list-style-type: none"> • FolderID — The identifier for all clearance documents associated with this shipment. • UploadDocumentReferenceDetails
CompletedShipmentDetail/ShipmentDocuments	Yes	All shipment-level shipping documents (other than labels and barcodes).
CompletedShipmentDetail/AssociatedShipments	Yes	
AssociatedShipmentDetail/Type	No	Describes the type of associated shipment. Valid values are: <ul style="list-style-type: none"> • COD_RETURN • DELIVERY_ON_INVOICE_ACCEPTANCE_RETURN
CompletedShipmentDetail/CompletedCodDetail	No	Specifies the results of processing for the COD special service.
CompletedShipmentDetail/CompletedPackageDetails	Yes	Valid values are: <ul style="list-style-type: none"> • SequenceNumber • TrackingIds • GroupNumber — Used with request containing PACKAGE_GROUPS, to identify which group of identical packages was used to produce a reply item. • OversizeClass • PackageRating — All package-level rating data for this package, which may include data for multiple rate types. • OperationalDetail • Label • PackageDocuments — All package-level shipping documents (other than labels and barcodes). For use in loads after January, 2008. • CodReturnDetail — Specifies the information

Element	Multiple Occurrence	Description
		<p>associated with this package that has COD special service in a ground shipment.</p> <ul style="list-style-type: none"> • SignatureOption — Actual signature option applied, to allow for cases in which the original value conflicted with other service features in the shipment. • HazardousCommodities — Documents the kinds and quantities of all hazardous commodities in the current package, using updated hazardous commodity description data.
ErrorLabels	Yes	Empty unless error label behavior is PACKAGE_ERROR_LABELS and one or more errors occurred during transaction processing.

9.9 Delete Piece Transaction

To delete one or more packages from an Open Ship shipment:

Delete the piece *before* you CONFIRM using the DeletePackagesFromOpenShipmentRequest.

Table 51: DeletePackagesFromOpenShipmentRequest

Element	Multiple Occurrence	Description
UserDetail	No	Optional.
Index	No	Required. Customer-assigned identifier for this shipment (must be unique for stand-alone open shipments).
TrackingId	Yes	Required. The Tracking ID of the package.
TrackingId/TrackingIdType	No	Optional.
TrackingId/FormId	No	Optional.
TrackingId/UspsApplicationId	No	Optional. For use with SmartPost tracking IDs only.
TrackingId/TrackingNumber	No	Optional.

New Master and child tracking numbers are assigned for Express C.O.D. shipments and packages when a piece is deleted prior to a CONFIRM transaction.

If the Master package is deleted, the Master tracking number is reassigned to the next package in sequence in the shipment. All sequence numbers are decreased by the number of deleted packages.

For example, if the original sequence is 1-3, 2-3, 3-3, and the third piece is deleted prior to a CONFIRM, the revised sequence numbers are 1-2, 2-2.

9.10 Delete Shipment Transaction

To delete an entire Open Ship shipment *prior* to a CONFIRM transaction, you must submit a DeleteOpenShipmentRequest.

To delete an Open Ship shipment prior to a CONFIRM, you must specify the Open Ship index assigned to the shipment when it was created. The shipment to be deleted is identified based on the index identifier you supply.

Table 52: DeleteOpenShipmentRequest

Element	Multiple Occurrence	Description
UserDetail	No	Optional.
Index	No	Required. Customer-assigned identifier for this shipment (must be unique for stand-alone open shipments).

Table 53: DeleteOpenShipmentRequest

Element	Multiple Occurrence	Description
TrackingIDs		<p>Tracking IDs of the package to be deleted. The tracking IDs are for the same package to support the use case where a package can have more than one type of tracking ID, such as package shipped with the SmartPost service.</p> <p>Valid values are:</p> <ul style="list-style-type: none">• EXPRESS• FEDEX• FREIGHT• GROUND• INTERVAL• UNKNOWN• USPS

9.11 Confirm Shipment Transactions

The CONFIRM transaction validates the shipment and package information for the respective Open Shipment index. The system returns Route, Time-in-Transit, Rate Quote and required shipping document information, including labels for the packages.

Confirm a shipment and print labels, as described in the following sections.

1. CREATE shipment (and ADD Piece #1)
2. ADD Piece #2
3. ADD Piece #3
4. ADD Piece #4
5. ADD Piece #X
6. CONFIRM Shipment

9.11.1 Confirm Open Ship Shipment

After you add all packages to an Open Ship shipment, you may CONFIRM the shipment by passing in the elements in the ConfirmOpenShipmentRequest.

STRONG_VALIDATION will be performed on the shipment and all package information for the open shipment referenced in the CONFIRM transaction. Errors need to be fixed using the MODIFY transactions before the CONFIRM transaction will produce the labels.

Table 54: ConfirmOpenShipmentRequest

Element	Multiple Occurrence	Description
AsynchronousProcessingOptions	No	Optional. This is used to specify processing options related to synchronous or asynchronous processing.
AsynchronousProcessingOptions/Options	Yes	Describes the type of options available. Valid values are: <ul style="list-style-type: none">• ALLOW_ASYNCHRONOUS• ASYNCHRONOUS_ONLY• SYNCHRONOUS_ONLY
Index	No	Required. Customer-assigned identifier for this shipment (must be unique for stand-alone open shipments, or unique within consolidation if consolidation key is provided).
LabelSpecification	No	Optional. Description of shipping label to be returned in the reply.
RequestedShipment/LabelSpecification/LabelFormatType	Yes	Required. Specifies the type of label to be returned.

Element	Multiple Occurrence	Description
RequestedShipment/LabelSpecification/ImageType	No	Optional. Specifies the image format used for a shipping document.
RequestedShipment/LabelSpecification/LabelStockType	No	Optional. For thermal printer labels this indicates the size of the label and the location of the doc tab if present. Valid values are: <ul style="list-style-type: none"> • PAPER_4X6 • PAPER_4X8 • PAPER_4X9 • PAPER_7X4.75 • PAPER_8.5X11_BOTTOM_HALF_LABEL • PAPER_8.5X11_TOP_HALF_LABEL • PAPER_LETTER • STOCK_4X6 • STOCK_4X6.75.LEADING_DOC_TAB • STOCK_4X6.75.TRAILING_DOC_TAB • STOCK_4X8 • STOCK_4X9.LEADING_DOC_TAB • STOCK_4X9.TRAILING_DOC_TAB • "PAPER 6X4"
ShippingDocumentSpecification	No	Optional. Contains data used to create additional (non-label) shipping documents.
ShippingDocumentSpecification/ShippingDocumentTypes	Yes	Optional. Indicates the types of shipping documents requested by the shipper.
ShippingDocumentSpecification/CertificateOfOrigin	No	Optional.
ShippingDocumentSpecification/CommercialInvoiceDetail	No	Optional.
ShippingDocumentSpecification/CustomPackageDocumentDetail	Yes	Optional. Specifies the production of each package-level custom document (the same specification is used for all packages).
ShippingDocumentSpecification/CustomShipmentDocumentDetail	Yes	Optional. Specifies the production of a shipment-level custom document.
ShippingDocumentSpecification/ExportDeclarationDetail	No	Optional.
ShippingDocumentSpecification/G	No	Optional.

Element	Multiple Occurrence	Description
GeneralAgencyAgreementDetail		
ShippingDocumentSpecification/NAFTA_CertificateOfOriginDetail	No	Optional.
ShippingDocumentSpecification/OP_900Detail	No	Optional. Specifies the production of the OP-900 document for hazardous materials packages.
ShippingDocumentSpecification/DANGEROUS_GOODS_SHIPPERS_DECLARATION_DETAIL	No	Optional. Specifies the production of the 1421-C document for dangerous goods shipment.
ShippingDocumentSpecification/FREIGHT_ADDRESS_LABEL_DETAIL	No	Optional.
ShippingDocumentSpecification/RETURN_INSTRUCTIONS_DETAIL	No	Optional. Specifies the production of the return instructions document.
ShippingDocumentSpecification/RETURNED_SHIPPING_DOCUMENT_TYPE		<ul style="list-style-type: none"> • AUXILIARY_LABEL • CERTIFICATE_OF_ORIGIN • COD_AND_DELIVERY_ON_INVOICE_ACCEPTANCE_RETURN_2_D_BARCODE • COD_AND_DELIVERY_ON_INVOICE_ACCEPTANCE_RETURN_LABEL • COD_RETURN_2_D_BARCODE • COD_RETURN_LABEL • COMMERCIAL_INVOICE • CUSTOM_PACKAGE_DOCUMENT • CUSTOM_SHIPMENT_DOCUMENT • DANGEROUS_GOODS_SHIPPERS_DECLARATION • DELIVERY_ON_INVOICE_ACCEPTANCE_RETURN_2_D_BARCODE • DELIVERY_ON_INVOICE_ACCEPTANCE_RETURN_LABEL • ETD_LABEL • EXPORT_DECLARATION • FREIGHT_ADDRESS_LABEL • GENERAL_AGENCY AGREEMENT • GROUND_BARCODE • NAFTA_CERTIFICATE_OF_ORIGIN • OP_900 • OUTBOUND_2_D_BARCODE • OUTBOUND_LABEL • PRO_FORMA_INVOICE • RECIPIENT_ADDRESS_BARCODE

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • RECIPIENT_POSTAL_BARCODE • RETURN_INSTRUCTIONS • TERMS_AND_CONDITIONS • USPS_BARCODE
RateRequestTypes	Yes	<p>Optional. Indicates the type of rates to be returned.</p> <p>Rates that can be returned are:</p> <ul style="list-style-type: none"> • LIST – Returns published rates in response • PREFERRED – Returns rates in currency specified in the PreferredCurrency element. • NONE – Returns account rates in response. This value is the default behavior.
EdtRequestType	No	<p>Optional. Specifies whether the customer wishes to have Estimated Duties and Taxes provided with the rate quotation on this shipment. Only applies with shipments moving under international services.</p>
LabelSpecification/LabelOrderType	No	<p>Specifies the order in which the labels will be returned. Valid values are:</p> <p>SHIPPING_LABEL_FIRST SHIPPING_LABEL_LAST</p>

Table 55: ConfirmOpenShipmentReply

Element	Multiple Occurrence	Description
HighestSeverity	No	<p>Identifies the highest severity encountered when performing the request. Valid values are:</p> <ul style="list-style-type: none"> • FAILURE • ERROR • WARNING • NOTE • SUCCESS
Notifications	Yes	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS – Your transaction succeeded with no other applicable information. • NOTE – Additional information that may be of interest to you about your transaction. • WARNING – Additional information that you need

Element	Multiple Occurrence	Description
		<p>to know about your transaction that you may need to take action on.</p> <ul style="list-style-type: none"> • ERROR – Information about an error that occurred while processing your transaction. • FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
TransactionDetail	No	Descriptive data for the customer transaction. The Transaction detail from the request is echoed back to the caller in the corresponding reply.
JobId	No	—
AsynchronousProcessingResults	No	This indicates whether the transaction was processed synchronously or asynchronously.
CompletedShipmentDetail	No	Provides Completed Shipment Details.
ErrorLabels	Yes	Empty unless error label behavior is PACKAGE_ERROR_LABEL 5 and one or more errors occurred during transaction processing.

Table 56: GetConfirmOpenShipmentResultsRequest

Element	Multiple Occurrence	Description
HighestSeverity	No	Identifies the highest severity encountered when performing the request. Valid values are: <ul style="list-style-type: none"> • FAILURE • ERROR • WARNING • NOTE • SUCCESS
Notifications	Yes	Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are: <ul style="list-style-type: none"> • SUCCESS — Your transaction succeeded with no other applicable information.

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • NOTE — Additional information that may be of interest to you about your transaction. • WARNING — Additional information that you need to know about your transaction that you may need to take action on. • ERROR — Information about an error that occurred while processing your transaction. • FAILURE — FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
Notifications/Severity	No	Optional. The severity of this notification. This can indicate success or failure or some other information about the request. Valid values are: <ul style="list-style-type: none"> • SUCCESS - Your transaction succeeded with no other applicable information. • NOTE - Additional information that may be of interest to you about your transaction. • WARNING - Additional information that you need to know about your transaction that you may need to take action on. • ERROR - Information about an error that occurred while processing your transaction. • FAILURE - FedEx was unable to process your transaction at this time due to a system failure. Please try again later
Notifications/Source	No	Optional. Indicates the source of this notification. Combined with the Code it uniquely identifies this notification
Notifications/Code	No	Optional. A code that represents this notification. Combined with the Source it uniquely identifies this notification.
Notifications/Message	No	Optional. Human-readable text that explains this notification.
Notifications/ LocalizedMessage	No	Optional. The translated message. The language and locale specified in the ClientDetail. Localization are used to determine the representation. Currently only supported in a TrackReply.

Element	Multiple Occurrence	Description
Notifications/ MessageParameters	Yes	Optional.
CompletedShipmentDetail	No	Optional. Provides reply information specific to the Open Shipment.
CompletedShipmentDetail/UsDomestic	No	Optional. Indicates whether or not this is an intra-U.S. shipment.
CompletedShipmentDetail/CarrierCode	No	Optional. Indicates the carrier that will be used to deliver this shipment.
CompletedShipmentDetail/MasterTrackingId	No	Optional. The master tracking number and form ID of this multiple piece shipment. This information is to be provided for each subsequent of a multiple piece shipment.
CompletedShipmentDetail/ServiceTypeDescription	No	Optional. Description of the FedEx service used for this shipment. Currently not supported.
CompletedShipmentDetail/PackagingDescription	No	Optional. Description of the packaging used for this shipment. Currently not supported.
CompletedShipmentDetail/OperationalDetail	No	Optional. Specifies shipment level operational information.
CompletedShipmentDetail/AccessDetail	Yes	Provides the ability to return multiple sets of Email label access credentials in the CreateOpenShipment reply
CompletedShipmentDetail/TagDetail	No	Optional. Only used in the reply to tag requests. The following valid values are returned only for FedEx Express services: <ul style="list-style-type: none"> • ConfirmationNumber • AccessTime • CutoffTime • Location • DeliveryCommitment
CompletedShipmentDetail/SmartPostDetail	No	Optional. Valid values are: <ul style="list-style-type: none"> • PickUpCarrier — Identifies the carrier that will pick up the FedEx SmartPost shipment. • Machinable — Indicates whether the shipment is deemed to be machinable, based on dimensions, weight, and packaging.

Element	Multiple Occurrence	Description
CompletedShipmentDetail/HazardousShipm entDetail	No	Optional. Computed shipment level information about hazardous commodities.
CompletedShipmentDetail/ShipmentRating	No	Optional. All shipment-level rating data for this shipment, which may include data for multiple rate.
CompletedShipmentDetail/ConsolidationDet ail	No	Optional. Result data for a shipment within a consolidation.
CompletedShipmentDetail/CompletedHoldA tLocationDetail	No	Optional. Returns the default holding location information when HOLD_AT_LOCATION special service is requested and the client does not specify the hold location address. Valid values are: <ul style="list-style-type: none"> • HoldingLocation — Identifies the branded location name, the hold at location phone number and the address of the location. • HoldingLocationType — Identifies the type of FedEx location.
CompletedShipmentDetail/ExportComplianc eStatement	No	Optional. Returns any defaults or updates applied to RequestedShipment.exportDetail.export ComplianceStatement.
CompletedShipmentDetail/CompletedEtdDe tail	No	Optional. Valid values are: <ul style="list-style-type: none"> • FolderID — The identifier for all clearance documents associated with this shipment. • UploadDocumentReferenceDetails
CompletedShipmentDetail/ShipmentDocum ents	Yes	Optional. All shipment-level shipping documents (other than labels and barcodes).
CompletedShipmentDetail/AssociatedShipm ents	Yes	Optional. The details of any associated shipments.
CompletedShipmentDetail/CompletedCodD etail	No	Optional. Specifies the results of processing for the COD special service.
CompletedShipmentDetail/CompletedPacka geDetails	Yes	Optional. Valid values are: <ul style="list-style-type: none"> • SequenceNumber • TrackingIds • GroupNumber — Used with request containing PACKAGE_GROUPS, to identify which group of identical packages

Element	Multiple Occurrence	Description
		<p>was used to produce a reply item.</p> <ul style="list-style-type: none"> • OversizeClass • PackageRating — All package-level rating data for this package, which may include data for multiple rate types. • OperationalDetail • Label • PackageDocuments — All package-level shipping documents (other than labels and barcodes). For use in loads after January, 2008. • CodReturnDetail — Specifies the information associated with this package that has COD special service in a ground shipment. • SignatureOption — Actual signature option applied, to allow for cases in which the original value conflicted with other service features in the shipment. • HazardousCommodities — Documents the kinds and quantities of all hazardous commodities in the current package, using updated hazardous commodity description data.
ErrorLabels	Yes	Optional. Empty unless error label behavior is PACKAGE_ERROR_LABELS and one or more errors occurred during transaction processing.

9.11.2 Confirming Open Ship and Printing Labels

A label for each piece is returned as a result of the CONFIRM transaction.

Open Ship has one print label option: Print-At-The-End (PATE). All labels print at the end after the shipment is confirmed.

For FedEx Express U.S. C.O.D. shipments, a C.O.D. Return Label is returned with the label of the last package in the shipment.

9.11.2.1 Asynchronous Processing

The AsynchronousProcessingOption in the OpenShip WSDL lets you specify the manner the shipment artifacts, which are the shipping labels and all associated documents, such as Commercial Invoice, Certification of Origin, NAFTA Certificate of Origin, Export Declaration and so on, are returned. Specify that the shipment artifacts be returned using only one of the following options:

- ALLOW_ASYNCROUS - Allows for immediate, synchronous processing when possible and asynchronous processing if the transaction times out. If the time out limit is reached, then any results may be retrieved later. If the transaction processes within the asynchronous limits, then the results will be contained in the standard reply.
- ASYNCHRONOUS_ONLY - Restricts the transaction to asynchronous processing and any results must be retrieved at a later time.
- SYNCHRONOUS_ONLY - Restricts the transaction to synchronous processing only. If the time out limit is reached, then an error is returned in the reply.

If shipment artifacts are to be processed asynchronously, then the reply transaction, either CreateOpenShipmentReply, ModifyOpenShipmentReply or ConfirmOpenShipmentReply, will contain the identifier, which is the JobId, by which the deferred shipment artifacts must be identified in the subsequent retrieval request.

Specifically, if the initial transaction that requests asynchronous processing is the CreateOpenShipmentRequest, then the JobId that is returned in the CreateOpenShipmentReply must then be inserted in the corresponding GetCreateOpenShipmentResultsRequest to identify the desired, deferred artifacts. The deferred artifacts are then returned in the GetCreateOpenShipmentResultsReply transaction. This same sequence applies to the ModifyOpenShipmentRequest, ModifyOpenShipmentReply, GetModifyOpenShipmentResultsRequest transactions and the ConfirmOpenShipmentRequest, ConfirmOpenShipmentReply, GetConfirmOpenShipmentResultsRequest transactions.

Table 57: RetrieveJobResultsRequest

Element	Multiple Occurrence	Description
JobId	No	Optional. Specifies the job under which the desire artifacts are stored.
Filters	Yes	Optional. Specifies the filters to be used for retrieving artifacts.
Filters/AccessReference	No	Optional.
Filters/Type	No	Optional.
Filters/Referenceld	No	Optional.

Table 58: RetrieveJobResultsReply

Element	Multiple Occurrence	Description
HighestSeverity	No	Identifies the highest severity encountered when performing the request. Valid values

Element	Multiple Occurrence	Description
		<p>are:</p> <ul style="list-style-type: none"> • FAILURE • ERROR • WARNING • NOTE • SUCCESS
Notifications	Yes	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS – Your transaction succeeded with no other applicable information. • NOTE – Additional information that may be of interest to you about your transaction. • WARNING – Additional information that you need to know about your transaction that you may need to take action on. • ERROR – Information about an error that occurred while processing your transaction. • FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
Notifications/Severity	No	<p>The severity of this notification. This can indicate success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS - Your transaction succeeded with no other applicable information. • NOTE - Additional information that may be of interest to you about your transaction. • WARNING - Additional information that you need to know about your transaction that or that you may need to take action on. • ERROR - Information about an error

Element	Multiple Occurrence	Description
		<p>that occurred while processing your transaction.</p> <ul style="list-style-type: none"> • FAILURE - FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
Notifications/Source	No	Indicates the source of this notification. Combined with the Code it uniquely identifies this notification
Notifications/Code	No	A code that represents this notification. Combined with the Source it uniquely identifies this notification.
Notifications/Message	No	Human-readable text that explains this notification.
Notifications/LocalizedMessage	No	The translated message. The language and locale specified in the ClientDetail. Localization are used to determine the representation. Currently only supported in a TrackReply.
Notifications/MessageParameters	Yes	A collection of name/value pairs that provide specific data to help the client determine the nature of an error (or warning, etc.) without having to parse the message string.
/MessageParameters/Id	No	Identifies the type of data contained in Value (e.g. SERVICE_TYPE, PACKAGE_SEQUENCE, etc.).
/MessageParameters/Value	No	The value of the parameter (e.g. PRIORITY_OVERNIGHT, 2, etc.).
TransactionDetail	No	Contains the CustomerTransactionID that was sent in the request.
TransactionDetail/CustomerTransactionId	No	Free form text to be echoed back in the reply. Used to match requests and replies.
TransactionDetail/Localization	No	Governs data payload language/translations (contrasted with ClientDetail.localization, which governs Notification.localizedMessage language selection).
/Locationalization/LanguageCode	No	Two-letter code for language (e.g. EN, FR,

Element	Multiple Occurrence	Description
		etc.).
/Locationalization/LocaleCode	No	Two-letter code for the region (e.g. us, ca, etc.).
Version	No	The version of this reply.
Artifacts	Yes	Shipping labels and all associated documents.
Artifacts/AccessReference	No	
Artifacts/HighestSeverity	No	<p>Identifies the highest severity encountered when performing the request. Valid values are:</p> <ul style="list-style-type: none"> • FAILURE • ERROR • WARNING • NOTE • SUCCESS
Artifacts/Notifications	Yes	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS – Your transaction succeeded with no other applicable information. • NOTE – Additional information that may be of interest to you about your transaction. • WARNING – Additional information that you need to know about your transaction that you may need to take action on. • ERROR – Information about an error that occurred while processing your transaction. • FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
/Notifications/Severity	No	<ul style="list-style-type: none"> • The severity of this notification. This can indicate success or failure or some other information about the

		<p>request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS - Your transaction succeeded with no other applicable information. • NOTE - Additional information that may be of interest to you about your transaction. • WARNING - Additional information that you need to know about your transaction that or that you may need to take action on. • ERROR - Information about an error that occurred while processing your transaction. • FAILURE - FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
/Notifications/Source	No	Indicates the source of this notification. Combined with the Code it uniquely identifies this notification.
/Notifications/Code	No	A code that represents this notification. Combined with the Source it uniquely identifies this notification.
/Notifications/Message	No	Human-readable text that explains this notification.
/Notifications/LocalizedMessage	No.	The translated message. The language and locale specified in the ClientDetail. Localization are used to determine the representation. Currently only supported in a TrackReply.
/Notifications/MessageParameters	Yes	A collection of name/value pairs that provide specific data to help the client determine the nature of an error (or warning, etc.) without having to parse the message string.
Type	No	Identifies the type of artifact.
Format	No	Specifies the format of the artifact.
FormatSpecification	No	Identifies the schema or specific format definition used for the artifact.

Element	Multiple Occurrence	Description
Referenceld	No	Specifies a reference to the artifact that follows the naming convention defined for file storage.
Parts	Yes	
Parts/SequenceNumber	No	Specifies the sequence of this part of the artifact.
Parts/Contents	No	Specifies the contents of this retrieved artifact part.

9.12 Open Ship Print Options

Open Ship has one print label option:

Print-At-The-End (PATE) — print all labels at the end after the shipment is confirmed.

9.12.1 Open Ship Print-At-The-End

You can choose to print labels for packages in your Open Ship shipment at the end, when you CONFIRM the shipment.

9.13 Email Labels

Create either an email (non-returns) shipping label or an email returns shipping label using the OpenShipService CreatePendingShipment Request. Cancel either of these requests using the OpenShipService DeletePendingShipment Request.

The Email Return Label option allows you to email a return label directly to your customer. Your customer can then print the label, apply it to the package, and call for pickup or drop the package off at the nearest FedEx drop-off location. For your customer's convenience, the email also includes links for scheduling a pickup and finding drop-off locations in the area.

Email Label supports 1-25 packages in a single request.

The following attributes of requestedShipment are used to identify an email return label:

- requestedShipment/SpecialServicesRequested/SpecialServiceTypes = PENDING_SHIPMENT
- requestedShipment/SpecialServicesRequested/SpecialServiceTypes = RETURN_SHIPMENT
- requestedShipment/SpecialServicesRequested/PendingShipmentDetail/Type = EMAIL
- requestedShipment/SpecialServicesRequested/PendingShipmentDetail/Type = RETURN

The following attributes of requestedShipment are used to identify a non-return email label:

- requestedShipment/SpecialServicesRequested/SpecialServiceTypes = PENDING_SHIPMENT
- requestedShipment/SpecialServicesRequested/PendingShipmentDetail/Type = EMAILEmail Label Service Details

9.13.1 Email Label Service Details

The following service details apply to email labels:

9.13.1.1 Delivery Area

Available for FedEx First Overnight®, FedEx First Overnight® Freight, FedEx Priority Overnight®, FedEx Standard Overnight®, FedEx 2Day®, FedEx 2Day® A.M., FedEx Ground®, FedEx Home Delivery®, FedEx 2Day® Freight, and FedEx 3Day® Freight throughout the 50 United States.

FedEx Express® and FedEx Ground® return labels are not available for international destinations.

9.13.1.2 Exceptions

FedEx Express Saver® and FedEx 1Day® Freight services are not available.

Chapter 12: Dangerous Goods and Chapter 13: Hazardous Materials (FedEx Ground U.S.) on page 112 cannot be shipped.

9.13.1.3 Additional Information

Additional service options include Saturday Service, Chapter 16: Dry Ice Shipments on page 123, and Chapter 15: Hold at FedEx Location and Redirect To Hold on page 119.

The maximum declared value is \$1,000USD for FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, and FedEx 2Day.

The maximum declared value is \$50,000USD for FedEx 2Day Freight and FedEx 3Day Freight.

The maximum declared value is \$100USD for FedEx Ground and FedEx Home Delivery.

9.13.2 Email Label Coding Details

The following coding details apply to email labels:

- The email label is created using elements from the CreatingPendingShipmentRequest in the OpenShipService WSDL for FedEx Ground or FedEx Express shipments. Requirements that apply to ground and express shipments also apply to email labels.
- The email label request is canceled using elements from the DeletePendingShipmentRequest in the OpenShipService WSDL for FedEx Ground or FedEx Express shipments. Requirements that apply to FedEx Ground and FedEx Express shipments also apply to email labels.
- You may request up to 25 email labels to one email address using one request transaction.
- Email label URLs expire according to your expiration time stamp.

- After the customer prints the label, the label does not expire but can be used indefinitely.
- A FedEx Ground Manifest is not required for an email label.
- The only label format supported is laser (or plain paper).
- A surcharge is added to a return email label. No surcharge is applied to a non-return email label.
- The maximum expiration date for an email label must be greater or equal to the day of the label request and no greater than 30 days in future.
- A Returns shipment can be associated to an Outbound shipment using the ReturnAssociation element.

9.13.2.1.1 Return (Inbound) Email Label Elements

In addition to the basic FedEx Ground or FedEx Express shipping elements required to request an email label, the following elements must be included in the CreatePendingShipmentRequest:

Table 59: Return (Inbound) Email Label Elements

Element	Description
RequestedShipment/SpecialServicesRequested/SpecialServiceTypes	Required. Specify the type of special service. Valid values for a return email label are: <ul style="list-style-type: none"> • PENDING_SHIPMENT • RETURNS_CLEARANCE • RETURN_SHIPMENT
RequestedShipment/SpecialServicesRequested/DeliveryOnInvoiceAcceptanceDetail	Optional. Allows customers to direct the signed return receipt to a different address.
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail	Required. Specify the Return Type. Include the following value: PENDING
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/Rma/Reason	Optional. Return Materials Authorization Reason. You may enter a reason for the return authorization associated with this Email Label.
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/ReturnEmailDetail/MerchantPhoneNumber	Required. Include the phone number for the merchant, such as a general customer service phone number.
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/ReturnEmailDetail/AllowedSpecialServices	Optional. Allow specific special services for the end-user. Valid values are: <ul style="list-style-type: none"> • SATURDAY_DELIVERY • SATURDAY_PICKUP
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/ReturnAssociation	Optional. Describes the data for the outbound shipment associated with the return.
RequestedShipment/SpecialServicesRequested/	Required. Specify the Pending Shipment Type. Include the

Element	Description
PendingShipmentDetail	following value: <ul style="list-style-type: none">• EMAIL
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/ExpirationDate	Required. Specify the email label expiration date: for example, 2012-12-31. The maximum expiration date must be greater or equal to the day of the label request and not greater than 30 days in the future.
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/EmailLabelDetail/NotificationEmailAddress	Required. Email address of the end-user to be notified of the return label. This element has a 200-character maximum.
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/EmailLabelDetail/NotificationMessage	Optional. Notification message included in the email to the end-user.
RequestedShipment/RequestedPackageLineItems/CustomerReferences/CustomerReferenceType	Optional. A maximum of 40 characters is accepted in this element. This element allows customer-defined notes to print on the shipping label. For a RMA number, use the following value: RMA_ASSOCIATION If specified, the package can also be tracked by this value.

9.13.2.2 Non-Return Email Label Elements

In addition to the basic FedEx Express or FedEx Ground shipping elements required to request an email label, the following elements must be included in the CreatePendingShipmentRequest:

Table 60: Non-Return (Outbound) Email Label Elements

Element	Description
RequestedShipment/SpecialServicesRequested/SpecialServiceTypes	Required. Specify the type of special service. Include the following value for a non-return email label: PENDING_SHIPMENT
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail	Required. Specify the pending shipment type. Include the following value: EMAIL
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/ExpirationDate	Required. Specify the email label expiration date: for example, 2009-01-31. The maximum expiration date must be greater than or equal to the day of the label request and no greater than 30 days in future.

Element	Description
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/EmailLabelDetail/NotificationEmailAddress	Required. Email address of the end-user to be notified of the label.
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/EmailLabelDetail/NotificationMessage	Optional. Notification message included in the email to the end user (200-character maximum).
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/ShipmentDryIceDetail	Optional. PackageCount and TotalWeight elements for Dry Ice shipments.
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/HomeDeliveryPremiumDetail	Optional. Special service elements for FedEx Ground Home Delivery shipments.

9.13.2.3 Cancel Email Label Elements

In addition to the basic FedEx Express or FedEx Ground shipping elements required to request an email label, the following element must be included in the DeletePendingShipmentRequest: Cancel Email Label Elements

The following information is required to cancel an Email Return Label using a DeletePendingShipment Web Service Request:

Table 61: Cancel Email Label Elements

Element	Required	Description
DeletePendingShipment	Required	The web service inside the OpenShip Service WSDL file used to cancel all Email Return Labels
WebAuthenticationDetail/UserCredential/Key	Required	The value for the Key was provided by FedEx upon your request. It is an alphanumeric mixed-case string.
WebAuthenticationDetail/UserCredential/Password	Required	The value for the Password was provided by FedEx upon your request. It is an alphanumeric mixed-case string.
ClientDetail/AccountNumber	Required	The FedEx Express nine-digit meter number that was provided by FedEx upon your request.
ClientDetail/MeterNumber	Required	The FedEx Express meter number that was provided by FedEx upon your request.
Version/ServiceId	Required	The value is "ship"
Version/Major	Required	The current value is "7".
Version/Intermediate	Required	The current value is "0".
Version/Minor	Required	The current value is "0".

Element	Required	Description
TrackingId/TrackingIdType	Required	Required. You will use a Tracking number to cancel a specific package. This field specifies which tracking number will be specified. Valid values are: <ul style="list-style-type: none">• GROUND• USPS• FEDEX
TrackingId/TrackingNumber	Optional and/or Required	Required. The Tracking number for the active package you wish to cancel.

9.13.2.3.1 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

9.14 Returns (Inbound) Email Label Elements

Basic information is required in a CreatePendingShipment Request:

Note: Name and address elements in the CreatePendingShipment request will appear in the email the customer receives from FedEx, but won't be on the shipping label.

Table 62: CreatePendingShipment Basic Returns Email Label Request Elements

Element	Required	Description
CreatePendingShipment	Required	The web service inside the Ship Service WSDL file used to create all Email Return Labels
WebAuthenticationDetail/UserCredential/Key	Required	The value for the Key was provided by FedEx upon your request. It is an alphanumeric mixed-case string.
WebAuthenticationDetail/UserCredential/Password	Required	The value for the Password was provided by FedEx upon your request . It is an alphanumeric mixed-case string.
ClientDetail/AccountNumber	Required	The FedEx Express nine-digit meter number that was provided by FedEx upon your request.
ClientDetail/MeterNumber	Required	The FedEx Express meter number that was provided by FedEx upon your request.
Version/ServiceId	Required	The value is "ship"
Version/Major	Required	The current value is "15".
Version/Intermediate	Required	The current value is "0".
Version/Minor	Required	The current value is "0".
RequestedShipment/ServiceType	Required	For this transaction the valid value is SMART_POST.
RequestedShipment/Shipper/Contact/PersonName	Optional and/or Required	Required if Contact name is blank.
RequestedShipment/Shipper/Contact/CompanyName	Optional and/or Required	Required if Company name is blank.
RequestedShipment/Shipper/Contact/PhoneNumber	Required	Shipper phone number. Numeric only.
RequestedShipment/Shipper/Contact	Optional and/or Required	There are additional fields available. They are optional.
RequestedShipment/Shipper/Address/StreetLines	Optional and/or Required	At least one street address line is required. This is a multiple occurrence field.
RequestedShipment/Shipper/Address/City	Required	Shipper city.

Element	Required	Description
RequestedShipment/Shipper/Address/StateOrProvinceCode	Required	Please refer to Appendix B for a list of State Codes.
RequestedShipment/Shipper/Address/PoStalCode	Required	Shipper postal code.
RequestedShipment/Shipper/Address/CountryCode	Required	Valid value - US
RequestedShipment/Shipper/Address/CountryName	Optional	The fully spelled out name of a country
RequestedShipment/Shipper/Address	Optional and/or Required	There are additional fields available. They are optional.
RequestedShipment/Recipient/Contact	Optional	The descriptive data for a point-of-contact person.
RequestedShipment/Recipient/Contact/ContactId	Optional	Client provided identifier corresponding to this contact information.
RequestedShipment/Recipient/Contact/PersonName	Optional and/or Required	Required if Contact name is blank.
RequestedShipment/Recipient/Contact/Title	Optional	Identifies the contact person's title.
RequestedShipment/Recipient/Contact/CompanyName	Optional and/or Required	Required if Company name is blank.
RequestedShipment/Recipient/Contact/PhoneNumber	Required	Required. Recipient phone number. Numeric only.
RequestedShipment/Recipient/Contact/PhoneExtension	Optional	Identifies the phone extension associated with this contact.
RequestedShipment/Recipient/Contact/TollFreePhoneNumber	Optional	Identifies a toll free number, if any, associated with this contact.
RequestedShipment/Recipient/Contact/FaxNumber	Optional	Identifies the fax number associated with this contact
RequestedShipment/Recipient/Contact/EmailAddress	Optional	Identifies the email address associated with this contact.
RequestedShipment/Recipient/Address/StreetLines	Optional and/or	At least one street address line is required. This is a multiple occurrence field.

Element	Required	Description
	Required	
RequestedShipment/Recipient/Address/City	Required	Recipient city.
RequestedShipment/Recipient/Address/StateOrProvinceCode	Required	Refer to Appendix B for a list of State Codes.
RequestedShipment/Recipient/Address/PostalCode	Required	Recipient postal code.
RequestedShipment/Recipient/Address/CountryCode	Required	Valid value - US
RequestedShipment/Recipient/Address/CountryName	Optional	The fully spelled out name of a country.
RequestedShipment/Recipient/Address	Optional and/or Required	There are additional fields available. They are optional.

In addition to the basic shipping elements, the following elements must be included in the CreatePendingShipmentRequest to trigger an Email Return Label through fedex.com:

Table 63: CreatePendingShipment Request Returns Email Label Through FedEx Elements

Element	Required	Description
RequestedShipment/SpecialServicesRequested/ServiceTypes	Required	Required. Specify the type of special service. Both of these Service Types must be included for a returns email label: <ul style="list-style-type: none"> • PENDING_SHIPMENT • RETURN_SHIPMENT
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/ReturnType	Required	Specify the Return Type. Use the following value: PENDING
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/ReturnEmailDetail/MerchantPhoneNumber	Required	Include the phone number for the merchant, such as a general customer service phone number. Max 10 characters, numeric-only string.
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/Type	Required	Required. Specify the Pending Shipment Type. Include the following value: <ul style="list-style-type: none"> • EMAIL

Element	Required	Description
RequestedShipment/ SpecialServicesRequested/ PendingShipmentDetail/ExpirationDate	Required	Required. Specify the email label expiration date: for example, 2009-01-31. The maximum expiration date must be greater or equal to the day of the label request and not greater than 30 days in the future.
RequestedShipment/ SpecialServicesRequested/ PendingShipmentDetail/EmailLabelDetail/ NotificationEmailAddress	Required	Required. Email address of the end-user to be notified of the return label. This element has a 200-character maximum.
RequestedShipment/ SpecialServicesRequested/ PendingShipmentDetail/EmailLabelDetail/ NotificationMessage	Optional	Notification message included in the email to the end-user.

10 Consolidation Services

FedEx offers consolidation services for shippers who want to consolidate their FedEx Ground® international shipments for customs clearance at a single entry and then, within the destination country, break the shipment down into smaller components to distribute to individual recipients. FedEx International DirectDistribution Surface Solutions (IDD Surface) lets you streamline large shipments from Canada and Mexico for distribution in the U.S.

FedEx® Consolidation services are specific to Canadian shipments and allows qualified U.S. shippers to consolidate FedEx Ground shipments for distribution within Canada by either FedEx Trade Networks® or a broker of your choice. The shipment clears Canadian customs as a single shipment and is broken down into smaller shipments once inside Canada. After your shipment clears customs you will receive access to the full range of FedEx services.

FedEx Consolidation services are contract-only. Contact your FedEx account executive to learn how to get approved for these services.

[FedEx Consolidation Services At-A-Glance](#) lists the FedEx Consolidation services that you can implement. FedEx software lets you code shipping transactions to support FedEx International DirectDistribution Surface Solutions services and provides all of the reporting you need for shipping and customs clearance.

Note: Please note that FedEx International Priority DirectDistribution® (IPD), FedEx International Economy DirectDistribution™ (IED) and FedEx International Priority DirectDistribution® Freight (IDF) are the only consolidation services where origin doesn't matter. FedEx International Ground® Distribution (IGD) and FedEx International Ground® DirectDistribution Surface Solutions U.S. to Canada must be based in the United States. Transborder Distribution (TD) consolidations must be based in Canada or Mexico and a drop-off location ID must be setup for the specified account.

Table 64: FedEx Consolidation Services At-A-Glance

Your Shipping Need	Our Service
FedEx Express International DirectDistribution Services	
Consolidate FedEx Express® shipments to clear customs at a single entry, then deliver to individual recipients in the destination country.	FedEx International Priority DirectDistribution® (Contract-only Service*)
Clear shipments through customs at a single entry, with delivery to individual recipients in the destination country.	FedEx International Economy DirectDistribution™ Service (Contract-only Service*)
Consolidate cross-border shipments from Canada and Mexico to multiple recipients in the U.S.	FedEx® Transborder Distribution
FedEx Ground International DirectDistribution Services

Next-business-day afternoon.	FedEx Standard Overnight®
2 business days	FedEx 2Day®
Second-business day by 10:30 a.m. to most business areas; for certain shipments to Alaska and Hawaii, delivery is in 3 business days	FedEx 2Day® A.M.
3 business days	FedEx Express Saver®
In 1, 2 or 3 business days within the U.S.	FedEx 1Day® Freight, FedEx 2Day® Freight, FedEx 3Day® Freight
FedEx Ground Services - International DirectDistribution (IDD) Surface Solutions	
Economical ground delivery to businesses	FedEx Ground®
Economical ground delivery to residences	FedEx Home Delivery®

10.1 Single Shipment Through Customs

Consolidation shipments move and clear destination Customs as a single shipment. The entire shipment is consigned to (and entry is made) in the name of only one importer of record (IOR). The shipment must also come from a single exporter of record. Individual pieces within the shipment are delivered to the recipient indicated on each FedEx Express® Shipping or Express Manifest label. FedEx International Priority Freight (IPF) standards and restrictions for size, weight, and commodity types apply to individual packages in a consolidation shipment.

10.2 Single Point of Clearance

Consolidation services also allow single point of clearance (SPOC), which permits you to send a consolidated shipment that includes packages to multiple countries in the European Union. These packages are cleared at a single Customs point; after clearance, the shipment is broken up for delivery to multiple countries.

Note: Single point of clearance (SPOC) is currently available to the European Union (EU) only.

If you require FedEx International Priority DirectDistribution, FedEx International Economy DirectDistribution Service or FedEx International Priority DirectDistribution Freight service configuration, you must call your FedEx account executive. These are contract services which must be configured by a FedEx Customer Support representative.

10.3 Multiple-Piece Freight Shipments

In addition to providing consolidation services, you can ship multiple-piece freight shipments (exceeding 150 pounds/68 kilograms) using FedEx International Priority DirectDistribution Freight (IDF). All pieces must be skidded to ship IDF.

Note: You must have a service contract on file with FedEx before you can process your consolidation shipments. For more information, contact your FedEx account executives.

10.4 Transaction Rules for FedEx Consolidation Services

The following rules apply to FedEx Consolidation Services transactions. These rules include restrictions for package size and weight.

- Automated Export System (AES)

If you are the shipper, you must provide the required AES information for the Electronic Export Information regardless of whether FedEx files the EEI or if you file your own EEI.

- Clearance Locations

If you are clearing the shipment in a country with more than one clearance location, use the following clearance locations, unless otherwise directed by the FedEx implementation team:

- Canada: YWGI
- China: SZXI
- Japan: QCBI
- Malaysia: KULI
- Mexico: TLCI
- Philippines: SFSI
- U.S.: As Directed
- Customer Reference Numbers (CRNs)

All CRNs are on a single master air waybill. Therefore, you are allowed to ship to a single recipient address for FedEx International Priority DirectDistribution and FedEx International Priority DirectDistribution Freight. However, you must provide at least two addresses for FedEx International Economy DirectDistribution. A single recipient may have more than one package; however, a single package may not have more than one recipient.

Note: You must not add more than 9,998 CRNs on a single master air waybill.

- Currency

You can select a single currency for the customs value of the entire transaction. After the FedEx Consolidation Services shipment is opened, the currency you selected for the first piece in the shipment remains constant for the other pieces in the shipment.

- Declared Values

Declared value limits are based on the FedEx service you select for the shipment.

- Destination

Consolidation shipping services to the U.S. only covers the 50 U.S. States. Shipments to U.S. territories, such as Guam and the U.S. Virgin Islands, must be shipped using regular FedEx International Priority® service. Shipments to Puerto Rico cannot be combined with packages that have destinations within the 50 U.S. States. The Recipient address for a FedEx Consolidation Services transaction must be a U.S. address. A valid zip code that corresponds to the city and state entered for the shipment is required.

- Dimension and Weight Types

You can only select a single weight type — pounds (LBS) or kilograms (KGS) — and a single dimension type: inches (IN) if using LBS as the weight type, or centimeters (CM) if using KGS as the weight type. After you create an open FedEx Consolidation Services shipment, the weight type you select for the first piece in the shipment is the prevailing type for the rest of the pieces in the shipment.

Note: If you ship packages using FedEx Ground or FedEx Home Delivery, then you must code measurements in pounds (LBS) and inches (IN).

- Electronic Export Information (EEI)

You are required to file an EEI for all U.S. export shipments if one or more commodities (Schedule B number) total more than \$2,500 USD in the consolidated shipment on any given day. The EEI is the equivalent electronic version of the Shipper's Export Declaration (SED). You may file one Automated Export System (AES) filing for all commodities in the shipment that must be reported to the U.S. Customs and Border Protection (CBP). Check with the FedEx Regulator for details if you have any questions on filing with AES.

- Exporter of Record (EOR)

You must identify a single exporter of record in the origin country. If FedEx is filing the EEI, you must include the shipper phone number and shipper IRS/EIN/EORI number if no exporter Employer Identification Number (EIN) or Internal Revenue Service (IRS) number is provided.

- Importer of Record

Identify only one importer of record (IOR) in the destination country for the entire shipment. An IOR is listed as the "Sold To" party for the consignment and is not required to be the actual recipient.

- Labels

You must print at least one FedEx Express label for each recipient delivery.

- Number of Commodities

Enter a maximum of 999 commodities (FedEx Express and FedEx Ground, as appropriate) per shipment.

- Number of Pieces

Enter a maximum of 999 pieces (associated with one shipment) for a FedEx Consolidation Services shipment.

- Packaging Type Required

For FedEx Express, you must include the Packaging Type in the FedEx Consolidation Services transaction. You can use FedEx Express packaging for Express shipments or your own custom packaging. For FedEx Ground, FedEx Home Delivery and FedEx Consolidation Services shipments, you must use your own packaging.

- Payment

Only Bill Sender and Bill Third Party are allowed for transportation charges and for duties and taxes.

- Processing Shipments

You can process several consolidation shipments simultaneously providing that the meter number, ship date and clearance facility/destination country do not match.

- Rounding Up Weights

The exact weight of each CRN is uploaded and added together to create the shipment master weight. The shipment master weight is rounded for rating purposes. For example, a shipment consisting of three packages with weights of 4.2 lbs., 3.1 lbs. and 6.8 lbs equals a shipment master weight of 14.1 lbs. The weight that is used to rate for cost is the rounded up Master Air Waybill (MAWB) weight - 15 lbs.

- Shipping Methods
- Use the Open Ship shipping method to create, process and complete consolidation shipments.
- Size and Weight

You are not limited to a shipment weight for a consolidation services shipment. However, you cannot ship an individual piece for a FedEx International

Priority DirectDistribution Freight shipment that is less than 68 kg or 151 lbs. Enter package size and weight data that does not exceed the current intra-U.S. FedEx Express, FedEx Ground and FedEx Home Delivery size and weight restrictions. For more information about package weight restrictions, see the FedEx Developer Resource Center

Note: Dimensional weight does not apply to individual CRNs in the shipment. It applies to the entire shipment.

10.5 Transaction Restrictions for FedEx Consolidation Services

The following restriction applies to FedEx Consolidation Services transactions.

Collect on Delivery is not available with FedEx Consolidation Services.

10.6 Non FedEx Trade Networks Customs Broker

If you plan to use your own Customs clearance broker, then you must include the required CustomsClearanceDetail/Brokers elements listed in this table.

Table 66: Broker Elements

Element	Multiple Occurrence	Description
CreateConsolidationRequest/RequestedConsolidation/CustomsClearanceDetail/Brokers	Yes	Optional. The descriptive data for the broker doing business with FedEx.

Element	Multiple Occurrence	Description
CreateConsolidationRequest/RequestedConsolidation/CustomsClearanceDetail/Brokers/AccountNumber	No	Optional. The FedEx account number associated with this transaction.
CreateConsolidationRequest/RequestedConsolidation/CustomsClearanceDetail/Brokers/Tins	Yes	Optional. The descriptive data for the taxpayer identification information.
CreateConsolidationRequest/RequestedConsolidation/CustomsClearanceDetail/Brokers/Contact	No	Optional. Descriptive data identifying the point-of-contact person.
CreateConsolidationRequest/RequestedConsolidation/CustomsClearanceDetail/Brokers/Address	No.	Optional. Descriptive data identifying the actual address of the broker.

10.7 Shipping Service Options for FedEx Consolidation Services

Tables [FedEx Express and FedEx Ground Services Allowed by Package Type](#) through [FedEx Ground Special Services Allowed by Service Type](#) list the FedEx services that are allowed for FedEx Consolidation Services shipments.

10.8 Creating a FedEx Consolidation Services Shipment

FedEx Consolidation Services shipments are processed using the Open Ship shipping method. Open Ship is a highly flexible shipping option. Open Ship allows you to enter information for a shipment as it is received throughout the day, rather than entering all shipping information only when the shipment is ready to be processed. The shipment remains “open,” accepting each piece as it is entered and closing only when you confirm the shipment.

For information about the Open Ship shipping process, *see* the Open Shipping chapter.

Table 71: Consolidation Shipment Creation

Workflow Item	Description
1. CREATE Consolidation	To CREATE a consolidation shipment, use the CreateConsolidationRequest. Use the ConsolidationIndex to give the consolidation a unique identifier.
2 - 4. ADD Piece* *not to exceed 50 pieces per shipment	Packages are processed individually by sending an AddPackagesToOpenShipmentRequest. A unique tracking number is returned for each piece (aka package) processed.
5. CONFIRM Consolidation	To CONFIRM a consolidation shipment, set the CreateOpenShipmentActionType to CONFIRM and enter the unique identifier that was assigned to the shipment.

10.9 Adding a Piece to a FedEx Consolidation Services Shipment

After you create a FedEx Consolidation Services shipment, you can add packages.

While packages require many of the same elements that are used for regular shipments, the ConsolidationIndex element is required to associate the package with a FedEx Consolidation Services shipment. The ModifyConsolidationRequest transaction can then be used to edit the shipment information. *See* the Open Shipping Chapter for more information.

10.10 Deleting a FedEx Consolidation Services Package

To delete a shipment from a consolidation, use the DeleteOpenShipmentRequest. Use the DeleteOpenConsolidationRequest transaction to delete a package from an open consolidation shipment. *See* the Open Shipping Chapter for more information.

Table 72: DeleteOpenConsolidationRequest

Element	Multiple Occurrence	Description
ConsolidationKey	No	Optional. The unique consolidation identifier which was specified in the CreateConsolidationRequest.
ConsolidationKey/Type	No	Optional. Specifies the type of consolidation.
ConsolidationKey/Index	No	Optional. Uniquely identifies the consolidation, within a given type and date.
ConsolidationKey>Date	No	Optional. The date on which the consolidation was created.
TrackingId	No	Optional. The tracking ID of the shipment within the consolidation.
TrackingId/TrackingIdType	No	Optional. Describes the type of tracking ID.
TrackingId/FormId	No	Optional. Describes in detail the type of airbill and shipment moving through the FedEx system.
TrackingId/UspsApplicationId	No	Optional. For use with SmartPost tracking IDs only.
TrackingId/TrackingNumber	No	Optional.

10.11 Confirming a FedEx Consolidation Services Shipment

Confirming a shipment closes the shipment and prevents further shipping activity. After a shipment is confirmed, packages cannot be added or deleted. To CONFIRM a FedEx Consolidation Services shipment, use the ConfirmConsolidationRequest transaction.

Table 73: ConfirmConsolidationRequest

Element	Multiple Occurrence	Description
AsynchronousProcessingOptions	No	Optional. This is used to specify processing options related to synchronous or asynchronous processing.
AsynchronousProcessingOptions/Options	Yes	Optional. Describes the type of processing the customer has set for return of the shipment artifacts. Valid values are: <ul style="list-style-type: none"> • ALLOW_ASYNCHRONOUS

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> ASYNCHRONOUS_ONLY SYNCHRONOUS_ONLY
ConsolidationKey	No	Optional. Specifies the consolidation type as well as the unique identifier specified in the ConsolidationIndex.
ConsolidationKey/Type	No	Optional. Specifies the type of consolidation.
ConsolidationKey/Index	No	Optional. Uniquely identifies the consolidation, within a given type and date.
ConsolidationKey>Date	No	Optional. The date on which the consolidation was created.
LabelSpecification	No	Optional. Description of shipping label to be returned in the reply.
LabelSpecification/LabelFormatType	Yes	Required. Specifies the type of label to be returned.
LabelSpecification/ImageType	No	Optional. Specifies the image format used for a shipping document.
LabelSpecification/LabelStockType	No	<p>Optional. For thermal printer labels this indicates the size of the label and the location of the doc tab if present. Valid values are:</p> <ul style="list-style-type: none"> PAPER_4X6 PAPER_4X8 PAPER_4X9 PAPER_7X4.75 PAPER_8.5X11_BOTTOM_HALF_LABEL PAPER_8.5X11_TOP_HALF_LABEL PAPER_LETTER STOCK_4X6 STOCK_4X6.75.LEADING_DOC_TAB STOCK_4X6.75.TRAILING_DOC_TAB STOCK_4X8 STOCK_4X9.LEADING_DOC_TAB STOCK_4X9.TRAILING_DOC_TAB
ShippingDocumentSpecification	No	Optional. Contains data used to create additional (non-label) shipping documents.
ShippingDocumentSpecification/Shippin	Yes	Optional. Indicates the types of shipping documents

Element	Multiple Occurrence	Description
gDocumentTypes		requested by the shipper.
ShippingDocumentSpecification/CertificateOfOrigin	No	Optional.
ShippingDocumentSpecification/CommercialInvoiceDetail	No	Optional.
ShippingDocumentSpecification/ReturnInstructionsDetail ShippingDocumentFormat/documentFormatOptionsrequested/DocumentFormatOptionType		SUPPRESS_ADDITIONAL_LANGUAGES" - This value will suppress English language if another language is specified in language code field. (Default is English)
ShippingDocumentSpecification/CustomPackageDocumentDetail	Yes	Optional. Specifies the production of each package-level custom document (the same specification is used for all packages).
ShippingDocumentSpecification/CustomerShipmentDocumentDetail	Yes	Optional. Specifies the production of a shipment-level custom document.
ShippingDocumentSpecification/ExportDeclarationDetail	No	Optional.
ShippingDocumentSpecification/GeneralAgencyAgreementDetail	No	Optional.
ShippingDocumentSpecification/NaftaCertificateOfOriginDetail	No	Optional.
ShippingDocumentSpecification/Op900Detail	No	Optional. Specifies the production of the OP-900 document for hazardous materials packages.
ShippingDocumentSpecification/ProformaInvoiceDetail	No	Optional.
ShippingDocumentSpecification/ReturnInstructionsDetail	No	Optional.
ShippingDocumentSpecification/DangerousGoodsShippersDeclarationDetail	No	Optional. Specifies the production of the 1421-C document for dangerous goods shipment.
ShippingDocumentSpecification/FreightAddressLabelDetail	No	Optional.
ShippingDocumentSpecification/ReturnInstructionsDetail	No	Optional. Specifies the production of the return instructions document.

Element	Multiple Occurrence	Description
ConsolidationDocumentSpecification	No	Optional. Contains data used to create additional (non-label) consolidation documents.
ConsolidationDocumentSpecification/ConsolidationDocumentTypes	Yes	<p>Optional. Indicates the types of international distribution documents requested by the shipper.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • CONDENSED_CRN_REPORT • CONSOLIDATED_COMMERCIAL_INVOICE • CONSOLIDATED_CUSTOMS_LINEHAUL_REPORT • CONSOLIDATED_PARTY_REPORT • CONSOLIDATED_SOLD_TO_SUMMARY_REPORT • CRN_REPORT • CUSTOMS_PACKING_LIST • CUSTOM_CONsolidation_DOCUMENT
ConsolidationDocumentSpecification/CondensedCrnReportDetail	No	Optional. Specifies the production of the short form of the Child Reference Number document.
ConsolidationDocumentSpecification/Consolidated CommercialInvoice	No	Optional. Specifies the production of the consolidated commercial invoice document.
ConsolidationDocumentSpecification/CustomDocumentDetails	Yes	Optional. Specifies the production of the consolidation-level custom documents.
ConsolidationDocumentSpecification/CustomsPackingListDetail	No	Optional. Specifies the production of the consolidation-level customs packing list.
ConsolidationDocumentSpecification/CrnReportDetail	No	Optional. Specifies the production of the Child Reference Number document.
RateRequestTypes	Yes	<p>Optional. Indicates the type of rates to be returned. Valid values are:</p> <ul style="list-style-type: none"> • LIST — Returns published rates in response. • PREFERRED — Returns rates in currency specified in the PreferredCurrency element. • NONE — Returns account rates in response. This value is the default behavior.
EdtRequestType	No	Optional. Specifies whether the customer wishes to have estimated Duties and Taxes provided with the rate quotation on this shipment. Only applies with shipments moving under international services.

Table 74: ConfirmConsolidationReply

Element	Multiple Occurrence	Description
HighestSeverity	No	<p>Identifies the set of severity values for a Notification.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • ERROR • FAILURE • NOTE • SUCCESS • WARNING
Notifications	Yes	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> • SUCCESS – Your transaction succeeded with no other applicable information. • NOTE – Additional information that may be of interest to you about your transaction. • WARNING – Additional information that you need to know about your transaction that you may need to take action on. • ERROR – Information about an error that occurred while processing your transaction. • FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
JobId	No	—
AsynchronousProcessingResults	No	This indicates whether the transaction was processed synchronously or asynchronously.
CompletedConsolidationDetail	No	—

Table 75: GetConfirmConsolidationResultsRequest

Element	Multiple Occurrence	Description
UserDetail	No	Optional.
JobId	No	Optional.

Asynchronous processing lets you specify the manner in which the shipment artifacts (shipping labels and all associated documents) print. See [Asynchronous Processing](#) for more information.

The following documents print when you successfully complete a CONFIRM shipment transaction:

- FedEx Consolidated Commercial Invoice
- FedEx Domestic Express Courier Report — for Express packages
- FedEx Ground Manifest Report — for Ground packages

FedEx Consolidation Services shipments are automatically confirmed and closed no later than one (1) day after the ship date. Any shipment that has no packages is automatically deleted.

10.12 Requesting FedEx Consolidation Services Rate/Route/Time-in-Transit

Flexible shipping requirements are provided as part of the FedEx Consolidation Services. You can use:

- RateService WSDL to obtain rate information
- TrackService WSDL to obtain route and time-in-transit information

10.13 FedEx Consolidation Services Labels

FedEx Consolidation Services shipments are created using the Open Shipping method which allows you to print labels at the end when you CONFIRM the shipment (Print-At-The-End mode). For more information about Open Ship, see the Open Shipping chapter.

There is no label for the master (Canada to U.S.) shipment. Although multiple piece shipping (MPS) is allowed, the child label always shows a “one-to-one” relationship with the package for which it was generated. FedEx Consolidation Services labels do not display any package counts (for example: package 3 of a 10 package shipment does not display “3 of 10” on the label).

10.14 FedEx Ground Commercial Invoice

You can generate a FedEx Ground Commercial Invoice for all your FedEx Ground shipments.

For U.S. inbound and U.S. to CA shipments, you may generate the Commercial Invoice - Customs Entry (PAPS) by specifying a RequestedConsolidationDocumentType of CONSOLIDATED_PARTY_REPORT and a RequestedConsolidation of TRANSBORDER_DISTRIBUTION. This results in the ReturnedConsolidationDocumentType of STANDARD_BROKER_CLEARANCE_PARTY_REPORT.

This report provides consignee level shipment information for all buyers associated with the entry for the Customs Entry (PAPS) in the consolidation and groups them by consignee.

For any buyers to do not qualify for Section 321 entries (or the shipper selects to submit them as a Customs Entry due to regulated commodities) the associated consignees must be submitted by Customs Entry (PAPS).

For U.S. inbound shipments only, you may generate the Commercial Invoice - Section 321. To qualify for Section 321 entry, the total value of all the commodities sold to a particular buyer must be \$200 USD or less. If any buyer qualifies for a Section 321 entry, the consignees associated with that buyer may be listed on the CI for Section 321. The shipment details are grouped/listed by consignee.

Note: If a shipper decides to submit all of their shipments for a Customs Entry (PAPS), then all shipments in the consolidation are listed on the CI for Customs Entry (PAPS), including any shipments that would have qualified for Section 321. In this case, if a CI for Section 321 entry is printed, no shipment information would appear on that report.

The Commercial Invoice (CI) contains the following shipment data.

- Which buyers and associated shipments qualify for Section 321 of the Tariff Act of 1930.

Note: Merchandise (with the exception of textiles, waste and garbage shipments) valued at less than \$200 U.S. may be released without entry or payment of duty.

- Which buyers and associated shipments qualify for Pre-Arrival Processing System (PAPS)

Note: The Pre-Arrival Processing System (PAPS) is a U.S. Bureau of Customs and Border Protection (CBP) cross-border cargo release mechanism that uses barcode technology to expedite the release of commercial shipments while still processing each shipment through Border Cargo Selectivity (BCS) and the Automated Targeting System (ATS).

Each PAPS shipment requires a unique barcode label, which the carrier attaches to the invoice and the truck manifest while the merchandise is still in Canada. The barcode consists of the U.S. Standard Carrier Alpha Code (SCAC) and Pro-Bill number. This information is then faxed ahead to the Customs broker in the U.S., who prepares a BCS entry in the Automated Commercial System (ACS). Upon the truck's arrival at the border, the Customs Inspector scans the barcode, which automatically retrieves the entry information from ACS. If no examination is required, the Inspector then releases the truck from the primary booth, reducing the carrier's wait time and easing congestion at the U.S. border.

10.15 FedEx Consolidated Commercial Invoice

To request the Consolidated Commercial Invoice, specify a RequestedConsolidationDocumentType of CONSOLIDATED_PARTY_REPORT and the RequestedConsolidation of TRANSBORDER_DISTRIBUTION and CustomsClearanceType of STANDARD_BROKER_CLEARANCE. The resulting Consolidated Commercial Invoice provides the shipment information for all customs entry (PAPS) packages in the consolidation and groups/lists them by "buyer" (SoldTo element). There are two version of this report:

- U.S. inbound for IDD
- U.S. to CA for IGD and IGDD

The following is a review of each section of the FedEx Consolidated Commercial Invoice (CCI).

FedEx CCI Header

The CCI header provides the following shipment information:

- Ship Date
- International Air Waybill Number — Master air waybill (MAWB) tracking number for the shipment

- Invoice Number — FedEx-generated invoice number for the shipment

FedEx CCI Shipment Summary

The summary section which prints after the CCI header information provides this shipment level information:

- Shipper — identification of shipper from your shipper record
- Consignee — FedEx location where the shipment is cleared by Customs
- Broker — broker identification if you use a broker other than FedEx
- Importer of Record — importer identification if an importer other than the shipper is used
- Package Summary — totals for the shipment, including Weight, Currency Type and number of packages (CRN)
- Layout — groups the commodity and organizes it in a logical manner. The criteria for grouping commodities are exact matching values of the following fields:
 - Description
 - Country of Manufacture
 - Unit of measure
 - HS Code (optional)

FedEx CCI CRN Data

Following the CCI summary section is the individual package information identifying each package in the shipment. This information is entered as part of the request transaction and is required to clear packages through Customs.

CCI Totals

A total of all package values for the shipment is listed at the bottom of the CCI. These totals include:

- Total Shipment Weight — total weight of all packages in the shipment
- Total Express Weight — total weight of packages to be shipped using FedEx Express after packages have cleared Customs. When added to the Total Ground Weight, the sum equals the Total Shipment Weight.
- Total Ground Weight — total weight of packages to be shipped using FedEx Ground after packages have cleared Customs. When added to the Total Express Weight, the sum equals the Total Shipment Weight.
- Total Commodity Value — total declared commodity value of all packages in the shipment
- INCOterm — terms of sale for the shipment. For example: if FOB/FCA is selected, this indicates Free on Board/Free Carrier as the terms of sale.
- Freight — total freight charges for the shipment
- Insurance — insurance costs for the shipment
- Other — total of any ancillary charges incurred for shipping
- Total Invoice Value — total value derived from the sum of the Total Commodity Value, Freight, Insurance, and Other.

10.16 FedEx Ground Pickup Manifest for FedEx Consolidated Services

The FedEx Ground Pickup Manifest for FedEx Consolidated Services is identical to the standard report generated for any type of FedEx Ground package shipping.

The FedEx Ground Pickup Manifest is required by the FedEx Ground courier to tender packages for shipping.

It provides a summary of the packages picked up on a given day to the FedEx Ground courier and provides the following information:

- Sender's account number
- Sender's meter number
- Tracking number for all packages
- C.O.D. amount (if applicable)
- Declared value (if applicable)
- Number of Oversize I packages
- Number of Oversize II packages
- Number of packages requiring additional handling
- Number of residential delivery packages
- Total number of packages
- Pickup number

If you have chosen to ship any FedEx Consolidated Services packages using FedEx Ground or FedEx Home Delivery, the FedEx Ground Pickup Manifest prints after you CONFIRM the shipment.

10.17 FedEx Express Courier Report for FedEx Consolidation Services

The Express Courier Report for FedEx Consolidated Services is identical to the report generated for express package shipping.

The Express Courier Report is printed after you confirm a shipment when you use the FedEx Express service to ship one or more FedEx Consolidated Services packages. The Express Courier Report is required to tender packages for express shipping.

10.18 Cross-Border Linehaul Report

This report is generated for U.S. inbound shipments from either Canada or Mexico and provides the following information:

- Which buyers and associated shipments qualify for Section 321 of the Tariff Act of 1930.
 - Note: Merchandise (with the exception of textiles, waste and garbage shipments) valued at less than \$200 U.S. may be released without entry or payment of duty.
- Which buyers and associated shipments qualify for Pre-Arrival Processing System (PAPS)

Note: The Pre-Arrival Processing System (PAPS) is a U.S. Bureau of Customs and Border Protection (CBP) cross-border cargo release mechanism that uses barcode technology to expedite the release of commercial shipments while still processing each shipment through Border Cargo Selectivity (BCS) and the Automated Targeting System (ATS).

Each PAPS shipment requires a unique barcode label, which the carrier attaches to the invoice and the truck manifest while the merchandise is still in Canada. The barcode consists of the U.S. Standard Carrier Alpha Code (SCAC) and Pro-Bill number. This information is then faxed ahead to the Customs broker in the U.S., who prepares a BCS entry in the Automated Commercial System (ACS). Upon the truck's arrival at the border, the Customs Inspector scans the barcode, which automatically retrieves the entry information from ACS. If no examination is required, the Inspector then releases the truck from the primary booth, reducing the carrier's wait time and easing congestion at the U.S. border.

- The drop off location and address
- Third party drop off location or facility information

To request the Cross-Border Linehaul Report, specify a RequestedConsolidationDocumentType of CONSOLIDATED_CUSTOMS_LINEHAUL_REPORT and the RequestedConsolidation of TRANSBORDER_DISTRIBUTION.

10.19 IDD Customs Reports

Today, IDD (formerly Transborder Distribution service) from Canada to the U.S. is made available to external customers. The CI and CCI Shipment Details reports represent one of the minimum required Customs reports needed for the consolidated shipment in order to successfully cross the international border into the destination country.

CI Shipment Details provides the following information:

Provides the consignee level shipment information for all Broker Entry (PAPS) and/or Section 321 packages in the consolidation and groups them by "Consignee" (i.e. "Delivered to" party)

CCI Shipment Details provides the following information:

The CCI Shipment Detail report provides the shipment information for all Broker Entry (PAPS) Packages in the consolidation and groups/lists them by "Buyer" (i.e. "Sold to" party).

Note: Child shipments are listed in the CCI under one of the following conditions.

- Child shipments that do not qualify for Section 321 are listed in the CCI for Customs entry by the designated Broker.
- The shipper specifies that all Child shipments in the consolidation are to be submitted for entry by the Broker.
- The IDD Linehaul Report provides the following information:
 - Which Buyers and associated shipments qualify for Section 321 and which qualify for PAPS.
 - The drop off location and address
 - Third Party Drop off Location or facility information.

Note: This report will also be known as both the Consolidated Customs Linehaul Report and will be generated for US inbound shipments from either Canada or Mexico.

11 Ship Service

Use the ShipService WSDL to process and submit various shipping requests to FedEx, such as FedEx Express® and FedEx Ground® U.S and international shipments as well as Return shipments. Each shipping request will contain descriptive information for each shipment. The ShipService WSDL also offers you a service to validate your shipping requests prior to actually submitting a true shipment to FedEx.

Refer to the following sections for information about the respective shipping services:

- [FedEx Express U.S. Shipping](#)
- [FedEx Intra-Country Shipping](#)
- [FedEx Ground U.S. Shipping](#)
- [FedEx Express International Shipping](#)
- [FedEx International Ground Shipping](#)

11.1 Shipping Services by Region

This table outlines available FedEx shipping services by region:

Table 76: Shipping Services by Region

Region	FedEx Express U.S.	FedEx Express International	FedEx Ground U.S.	FedEx International Ground	Intra-Country Service*
United States	X	X	X	X	X
Canada		X		X	X
Asian Pacific countries (APAC)		X			
Europe, Middle East and Africa (EMEA)		X			
Latin American countries (LAC)		X			

Note: Intra-country indicates shipping service within a specific country or region. Refer to [FedEx Express International Shipping](#) for a list of countries that support intra-country shipping services.

11.2 Ship Service Coding Basics

This section describes the Web Services elements needed to create, cancel, and validate shipments.

11.2.1 Create Shipment Using Process Shipment Request

The ProcessShipmentRequest requires the RequestedShipment *complex element*, which is made up of the following elements.

11.2.1.1 RequestedShipment Elements

Table 77: Requested Shipment Elements

Element	Required	Description
ShipTimestamp	Yes	<p>Identifies the date and time the package is tendered to FedEx. Both the date and time portions of the string are expected to be used. The date should not be a past date or a date more than 10 days in the future. The time is the local time of the shipment based on the shipper's time zone.</p> <p>The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-hour clock. The date and time are separated by the letter T, such as 2009-06-26T17:00:00. The UTC offset indicates the number of hours/minutes, such as xx:xx, from UTC; for example, 2009-06-26T17:00:00-04:00 is defined as June 26, 2009 5:00 p.m. Eastern Time.</p> <p>See the Developer Guide Appendix "Time Zones" for more information about time zones.</p>
DropoffType	Yes	Identifies the method by which the package is to be tendered to FedEx. This element does not dispatch a courier for package pickup. See DropoffType for list of valid enumerated values.
ServiceType	Yes	Identifies the FedEx service to use in shipping the package. See ServiceType for list of valid enumerated values.
PackagingType	Yes	Identifies the packaging used by the requestor for the package. See PackagingType for list of valid enumerated values.
ManifestDetail		This identifies which customer reference field used as the manifest ID. This field is required in order to close by reference.
TotalWeight	No	Identifies the total weight of the shipment being conveyed to FedEx. This is only applicable to International shipments and should only be used on the first package of a multiple-package shipment.
TotalInsuredValue	No	Total declared value amount. FedEx does not provide insurance of

Element	Required	Description
		any kind.
PreferredCurrency	No	Indicates the currency the caller requests to have used in all returned monetary values (when a choice is possible). Used in conjunction with the RateRequest Types element
Shipper	Yes	Descriptive data identifying the party responsible for shipping the package. Shipper and Origin should have the same address.
Recipient	Yes	Descriptive data identifying the party receiving the package.
RecipientLocationNumber	No	A unique identifier for a recipient location.
Origin	No	Identifies the shipment's physical starting address if different from the shipper.
SoldTo	No	Indicates the party responsible for purchasing the goods shipped from the shipper to the recipient. The sold to party is not necessarily the recipient or the importer of record. The sold to party is relevant when the purchaser, rather than the recipient determines when certain customs regulations apply.
ShippingChargesPayment	Yes	Descriptive data indicating the method and means of payment to FedEx for providing shipping services.
SpecialServicesRequested	No	Descriptive data regarding special services requested by the shipper for this shipment. If the shipper is requesting a special service which requires additional data, such as C.O.D., the special service type must be present in the ShipmentSpecialServicesRequested/ SpecialServiceTypes collection, and the supporting detail must be provided in the appropriate sub-object. For example, to request C.O.D., "COD" must be included in the SpecialServiceTypes collection and the CodDetail object must contain the required data.
ExpressFreightDetail	No	Details specific to a FedEx Express Freight® shipment (i.e. FedEx First Freight, FedEx 1Day, 2Day, and 3Day Freight).
FreightShipmentDetail	No	Details specific to a FedEx Freight LTL shipment (i.e. FedEx Priority and Economy Freight).
DeliveryInstructions	No	Used with FedEx Home Delivery® and FedEx Freight.
VariableHandlingChargeDetail	No	Details about how to calculate variable handling charges at the shipment level.
CustomsClearanceDetail	No	Information about this package that only applies to an international (export) shipment or return.

Element	Required	Description
PickupDetail	No	For use in “process tag” transaction.
SmartPostDetail	No	Details specific to FedEx SmartPost shipments.
BlockInsightVisibility	No	If true, only the shipper/payor will have visibility of this shipment.
LabelSpecification	Yes	Details about the image type, printer format, and label stock for label. Can also specify customer specific details such as doc-tab content, regulatory labels, and mask data on the label.
ShippingDocumentSpecification	No	Contains all data required for additional (non-label) shipping documents to be produced with a specific shipment.
RateRequestTypes	No	Indicates the type of rates to be returned. Valid values are: <ul style="list-style-type: none"> • LIST — Returns published rates in response • PREFERRED — Returns rates in currency specified in the PreferredCurrency element • NONE — Returns account rates in response. This value is the default behavior.
EdtRequestType	No	Specifies whether the customer wishes to have Estimated Duties and Taxes provided with the rate quotation on this shipment. Only applies with shipments moving under international services.
MasterTrackingId	No	Used when requesting child pieces in a multiple-package shipment (MPS). The master tracking information will be returned in reply from the first package requested for a multiple-package shipment. That master tracking information is then inserted into the requests for each additional package requested for that multiple-package shipment.
PackageCount	Yes	For an MPS, this is the total number of packages in the shipment.
ConfigurationData	No	Specifies data structures that may be re-used multiple times with a single shipment.
RequestedPackageLineItems	No	One or more package-attribute descriptions, each of which describes an individual package, a group of identical packages, or (for the total-piece-total-weight case) common characteristics of packages in the shipment.
RequestedShipment/ReturnInstructionsDetail/ShippingDocumentFormat/documentFormatOptionsrequested/DocumentFormatOptions	No	SUPPRESS_ADDITIONAL_LANGUAGES This value will suppress English language if another language is specified in language code field. (Default is English)

Element	Required	Description
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/EmailLabelDetail	No	<p>Describes specific information about the email label shipment.</p> <ul style="list-style-type: none"> • Message: Content of the email message • Recipients: EMailRecipient <ul style="list-style-type: none"> ◦ emailAddress - email address of the recipient ◦ role - role type of the recipient ◦ optionsRequested localization
RequestedShipment/SpecialServicesRequested/PendingShipmentDetail/ProcessingOptions	No	<p>ALLOW_MODIFICATIONS</p> <p>This allows the Email Label originator to specify if the completer can make modifications to editable shipment data.</p>
RequestedShipment/SpecialServicesRequested/RecommendedDocumentSpecification	No	<ul style="list-style-type: none"> • "ANTIQUE_STATEMENT_EUROPEAN_UNION" • "ANTIQUE_STATEMENT_UNITED_STATES" • "ASSEMBLER_DECLARATION" • "BEARING_WORKSHEET" • "FILM_AND_VIDEO_CERTIFICATE" • "CERTIFICATE_OF_SHIPMENTS_TO_SYRIA" • "PRINTED_CIRCUIT_BOARD_WORKSHEET" • "COMMERCIAL_INVOICE_FOR_THE_CARIBBEAN_COMMON_MARKET" • "CONIFEROUS_SOLID_WOOD_PACKAGING_MATERIAL_TO_THE_PEOPLES_REPUBLIC_OF_CHINA" • "DECLARATION_OF_IMPORTED_ELECTRONIC_PRODUCTS SUBJECT_TO_RADIATION_CONTROL_STANDARD" • "DECLARATION_OF_BIOLOGICAL_STANDARDS" • "ELECTRONIC_INTEGRATED_CIRCUIT_WORKSHEET" • "INTERIM_FOOTWEAR_INVOICE" • "NAFTA_CERTIFICATE_OF_ORIGIN_UNITED_STATES" • "NAFTA_CERTIFICATE_OF_ORIGIN_CANADA_FRENCH" • "NAFTA_CERTIFICATE_OF_ORIGIN_CANADA_ENGLISH" • "NAFTA_CERTIFICATE_OF_ORIGIN_SPANISH" • "PACKING_LIST" • "REPAIRED_WATCH_BREAKOUT_WORKSHEET" • "DECLARATION_FOR_FREE_ENTRY_OF_RETURNED_AMERICAN_PRODUCTS" • "STATEMENT REGARDING THE IMPORT OF RADIO_FREQUENCY_DEVICES" • "TOXIC_SUBSTANCES_CONTROL_ACT" • "UNITED_STATES_WATCH_REPAIR_DECLARATION" • "UNITED_STATES_NEW_WATCH_WORKSHEET" • "UNITED_STATES_CARIBBEAN_BASIN_TRADE_PARTNERS_HIP_ACT_CERTIFICATE_OF_ORIGIN_TEXTILES" • "UNITED_STATES_CARIBBEAN_BASIN_TRADE_PARTNERS_HIP_ACT_CERTIFICATE_OF_ORIGIN_NON_TEXTILES"

Element	Required	Description
RequestedShipment/specialServicesRequested/pendingShipmentDetail/documentReferences/documentProducer	No	<p>Specifies details for uploaded documents provided by the shipment initiator.</p> <p>Valid values:</p> <ul style="list-style-type: none"> • CUSTOMER • FEDEX_CAFE • FEDEX_CLS • FEDEX_FIDT • FEDEX_FXRS • FEDEX_GSMW • FEDEX_GTM • OTHER

11.3 Delete Shipment

The Delete Shipment feature allows you to delete packages that have not already been tendered to FedEx.

FedEx services offering this feature are FedEx Express®, FedEx Ground® and FedEx Custom Critical®.

Note: This feature does not apply to Return Tag Services, FedEx Express and FedEx Ground Return Labels, and Email Return Label options.

11.3.1 Delete Shipment Coding Details

The following elements can be used to delete a package or shipment:

Table 78: Delete Shipment Coding Details Elements

Element	Required	Description
WebAuthenticationDetail	Yes	Descriptive data to be used in authentication of the sender's identity (and right to use FedEx Web Services).
ClientDetail	Yes	Descriptive data identifying the client submitting the transaction.
TransactionDetail	No	Descriptive data for this customer transaction. The TransactionDetail from the request is echoed back to the caller in the corresponding reply.
Version	Yes	Identifies the version/level of a service operation expected by a caller (in each request) and performed by the callee (in each reply).
ShipTimestamp	No	The timestamp of the shipment request.
TrackingId	No	Complex type element that contains information about the package being deleted.
TrackingId/TrackingIDType	Yes	Valid values are: <ul style="list-style-type: none">• EXPRESS• FEDEX

Element	Required	Description
		<ul style="list-style-type: none"> • GROUND • USPS <p><i>Note: Canceling a shipment is not supported for Freight. You must call FedEx to cancel and/or update a previously scheduled Freight shipment.</i></p>
TrackingID/ TrackingNumber	Yes	<p>The tracking number value to be deleted.</p> <p>The tracking number assigned to the package. Delete requirements for multiple-package shipments are as follows:</p> <ul style="list-style-type: none"> • For FedEx Express international multiple-package shipments, if you enter the master tracking number, all packages associated with this shipment are deleted. If you attempt to delete one package in a shipment, the label sequence number will be incorrect and you may experience clearance issues in customs if you cannot account for all packages in the shipment. • For FedEx International Ground® multiple-package shipments, if you enter any tracking number associated with the master shipment, all packages associated with the shipment are deleted. • For FedEx Ground U.S. multiple-package shipments, you may enter a single tracking number to delete one package in the shipment. Since FedEx Ground U.S. multiple-package shipments labels are not associated with sequential numbers (1 of 2, 2 of 2), you do not need to delete the entire shipment. • For FedEx Express C.O.D. multiple-package shipments, enter any tracking number in the shipment to delete the entire shipment. <p>For FedEx Ground® C.O.D. multiple-package shipments, you must delete each individual package.</p>
DeletionControl	Yes	<p>Determines the type of deletion to be performed in relation to package level versus shipment level. Valid options are:</p> <ul style="list-style-type: none"> • DELETE_ALL_PACKAGES • DELETE_ENTIRE_CONSOLIDATION • DELETE_ONE_PACKAGE • LEGACY

If you are unable to delete the package or shipment, you will receive an error condition. This error condition indicates that:

- For FedEx Ground shipments, a close has already been performed for that tracking number.
- For FedEx Express shipments, the package has already been tendered to FedEx.
- You have entered an invalid account number or meter number.

- The account number and meter number, while valid, are not associated with one another or with the tracking number.
- You entered an invalid tracking number. This applies to FedEx Ground shipments only. FedEx Express accepts any number with the correct amount of digits.

11.3.1.1 Example DeleteShipmentRequest

```

    </soapenv:Body>
```

```
</soapenv:Envelope>
```

11.3.1.2 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

11.3.1.3 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

11.4 Process Shipment Reply

The following may be returned in a Process Shipment Reply.

Table 79: ProcessShipmentReply Elements

Element	Required	Description
HighestSeverity	Yes	Identifies the highest severity encountered when performing the request. Valid values are: <ul style="list-style-type: none">• FAILURE• ERROR• WARNING• NOTE

Element	Required	Description
		<ul style="list-style-type: none"> SUCCESS
Notifications	Yes	<p>Includes the descriptive data detailing the status of a submitted transaction. Includes the severity of the notification, which indicates success or failure or some other information about the request. Valid values are:</p> <ul style="list-style-type: none"> SUCCESS – Your transaction succeeded with no other applicable information. NOTE – Additional information that may be of interest to you about your transaction. WARNING – Additional information that you need to know about your transaction that you may need to take action on. ERROR – Information about an error that occurred while processing your transaction. FAILURE – FedEx was unable to process your transaction at this time due to a system failure. Please try again later.
JobId	No	—
CompletedShipmentDetail	No	The reply payload. All of the returned information about this shipment/package.
CompletedShipmentDetail/UsDomestic	No	Indicates whether or not this is an intra-U.S. shipment.
CompletedShipmentDetail/CarrierCode	No	Indicates the carrier that will be used to deliver this shipment.
CompletedShipmentDetail/MasterTrackingId	No	The master tracking number and form id of this multiple piece shipment. This information is to be provided for each subsequent of a multiple piece shipment.
CompletedShipmentDetail/ServiceTypeDescription	No	Description of the FedEx service used for this shipment. Currently not supported.
CompletedShipmentDetail/PackagingDescription	No	Description of the packaging used for this shipment. Currently not supported.
CompletedShipmentDetail/OperationalDetail	No	Specifies shipment level operational information.
CompletedShipmentDetail/AccessDetail	No	Used only with pending shipments.
CompletedShipmentDetail/TagDetail	No	Only used in the reply to tag requests.
CompletedShipmentDetail/HazardousShipmantDetail	No	Computed shipment level information about hazardous commodities.

Element	Required	Description
CompletedShipmentDetail/ShipmentRating	No	All shipment-level rating data for this shipment, which may include data for multiple rate types.
CompletedShipmentDetail/CompletedHoldAtLocationDetail	No	Returns the default holding location information when HOLD_AT_LOCATION special service is requested and the client does not specify the hold location address.
CompletedShipmentDetail/ExportComplianceStatement	No	Returns any defaults or updates applied to RequestedShipment.exportDetail.ExportComplianceStatement.
CompletedShipmentDetail/CompletedEtdDetail	No	Valid values are: <ul style="list-style-type: none"> • FolderId — The identifier for all clearance documents associated with this shipment. • UploadDocumentReferenceDetails
CompletedShipmentDetail/ShipmentDocuments	No	All shipment-level shipping documents (other than labels and barcodes).
CompletedShipmentDetail/AssociatedShipments	No	Provides the customer with the Delivery on Invoice Acceptance data.
CompletedShipmentDetail/CompletedCodDetail	No	Specifies the results of processing for the COD special service.
CompletedShipmentDetail/CompletedPackageDetails	No	Package level details about this package.
/CompletedPackageDetails/SequenceNumber	No	The package sequence number of this package in a multiple piece shipment.
/CompletedPackageDetails/TrackingIds	No	The tracking number and form id for this package.
/CompletedPackageDetails/GroupNumber	No	Used with request containing PACKAGE_GROUPS, to identify which group of identical packages was used to produce a reply item.
/CompletedPackageDetails/OversizeClass	No	Oversize class for this package.
/CompletedPackageDetails/PackageRating	No	All package-level rating data for this package, which may include data for multiple rate types.
/PackageRating/ActualRateType	No	This rate type identifies which entry in the following array is considered as presenting the "actual" rates for the package.
/PackageRating/EffectiveNetDiscount	No	The "list" net change minus "actual" net change.

Element	Required	Description
/PackageRating/PackageRateDetails	No	Each element of this field provides package-level rate data for a specific rate type.
/PackageRating/PackageRateDetail/RateType	No	Type used for this specific set of rate data.
/PackageRating/PackageRateDetail/RatedWeightMethod	No	Indicates which weight was used.
/PackageRating/PackageRateDetail/MinimumChargeType	No	INTERNAL FEDEX USE ONLY.
/PackageRating/PackageRateDetail/BillingWeight	No	The weight that was used to calculate the rate.
/PackageRating/PackageRateDetail/OversizeWeight	No	The oversize weight of this package (if the package is oversize).
/PackageRating/PackageRateDetail/BaseCharge	No	The Transportation charge only (prior to any discounts applied) for this package.
/PackageRating/PackageRateDetail/TotalFreightDiscounts	No	The sum of all discounts on this package.
/PackageRating/PackageRateDetail/NetFreight	No	This package's baseCharge - totalFreightDiscounts.
/PackageRating/PackageRateDetail/TotalSurcharges	No	The sum of all surcharges on the package.
/PackageRating/PackageRateDetail/NetFedExCharge	No	The package's netFreight + totalSurcharges (not including totalTaxes).
/PackageRating/PackageRateDetail/TotalTaxes	No	The sum of all taxes on this package.
/PackageRating/PackageRateDetail/NetCharge	No	The package's netFreight + totalSurcharges + totalTaxes.
/PackageRating/PackageRateDetail/TotalRebates	No	The total sum of all rebates applied to this package.
/PackageRating/PackageRateDetail/FreightDiscounts	No	All rate discounts that apply to this package.
/PackageRating/PackageRateDetail/Rebates	No	All rebates that apply to this package.
/PackageRating/PackageRateDetail/Surcharges	No	All surcharges that apply to this package (either because of characteristics of the package itself, or because it is

Element	Required	Description
		carrying per-shipment surcharges for the shipment of which it is a part).
/Surcharges/SurchargeType	No	<p>The type of surcharge applied to the shipment. Valid values are:</p> <ul style="list-style-type: none"> • ADDITIONAL_HANDLING • ANCILLARY_FEE • APPOINTMENT_DELIVERY • BROKER_SELECT_OPTION • CANADIAN_DESTINATION • CLEARANCE_ENTRY_FEE • COD • CUT_FLOWERS • DELIVERY_AREA • DELIVERY_CONFIRMATION • DELIVERY_ON_INVOICE_ACCEPTANCE • DOCUMENTATION_FEE • DRY_ICE • EMAIL_LABEL • EUROPE_FIRST • EXCESS_VALUE • EXHIBITION • EXPORT • EXTRA_SURFACE_HANDLING_CHARGE • EXTREME_LENGTH • FEDEX_INTRACOUNTRY_FEES • FEDEX_TAG • FICE • FLATBED • FREIGHT_GUARANTEE • FREIGHT_ON_VALUE • FREIGHT_TO_COLLECT • FUEL • HOLD_AT_LOCATION • HOME_DELIVERY_APPOINTMENT • HOME_DELIVERY_DATE_CERTAIN • HOME_DELIVERY_EVENING • INSIDE_DELIVERY • INSIDE_PICKUP • INSURED_VALUE • INTERHAWAII

Element	Required	Description
		<ul style="list-style-type: none"> • LIFTGATE_DELIVERY • LIFTGATE_PICKUP • LIMITED_ACCESS_DELIVERY • LIMITED_ACCESS_PICKUP • METRO_DELIVERY • METRO_PICKUP • NON_MACHINABLE • OFFSHORE • ON_CALL_PICKUP • OTHER • OUT_OF_DELIVERY_AREA • OUT_OF_PICKUP_AREA • OVERSIZE • OVER_DIMENSION • PIECE_COUNT_VERIFICATION • PRE_DELIVERY_NOTIFICATION • PRIORITY_ALERT • PROTECTION_FROM_FREEZING • REGIONAL_MALL_DELIVERY • REGIONAL_MALL_PICKUP • REROUTE • RESCHEDULE • RESIDENTIAL_DELIVERY • RESIDENTIAL_PICKUP • RETURN_LABEL • SATURDAY_DELIVERY • SATURDAY_PICKUP • SIGNATURE_OPTION • TARP • THIRD_PARTY_CONSIGNEE • TRANSMART_SERVICE_FEE
/Surcharges/Level	No	Identifies whether the surcharge is assessed at the PACKAGE or SHIPMENT level.
/Surcharges/Description	No	The data describing the surcharge.
/Surcharges/Amount	Yes	The amount of the surcharge applied to the shipment.
/PackageRating/PackageRateDetail/Taxes	No	All taxes applicable (or distributed to) this package.
/PackageRating/PackageRateDetail/VariableH	No	The variable handling charges calculated based on the

Element	Required	Description
handlingCharges		type variable handling charges requested.
/CompletedPackageDetails/OperationalDetail	No	Specifies package level operational information.
/CompletedPackageDetails/Label	No	The label image or printer commands to print the label.
/CompletedPackageDetails/PackageDocuments	No	All package-level shipping documents (other than labels and barcodes). For use in loads after January 2008.
/CompletedPackageDetails/CodReturnDetail	No	Specifies the information associated with this package that has COD special service in a ground shipment.
/CompletedPackageDetails/SignatureOption	No	Actual signature option applied, to allow for cases in which the original value conflicted with other service features in the shipment.
/CompletedPackageDetails/DryIceWeight	No	Descriptive data required for a FedEx shipment containing dry ice. Descriptive data includes Weight and Units in KGs. This element is required when SpecialServiceType DRY_ICE is present in the SpecialServiceTypes collection at the package level.
/CompletedPackageDetails/HazardousPackageDetail	No	Documents the kinds and quantities of all hazardous commodities in the current package, using updated hazardous commodity description data.
ErrorLabels	No	Empty unless error label behavior is PACKAGE_ERROR_LABELS and one or more errors occurred during transaction processing.
CompletedShipmentDetail/PendingShipmentAccessDetail/AccessorDetails	Yes	Provides the ability to return multiple sets of Email label access credentials: <ul style="list-style-type: none"> • Role <ul style="list-style-type: none"> ◦ "SHIPMENT_COMPLETOR" ◦ "SHIPMENT_INITIATOR" • userId • password • emailLabelUrl

11.5 Validate Shipment

Validate Shipment is part of the Shipping service that allows customers to validate the accuracy of a shipment request prior to actually submitting the shipment transaction.

This feature allows businesses that receive shipping orders from end-user customers to validate the shipment information prior to submitting a create shipment transaction to FedEx and printing a label. If for any reason the information needs to be edited or changed, it can be done while the end-user is still available to confirm the changes.

11.5.1 ValidateShipmentRequestElements

In addition to the basic request elements required for all operations, the following elements are required for when coding a ValidateShipmentRequest:

Table 80: Validate Shipment Request Elements

Element	Required	Description
RequestedShipment	Yes	Describe ship information you wish to validate. For information on RequestedShipment elements, see Ship Service Coding Basics .

11.5.2 ValidateShipmentReply Data

Successful reply data are returned in a ValidateShipmentReply.

11.5.3 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

11.6 FedEx One Rate

FedEx One Rate is the Legal and Brand approved name for the new one rate shipping portfolio based on Six Express Service options, combined with seven FedEx proprietary (white) packaging types. As part of the FedEx One Rate project, new FedEx white packaging will be introduced for your use.

11.6.1 FedEx One Rate Packaging

Valid FedEx Packaging for the One Rate Pricing Option:

The FedEx Packaging Types that are valid/available with the One Rate pricing option are the following:

- FEDEX_ENVELOPE
- FEDEX_EXTRA_LARGE_BOX
- FEDEX_LARGE_BOX
- FEDEX_MEDIUM_BOX
- FEDEX_PAK
- FEDEX_SMALL_BOX
- FEDEX_TUBE

Your own packaging is not available for the One Rate pricing option.

11.6.2 New Packaging for Non-One Rate (Traditional Weight-Based)

New FedEx Packaging for Non-One Rate (Traditional Weight-Based) Pricing Option:

The new FedEx Packaging Types that are valid/available with the non-One Rate, or traditional weight-based, pricing option are the following:

- FEDEX_SMALL_BOX
- FEDEX_MEDIUM_BOX
- FEDEX_LARGE_BOX
- FEDEX_EXTRA_LARGE_BOX

11.6.3 Maximum Weight for New FedEx Packaging

The maximum allowable weights for the New FedEx Packaging (referenced below) are:

- FEDEX_SMALL_BOX
- FEDEX_MEDIUM_BOX
- FEDEX_LARGE_BOX
- FEDEX_EXTRA_LARGE_BOX

For U.S. domestic traditional weight-based Express shipment:..... 20 lb/9 kg
For U.S. outbound traditional weight-based Express shipment:..... 40 lb/18 kg
For U.S. domestic Express One Rate shipment:.....10 lb/4.5 kg (Envelope)
For U.S. domestic Express One Rate shipment:.....50 lb/22.68 kg (all other)

11.6.4 How to Specify One Rate Pricing

How to Specify FedEx One Rate Pricing Option in the Web Service Transaction:

1. Specify the "FEDEX_ONE_RATE" ShipmentSpecialService.
2. Specify one of the following Packaging Types:

Packaging Type	Max Weight (lbs)	Max Weight (kg)
FEDEX_SMALL_BOX	50	22.68
FEDEX_MEDIUM_BOX	50	22.68
FEDEX_LARGE_BOX	50	22.68
FEDEX_EXTRA_LARGE_BOX	50	22.68
FEDEX_PAK	50	22.68
FEDEX_TUBE	50	22.68
FEDEX_ENVELOPE	10	4.5

3. Specify a U.S. origin and a U.S. destination. (note: intra-Hawaii shipments are not allowed for One Rate pricing.)
4. Specify one of the following FedEx Express services:
 - o FIRST_OVERNIGHT
 - o PRIORITY_OVERNIGHT
 - o STANDARD_OVERNIGHT
 - o 2_DAY
 - o 2_DAY_AM
 - o EXPRESS_SAVER

**Note: Web Services clients can request both One Rate and weight-based (non-One Rate) rates in a single RateRequest by specifying "FEDEX_ONE_RATE" as a ServiceOptionType in the RateRequest.variableOptions.*

11.6.5 Express Saver Service and FedEx Packaging

Weight-Based Express Saver Now Available with FedEx Packaging:

Packages can now be shipped using the Express Saver service for a weight-based rate in the following FedEx packaging;

- FEDEX_SMALL_BOX
- FEDEX_MEDIUM_BOX
- FEDEX_LARGE_BOX
- FEDEX_EXTRA_LARGE_BOX
- FEDEX_TUBE

Previously, only your own packaging was allowed for the Express Saver service.

12 Returns Shipping

Returns are available for intra-country and international shipping in a variety of areas wherever existing FedEx Express and FedEx Ground services are available. You can associate or "link" an outbound shipment with a return shipment using the tracking numbers.

When processing your global return package with FedEx automation, you'll need to provide a reason for that return for customs clearance purposes, on both the outbound and return shipments, when processing your package. Identify your package as a return and include the return type. Select the correct return reason from the table below.

Table 81: Return Types

OUTBOUND What's the reason for including a return label?	RETURN What's the reason for the return?	When to use
Courtesy Return Label	Rejected Merchandise	Select these two reasons when you're including a return label for your customer in your shipment, but typically don't expect returns.
For Exhibition/Trade Show	Exhibition/Trade Show Returns	Select these two reasons when the goods you're shipping are for a show, exhibition, trade show or event.
Item for Loan	Return of Loaned Item	Select these two reasons when the goods you're shipping are for temporary use by the recipient to be returned to you in an unaltered state.
For Repair/Processing	Repair/Processing Returns	Select these two reasons when the goods you're shipping will be either repaired or otherwise processed before being returned to you. Processing can include things like modification, incorporation, or treatment of some kind.
Items for Use in a Trial	Trial Returns	Select these two reasons when the goods you're shipping are for a trial and will be returned to you.
Replacement	Faulty Item Being Sent	Select these two reasons when you're shipping a replacement item in advance of receiving a faulty item back.
Temporary Export — Other	Return — Other	Select these two reasons when none of the other reasons listed apply. When you select these reasons, you'll have the ability to state your exact reason for the return.

OUTBOUND What's the reason for including a return label?	RETURN What's the reason for the return?	When to use
Following Repair/Processing	N/A	Select this reason when the recipient of the goods previously sent you the item for repair; however, they had not previously shipped with FedEx.

Once the return shipment is generated you can track it through available tracking applications, thus increasing visibility timeframe.

You have the capability of creating associated outbound and return shipments:

- on different shipping platforms
- with a destination different from the origin of the associated outbound shipment (which includes the possibility of returning to a different country)
- with an origin different from the destination of the associated outbound shipment

FedEx® Returns solutions provide two methods of processing return labels: FedEx Return Labels and FedEx Return Tags.

- FedEx Return Label solutions let you either generate Print Return or Email Return labels or use pre-printed labels (Billable Stamps and Ground Package Returns Program).
 - FedEx Print Return label — Create and print a return label, then include it either in the original shipment to your customer or in a separate correspondence. Your customer can then apply this label to the package as needed and drop it off at the nearest FedEx drop-off location.
 - FedEx Email Return label — Email your customers a password-protected fedex.com URL that they can access to print a return label directly from their computer. The customer receives an email with a link to the label, then prints the label, applies it to the package, and drops it off at the nearest FedEx drop-off location. See [Return \(Inbound\) Email Label Elements](#)
 - Printed return labels do not expire and are valid for transportation use anytime. However, if the label is more than 255 days old, then the customer will not be able to track the shipment, even though the label is still usable.
- FedEx Return Tag solutions (FedEx Express® Tag and FedEx Ground® Call Tag) provide return labels generated by FedEx at the time of package pickup. You arrange for FedEx to create and deliver return shipping labels to your customer and collect the item for return. Your customer simply needs to have the package ready for pickup when the FedEx Express® courier arrives. A shipping label and a customer receipt will be printed on-site. You also schedule the pickup; for FedEx Express, the pickup is on the same day or the next business day, Monday through Friday. FedEx makes one pickup attempt as part of the service. For FedEx Ground, the pickup is the next business day and up to 10 business days in advance. Business days are Monday through Friday for commercial pickups, and Tuesday through Saturday for residential pickups. FedEx makes three pickup attempts as part of the service.

You can also print return instructions to include with your outbound shipments using the `ReturnInstructionsDetail`.

This section describes how to create and delete FedEx Express and FedEx Ground return tag requests and how to include a FedEx Express or FedEx Ground return label in your Ship request.

You can also find more information on shipping labels in [Creating a Label](#).

12.1 Global Returns

FedEx Global Returns program expands the current Returns Product Portfolio by developing a global returns solution across all regions (Asia Pacific, Europe, the Middle East & Africa, Latin America & the Caribbean, US and Canada) and within regions for domestic returns. This will facilitate returns documentation process, providing an outbound/inbound solution and offering a complete bundle of portfolio options. It also supports returns back to the original origin, returns to a new location or an intra-county return, where available.

It provides the ability for a merchant to request an email return label and trade documents for international and non-US Domestic return shipments and make them available to the return shipper. Many of the enhancements introduced also apply to US Domestic Email Return Label shipments, including, but not limited to: Return instructions, Merchant notifications, Merchant documents, and an extended expiration period (2 years).

The web service transaction updates related to Global Returns can be found in the *RateRequest/Reply Elements*, *CreateOpenShipment Request/Reply Elements*, *ProcessShipment Reply*, and *UploadDocumentsRequest* transaction tables.

12.2 FedEx Return Tags

Use the ShipService WSDL to create and delete Return Tag requests for FedEx Express and FedEx Ground shipments.

Before creating a Return Tag for FedEx Express shipments, you can use [ExpressTagAvailability](#) from the ReturnTagService WSDL to check valid pickup times.

FedEx creates and delivers a return shipping label to your customer and collects the item for return. Your customer needs to have the package ready for pickup when the FedEx driver arrives.

12.2.1 Return Tag Service Details

For FedEx Ground, up to three pickup attempts, and for FedEx Express, one pickup attempt will be made for a Return Tag request before the request is canceled.

The following service details apply to Return Tags.

12.2.1.1 Delivery Area

- Available for FedEx deliveries throughout the 50 United States.
- FedEx Express and FedEx Ground return tag labels are not available for international destinations.

- Both commercial and residential locations are allowed.
- Intra-country returns are also available. Refer to [FedEx Intra-Country Shipping](#) for a list of countries that support intra-country shipping services.

12.2.1.2 Exceptions

- No transborder service to or from Canada and Puerto Rico.
- [Hazardous Materials \(FedEx Ground U.S.\)](#), [Dry Ice Shipments](#), [Dangerous Goods](#) cannot be shipped.

12.2.1.3 Additional Information

- Additional service options include residential pickup.
- The maximum declared value is \$25,000USD.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

12.2.2 Return Tag Coding Details

The following coding details apply to Return Tags:

- You may request one Return Tag pickup in a single transaction.
- You may request up to 99 pieces in a multiple-piece Return Tag transaction.
- No ground manifest is required.
- FedEx® Express Tag shipments can be associated to an outbound shipment via the Return association element.
- FedEx Ground® Call Tag shipments can be associated to an outbound shipment via the RMA element.

12.2.2.1 ProcessTagRequest Elements

In addition to the basic shipping elements required to request a Return Tag, the following elements must be included in the ProcessTagRequest:

Table 82: ProcessTagRequest Elements

Element	Description
RequestedShipment/Shipper	Required. Pickup location information, including contact name, company, address, etc. <i>Note: This element also includes the Residential element. If you are requesting a Return Tag pickup for a residential address, you must include this element for correct surcharge calculation.</i>

Element	Description
RequestedShipment/Recipient	<p>Required. Package delivery destination information, including contract name, company, address, etc.</p> <p><i>Note: This element also includes the Residential element. If you are requesting a Return Tag package delivery to a residential address, you must include this element for correct surcharge calculation.</i></p>
RequestedShipment/ShippingChargesPayment	<p>Required. Valid elements for the PaymentType are:</p> <ul style="list-style-type: none"> • SENDER • THIRD_PARTY <p><i>Note: The Payor/ResponsibleParty/AccountNumber element is required.</i></p>
RequestedShipment/SpecialServicesRequested/SpecialServicesTypes	<p>Required. Special Services Type: RETURN_SHIPMENT</p>
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/ReturnType	<p>Required. Return Type: FEDEX_TAG</p>
RequestedShipment/ShipmentSpecialServicesRequested/ReturnShipmentDetail/Rma/Reason	<p>Optional. Customer-provided reason for the return.</p>
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/ReturnAssociation/TrackingNumber	<p>Optional. This is the tracking number for the outbound shipment associated with this return. FedEx® ExpressTag shipments are associated by the ReturnAssociation element only.</p>
RequestedShipment/SpecialServicesRequested/ReturnShipmentDetail/ReturnAssociation/Shipdate	<p>Optional. This is the ship date for the outbound shipment associated with the return.</p> <p><i>Note: Does not apply to FedEx Ground® Call Tags.</i></p>
RequestedShipment/PickupDetail/ReadyDateTime	<p>Required. The earliest time the package will be ready for pickup. The time entry must be between 08:00:00 and 18:00:00. The date and time information must be in the format YYYY-MM-DDHH:MM:SS.</p>
RequestedShipment/PickupDetail/LatestPickupDateTime	<p>Required. The latest time the package can be picked up by the carrier. This can also represent the business close time. Required for commercial/business pickup locations. The date and time information must be in the format YYYY-MM-DDHH:MM:SS.</p> <p>The date component must be in the format YYYY-MM-DD, such as 2006-06-26. The time component must be in the format HH:MM:SS using a 24-hour clock, such as 11:00 a.m. is 11:00:00, 5:00 p.m. is 17:00:00.</p> <p>The date and time are separated by the letter T, such as 2006-06-26T17:00:00).</p> <p>There is also a UTC offset component indicating the number of hours and minutes from UTC, such as 2006-06-26T17:00:00-0400 is June 26, 2006 5:00 p.m. Eastern Time. The time entry must be between 08:00:00 and 18:00:00.</p>

Element	Description
RequestedShipment/PickupDetail/CourierInstructions	Optional. Additional instructions to the FedEx courier, such as package location or directions, may be added to your request.
RequestedShipment/ShippingDocumentSpecification/ReturnInstructionsDetail	Optional. Specifies the production of the return instructions document.
ShippingDocumentSpecification/ReturnInstructionsDetail/Format	Optional. Specifies characteristics of a shipping document to be produced.
ShippingDocumentSpecification/ReturnInstructionsDetail/CustomText	Optional. Specifies additional customer provided text to be inserted into the return document.
RequestedShipment/PackageCount	Required. This element is required if you want to process a multiple-package shipment. FedEx allows up to 99 pieces in a single transaction.
RequestedShipment/RequestedPackageLineItems	Required. An array of individual package attributes. Single piece tag requests will have one RequestedPackageLineItem. Multiple piece tag requests will have multiple RequestedPackageLineItems. RequestedPackageLineItems cannot exceed 99.
RequestedShipment/RequestedPackageLineItems/InsuredValue	Optional. This is the declared value for an individual package. Use this element if you want to declare a higher value. <i>Note: InsuredValue refers to declared value of the package. FedEx does not provide insurance of any kind.</i> InsuredValue element includes currency and amount.
RequestedShipment/RequestedShipment/RequestedPackagesLineItems/InsuredValue/Amount	Optional. FedEx liability for each package is limited to \$100USD unless a higher value is declared and paid for. Use this element if you want to declare a higher value. FedEx does not provide insurance of any kind. <i>Note: "InsuredValue" refers to declared value of the package. FedEx does not provide insurance of any kind.</i>
RequestedShipment/RequestedPackageLineItems/Weight	Required. Weight element includes units and value.
RequestedShipment/RequestedPackageLineItems/Weight/Value	Required. If you include the PackageCount element in your request, the Weight/Value element must equal the total weight of the packages to be picked up.
RequestedShipment/RequestedPackageLineItems/ItemDescription	Optional. The text describing the package.
RequestedShipment/RequestedPackageLineItems/CustomerReferences/CustomerReferenceType	Optional. A maximum of 40 characters is accepted in this element. This element allows customer-defined notes to print on the shipping label. Use RMA_ASSOCIATION to associate outbound and return shipments by the RMA Number.

Element	Description
RequestedShipment/RequestedPackageLineItems/CustomerReferences/Value	<p>Optional. A maximum of 40 characters is accepted in this element. This element allows customer-defined notes to print on the shipping label.</p> <p><i>Note: A maximum of 20 characters is accepted for the RMA_ASSOCIATION CustomerReferenceType.</i></p>
RequestedShipment/RequestedPackageLineItems/CustomerReferences/CustomReferenceType	<p>Optional. Specifies where to print the customer reference value.</p> <p>Valid values:</p> <ul style="list-style-type: none"> • BILL_OF_LADING • CUSTOMER_REFERENCE • DEPARTMENT_NUMBER • ELECTRONIC_PRODUCT_CODE • INTRACOUNTRY_REGULATORY_REFERENCE • INVOICE_NUMBER • P_O_NUMBER • RMA_ASSOCIATION • SHIPMENT_INTEGRITY • STORE_NUMBER

12.2.3 DeleteTagRequest

If the package has not yet been picked up by the carrier, then the ReturnTag request can be deleted using the DeleteTagRequest process method of the Ship WSDL. In addition to the standard AuthenticationDetail and ClientDetail elements required for all services, the following elements are required for a DeleteTagRequest:

Table 83: DeleteTagRequest Elements

Element	Description
DeleteTagRequest/DispatchLocationId	Optional. Required to cancel FedEx Express Tags. Only used for tags which had FedEx Express services.
DeleteTagRequest/DispatchDate	Required. Specify the date that the dispatch was requested. Format: YYYY-MM-DD.
DeleteTagRequest/Payment	Required. If the original ProcessTagRequest specified third-party payment, then the delete request must contain the same pay type and payor account number for security purposes.
DeleteTagRequest/ConfirmationNumber	Required. This number is returned in the DeleteTagReply. To identify the Tag request you want to delete, this number must be included.

12.2.4 ExpressTagAvailability

Before creating a Process Tag request, you can use the ExpressTagAvailabilityRequest from the ReturnTagService WSDL to check valid access/pickup times and ready times for Express services only. In addition to the standard AuthenticationDetail and Client detail elements required for all services, the following element is required:

Table 84: ExpressTagAvailabilityRequest Element

Element	Description
ExpressTagAvailabilityRequest	The following elements are required: <ul style="list-style-type: none">ReadyDateTime - This element must contain the date and time the package will be ready for pickup (Format: YYYY-MM-DDTHH:MM:SS, Example: 2014-02-10T12:00:00).OriginAddressService – FedEx Express services onlyPackaging

In addition to transaction details and error conditions, the ExpressTagAvailabilityReply returns the following information:

Table 85: ExpressTagAvailabilityReply Elements

Element	Description
AccessTime	This is the minimum time window that must be allocated for the FedEx courier to make the pickup. The difference between the Business Close Time (or the local “cutoff time” if it is earlier than the Business Close Time) and the Package Ready Time must be equal to, or exceed, the access time. <i>Note: Access time requirements vary by postal code.</i>
ReadyTime	The latest time a FedEx courier can pick up the FedEx ExpressTag® package. <i>Note: Ready times vary by postal code.</i>
Availability	Indicates the FedEx ExpressTag service availability at the shipper postal code indicated in the Request. Valid responses are: <ul style="list-style-type: none">NEXT_DAY_AVAILABLESAME_DAY_AND_NEXT_DAY_AVAILABLE

12.3 FedEx Print Return Label

FedEx Print Return Label is ideal for retail products, legal documents, pharmaceuticals, and warranty/repair services.

Use the ProcessShipmentRequest transaction to print a return label and include it in the original shipment to your customer, or send it separately. To use the print return label, your customer simply prepares their package for shipping and applies the return label. Then they may tender the FedEx Express® U.S. or international package, FedEx Ground® package or FedEx International Ground® package to FedEx by scheduling a pickup, using a regular scheduled pickup, or visiting a FedEx dropoff location. Alternatively, FedEx SmartPost® returns (for daily average volume of over 100) may be tendered to any USPS access point, including the shipper's mailbox.

In addition, a Returns Material Authorization (RMA) reference number can be included in your ship transaction. The RMA number prints on the label and your FedEx invoice and can be used to track the return package. FedEx Express, FedEx Ground, and FedEx SmartPost return labels are interchangeable, regardless of the original shipping service. For example, you can send the original shipment using a FedEx Express service, but include a FedEx Ground return label as part of your packing documents.

12.3.1 FedEx Print Return Label Service Details

The following service details apply to FedEx Express and FedEx Ground return labels:

- In the U.S., printed return labels are available for FedEx First Overnight®, FedEx Priority Overnight®, FedEx Standard Overnight®, FedEx 2Day®, FedEx 2Day® A.M., FedEx Ground®, FedEx Home Delivery®, FedEx 2Day® Freight, and FedEx 3Day® Freight throughout the 50 United States.
- FedEx Express Saver® and FedEx 1Day® Freight services are not available.
- For international destinations, printed return labels are available for FedEx International First®, FedEx International Priority®, FedEx International Economy®, FedEx International Priority® Freight, FedEx International Economy® Freight and FedEx International Ground®.
- Additional service options include Saturday Service, Dry Ice Shipments, and Hold at FedEx Location.
- Dangerous Goods and Hazardous Materials cannot be shipped.
- The maximum declared value is
 - \$1,000USD for FedEx First Overnight, FedEx Priority Overnight, FedEx Standard Overnight, and FedEx 2Day.
 - \$50,000USD for FedEx 2Day Freight and FedEx 3Day Freight.
 - \$100USD for FedEx Ground and FedEx Home Delivery.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

12.3.2 FedEx Express / FedEx Ground Return Label Coding Details

The following coding details apply to FedEx Express and FedEx Ground return labels:

- The system automatically generates customized instructions for the return shipper, which can be included with the shipment labels and/or generated separately.

- You can identify the specific reason for the return of the shipment using the CustomsOptionDetail/CustomsOptionsType element.
- Customs clearance documents must be generated by country to ensure shipments are captured and processed correctly.
- Printed return labels do not expire and are valid for transportation use anytime. However, if the label is more than 255 days old, then the customer will not be able to track the shipment, even though the label is still usable.
- Returns shipments are billed upon the delivery scan.
- Returns packages are available in FedEx InSight® after the possession scan is received by FedEx systems.
- Returns shipments can be deleted using DeleteShipment until a Close is performed, either by using the Close Service for FedEx Ground or the end-of-day Close performed at FedEx for FedEx Express shipments. After the shipping day is closed, returns shipments cannot be canceled.
- All label formats supported by FedEx Web Services (laser and thermal) are available for Returns shipping labels.
- You can associate Express outbound and return shipments together using the SpecialServicesRequested/ReturnShipmentDetail/ReturnAssociation/TrackingNumber element. This allows you to track both shipments at the same time using the Returns Merchant Authorization number (RMA) or tracking number. For Ground you can only associate outbound and return shipments together by using the CustomerReferenceType of RMA_ASSOCIATION.
- You can also specify a return and outbound shipping email label. For more information, see [Email Labels](#)
- You can override the shipper address information for a returns shipment by using the Alternate Return Address feature. See [Alternate Return Address](#) for more information.
- You can direct the signed return receipt to a different address.
- Rate quotes are included in the reply for a returns shipment.
- Return shipments must be processed as a single piece shipment. Multiple piece shipments are not supported.

12.3.2.1 Print Return Label Elements

Ensure you are including the return documentation and labels inside the package for your customer. Only the outbound documentation and labels go inside the pouch on the outside of the box.

Include the following elements in your ProcessShipmentRequest to receive a return label in your Ship reply:

Table 86: Print Return Label Elements

Element	Required	Description
RequestedShipment/ShipmentSpecialServicesRequested/SpecialServiceTypes	Optional	The types of all special services requested for the enclosing shipment (or other shipment-

Element	Required	Description
		level transaction). Valid values include: RETURNS_CLEARANCE RETURN_SHIPMENT
RequestedShipment/ShipmentSpecialServicesRequested/DeliveryOnInvoiceAcceptanceDetail	Optional	Allows customers to direct the signed return receipt to a different address.
RequestedShipment/ShipmentSpecialServicesRequested/ReturnShipmentDetail/ReturnType	Required	The type of return shipment being requested. The valid value is PRINT_RETURN_LABEL. With this option you can print a return label to insert into the box of an outbound shipment. This option cannot be used to print an outbound label.
RequestedShipment/ShipmentSpecialServicesRequested/ReturnShipmentDetail/Rma	Optional	Return Merchant Authorization (RMA) If included, this element has one optional field: <ul style="list-style-type: none">• Reason: If the RMA element is included in the Ship request, the return Reason description may be entered. This element allows you to enter up to 60 alphanumeric characters.
RequestedShipment/ShipmentSpecialServicesRequested/ReturnShipmentDetail/ReturnEmailDetail	Optional	Describes specific information about the email label shipment. You can also specify a return and outbound email label. For more information, see Email Labels .
RequestedShipment/ShipmentSpecialServicesRequested/ReturnShipmentDetail/ReturnAssociation	Optional	Specifies the data for the outbound shipment associated with the return.
RequestedShipment/ShippingDocumentSpecification/ReturnInstructionsDetail	Optional	Specifies the production of the return instructions document.
RequestedShipment/ShippingDocumentSpecification/ReturnInstructionsDetail/Format	Optional	Specifies the format of the Return Instructions shipping document.
RequestedShipment/ShippingDocumentSpecification/ReturnInstructionsDetail/CustomText	Optional	Specifies the additional customer provided text to be inserted into the return document.

12.4 Alternate Return Address

FedEx Web Services offer an alternate return address option that allows you to override your shipper address and print a different address on the shipping label. For example, if you send a package that is

undeliverable, you may use this option to display your returns processing facility address so that FedEx will return the package to that address instead of your shipping facility address.

12.4.1 Alternate Return Address Coding Details

The elements required to override your shipper address are provided in the ShipService WSDL. This table contains alternate return address request elements:

Table 87: Alternate Return Request Elements

Element	Required	Description
LabelSpecification/PrintedLabelOrigin/Contact	Optional	If present, this contact information will replace the return address information on the label. The descriptive data for a point-of-contact person.
LabelSpecification/PrintedLabelOrigin/Address	Optional	If present, this address information will replace the return address information on the label. The descriptive data for a physical location.

12.5 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

13 Creating a Label

FedEx Web Services supports a variety of label options, including thermal, plain paper, and customizable labels. With FedEx Web Services, you can use the Ship Service to produce a wide variety of labels. In this section, you will find instructions for generating the labels you need to support your shipping application.

FedEx offers 2 label formats to support shipping services:

1. [Thermal Labels](#)
2. [Laser Labels](#)

13.1 Thermal Labels

FedEx Web Services allows you to print shipping labels for all shipping types, such as FedEx Express®, FedEx Ground®, and FedEx International Ground® using a variety of thermal label printers. The following thermal label sizes are supported by FedEx Web Services:

- 4" x 6" — without a configurable document tab (Doc-Tab)
- 4" x 6.75" — includes a Doc-Tab
- 4" x 8" — provides space to include a graphic or text file of your choice
- 4" x 9" — provides space for graphics or text as well as a Doc-Tab

If you print shipping labels using a thermal printer, you may choose label stock that includes a Doc-Tab, a removable sticky tab with additional shipping information. You can configure this shipping information from your shipping data or choose to print configurable data that is specific to your shipping needs.

13.1.1 Thermal Label Elements

Thermal shipping labels contain three basic elements:

1. Human-readable content: this part of the label contains the shipping information from the FedEx Web Services Ship Service.
2. Two dimensional (2D) barcode: the dimensional alphanumeric barcode stores data for both FedEx Express and FedEx Ground shipments using the American National Standards Institute (ANSI) MH10.8.3 standard. The 2D barcode is created using the Portable Document Format (PDF) 417 symbology.
3. FedEx specific barcode:
 - a. ASTRA (Advanced Sorting Tracking Routing Assistance) for FedEx Express shipments until the FDX 1D barcode has been fully phased in; barcode "96" for FedEx Ground and

FedEx Home Delivery® shipments. FedEx Ground also allows for the use of the SSCC-18 "00" barcode.

- b. FedEx 1D (FDX1D) barcode for FedEx Express shipments is created using ANSI/AIM BC4-1995 (Uniform Symbology Specification Code-128)

All labels required for a shipment are generated and returned in a single buffer. For example, if a label request is made on a C.O.D. shipment, the label server returns the shipping label and a copy of the C.O.D. Return label. The label server always returns the appropriate quantity of labels for each type of shipment, so the client does not need to make multiple label calls to FedEx.

The following FedEx Web Services elements are required to generate a thermal label:

Table 88: Thermal Label Elements

Web Services Element	Description/Valid Values
LabelSpecification/LabelFormatType	<p>Required to receive the correct label image in the Ship Reply service:</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • COMMON2D: The label format type to receive a label. • FEDEX_FREIGHT_STRAIGHT_BILL_OF_LADING • LABEL_DATA_ONLY: The value used to receive the barcode data if you create a custom label. • VICS_BILL_OF_LADING
LabelSpecification/ImageType	<p>Required to format the thermal label for the printer you use; provides the type of data stream or bitmap to be returned.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • DPL — Unimark • EPL2 — Eltron • ZPLII — Zebra <p><i>Note: These printers are all compatible with the ASCII Eltron Programming Language (EPL2) page mode.</i></p>
LabelSpecification/LabelStockType	<p>Required only for thermal labels. Specifies whether label stock has Doc-Tab on leading or trailing end of labels or has no Doc-Tab.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • STOCK_4X6 • STOCK_4X6.75.LEADING_DOC_TAB • STOCK_4X6.75.TRAILING_DOC_TAB • STOCK_4X8 • STOCK_4X9.LEADING_DOC_TAB • STOCK_4X9.TRAILING_DOC_TAB
CustomerSpecifiedLabelDetail/CustomContent	Defines any custom content to print on the label.

Web Services Element	Description/Valid Values
CustomContent/CoordinateUnits	Valid values forCustomLabelCoordinateUnits: MILS PIXELS
CustomContent/TextEntries	Constructed string, based on format and zero or more data fields, printed in specified printer font (for thermal labels) or generic font/size (for plain paper labels).
CustomContent/GraphicEntries	Image to be included from printer's memory, or from a local file for offline clients.
GraphicEntries/Position	X and Y position of the graphic.
GraphicEntries/PrinterGraphicId	Printer-specific index of graphic image to be printed.
GraphicEntries/FileGraphicFullName	Fully-qualified path and file name for graphic image to be printed.
CustomContent/BoxEntries	Solid (filled) rectangular area on label.
BoxEntries/TopLeftCorner	The custom label position of the top, left corner.
BoxEntries/BottomRightCorner	The custom label position of the bottom, right corner.
CustomContent/BarcodeEntries	Constructed string, based on format and zero or more data fields, printed in specified barcode symbology.
CustomerSpecifiedLabelDetail/SecondaryBarcode/SecondaryBarcodeType	<p>Requests customer-specific barcode on FedEx Ground and FedEx Home Delivery labels.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • NONE • COMMON_2D • SSCC_18 • USPS <p><i>Note: USPS is applicable for FedEx SmartPost shipments.</i></p>

13.1.1.1 Sending a Thermal Label to a Local Printer or Network Printer

If you use FedEx Web Services (SOAP request) or non-SOAP requests, the returned label buffer is Base64 encoded. Therefore, before you send the commands to the printer, you must Base64 decode the buffer. You can perform Base64 encoding and decoding using built-in functions of many XML parsers or Microsoft XML Core Services (MSXML). Once decoded, the thermal label buffer contains a list of printer commands to print the label for the type of printer you select in your Ship request. To print the thermal label, send that list of commands to the configured printer port for your thermal printer. Be sure to include the CR/LF characters as you send the commands to the printer.

Note: Labels may be reprinted by sending the original thermal label buffer to the printer. However, labels should be reprinted only if the original label is damaged or lost before the package is picked up, or as a copy for your records. Duplicate labels applied to packages will cause re-labeling and, in some cases, suspension of your shipping capabilities.

13.1.2 Supported Thermal Printers

The following thermal printers are recommended with FedEx Web Services:

- Unimark
- Eltron
 - Orion (EPL2)
 - Eclipse (EPL2)
- Zebra
 - LP2443 (EPL2)
 - LP2844 (EPL2)
 - LP2348 Plus (EPL2)
 - Z4M Plus (ZPL or EPL)
 - ZP500 (ZPL or EPL)

These printers are all compatible with the ASCII Eltron Programming Language (EPL2) page mode. If your printer supports this programming language it may work as well. Check your printer user's guide for details. Thermal printers are supported both as a direct write to the printer connected to a system serial port, and as a native Windows installed printer for LPT, Serial, or USB connections.

13.1.3 Number of Thermal Labels Printed Per Service

The following table indicates the number of each type of label needed for a specific special service. All the necessary labels are generated by a call to the FedEx Common Label Server (CLS), and CLS returns a single buffer with the exception of the C.O.D. Return labels.

13.1.3.1 U.S.

Table 89: Number of Thermal Labels Printed Per U.S. Service

Service Type	Thermal Labels (FedEx CLS will return the appropriate number of labels in the response)
FedEx Express U.S.	1 Shipping label
FedEx Express U.S. C.O.D.	1 Shipping label 1 C.O.D. (Collect On Delivery) Return label

Service Type	Thermal Labels (FedEx CLS will return the appropriate number of labels in the response)
FedEx Ground U.S. / FedEx Home Delivery	1 Shipping label
FedEx Ground U.S. C.O.D.	1 Shipping label 2 C.O.D. Return labels

13.1.3.2 U.S. Export International

Table 90: Number of Thermal Labels Printed Per U.S. Export Int'l Service

Service Type	Thermal Labels (FedEx CLS will return the appropriate number of labels in the response)
FedEx Express U.S. Export International	1 Shipping label 2 Recipient labels
FedEx Express U.S. Export International Broker Select Option	1 Shipping label 2 Recipient labels
FedEx Ground U.S. Export International	1 Shipping label
FedEx Ground U.S. Export International C.O.D.	1 Shipping label 2 C.O.D. Return labels

13.1.3.3 Intra-Canada

Service Type	Thermal Labels (FedEx CLS will return the appropriate number of labels in the response)
FedEx Express intra-Canada	Non-DG (Dangerous Goods)/Dry ice shipment: 1 Shipping label
FedEx Ground intra-Canada	1 Shipping label
FedEx Ground intra-Canada C.O.D.	1 Shipping label 2 C.O.D. Return labels

13.1.3.4 Canada Export International

Service Type	Thermal Labels (FedEx CLS will return the appropriate number of labels in the response)
FedEx Express Canada Export International	Non-DG/Dry ice shipment:

Service Type	Thermal Labels (FedEx CLS will return the appropriate number of labels in the response)
	1 Shipping label 2 Recipient labels
FedEx Express Canada Export International Broker Select	Non-DG/Dry ice shipment: 1 Shipping label 2 Recipient labels
FedEx Ground Canada (CA) Export International	1 Shipping label

13.2 Doc-Tab Configuration

The notation for specifying Doc-Tab value sources begins as a strict subset of standard XPath notation, with a small set of Doc-Tab-specific extensions (described below). A path is prefixed with a small set of “aliases” that identify the object to which the rest of the path applies. The following examples should give the overall “look and feel” of the notation:

Table 91: Doc-Tab Configuration Elements

Desired element	Doc-Tab path (string)
Shipper's company name	REQUEST/SHIPMENT/Shipper/Contact/CompanyName
Total number of packages	REQUEST/SHIPMENT/PackageCount
Current package's sequence number	REQUEST/PACKAGE/SequenceNumber
Current package's weight	REQUEST/PACKAGE/Weight/Value
Shipment total net charge	REPLY/SHIPMENT/RATES/ACTUAL/TotalNetCharge/Amount
Current package's dim weight	REPLY/PACKAGE/RATES/ACTUAL/DimWeight/Value
Contents of the first Customer Reference Field	REQUEST/PACKAGE/CustomerReferences[1]/Value Defines the first record of a possible multi-occurrence array
Total Net Charge using List rates <i>Note: RateRequestTypes value must be "LIST" in the request so that List rates are included in the reply.</i>	REPLY/SHIPMENT/RATES/PAYOR_LIST_PACKAGE/TotalNetCharge/Amount

Every “segment” (portion between “/” separators) in these samples is the actual name of an element from the WSDL, except for the starting segments, which specify where to begin navigating to the

desired data. The client developer would know what names are available from the WSDL. The notation is case-sensitive and the client should use the same names as in the WSDL.

13.2.1 Doc-Tab Coding Details

All data from the customer's description of the shipment (RequestedShipment) and the data returned to the customer (CompletedShipmentDetail) is eligible for use in the Doc-Tab. The complete structure of those objects is necessarily complex, due to the tremendous range of service features that may occur within a FedEx shipment. The first segments of a Doc-Tab path come from a set of alias/shortcut values that allow the customer to indicate whether the requested value is to come from one of the following:

- Client or transaction detail
- Request or reply data
- Shipment- or Package-level data
- Rate data, and if so, which rate type

Note: You must include the LabelPrintingOrientation element within the CustomDocumentDetail, or doc-tabs will not print.

The prefix (leading segments) of the path specifies the above choices in that order, as shown in the following tables:

Table 92: Doc-Tab Prefix (Non-Rate Data)

Prefix (Non-Rate Data)	Remainder of path selects data from...
ClientDetail/...	The effective copy of the ClientDetail
TransactionDetail/...	The effective copy of the TransactionDetail
RequestedShipment/...	The effective copy of the RequestedShipment
RequestedPackageLineItem/...	The effective copy of the current RequestedPackage
CompletedShipmentDetail/...	The CompletedShipmentDetail
CompletedPackageDetail/...	The CompletedPackageDetail

Table 93: Doc-Tab Prefix (Rate Data)

Prefix (Rate Data)	Remainder of path selects data from...
RateReply/RateReplyDetail/RatedShipmentDetail/Shipment RateDetail/...	Shipment-level rate data (totals for actual rate applied)
RateReply/RateReplyDetail/RatedShipmentDetail/Shipment RateDetail/ReturnedRateType/...	Shipment-level rate data (totals for specific returned rate type) ok

Prefix (Rate Data)	Remainder of path selects data from...
RateReply/RateReplyDetail/RatedShipmentDetail/RatedPackageDetail/PackageRateDetail/...	Package-level rate data (details for actual rate applied)
RateReply/RateReplyDetail/RatedShipmentDetail/RatedPackageDetail/PackageRateDetail/ReturnedRateType/...	Package-level rate data (details for specified returned rate type) ok

13.2.2 Doc-Tab Specification

The RequestedShipment contains a LabelSpecification that describes each zone on the Doc-Tab portion of the label by a DocTabZoneSpecification, located as follows:

```
RequestedShipment
...
LabelSpecification (LabelSpecification)
CustomerSpecifiedLabelDetail (CustomerSpecifiedLabelDetail)
    DocTabContent (DocTabContent)
    DocTabContentType (DocTabContentType)
        Zone001 (DocTabContentZone001)
            DocTabZoneSpecifications[] (DocTabZoneSpecification)
        ZoneNumber (positiveInteger)
        Header (string)
            DataReference (string)
            LiteralValue (string)
            Justification (DocTabZoneJustificationType:string)
```

After identifying the zone number, the specification can indicate:

- An optional header
- Either a data reference (path to a request/reply element) or a literal value (actual data to be printed)
- An optional justification

If both a data reference and literal value are passed, literal value takes precedence over data reference.

The data reference specifies a path to the element desired, based on a specific starting point:

- Client detail data (ClientDetail)
- Transaction detail data (TransactionDetail)
- Request data for the entire shipment (RequestedShipment)
- Request data for the current package (RequestedPackage)
- Reply data for the entire shipment (CompletedShipment)
- Reply data for the current package (CompletedPackage)

The path is made up of selectors, each of which specifies a step "into" the structure of the starting-point object. For single-valued (non-array) elements, the name of the element is the selector. All examples on the previous page used single-valued elements.

Array elements are qualified by a predicate that indicates which element of the array should be used, either by position or by content. Examples of this usage would be:

Shipper's first street address line:

REQUEST/SHIPMENT/Shipper/Address/StreetLines[1]

Third-party number of shipment uploaded to FedEx InSight® system:

REQUEST/SHIPMENT/ShipmentContentRecords[3]/PartNumber

Shipment fuel surcharge:

REPLY/PACKAGE/RATES/PAYOR_ACCOUNT/Surcharges[SurchargeType="FUEL"]/Amount

There are few cases where array elements would be needed; the most likely scenario involves data (such as surcharges and taxes).

Example — ZoneNumber 1-8 specify data elements (using the XPath notation) and Zone 9 specifies a literal value.

```

```

13.3 Laser Labels

FedEx Web Services supports label printing with a laser printer. Labels that are printed with a laser printer are generated in PDF format and do not need to be scaled or resized. These labels are usually printed on U.S. Letter or A4 paper and folded in half to fit in the standard FedEx label pouch. The following requirements apply to PDF labels:

- Adobe Reader 6.0 or higher is required to process the label.
- Printer driver configuration must have printer scaling set to none.
- Using an HTML wrapper is not necessary for displaying a plain paper PDF label in a browser.
- Acrobat recommends the following browsers for viewing PDF documents:
 - Microsoft Internet Explorer 10 or higher
 - Firefox 1.0 or higher
 - Mozilla 1.7 or higher

The PDF label option eliminates the need to specify the image orientation parameter (width and height) or the screen resolution to display the label properly in the browser.

13.3.1 Laser Label Elements

Laser shipping labels contain three basic elements:

1. Human-readable content — This part of the label contains the shipping information from FedEx Web Services Ship Services.
2. Two dimensional (2D) barcode — The dimensional alphanumeric barcode stores data for both FedEx Express and FedEx Ground shipments using American National Standards Institute (ANSI) MH10.8.3 standard. The 2D barcode is created using the Portable Document Format (PDF) 417 format.
3. FedEx specific barcode:
 - a. ASTRA (Advanced Sorting Tracking Routing Assistance) for FedEx Express shipments until the FDX 1D barcode has been fully phased in; barcode "96" for FedEx Ground and FedEx Home Delivery shipments. FedEx Ground also allows for the use of the SSCC-18 "00" barcode when applicable.
 - b. FedEx 1D (FDX1D) barcode for FedEx Express shipments is created using ANSI/AIM BC4-1995 (Uniform Symbology Specification CODE-128).

13.3.2 Generating a Laser Label

The following FedEx Web Services elements are required to generate a laser label:

Table 94: Web Services Elements

Web Services Element	Description/Valid Values
LabelSpecification/LabelFormatType	Required to receive the correct label image in the Ship Reply service: Valid values are: <ul style="list-style-type: none">• COMMON2D — label format type to receive a label.• FEDEX_FREIGHT_STRAIGHT_BILL_OF_LADING — creates a FedEx Freight (LTL) Bill of Lading, which is formatted for an 8.5x11" sheet of plain paper.• LABEL_DATA_ONLY — this value is used to receive the barcode data if you create a custom label.• VICS_BILL_OF_LADING — Creates a FedEx Freight (LTL) VICS Bill of Lading, which is formatted for an 8.5x11" sheet of plain paper.
LabelSpecification/ImageType	Required to indicate label formatting. Type of data stream or bitmap to be returned: Valid values are: <ul style="list-style-type: none">• PDF — plain paper• PNG — plain paper
LabelSpecification/LabelStockType	Required for all label types. Specifies whether label stock has Doc-Tab on leading or trailing end of labels or has no Doc-Tab. When using an ImageType of PDF or PNG, these values display a thermal format label: <ul style="list-style-type: none">• PAPER_4X6

Web Services Element	Description/Valid Values
	<ul style="list-style-type: none">• PAPER_4X8• PAPER_4X9 <p>these values display a plain paper format shipping label:</p> <ul style="list-style-type: none">• PAPER_7X4.75• PAPER_8.5X11_BOTTOM_HALF_LABEL• PAPER_8.5X11_TOP_HALF_LABEL• PAPER_LETTER <p><i>Note: The PAPER_LETTER value is also valid for international A4 paper format.</i></p>

Note: If you request a plain paper label, the data returned is a Base64 encoded label image, which must be Base64 decoded prior to displaying the label file.

13.3.3 Supported Laser Printers

Most laser printers are supported for this label type; however, labels will not be accepted if they are printed on an ink jet printer. If you are using a color laser printer, the color definition should be set to black, even if the printer only has a black cartridge installed. This setting is necessary to achieve the correct barcode definition for scanning at the FedEx hubs.

13.3.4 Printing a Laser Label

FedEx returns one laser label per shipping request, with the exception of C.O.D. labels. If you need to print multiple labels (for example, international shipments need additional copies of shipping labels to accompany the customs clearance documentation), you must request additional copies.

To prepare your package for shipment, you must:

1. Use the Print button on your browser to print the page containing your label.
2. The shipping portion of the laser label prints on the top half of an U.S. Letter or A4 page.
3. If you use FedEx approved label stock that accommodates the half page label as a peel and stick, affix this portion of the label to the package. The bottom portion of the label provides terms and conditions and a recap of your tracking number. This portion of the label should be kept for your records.
4. If you use plain paper instead of label stock, fold the page in half and place it in a waybill pouch.

Attach the pouch to your package so that the barcode portion of the label can be read and scanned.

Note: Labels may be reprinted by sending the original PDF to the printer. However, labels should be reprinted only if the original label is damaged or lost before the package is picked up or as a copy for your records.

Duplicate labels applied to packages will cause re-labeling and, in some cases, suspension of your shipping capabilities.

Note: For all Mexico to Mexico shipments, if no language is specified, the Legal Terms and Conditions will be provided in Spanish.

13.3.4.1 Account Masking on Shipping Label

The purpose of the Account Masking on Shipping Label feature is to prevent the exposure of the FedEx account numbers to the final recipient of the shipment:

- Prevent account numbers from printing on International and non-US Domestic Express plain paper shipping labels.
- The account numbers continue to print on FedEx plain paper Air Waybill copies used by operations and customs clearance.

By adopting the Thermal Label Layout on plain paper labels, the above requirements are satisfied while moving FedEx towards harmonizing the label images, regardless of the requested format (thermal, pdf, png, and dib).

Shipping clients will now receive 2 new label images from Common Label Service (CLS), and will print appropriate numbers of copies as defined by current business rules for the origin and destination countries and shipment type (doc, non-doc, ITAR, etc).

13.3.5 Number of Laser Labels Required Per Service

The following table indicates the number of each type of label needed for a specific special service. All the necessary labels are generated by a call to the FedEx Common Label Server (CLS), and CLS returns a single buffer with the exception of the C.O.D. Return labels.

13.3.5.1 U.S.

Table 95: Number of Thermal Labels Printed Per U.S. Service

Service Type	Laser Label - PDF Format
FedEx Express U.S. C.O.D.	1 Shipping label 1 C.O.D. (Collect On Delivery) Return label
FedEx Ground / FedEx Home Delivery U.S.	1 Shipping label
FedEx Ground U.S. C.O.D.	1 Shipping label 2 C.O.D. Return labels

13.3.5.2 U.S. Export International

Table 96: Number of Thermal Labels Printed Per U.S. Export International Service

Service Type	Laser Label - PDF Format
FedEx Express U.S. Export International	1 Shipping label in the reply; a minimum of 3 labels must be printed — 1 label on the package and 2 in the document pouch.
FedEx Express U.S. Export International Broker Select	1 Shipping label in the reply; a minimum of 3 labels must be printed — 1 label on the package and 2 in the document pouch.
FedEx Ground U.S. Export International	1 Shipping label
FedEx Ground U.S. Export International C.O.D.	1 Shipping label 2 C.O.D. Return labels

13.3.5.3 Intra-Mexico

FedEx Express Canada Export International	FedEx Express Canada Export International Non-DG/Dry ice shipment: 1 Shipping label 2 Recipient labels
FedEx Express Canada Export International Broker Select	FedEx Express Canada Export International Broker Select Non-DG/Dry ice shipment: 1 Shipping label 2 Recipient labels
FedEx Ground Canada (CA) Export International	1 Shipping Label

13.4 Custom Labels

FedEx allows some customizing of the FedEx-generated label. The label's human readable content and barcode in the common portion of the label cannot be altered. However, you may add text pertaining to your business and choose the type of barcode (symbology) used on FedEx documents and labels in the custom portion of thermal labels. To support your shipping application, FedEx Web Services provide two options for customizing your shipping label:

1. Place the PNG PAPER 7" x4.75" graphic on your label stock. For example, you may create a packing list on an 8-1/2" x 11" form. As part of this form, you may also place the 7" x 4.75" PNG PAPER graphic instead of creating a custom label on your own.
2. Add a graphic or text file to the 4" x 8" or 4" x 9" thermal label. This label size provides 2 inches of space for your graphic or text.

13.4.1 Using a Customizable Section of a Thermal Label

FedEx Web Services provides two thermal label formats that you can customize with either a graphic or text file to prevent the need for creating a custom label. These labels support all FedEx shipping services. These formats are:

- 4" x 8" thermal label without Doc-Tab
- 4" x 9" thermal label with Doc-Tab

These label types provide a 2 inch customizable section. This feature is only applicable to the thermal label printed on a thermal printer set to 203 DPI.

The rules for using these label formats are:

- Only the shipping label can be customized. For example, if you print a 4" x 8" Express shipping label with your logo, the secondary recipient labels will not display it.
- The customizable graphic or text must not exceed 2 inches high and 4-1/2 inches wide.
- No correction is provided by FedEx. The graphic and/or text prints as it is submitted in the shipping service.
- If all the necessary data for printing the graphic and/or text is not provided (for example: X and Y coordinates), a valid shipping label is returned without the customized data. You must cancel the shipment represented by this label if you attempt to recreate another label with the graphic and/or text.
- Regarding the placement on X and Y coordinates, insertion point coordinate datum is the intersection of the top and left edges of the 4.00" x 6.75" thermal label with bottom doc tab. For 4.00" x 6.75" thermal label with top doc tab, increment insertion point coordinate Y values by 164 dots. For 4.00" x 6.00" label without doc tab, increment insertion point coordinate Y values by 8 dots. Thermal label element attributes are based on 203 DPI (8 dots/mm) printer resolution.
- Character insertion point is the top left corner of the first character in the string, at the cap line.
- Printer restrictions require the position origin at the top left quadrant of the front. Therefore, it is possible for data to start in the customizable section of the label and write down into the FedEx portion of the label (actual thermal label data). If this occurs, your logo or text will be written over with the FedEx label information. You must correct this positioning to use the shipping label.
- The addition of Doc-Tab information to the 4" x 9" label must be configured using the same process as you would use for a standard 4" x 6" Doc-Tab thermal label.

13.4.1.1 Custom Label TextEntries Elements

To Add Text to the 4x8 or4x9 Label, in the Ship Service WSDL, use the following elements.

Table 100: Custom Label Elements for Text

Web Services Element	Description/Valid Values
RequestedShipment/LabelSpecification	Description of shipping label to be returned in the reply.
RequestedShipment/LabelSpecification/Dispositions	Specifies how to create, organize, and return the document.
RequestedShipment/LabelSpecification/LabelFormatType	Specifies the type of label to be returned. The label format type should be set to COMMON2D.
RequestedShipment/LabelSpecification/ImageType	Specifies the image type of this shipping document.
RequestedShipment/LabelSpecification/LabelStockType	For thermal printer labels this indicates the size of the label and the location of the doc tab if present. Either STOCK_4X8 or STOCK_4X9_LEADING_DOC_TAB.

Web Services Element	Description/Valid Values
RequestedShipment/LabelSpecification/LabelPrintingOrientation	This indicates if the top or bottom of the label comes out of the printer first.
RequestedShipment/LabelSpecification/PrintedLabelOrigin	If present, this contact and address information will replace the return address information on the label.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail	Allows customer-specified control of label content.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/DocTabContent	If omitted, no doc tab will be produced, such as the default is former NONE type).
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContentPosition	RelativeVerticalPositionType
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent	Defines any custom content to print on the label.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/CoordinateUnits	Valid values for CustomLabelCoordinateUnits. Valid values are: <ul style="list-style-type: none"> • MILS • PIXELS
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/TextEntries	Constructed string, based on format and zero or more data fields, printed in specified printer font (for thermal labels) or generic font/size (for plain paper labels).
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/TextEntries/Position	Contains the x/y coordinates for placement of the text.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/TextEntries/Position/X	Horizontal position, relative to left edge of custom area. Only non-negative integers may be used.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/TextEntries/Position/Y	Vertical position, relative to the top edge of the custom area. Only non-negative integers may be used.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/TextEntries/Format	Contains the text to be printed on the label. <i>Note: This is a format string used to format the printed text. It is not the actual text.</i>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/TextEntries/DataFields	Contains the text to be printed on the label.
RequestedShipment/LabelSpecification/CustomerSpecified	Printer-specific font name for use with

Web Services Element	Description/Valid Values
Detail/CustomContent/TextEntries/ThermalFontID	thermal printer. Valid values are from 1 to 23.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/TextEntries/FontName	Generic font name for use with plain paper labels.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/TextEntries/FontSize	Generic font size for use with plain paper labels.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/TextEntries/Rotation	Relative to normal orientation for the printer. Valid values are: <ul style="list-style-type: none">• LEFT• NONE• RIGHT• UPSIDE_DOWN
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BoxEntries	Solid (filled) rectangular area on label.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries	Constructed string, based on format and zero or more data fields, printed in specified barcode symbology.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries/Position	Contains the x/y coordinates for placement of the label.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries/Position/X	Horizontal position, relative to left edge of custom area. Only non-negative integers may be used.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries/Position/Y	Vertical position, relative to the top edge of the custom area.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries/Format	
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries/DataFields	
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries/BarHeight	
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries/ThinBarWidth	Width of thinnest bar/space element in the barcode.
RequestedShipment/LabelSpecification/CustomerSpecified Detail/CustomContent/BarcodeEntries/BarcodeSymbology	Identification of the type of barcode (symbology) used on FedEx documents and labels. Specify the

Web Services Element	Description/Valid Values
	<p>BarcodeSymbologyType. Valid values are:</p> <ul style="list-style-type: none"> • CODEBAR • CODE128 • CODE128B • CODE128C • CODE128_WIDEBAR • CODE39 • CODE93 • 120F5 • PDF417 • POSTNET • QR_CODE • UCC128
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/ConfigurableReferenceEntries	Defines additional data to print in the configurable portion of the label, this allows you to print the same type information on the label that can also be printed on the doc tab.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/MaskedData	Controls which data/sections will be suppressed.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/SecondaryBarcode	For customers producing their own Ground labels, this field specifies which secondary barcode will be printed on the label; so that the primary barcode produced by FedEx has the correct SCNC.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/TermsAndConditionsLocalization	Identifies the representation of human-readable text.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/AdditionalLabels	Controls the number of additional copies of supplemental labels.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/AirWaybillSuppressionCount	This value reduces the default quantity of destination/consignee air waybill labels. A value of zero indicates no change to default. A minimum of one copy will always be produced.
RequestedShipment/ShippingDocumentSpecification	Contains data used to create additional (non-label) shipping documents.
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail	<p>Data required to produce the Freight handling-unit-level address labels.</p> <p><i>Note: The number of UNIQUE labels, the N as in 1 of N, 2 of N, and so on, is determined by total handling units.</i></p>

Web Services Element	Description/Valid Values
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail/Format	Specifies characteristics of a shipping document to be produced.
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail/Copies	Indicates the number of copies to be produced for each unique label.
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail/StartingPosition	Specifies the quadrant of the page on which the label printing will start.
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail/DocTabContent	If omitted, no doc tab will be produced, such as default = former NONE type.
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail/CustomContentPosition	RelativeVerticalPositionType
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail/CustomContent	Defines any custom content to print on the Freight label.

Transaction Sample for Custom Text on a Label

Note: There may be over 20 available fonts in thermal printer memory. The format value will print a hard-coded string in a barcode. If the developer wants to pull a value from out of the ship request, then use the "%s" Format Value, and use the DataFields element with an XPath statement pointing to the value field.

For example, if you included a Reference field in the Ship Request and you want that value in the barcode, then the DataFields value will be:

ShippingDocumentRequest/RequestedShipment/RequestedPackageLineItems[1]/CustomerReferences[1]/Value

13.4.1.2 Custom Label GraphicEntries Elements

To add a graphic to the 4x8 or 4x9 thermal label in the Ship Service WSDL, use the following elements. Only single bit color images should be added since labels will print in black and white.

The following elements are required only for Thermal labels:

Table 101: Custom Label Elements for Graphics

Web Services Element	Description/Valid Values
RequestedShipment/LabelSpecification/	Description of shipping label to be returned in the reply.
RequestedShipment/LabelSpecification/Dispositions	Specifies how to create, organize, and return the document.
RequestedShipment/LabelSpecification/LabelFormatType	Specifies the type of label to be returned. The label format type should be set to COMMON2D.
RequestedShipment/LabelSpecification/ImageType	Specifies the image type of this shipping document.
RequestedShipment/LabelSpecification/LabelStockType	For thermal printer labels this indicates the size of the label and the location of the doc tab if present. Either STOCK_4X8 or STOCK_4X9_LEADING_DOC_TAB.
RequestedShipment/LabelSpecification/LabelPrintingOrientation	This indicates if the top or bottom of the label comes out of the printer first.
RequestedShipment/LabelSpecification/PrintedLabelOrigin	If present, this contact and address information will replace the return address information on the label.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/	Allows customer-specified control of label content.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/DocTabContent	If omitted, no doc tab will be produced, such as the default is former NONE type).
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent	Defines any custom content to print on the label.

Web Services Element	Description/Valid Values
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/CoordinateUnits	<p>Valid values for CustomLabelCoordinateUnits.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • MILS • PIXELS
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/TextEntries	<p>Constructed string, based on format and zero or more data fields, printed in specified printer font (for thermal labels) or generic font/size (for plain paper labels).</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/GraphicEntries	<p>Image to be included from printer's memory, or from a local file for offline clients.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/GraphicEntries/Position	<p>Contains the x/y coordinates for placement of the graphic.</p> <p>X =</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/GraphicEntries/Position/X	<p>Horizontal position, relative to left edge of custom area.</p> <p>Only non-negative integers may be used.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/GraphicEntries/Position/Y	<p>Vertical position, relative to the top edge of the custom area.</p> <p>Only non-negative integers may be used.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/GraphicEntries/PrinterGraphicID	<p>Printer-specific index of graphic image to be printed.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/GraphicEntries/FileGraphicFullName	<p>Fully-qualified path and file name for graphic image to be printed.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BoxEntries	<p>Solid (filled) rectangular area on label.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries	<p>Constructed string, based on format and zero or more data fields, printed in specified barcode symbology.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries/Position	<p>Contains the x/y coordinates for placement of the label.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries/Position/X	<p>Horizontal position, relative to left edge of custom area.</p> <p>Only non-negative integers may be used.</p>
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries/Position/Y	<p>Vertical position, relative to the top edge of the custom area.</p> <p>Only non-negative integers may be used.</p>

Web Services Element	Description/Valid Values
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries/Format	
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries/DataFields	
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries/BarHeight	
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries/ThinBarWidth	Width of thinnest bar/space element in the barcode.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/CustomContent/BarcodeEntries/BarcodeSymbology	<p>Identification of the type of barcode (symbology) used on FedEx documents and labels. Specify the BarcodeSymbologyType. Valid values are:</p> <ul style="list-style-type: none"> • CODEBAR • CODE128 • CODE128B • CODE128C • CODE128_WIDEBAR • CODE39 • CODE93 • 120F5 • PDF417 • POSTNET • QR_CODE • UCC128
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/ConfigurableReferenceEntries	Defines additional data to print in the configurable portion of the label, this allows you to print the same type information on the label that can also be printed on the doc tab.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/MaskedData	Controls which data/sections will be suppressed.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/SecondaryBarcode	For customers producing their own Ground labels, this field specifies which secondary barcode will be printed on the label; so that the primary barcode produced by FedEx has the correct SCNC.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/TermsAndConditionsLocalization	Identifies the representation of human-readable text.
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/AdditionalLabels	Controls the number of additional copies of supplemental labels.

Web Services Element	Description/Valid Values
RequestedShipment/LabelSpecification/CustomerSpecifiedDetail/AirWaybillSuppressionCount	This value reduces the default quantity of destination/consignee air waybill labels. A value of zero indicates no change to default. A minimum of one copy will always be produced.

13.5 PNG Label

Web Services provides PNG (Portable Network Graphic) images for FedEx Express, FedEx Ground and FedEx International Express Freight® labels. The PNG label graphic is a replica of the thermal or plain paper labels supported by Web Services. This label option allows you to place the PNG label graphic on your label stock to prevent the need for creating a custom label.

The following requirements apply when using the 4" x 6" PNG graphic embedded in your shipping document:

13.5.1 Label Stock

4" x 6" PNG labels should only be used with peel-and-stick label stock. The FedEx Ground and FedEx Express label certification teams will reject 4" x 6" PNG labels that are not on peel-and-stick label stock, including any labels printed on plain paper.

13.5.2 Printer

Laser printers are recommended for printing labels. Ink jet printers should not be used because of their inconsistency in creating scannable barcodes. Due to the inconsistent print quality, the label certification teams reject most labels that are created with ink jet printers. The 4" x 6" PNG label cannot be printed using a color printer unless the color definition is set to black, even if the printer only has a

black cartridge installed. This setting is necessary to achieve the correct barcode definition for scanning at the FedEx hubs.

13.5.3 Scaling

The image returned in your shipping transaction is 200 dots per inch (DPI) and measures 4" (W) x 6" (H) or 800 x 1200 pixels. This label has a vertical orientation and is designed to print in a 4" x 6" label area. When printed, the label should measure 4" x 6". When you generate a PNG label image in Web Services, the image is produced in 200 DPI, which is the minimum barcode DPI. When you view the image on your screen, most applications degrade the DPI to your screen resolution. Typically, this is 96 DPI, which is far less than the minimum barcode DPI required. To produce the label and barcodes in the required DPI, you must scale (or resize) the image before printing. How you scale the image depends on the application you are using to view and print the label.

To scale the PNG image for a 4" x 6" label in inches: 4" width and 6" length exactly.

To scale the PNG image for a 4" x 6" label in pixels:

- If your screen resolution is 96 DPI:
 - Width = 384 pixels ($96 \div 200 \times 800 = 384$)
 - Height = 576 pixels ($95 \div 200 \times 1200 = 576$)
- If your screen resolution is 72 DPI:
 - Width = 288 pixels ($72 \div 200 \times 800 = 288$)
 - Height = 432 pixels ($72 \div 200 \times 1200 = 432$)
- If your screen resolution is not 96 or 72 DPI
 - Width = Your screen DPI $\div 200 \times 800$
 - Height = Your screen DPI $\div 200 \times 1200$

13.6 Label Review Checklist

Use these lists to check for problems before you submit each set of labels.

13.6.1 All Barcodes

Required for validation:

- Quiet Zone: Must always have at least 0.1" white space both above and below barcode.
- Quiet Zone: Must always have at least 0.2" white space both left and right of barcode.
- Validate that all barcodes meet minimum height requirements.

13.6.2 Print Quality

Common problems that cause labels to be rejected:

- Split Bars
- Faded Print/White Voids
- Repeating White Voids (roller problem)
- Smudging (thermal transfer)
- Flaking (laser) indicates Toner Fusion Problem
- Wrinkled in the Print (thermal transfer)
- Print Contrast for direct thermal labels must be at least 90%

13.6.3 Human Readable for FedEx Ground Labels

Required for validation:

Data matches barcode

- FedEx Ground logo: Logos are available for download from the FedEx Identity website brand.fedex.com.
- See [Appendix U: FedEx Ground Plain Paper Labels](#) and [Appendix V: FedEx Ground Thermal Label Samples](#).
- FedEx Home Delivery logo: labels must have a large "H" in a box within 1" of the ship to address. The "H" must be at least .25" x .70".
- Service Description
- Sender Information
- Recipient Information
- Postal code and routing
- Ship date
- Actual Weight
- Customer Automation Device information (meter, application/system, version)
- Dimensions
- Miscellaneous reference information
- Tracking number and Form ID (Tracking number must be 14 digits)
- Airport Ramp ID
- Postal code

13.6.4 Human Readable for Express Labels

The following elements must be printed on the label to pass certification:

- FedEx Express logo: Logos are available for download from the FedEx Identity Website brand.fedex.com.
- Service Description
- Package type, if International
- Delivery day of the week (example: MON for Monday)
- Deliver by date
- Meter number
- Ship date
- Format of piece count, Master label verbiage, CRN label verbiage on all MPS
- Airport Ramp ID
- Postal code and routing
- URSA routing prefix and suffix
- Handling codes
- Service area commitment
- Recipient and shipper's phone numbers
- Weight
- Dims, if applicable (Dims are always required for Express Freight)
- Reference field if an alcohol shipment
- Tracking number and Form ID (Tracking number must be 14 digits)
- In the ASTRA label, the 12 digit tracking number is located in positions 17 through 28 of the 32-character barcode. In the new FDX 1D barcode, the tracking number occupies positions 21 through 34. The FedEx Express tracking number will continue to be 12 digits. Zeros will occupy the leading two positions.

14 FedEx Express U.S. Shipping

Use the ShipService WSDL to access the FedEx Express® U.S. shipping features. See [Shipping Services by Region](#) for a list of FedEx Express U.S. services by region.

14.1 FedEx Express U.S. Service Options

The following service options are available for use with FedEx Express U.S. shipping:

- [Alcohol Shipping](#)
- [Alternate Return Address](#)
- [Dangerous Goods](#)
- [Delivery Signature Services](#)
- [Dry Ice Shipments](#)
- [FedEx Express U.S. Multiple-Package Shipments](#)
- [Future Day Shipping](#)
- [Hold at FedEx Location](#)
- [FedEx Intra-Country Shipping](#)
- [Masked Data](#)
- [Saturday Service](#)
- [Shipment Notification in the Ship Request](#)
- [Variable Handling Charges](#)

14.2 Express U.S. Service Details

Before coding a FedEx Express U.S. transaction, you should be familiar with the basic shipping rules for this service:

- FedEx Express U.S. service is available to the 50 United States. Transit times vary depending on the package destination and the service you choose.
- FedEx provides custom packaging for FedEx Express shipments. You may choose to ship using the FedEx® Envelope, FedEx® Pak, FedEx® Box, or FedEx® Tube. You may also ship using your own packaging.
- Both commercial and residential shipments may be shipped using FedEx Express U.S. services. Residential packages must be identified in your shipping transaction.

- There are several options available to you for billing the transaction charges. These billing options include Bill Shipper's FedEx Account, Bill Recipient's FedEx Account, FedEx Ground® COLLECT, and Bill Third Party's FedEx Account.
- The maximum size limit for a FedEx Express U.S. package is 150 lbs. and 119" in length, or 165 total inches in length plus girth (L+2W+2H). If your package exceeds these limits, you must use one of the FedEx Freight® shipping services.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

14.2.1 FedEx First Overnight

FedEx First Overnight® provides early-morning delivery between 8 and 10 a.m. depending upon the destination postal code.

- Service days are Monday through Friday, with Saturday pickup available in many areas for an additional charge.
- Available throughout all states except Hawaii (outbound-only from Alaska).
- Available for intra-country shipping in Mexico and Canada.
- Not available to Alaska, but delivery is available from Alaska to many U.S. markets, depending on destination postal code. Not available to or from Hawaii. For more information about Alaska and Hawaii shipments, go to fedex.com/us/service-guide/our-services/us/.

Options include [Saturday Service](#), [Dangerous Goods](#) support for [Dry Ice Shipments](#) only, and [Delivery Signature Services](#).

14.2.2 FedEx First Overnight Freight

FedEx First Overnight® Freight business rules are as follows:

- Service days are Monday through Friday, with Saturday pickup and delivery service available in many areas for palletized shipments.
- Not available to and from Puerto Rico or transborder countries.
- Next-business-day delivery by 8:30 a.m. to H0 and H1 service areas.
- Next-business-day delivery by 9:30 a.m. to H2 service areas.
- Next-business-day delivery by 12:00 p.m. for H3 service areas.
- Pallet or skid size guidelines: up to 70" in height, 119" in length, or 80" in width.
- Individual pallets/skids weighing in excess of 2200 lbs., or larger than 70" in height, 119" in length, or 80" in width require prior approval by calling FedEx Express Freight Customer Service at 1.800.332.0807.
- Packaging type: Customer's Own
- Maximum declared value is \$50,000

- Advance confirmation required. Book space using FedEx Ship Manager at fedex.com or by calling 1.800.332.0807.

Options include [Saturday Service](#), [Dangerous Goods](#), support for Inaccessible Dangerous Goods (IDG), Accessible Dangerous Goods (ADG) and [Dry Ice Shipments](#), [Inside Pickup and Delivery](#), and [Shipment Notification in the Ship Request](#) that includes [FedEx Priority Alert Options](#) (for contracted accounts only), Ship Alert, Exception, and Delivery.

14.2.3 FedEx Priority Overnight

FedEx Priority Overnight® provides next-business-day delivery by 10:30 a.m. to most U.S. addresses, delivery by 5 p.m. to remote areas, and delivery by 1:30 p.m. on Saturdays.

- Service days are Monday through Friday, with Saturday pickup available in many areas for an additional charge.
- Available to and from all 50 states, but not all areas of Alaska and Hawaii.
- Available for intra-Mexico shipping. Also available for intra-country shipping in Canada and Switzerland.
- Delivery to and from many areas of Alaska and Hawaii in 1 or 2 business days. For more information about Alaska and Hawaii shipments, go to fedex.com/us/service-guide/our-services/us/.

Options include [Saturday Service](#), [Dangerous Goods](#), [FedEx Ground U.S. Collect On Delivery \(C.O.D.\)](#), [Delivery Signature Services](#) and [Hold at FedEx Location](#).

14.2.4 FedEx Standard Overnight

FedEx Standard Overnight® provides next-business-day delivery by 3 p.m. to most addresses, and by 4:30 p.m. to rural areas.

- Service days are Monday through Friday, with Saturday pickup available in many areas for an additional charge.
- Available to and from all 50 states, but not all areas of Alaska and Hawaii.
- Available for intra-Mexico shipping. Also available for intra-country shipping in UAE.
- Delivery to and from many areas of Alaska and Hawaii in 1 or 2 business days. For more information about Alaska and Hawaii shipments, go to fedex.com/us/service-guide/our-services/us/.

Options include [Saturday Service](#), [Dangerous Goods](#), [Delivery Signature Services](#), and [Hold at FedEx Location](#).

14.2.5 FedEx 2Day A.M.

FedEx 2Day® A.M. provides second business day delivery by 10:30 a.m. to most business areas. For certain shipments to Alaska and Hawaii, delivery is in three business days.

- Available throughout all 50 U.S. states, Alaska and Hawaii for intra-U.S. shipments only, including the intra-U.S. portion of a Transborder Distribution shipment from Canada and Mexico.
- Delivery in 2 business days by 10:30 a.m. to A1, A2, AA, and A4 service areas.
- Delivery in 2 business days by 12:00 p.m. to A3, A5, and AM service areas.
- When estimating time-in-transit and delivery date, keep in mind delivery days are Monday through Friday.
- Maximum declared value packaging level limit is \$50,000 for FedEx Customer packaging, FedEx® Pak, FedEx® Box, and FedEx® Tube and \$500 for a FedEx® Envelope.
- Maximum size limit is 119" in length, or 165" in length and girth (L+2W+2H). If your package exceeds these dimensions, you must use FedEx Express U.S. Freight as your shipping service.

Options include [Saturday Service](#), [Dangerous Goods](#) support for inaccessible items only, [Delivery Signature Services](#), [Hold at FedEx Location](#), [Returns Shipping](#), and [Shipment Notification in the Ship Request](#) that includes Ship Alert, Exception and Delivery.

Note: Shipment notification is not available while tracking a package.

14.2.6 FedEx Express Saver

FedEx Express Saver® provides delivery in 3 business days to businesses by 4:30 p.m. and to residences by 7 p.m.

- Service days are Monday through Friday, with Saturday pickup available in many areas for an additional charge.
- Available to and from all states except Alaska and Hawaii.

Options are [Saturday Service](#), [Dangerous Goods](#) inaccessible items only, [Delivery Signature Services](#) and [Hold at FedEx Location](#).

14.2.7 Pharmacy Delivery

Pharmacy Delivery allows you to designate pharmacy as the required delivery location for a shipment, bypassing loading docks and receiving areas.

Pharmacy Delivery provides the ability for customers to determine if the pharmacy delivery special service type is available for a shipping destination on a US Domestic Express parcel (non-Freight) shipment.

Notes:

1. This applies to both outbound as well as return shipments (print and email returns).

-
2. Express tags are not included.
 3. For Pharmacy Delivery, US Domestic includes only the 50 US states (including Alaska and Hawaii) and does NOT include Puerto Rico or any of the US territories (i.e., US Virgin Islands, American Samoa, Guam, etc).
 4. The packaging types allowed for Pharmacy Delivery are same as those allowed for 'like' shipments without pharmacy delivery.

14.3 FedEx Express U.S. Coding Details

The following coding details apply to FedEx Express U.S. shipping:

- FedEx provides several standard package types and allows you to use your own packaging for FedEx Express shipping.
- Both commercial and residential shipments are allowed with FedEx Express U.S. shipping. Residential shipments are charged a delivery surcharge.

Note: Shipments to residential addresses will be invoiced as Residential Delivery regardless of the information in the ProcessShipmentRequest or RateRequest. The flag is there to ensure you have the surcharge included in your courtesy rate quote. It is helpful if you store the recipient address with the residential surcharge flag in your shipping address book database. If you are unsure about the residential status of an address, use Address Validation to do a residential status check.

- There are several options available to you for billing the transaction charges. These billing options include Bill Shipper's FedEx Account, Bill Recipient's FedEx Account, and Bill Third Party's FedEx Account. Make sure you enter the appropriate FedEx account number if you want recipient or third-party billing. If the account number is missing or incorrect, you will be billed for the shipping costs.
- You can add reference elements to your Ship request which print on the shipping label, the invoice, or both. See the [Reference Elements with Output Location](#) table for more information.
- The maximum limits for FedEx Express U.S. packages are 150 lbs., 119" in length, and 165" in length plus girth (L+2W+2H).

14.3.1 Express U.S. Basic Ship Request Elements

In addition to the basic complex elements required for all web service requests described in the [Introduction](#), the following elements are available for FedEx Express U.S. ship requests:

14.3.1.1 Recipient Information

Table 102: Recipient Information Elements

Element	Description
RequestedShipment/Company	Required if Contact name is blank.
RequestedShipment/Contact	Required if Company name is blank.

Element	Description
RequestedShipment/StreetLines	At least one street address line is required. This is a multiple occurrence field.
RequestedShipment/City	Required. Recipient city.
RequestedShipment/StateOrProvinceCode	Required. Valid value for FedEx Express – U.S. is U.S. See Appendix B: U.S. State Codes for more information on state codes.
RequestedShipment/Postal Code	Required. Recipient postal code.
RequestedShipment/PhoneNumber	Required. Recipient phone number.

14.3.1.2 Shipment/Package Information

Table 103: Shipment/Package Information Elements

Element	Description
ServiceType	Required. Valid values are: <ul style="list-style-type: none"> • PRIORITY_OVERNIGHT • STANDARD_OVERNIGHT • FEDEX_2_DAY • FEDEX_2_DAY_AM • FEDEX_EXPRESS_SAVER • FEDEX_FIRST_FREIGHT • FEDEX_FREIGHT_PRIORITY • FEDEX_FREIGHT_ECONOMY • FIRST_OVERNIGHT • SAME_DAY • SAME_DAY_CITY
PackagingType	Required. Valid values are: <ul style="list-style-type: none"> • FEDEX_BOX • FEDEX_ENVELOPE • FEDEX_PAK • FEDEX_TUBE • YOUR_PACKAGING
Weight	The Weight/Units element must also be included in your Ship request. This element requires either LB (pounds) or KG (kilograms) as the weight unit descriptor. The maximum limits for FedEx Express U.S. packages are 150 lbs. and 119" in length and 165" in length

Element	Description
	and girth (L+2W+2H).
Height	Optional but recommended if your package type is YOUR_PACKAGING.
Width	Optional but recommended if your package type is YOUR_PACKAGING.
Length	Optional but recommended if your package type is YOUR_PACKAGING.
Units	Required if dimensions are specified. Values are: <ul style="list-style-type: none"> • IN • CM
InsuredValue/Amount	FedEx liability for each package is limited to \$100USD unless a higher value is declared and paid for. Use this element if you want to declare a higher value. <i>Note: "InsuredValue" refers to declared value of the package. FedEx does not provide insurance of any kind.</i>
RequestedShipment/ShipTimestamp	Time of shipment based on shipper's time zone. Defaults to CDT. This element must be formatted as follows: The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-hour clock. The date and time are separated by the letter T, such as 2009-06-26T17:00:00. The UTC offset indicates the number of hours/minutes, for example xx:xx from UTC, such as 2009-06-26T17:00:00-05:00 is defined as June 26, 2009 5:00 p.m. Eastern Time. <i>See Appendix M: Time Zones for more information about time zones</i>
Address/Residential	This element must be set to true in order to obtain a residential surcharge included in the estimate of shipping charges returned in the reply. To determine if an address is considered residential, use the Address Validation Service .

14.3.1.3 Label Requirements

Table 104: Label Requirements Elements

Element	Description
LabelSpecification	To identify the format of the label you will receive, elements in the LabelSpecification complex type element should be included in the ProcessShipmentRequest (depending on your label format). More information about label printing is provided in FedEx SmartPost Shipping .

14.3.2 FedEx Express U.S. Ship Reply Elements

In the ShipResponse/ProcessShipmentReply, the following elements are returned for a Ship request:

- Tracking number(s): A tracking number is assigned to all packages. For FedEx® Collect on Delivery (C.O.D.), you receive the origin shipment-status tracking number and the C.O.D. return payment tracking number.
- Rates and surcharges: For more information on the rating elements that are returned in a Ship Reply, see [Rate Services](#). The maximum number of packages in one rate request is 100. For more information about multiple-piece shipments (MPS), see [FedEx Express U.S. Multiple-Package Shipments](#).
- Service commitment.
- Routing code.
- Origin commitment.
- Time-in-transit detail.
- Delivery day.
- Destination location ID.
- Station ID (where applicable).

14.3.3 Reference Elements with Output Location

The ShipService WSDL uses the CustomerReferences/CustomerReferenceType element to define reference information.

Table 105: CustomerReferences/CustomerReferenceType Elements

Value	Prints
BILL_OF_LADING	Shipping label and invoice.
CUSTOMER_REFERENCE	Shipping label, FedEx Ground shipping reports, and in the Customer Reference element on the invoice.
INVOICE_NUMBER	Shipping label and invoice.
P_O_NUMBER	Shipping label and invoice.
RMA_ASSOCIATION	Shipping label and invoice.
SHIPMENT_INTEGRITY	Invoice.
STORE_NUMBER	Shipping label and invoice.

Note: These elements can also be configured to print on the thermal label Doc-Tab. For more information, see the Doc-Tab instructions in [Creating a Label](#). You may use reference elements to track packages or to tie packages together for a single track request.

See [Tracking and Visibility Services](#) for more information.

14.4 FedEx Express U.S. Multiple-Package Shipments

A multiple-package shipment (MPS) consists of two or more packages shipped to the same recipient.

To create a multiple-package shipment:

- The first package in the shipment request is considered the master package. Any shipment level information (TotalWeight, PackageCount, SignatureOptions) is included on the master package. The SequenceID for this package is 1.
- In the master package reply, the tracking number assigned to this first package should be in the MasterTrackingID element for all subsequent packages. You must return the master tracking number and increment the package number (SequenceID) for subsequent packages.

Note: The maximum number of packages in an MPS request is 200.

14.4.1 Multiple Piece Shipment Request Elements

Table 106: Multiple Piece Shipment Request Elements

Element	Package/Shipment Level	Description
SequenceNumber	Package	Required for multiple-package shipments (MPS). Each shipment must contain a SequenceNumber. For example, the first package (also known as the master package) has a sequence number of 1. All additional packages are numbered sequentially. This number system is important because the master package carries shipment-level information.
MasterTrackingID	Package	Required for MPS tracking requests. The reply for the first package (master package) in a shipment includes the MasterTrackingID element. This element the MasterTrackingNumber. FormID is included only for C.O.D. shipments. For each subsequent ship request for an MPS, the MasterTrackingID element is required.
MasterTrackingID/TrackingIDType	Package	Valid values are: <ul style="list-style-type: none">• EXPRESS• FREIGHT• GROUND• USPS

Element	Package/Shipment Level	Description
		<ul style="list-style-type: none"> • FEDEX <p><i>Note: Use "FEDEX" when using the standard 34 digit barcode for FedEx Express, FedEx Ground and FedEx SmartPost.</i></p>
PackageCount	Shipment	Total number of packages in the MPS. Include this element in the master package request. The maximum number of packages in one rate request is 200.
TotalShipmentWeight	Shipment	Total shipment weight is added to the master package in the multiple-package shipment and contains the total weight of all packages in the shipment.

14.4.2 Multiple Piece Shipment Reply Elements

Table 107: Multiple Piece Shipment Reply Elements

Element	Description
PackageSequenceNumber	Returned for all multiple piece shipment (MPS) requests. Indicates the sequence number of the package within the MPS.
MasterTrackingID	Returned in the master package reply for an MPS C.O.D. Includes tracking number and form ID. Used when requesting child pieces in an MPS. The master tracking information will be returned in reply from the first package requested for an MPS. That master tracking information is then inserted into the requests for each additional package requested for that MPS.
MasterTrackingID/TrackingIDType	Valid values are: <ul style="list-style-type: none"> • EXPRESS • FREIGHT • GROUND • USPS • FEDEX <p><i>Note: Use "FEDEX" when using the new standard 34 digit barcode for FedEx Express, FedEx Ground and FedEx SmartPost.</i></p>
SpecialServicesRequested/CodDetail/ReturnTrackingId	Optional. Returned in the reply only when used with multipiece COD shipments sent in multiple transactions. Required on last transaction only.

Note: For a FedEx Ground MPS rate request, the reply will include piece-level detail. This information is not available for FedEx Express replies. For a FedEx Express MPS rate request, the reply will include only shipment level detail.

14.5 Group Multiple Piece Shipments

Multiple Piece Shipments (MPS) group multiple packages prepared with different shipping devices or technologies so that they can be tracked together.

The grouping process will create daily MPS, consisting of 2 or more packages, that have the same ship date, shipper, recipient, payor, service, delivery instructions and shipper-provided reference number. The grouping process links packages coming from the same account, same facility and multiple automation devices.

Group MPS is an opt-in process that must be enabled at the account level by FedEx Sales and Technology support per a shipper's request and shipping process. A shipper will set one reference field within FedEx shipping technology to populate with a unique shipment reference number (e.g., purchase order number).

Contact your FedEx account executive to start the enrollment process.

14.5.1 Group Multiple-Piece Shipment Details

- A shipment must contain two or more packages.
- All packages must have the same ship date.
- All packages must have the same shipper account, address lines, city, state, postal code, and contact name.
- All packages must have the same recipient address lines, city, state, postal code, and contact name.
- All packages must have the same service type.
- All packages must have the same bill-to account.
- FedEx® Delivery Signature Options must be the same for all packages.
- FedEx® Collect on Delivery selections must be the same for all packages.
- Saturday Pickup and Delivery selection must be the same for all packages.
- Hold at FedEx Location selection must be the same for all FedEx Express packages.
- Inside Pickup and Delivery selection must be the same for all FedEx Freight packages.
- FedEx Home Delivery® convenient delivery options must be the same for all packages.
- FedEx Ground shipment integrity selection must be the same for all packages.
- For FedEx Ground, packaging type must be "your packaging" for all packages
- All packages must have the same grouping-trigger reference field value (value cannot be spaces).
- The shipper must be enrolled in the group multiple-piece shipment (MPS) program.
- Signature type must be the same.

15 FedEx Express Freight Services: U.S

If your package exceeds 150 lbs., you must use FedEx Express® Freight Services.

15.1 FedEx Express Freight Services Details

The following service details apply:

- Freight must be shrink-wrapped and/or banded to a skid.
- Must be palletized, stackable, and forkliftable.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

15.1.1 FedEx 1Day Freight

FedEx 1Day® Freight service provides next-business-day delivery for packages/skids weighing in excess of 150 lbs. The business rules are:

- Service days are Monday through Friday, with Saturday pickup and delivery available to many major markets.
- For intra-United Kingdom shipments, ship to an address within the U.K. and deliver within the next business day (by end of day). Supports the customer packaging type.
- A booking number is required for this service. Call 1.800.332.0807 to book your freight shipment.
- Available throughout all 50 states; Hawaii service is to and from the island of Oahu only. Not available to Puerto Rico.
- Skid and/or package size and weight: Exceeding 119" in length or 80" in width or 70" in height. Individual packages and/or skids greater than 151 lbs. Skids weighing in excess of 2,200 lbs. require prior approval by FedEx.
- The following special services are allowed (depending on the destination location): [Saturday Service](#), [Dangerous Goods FedEx Express Collect on Delivery \(C.O.D.\) Hold at FedEx Location](#), and [FedEx Priority Alert Options](#) (for contracted accounts only).

15.1.2 FedEx 2Day Freight

FedEx 2Day® Freight services provide delivery in 2 business days for packages or skids weighing in excess of 150 lbs. The business rules are as follows:

- Service days are Monday through Friday, with Saturday pickup and delivery available to many major markets.

- Available throughout all 50 states; Hawaii service is to and from the island of Oahu only. Not available to Puerto Rico.
- Skid and/or package size and weight: Exceeding 119" in length or 80" in width or 70" in height. Individual packages/skids greater than 151 lbs. Skids weighing in excess of 2,200 lbs. require prior approval by FedEx.
- The following special services are allowed (depending on destination location): [Saturday Service](#), [Dangerous Goods](#), [FedEx Express Collect on Delivery \(C.O.D.\) Hold at FedEx Location](#), and [FedEx Priority Alert Options](#) (for contracted accounts only).

15.1.3 FedEx 3Day Freight

FedEx 3Day[®] Freight services provide delivery in 3 business days for packages or skids weighing in excess of 150 lbs. The business rules are as follows:

- Service days are Monday through Friday with Saturday pickup available to many major markets.
- Available throughout all states except Alaska and Hawaii. Not available to Puerto Rico.
- Skid and/or package size and weight: Exceeding 119" in length or 80" in width or 70" in height. Individual packages and/or skids greater than 151 lbs. Skids weighing in excess of 2,200 lbs. require prior approval by FedEx.
- The following special services are allowed (depending on destination location): [Dangerous Goods](#), [FedEx Express Collect on Delivery \(C.O.D.\)](#), [Hold at FedEx Location](#), and [FedEx Priority Alert Options](#) (for contracted accounts only).

15.1.4 FedEx First Overnight Freight

FedEx First Overnight[®] Freight business rules are as follows:

- Service days are Monday through Friday, with Saturday pickup and delivery service available in major markets.
- Available within all 50 U.S. states including Hawaii (only to the island of Oahu), and not available to and from Puerto Rico or transborder countries.
- Next-business-day delivery by 9:00 a.m. or 10:30 a.m. to most primary service area ZIP codes.
- Pallet or skid size guidelines: up to 70" in height, 119" in length, or 80" in width.
- Individual pallets/skids weighing in excess of 2200 lbs. or larger than 70" in height, 119" in length, or 80" in width require prior approval by calling FedEx Express[®] Freight Services Customer Service at 1.800.332.0807.
- Packaging type: Customer's Own.
- Maximum declared value is \$50,000.
- Advance confirmation required. Book space using FedEx Ship Manager[®] at fedex.com or by calling 1.800.332.0807.
- Options include Saturday Service, Dangerous Goods, support for Inaccessible Dangerous Goods (IDG), Accessible Dangerous Goods (ADG) and Dry Ice Shipments, Inside Pickup and Delivery,

and Shipment Notification in the Ship Request that includes FedEx Priority Alert (for contracted accounts only), Ship Alert, Exception, and Delivery.

15.1.5 Inside Pickup and Delivery

For FedEx Express® Freight Services, you may request inside pickup and/or inside delivery. Inside pickup and delivery options are intended for customers who do not have the necessary equipment to move shipments to the loading area. FedEx moves shipments from positions beyond the pickup or delivery site which are directly accessible from the curb and are no more than 50 feet inside the outermost door.

FedEx Inside Pickup and FedEx Inside Delivery are available for FedEx 1Day Freight, FedEx 2Day Freight and FedEx 3Day Freight services and do not require special service contracts with FedEx. If a shipment breakdown is needed to fit a shipment through a doorway, additional charges may be assessed. FedEx does not provide piece count or piece verification when a breakdown of a freight shipment occurs at the delivery site.

15.2 FedEx Express Freight Services Coding Details

Before you begin coding FedEx Express Freight Services U.S., you should know:

- Freight shipping weight must exceed 150 lbs.
- You should use the ServiceAvailability Service to determine what freight services are available for your origin/destination pair.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

FedEx Express Freight Services U.S. are included in the ShipService WSDL. In addition to the basic shipping elements required for a FedEx Express shipment, the following elements are available:

Table 108: U.S. ExpressFreightDetail Elements

Element	Description
ExpressFreightDetail/ BookingConfirmationNumber	Optional. An advance booking number is optional for FedEx 1Day Freight. When you call 1.800.332.0807 to book your freight shipment, you will receive a booking number. This booking number is included in the Ship request, and prints on the shipping label.
ExpressFreightDetail/PackingListEnclosed	Optional. If you enclose a packing list with your FedEx Express Freight Services shipment, this element informs FedEx operations that shipment contents can be verified on your packing list.

Note: Additional services available for FedEx Express Freight Services U.S. include: [Saturday Service](#), [Dangerous Goods](#), [FedEx Express Collect on Delivery \(C.O.D.\)](#), [Hold at FedEx Location](#).

16 Delivery Signature Services

Shippers can choose from three FedEx® Delivery Signature Options for FedEx Express® and FedEx Ground® shipments:

Table 109: Delivery Signature Services

Option	Service Description	Restrictions	Special Fees
Indirect Signature Required	FedEx obtains a signature in one of three ways: <ul style="list-style-type: none">From any person at the delivery address.From a neighbor, building manager, or other person at a neighboring address.The recipient can sign a FedEx door tag authorizing release of the package without anyone present.	Not available for shipments to nonresidential addresses.	A surcharge applies.
Direct Signature Required	FedEx obtains a signature from any person at the delivery address. If no one is at the address, FedEx will reattempt delivery; Direct Signature Required overrides any recipient release that may be on file for deliveries to nonresidential addresses.		A surcharge applies.
Adult Signature Required	FedEx obtains a signature from any person at least 21 years old (government-issued photo identification required) at the delivery address. If no one is at the address, FedEx will reattempt delivery. Adult Signature Required overrides any recipient release that may be on file for deliveries to nonresidential addresses.		A surcharge applies.

16.1 Delivery Signature Service Details

- Once a shipment has been given to FedEx, you may not change the signature option.
- Direct Signature Required is not available for Hold at FedEx Location.
- Adult Signature Required is available for [Hold at FedEx Location](#).
- All packages in a multiple-package shipment must have the same FedEx Delivery Signature Option.
- All pieces with a declared value of \$500USD or \$500CAD or greater require a signature. Direct Signature Required is the default service and is provided at no additional cost. If you are shipping a multiple-package shipment and one or more packages has a declared value of

\$500USD/CAD or greater, process the package with the lowest value first to avoid multiple delivery charges.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

16.2 Delivery Signature Coding Rules

- Signature services are supported at the package level for all FedEx Express® and FedEx Ground® services except for FedEx® Collect on Delivery (C.O.D.), where they are supported at the shipment level.
- You may choose “No Signature Required” as a valid signature service option in addition to the three signature requirements.
- An adult signature is required for [Dangerous Goods](#) and alcohol shipments. An adult signature may also be required for shipments containing adult materials or firearms. However, FedEx Web Services cannot edit or monitor the use of an adult signature for these types of shipments. It is your responsibility to choose the Adult Signature Required option.
- Signature service requirements are the same for FedEx Express and FedEx Ground U.S. shipments.
- A signature option is required for international origins shipped to the United States.

16.2.1 Delivery Signature Elements

In the ShipService WSDL, the following elements are required to designate a signature option:

Table 110: Delivery Signature Elements

Element	Description
SignatureOptionDetail/ OptionType	<p>Five choices are available:</p> <ul style="list-style-type: none">• ADULT• DIRECT• INDIRECT• NO_SIGNATURE_REQUIRED• SERVICE_DEFAULT <p><i>Note: If you choose SERVICE_DEFAULT, FedEx Web Services selects the appropriate signature option for your shipping service. For example, if you ship a Dangerous Goods shipment, the DIRECT signature option is chosen for you. For residential FedEx International Ground® shipments from Canada to the U.S., two valid signature options are allowed:</i></p> <ul style="list-style-type: none">• NO_SIGNATURE_REQUIRED• DIRECT

17 FedEx Priority Alert Options

Our customer's needs are global. FedEx stays ahead of those needs by expanding its specialized package monitoring service to more than 70 countries spanning the globe — bringing the world closer to you. This expanded service applies to inbound and outbound shipments and provides peace of mind that sensitive shipments will arrive quickly, safely and securely.

FedEx Priority Alert™ comes with a promise of proactive monitoring and 24-hour connectivity so you know where your shipment is every step of the way. Dedicated support from FedEx means security for you when it matters most.

FedEx Priority Alert Plus™ comes with an even higher guarantee — proactive defense. In the unlikely case of a delay, your critical, temperature-sensitive shipment (typically healthcare-related) will get the necessary intervention, such as dry ice replenishment, gel pack reconditioning and access to cold storage. FedEx understands the on-time delivery of critical shipments can save lives. We offer added assurance that your urgent package will be closely watched from the time of departure until it's safely delivered.

Pink means priority. Priority Alert packages come equipped with bright pink tape around the package, signaling their priority status when it comes to loading and unloading.

FedEx Priority Alert™ and FedEx Priority Alert Plus™ are specialized contract-only, fee-based services that combine 24/7 support, advanced shipment monitoring, proactive notification and customized package recovery for critical and time-sensitive shipments. Shipments receive priority boarding and priority clearance handling. For ease of visibility, all FedEx Priority Alert™ information is printed on the FedEx ASTRA label. A per package surcharge is associated with FedEx Priority Alert™ service.

FedEx Priority Alert Plus™ includes all the FedEx Priority Alert™ features of the highest level of advanced monitoring for time and temperature sensitive shipments catering to the financial, aerospace, electronics manufacturing and healthcare industries, plus these options:

- Dry Ice Replenishment
- Gel Pack Replacement
- Cold Storage

As with FedEx Priority Alert™, a surcharge is associated with this special service.

17.1 FedEx Priority Alert Service Details

The FedEx Priority Alert and Priority Alert Plus services are supported as an option for the following shipment services:

- FedEx First Overnight®
- FedEx First Overnight® Freight (for contracted accounts only)
- FedEx Priority Overnight®
- FedEx 1Day® Freight (Express)

- FedEx International Priority®
- FedEx International First®
- FedEx Europe First®
- FedEx International Priority® Freight
- FedEx International Priority DirectDistribution® (IPD), includes Single Point of Clearance (SPOC)

Shipment Special Services:

- Saturday Delivery
- Weekday Delivery
- Hold Saturday
- Hold at FedEx Location

Package Special Services:

- Dangerous Goods
- Dry Ice
- Signature Service Option

FedEx Priority Alert and Priority Alert Plus require a service contract. If you are interested in signing up for FedEx Priority Alert options, contact your FedEx account executive.

17.1.1 FedEx Priority Alert Coding Details

In addition to the basic complex elements required for all ship requests described in the [Introduction](#), the following elements are required for the FedEx Priority Alert feature:

17.1.1.1 Basic Complex Elements

Table 111: Priority Alert Basic Complex Elements

Element	Description	Level
SpecialServicesRequested/SpecialServiceTypes	Identifies the special service type at the package level. Specify PRIORITY_ALERT to notify customers in the event that a critical shipment is delayed.	Package
SpecialServicesRequested/PriorityAlertDetail/Content	Optional. Specify any associated details to include with FedEx Priority Alert Notification.	Package
SpecialServicesRequested/PriorityAlertDetail/EnhancementTypes	Identifies the Priority Alert special service type at the package level. Specify PRIORITY_ALERT_PLUS which includes	Package

Element	Description	Level
	intervention to protect shipment contents.	

17.1.1.2 Additional Reply Elements

Table 112: Priority Alert Additional Reply Elements

Element	Description	Level
Surcharges/SurchargeType	Identifies the surcharge type returned. For Priority Alert surcharges, this value is returned as PRIORITY_ALERT.	Shipment/Package
Surcharges/Description	Description of surcharge type returned.	Shipment/Package
Surcharges/Amount/Currency	Currency Code of surcharge amount returned.	Shipment/Package
Surcharges/Amount/Amount	Amount of surcharge returned.	Shipment/Package

18 Saturday Service

In the ShipService WSDL, you may choose Saturday pickup or Saturday delivery services for your FedEx Express® shipments for an additional surcharge.

18.1 Saturday Ship and Delivery Service Details

The following service details apply:

- Saturday delivery is available for the following FedEx Express U.S. service types:
 - FedEx Priority Overnight®
 - FedEx 2Day®
 - FedEx 2Day® A.M.
 - FedEx 1Day® Freight
 - FedEx 2Day® Freight
 - FedEx First Overnight® Freight
- Saturday pickup is available for the following FedEx Express U.S. service types:
 - FedEx Priority Overnight
 - FedEx Standard Overnight®
 - FedEx 2Day
 - FedEx Express Saver®
 - FedEx First Overnight Freight
- Saturday Hold at Location service is available for the following FedEx Express U.S. service types:
 - FedEx Priority Overnight
 - FedEx 2Day
- To determine if Saturday Service is available for your shipment origin/destination pair, use the Validation Availability And Commitment Service and Country Service WSDL ServiceAvailabilityRequest.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

18.2 Saturday Ship and Delivery Coding Details

Saturday service is included in the ShipService WSDL. The following elements are required:

Table 113: Saturday Ship and Delivery Request Elements

Element	Description
RequestedShipment/ SpecialServicesRequested/ SpecialServiceTypes	<p>Two elements must be included in the ShipService WSDL for Saturday services:</p> <ul style="list-style-type: none"> • SATURDAY_DELIVERY: The ship date and service must equal a Saturday delivery date. For example, if you choose FedEx Priority Overnight and your ship date is Thursday, Saturday delivery is not allowed. • SATURDAY_PICKUP: Ship date must equal a Saturday date for this option. <p><i>Note: A Hold At FedEx Location Saturday Delivery indication can be implemented by setting the SpecialServicesRequested to be both HOLD_AT_LOCATION and SATURDAY_DELIVERY.</i></p>

19 FedEx Express Collect on Delivery (C.O.D.)

The FedEx® Collect on Delivery (C.O.D.) option allows you to designate the amount of money that the FedEx Express courier collects from your recipient when the package is delivered. Enrollment is not required. Your recipient can pay by personal check, money order, cashier's check, company check, official check, or certified check. FedEx returns payment to you the next business day by FedEx Standard Overnight® (where available; otherwise, FedEx 2Day®). An additional surcharge applies to C.O.D. shipments.

19.1 Express C.O.D. Service Details

The following service details apply to FedEx C.O.D.:

- C.O.D. service is not available with FedEx SameDay® or FedEx First Overnight®. C.O.D. services is not available to and from extended services areas for FedEx Express® Freight Services shipments. Also, C.O.D. service is not available to and from Puerto Rico or other international locations.
- These services allow C.O.D.: FedEx Priority Overnight®, FedEx Standard Overnight, FedEx 2Day, FedEx 2Day® A.M., FedEx Express Saver® and FedEx Freight.
- C.O.D. is not available for FedEx First Overnight.
- C.O.D. is not available for international shipments.
- C.O.D. is not available for intra-Canada or intra-Mexico FedEx Express shipments.
- [Dangerous Goods](#) may be shipped using the C.O.D. service.
- [Hold at FedEx Location](#) is allowed with the C.O.D. service.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

19.2 FedEx Express C.O.D. Coding Details

Before you begin coding C.O.D., you should know:

- Two labels are returned in the Ship reply: one outbound label to ship the package and one inbound label to return payment to you.
- Valid payment types are:
 - Secured: cashier's check, official check, or money order.

- Unsecured: personal check, certified check, cashier's check, official check, money order, or company check.
- To code C.O.D. shipments as multiple-piece shipments (MPS), you must submit multiple ship requests. You must submit a ship request for the master package and one ship request for each child package in the MPS. See [Single C.O.D. Shipments](#) for more information about the multiple occurrence elements. For C.O.D. multiple-package shipments, a shipping label prints for each package, and one C.O.D. return label prints to return payment to you.
- You may override your shipper address to return the payment to a different location.
- FedEx Express C.O.D. is requested using the ShipService WSDL. In addition to the basic shipping elements required for a FedEx Express shipment, the following elements are available:

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

19.3 Single C.O.D. Shipments

Table 114: Single C.O.D. Shipment Elements

Element	Package/Shipme nt Level	Description
RequestedShipment/ShipmentSpecialSe rvicesRequested/SpecialServiceTypes	Shipment	This element should be set to COD for a single COD package. For a multiple-piece shipment (MPS) C.O.D., the master package (first package in the sequence) must include this element.
Weight	Package	Individual package weight is required for all shipments. The Weight element includes Weight/Units and Weight/Value. Values for Weight/Units are: <ul style="list-style-type: none">● LB● KG Weight/Value is entered with one explicit decimal position.
Dimensions	Package	Optional for customer packages. Not allowed for FedEx package types. The Dimensions element include: <ul style="list-style-type: none">● Width● Height● Length● Units Dimensions/Units values are: <ul style="list-style-type: none">● CM

Element	Package/Shipment Level	Description
		<ul style="list-style-type: none"> IN
SpecialServicesRequested/CodCollectionAmount	Package	<p>Valid values are:</p> <ul style="list-style-type: none"> Currency: Currency type for C.O.D. For U.S. Express shipments, the currency type is USD. Amount: The total amount to be collected. For multiple-package shipments, the element must be included on each package and include the total collection amount minus transportation charges. <p><i>Note: The collection amount must be added to each package in an MPS C.O.D. shipment.</i></p>
CodDetail/CodAddTransportationChargesDetail	Shipment	<p>Optional. This element allows you to add transportation charges to the C.O.D. collection amount.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> ADD_ACCOUNT_COD_SURCHARGE ADD_ACCOUNT_NET_CHARGE ADD_ACCOUNT_NET_FREIGHT ADD_ACCOUNT_TOTAL_C USTOMER_CHARGE ADD_LIST_COD_SURCHARGE ADD_LIST_NET_CHARGE ADD_LIST_NET_FREIGHT ADD_LIST_TOTAL_CUSTOMER_CHARGE
CodDetail/CodAddTransportationChargesDetail/RateTypeBasis	Shipment	<p>The rate type. Valid values are:</p> <ul style="list-style-type: none"> ACCOUNT: Uses the customer's account rate as the basis for the additional charge calculation. LIST: Uses the FedEx List rate as the basis for the additional charge calculation.
CodDetail/CodAddTransportationChargesDetail/ChargeBasis	Shipment	<p>Valid values are:</p> <ul style="list-style-type: none"> COD_SURCHARGE: Adds the COD surcharge amount to the collect amount. NET_CHARGE: Adds the net freight plus surcharges and taxes to the collect amount.

Element	Package/Shipment Level	Description
		<ul style="list-style-type: none"> NET_FREIGHT: Adds the base freight charge minus discounts to the collect amount. TOTAL_CUSTOMER_CHARGE: Adds the net freight charge plus variable handling to the collect amount.
CodDetail/AddTransportationChargesDetail/ChargeBasisLevel	Shipment	<p>Valid values are:</p> <ul style="list-style-type: none"> CURRENT_PACKAGE: Adds the current package charge basis to the COD amount. SUM_OF_PACKAGES: Adds the charge basis for all packages in the shipment to the COD amount. <p><i>Note: For Express shipments, the COD amount is calculated only at the shipment level; therefore, both of these values use the shipment totals.</i></p>
CodDetail/CollectionType	Shipment	<p>Required. Valid values are:</p> <ul style="list-style-type: none"> ANY CASH COMPANY_CHECK GUARANTEED_FUNDS PERSONAL_CHECK
CodDetail/CodRecipient	Shipment	<p>The C.O.D. return label uses your shipper information as the recipient for the C.O.D. payment. To override this address, the following elements are required:</p> <ul style="list-style-type: none"> Contact Company (if contact is not supplied) City Country State PostalCode Phone Residential (for residential addresses)
CodDetail/FinancialInstitutionContactAndAddress	Shipment	<p>When the FedEx COD payment type is not CASH, indicates the contact and address of the financial institution used to service the payment of the COD.</p>

Element	Package/Shipment Level	Description
CodDetail/RemitToName	Shipment	Specifies the name of the person or company receiving the secured/unsecured funds payment.
CodDetail/ReferenceIndicator	Shipment	Optional. If you want reference information added to the return C.O.D. label, use this element. Values are: <ul style="list-style-type: none"> • INVOICE • PO • REFERENCE • TRACKING
CodDetail/ReturnTrackingId	Shipment	Only used with multi-piece COD shipments sent in multiple transactions. Required on last transaction only.

19.4 Multiple Piece Shipment C.O.D. Request Elements

Note: The maximum number of packages in an multiple-piece shipment (MPS) request is 200.

Table 115: Multiple Piece Shipment C.O.D. Request Elements

Element	Package/Shipment Level	Description
RequestedPackageLineItems /SequenceNumber	Package	Required for multiple-package shipments. Each C.O.D. shipment must contain a SequenceNumber. For example, the first package (also known as the master package) has a sequence number of 1. All additional packages are numbered sequentially. This number system is important because the master package carries shipment-level information.
MasterTrackingId	Package	Required for multiple-package shipments. The reply for the first package (master package) in a C.O.D. shipment includes the MasterTrackingId element. This element includes both the MasterTrackingNumber and FormID. For each subsequent ship request for an multiple piece shipment C.O.D., the MasterTrackingId (with MasterTrackingNumber and FormID) element is required.
PackageCount	Shipment	Total number of packages in the multiple-piece C.O.D. shipment. Include this element in the master package request. The maximum number of packages in one rate request is 100.
TotalWeight	Shipment	Total shipment weight is added to the master package in the

Element	Package/ Shipment Level	Description
		multiple-package shipment and contains the total weight of all packages in the shipment.
CodReturnTrackingId	Shipment	The CodReturnTrackingId (including TrackingNumber and FormID) is returned in the master package reply. This ID is required on the final package in an multiple-piece C.O.D. shipment.

19.5 Multiple Piece Shipment C.O.D. Reply Elements

Table 116: Multiple Piece Shipment C.O.D. Reply Elements

Element	Description
ProcessShipmentReply/CompletedShipmentDetail/	The reply payload. All of the returned information about this shipment/package.
CompletedShipmentDetail/ UsDomestic	Indicates whether or not this is a US Domestic shipment.
CompletedShipmentDetail/CarrierCode	Indicates the carrier that will be used to deliver this shipment.
CompletedShipmentDetail/MasterTrackingId	The master tracking number and form id of this multiple piece shipment. This information is to be provided for each subsequent of a multiple piece shipment.
CompletedShipmentDetail/ServiceTypeDescription	Description of the FedEx service used for this shipment. Currently not supported.
CompletedShipmentDetail/PackagingDescription	Description of the packaging used for this shipment. Currently not supported.
CompletedShipmentDetail/AssociatedShipments	Provides the customer with the Delivery on Invoice Acceptance data.
CompletedShipmentDetail/CompletedCodDetail	Specifies the results of processing for the COD special service.
CompletedShipmentDetail/CompletedCodDetail/CollectionAmount	The amount to be collected for the shipment.
CompletedShipmentDetail/CompletedCodDetail/AdjustmentType	Specifies the type of adjustment that was performed to the COD collection amount during rating.

Note: Additional shipping options like [Dangerous Goods](#) and [Hold at FedEx Location](#) are available for C.O.D. shipments. Information for each of these options is provided in the applicable topic. For C.O.D. multiple-piece shipments, you may request additional options either on the package level or the shipment level:

Table 117: Multiple Piece Shipment C.O.D. Additional Shipping Options Reply Elements

Inside Pickup	Shipment
Saturday Services	Shipment
Variable Handling Charge	Package

20 FedEx Ground U.S. Collect On Delivery (C.O.D.)

FedEx Ground® C.O.D. allows the shipper to designate the amount of money that the FedEx Ground driver collects from the recipient when a package is delivered. If the FedEx Ground driver collects guaranteed funds, or a company and/or personal check, the payment is sent directly to the shipper via U.S. mail. If cash is collected, by the next business day, FedEx Ground issues a check to the shipper in the amount of the cash collected. The FedEx issued check is sent to the shipper using the U.S. Postal Service. The shipper must designate the type of payment to be collected by FedEx Ground. FedEx Ground C.O.D. is not available with the FedEx Home Delivery® service. Available options with FedEx Ground C.O.D.:

- [Delivery Signature Services](#)
- [Hazardous Materials \(FedEx Ground U.S.\)](#)
- Additional handling options are available in [FedEx Ground U.S. Shipping](#).

Note: FedEx offers a FedEx Ground® Electronic C.O.D. (E.C.O.D.) option. When you contract to use this option, FedEx electronically deposits your C.O.D. payment into your bank account within 24 to 48 hours of collection. Because E.C.O.D. is a contract service, you must contact your FedEx account executive to register for this option. No additional entries are required to create an E.C.O.D. shipment in the Ship request.

For more detailed information about the services offered by FedEx, see the electronic [FedEx Service Guide](#).

20.1 FedEx Ground C.O.D. Coding Details

Before you begin coding FedEx Ground C.O.D., you should know:

- Two labels print at ship time: one inbound label to ship the package and one outbound label to return payment to you.
- Valid payment amounts are:
 - Secured — cashier's check, official check, or money order
 - Unsecured — personal check, certified check, cashier's check, official check, money order, or company check

C.O.D. shipments can be coded as multiple-package shipments (MPS). This means that you must create multiple C.O.D. packages using multiple Ship requests. These packages must be going to the same destination with the same service type. See [Single and Multiple Piece C.O.D. Shipments](#) for more information about multiple occurrence elements. For C.O.D. MPS, a shipping label prints for each package, and one C.O.D. return label prints to return payment to you.

- You may override your shipper address if you want the payment returned to a different location.

20.1.1 Single and Multiple Piece C.O.D. Shipments

FedEx Ground C.O.D. is requested using the ShipService WSDL. In addition to the basic shipping elements required for a FedEx Ground shipment, the following elements are available:

Table 118: Single and C.O.D. Multiple Piece Shipment Elements

Element	Package/ Shipment Level	Description
RequestedShipment/ShipmentSpecialServicesRequested/SpecialServiceTypes	Shipment	<p>This element should be set to COD for a single C.O.D. package. For a C.O.D multiple-piece shipment (MPS), the master package (first package in the sequence) must include this element.</p> <p><i>Note: The COD special service type and associated information are added at the package level under RequestedPackageLineItems.</i></p>
Weight	Package	<p>Individual package weight is required for all shipments. The Weight element includes Weight/Units and Weight/Value. Values for Weight/Units are:</p> <ul style="list-style-type: none"> • LB • KG <p>Weight/Value is entered with one explicit decimal position.</p>
Dimensions	Package	<p>Optional for customer packages. Not allowed for FedEx package types. The Dimensions element includes:</p> <ul style="list-style-type: none"> • Width • Height • Length • Units <p>Dimensions/Units values are:</p> <ul style="list-style-type: none"> • CM • IN
CodDetail/CollectionAmount	Package	<p>Valid values are:</p> <ul style="list-style-type: none"> • Currency: Currency type for C.O.D. For U.S. Express shipments, the currency type is U.S. • Amount: The total amount to be collected. For MPS, the element must be included on each package and include the total collection amount minus

Element	Package/ Shipment Level	Description
		<p>transportation charges.</p> <p><i>Note: The collection amount must be added to each package in an MPS C.O.D. shipment. Since FedEx Ground packages do not travel together and may be delivered at different times, you should add the value for the individual packages to be collected.</i></p>
CodAddTransportationChargesDetail/RateTypeBasis	Shipment	<p>Optional. Select the type of rate from which the element is to be selected.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • ACCOUNT: Uses the customer's account rate as the basis for the additional charge calculation. • LIST: Uses the FedEx List rate as the basis for the additional charge calculation.
CodAddTransportationChargesDetail/ChargeBasis		<p>Valid values are:</p> <ul style="list-style-type: none"> • COD_SURCHARGE: Adds the COD surcharge amount to the collect amount. • NET_CHARGE: Adds the net freight plus surcharges and taxes to the collect amount. • NET_FREIGHT: Adds the base freight charge minus discounts to the collect amount. • TOTAL_CUSTOMER_CHARGE: Adds the net freight charge plus variable handling to the collect amount.
CodAddTransportationChargesDetail/ChargeBasisLevel		<p>Valid values are:</p> <ul style="list-style-type: none"> • CURRENT_PACKAGE: Adds the current package charge basis to the COD amount. • SUM_OF_PACKAGES: Adds the charge basis for all packages in the shipment to the COD amount. <p><i>Note: For Express shipments, the COD amount is calculated only at the shipment level; therefore, both of these values use the shipment totals.</i></p>
CodRecipient	Shipment	<p>The C.O.D. return label uses your shipper information as the recipient for the C.O.D. payment. To override this address, the following elements are required:</p>

Element	Package/ Shipment Level	Description
		<ul style="list-style-type: none"> • Contact • Company (if contact is not supplied) • City • Country • State • PostalCode • Telephone • Residential (for residential addresses)
CodDetail/CollectionType	Shipment	<p>Required. Valid values are:</p> <ul style="list-style-type: none"> • ANY • CASH • COMPANY_CHECK • GUARANTEED_FUNDS • PERSONAL_CHECK
CodDetail/CodRecipient	Shipment	<p>For Express, this is the descriptive data that is used for the recipient of the FedEx Letter containing the COD payment. For Ground, this is the descriptive data for the party to receive the payment that prints the COD receipt.</p>
CodDetail/FinancialInstitutionContactAndAddress	Shipment	<p>When the FedEx COD payment type is not CASH, indicates the contact and address of the financial institution used to service the payment of the COD.</p>
RemitToName	Shipment	<p>Specifies the name of the person or company receiving the secured/unsecured funds payment.</p>
CodDetail/ReferenceIndicator	Shipment	<p>Optional. If you want reference information added to the return C.O.D. label, use this element. Values are:</p> <ul style="list-style-type: none"> • INVOICE • PO • REFERENCE • TRACKING
ReturnTrackingId	Shipment	<p>Only used with multiple-piece C.O.D. shipments sent in multiple transactions. Required on last transaction only.</p>

20.1.2 Multiple-Piece Shipment C.O.D. Elements

Table 119: Multiple-Piece Shipment C.O.D. Elements

Element	Package/Shipment Level	Description
SequenceNumber	Package	Required for multiple-piece shipments (MPS). Each C.O.D. shipment must contain a SequenceNumber. For example, the first package (also known as the master package) has a sequence number of 1. All additional packages are numbered sequentially. This number system is important because the master package carries shipment-level information.
MasterTrackingId	Package	Required for MPS. The reply for the first package (master package) in a C.O.D. shipment includes the MasterTrackingID element. This element includes both the MasterTrackingNumber and FormID. For each subsequent ship request for an MPS C.O.D., the MasterTrackingID (with MasterTrackingNumber and FormID) element is required.
MasterTrackingID/TrackingIDType	Package	Valid values are: <ul style="list-style-type: none"> • EXPRESS • FREIGHT • GROUND • USPS • FEDEX
PackageCount	Shipment	Total number of packages in the C.O.D. multiple-piece shipment. Include this element in the master package request.
TotalShipmentWeight	Shipment	Total shipment weight is added to the master package in the MPS and contains the total weight of all packages in the shipment.

20.1.3 Reply Elements

Table 120: Multiple-Piece Shipment C.O.D. Reply Elements

Element	Description
CompletedShipmentDetail/MasterTrackingId/Tracking Number	Returned in the reply for a single piece C.O.D. for Express shipping. Includes tracking number and form ID.

Element	Description
MasterTrackingId	Returned in the master package reply for an MPS C.O.D. Includes tracking number and form ID.
MasterTrackingID/TrackingIDType	Valid values are: <ul style="list-style-type: none"> • EXPRESS • FREIGHT • GROUND • USPS • FEDEX
Surcharge/SurchargeType	COD for C.O.D. surcharge amount for shipment.
SpecialServicesRequested/CodDetail/ReturnTrackingId	Optional. Returned in the reply only when used with multipiece COD shipments sent in multiple transactions. Required on last transaction only.
CompletedShipmentDetail/CompletedCodDetail/CollectionAmount	The amount to be collected for the shipment.
CompletedShipmentDetail/CompletedCodDetail/AdjustmentType	Specifies the type of adjustment that was performed to the COD collection amount during rating.

Note: Additional shipping options like Hazardous Materials and Shipment Notification are available for C.O.D. shipments. Information for each of these options is provided in the applicable topic. For MPS C.O.D. shipments, you may request additional options either on the package level or the shipment level:

Table 121: Additional Multiple-Piece Package/Shipment C.O.D. Options

Shipping Option	Package vs. Shipment Level
Delivery Signature Options	Shipment
Hazardous Materials	Shipment
Dry Ice	Shipment
Reference Elements	Package
Shipment Notification	Shipment
Future Day	Shipment
Variable Handling Charge	Package

20.2 Ground E.C.O.D.

Use the FedEx Ground E.C.O.D. service option to receive funds within 24 to 48 hours after shipment delivery. Shippers receive monies via electronic funds transfer. Contact your FedEx account executive for more information about E.C.O.D.

E.C.O.D. is not available with FedEx Home Delivery service. You can ship either C.O.D. and/or E.C.O.D., but you cannot use both services simultaneously under the same meter number.

Available options with FedEx Ground E.C.O.D.:

- [FedEx Priority Alert Options](#)
- Prepaid or third-party billing only
- Declared Value
- [Alcohol Shipping](#)
- [FedEx Home Delivery Convenient Delivery Options](#)
- [Masked Data](#)

Shipping a FedEx Ground E.C.O.D. package requires three thermal labels. Label 1 must be affixed to the outside shipping container. Labels 2 and 3 must be placed in a FedEx Ground C.O.D. pouch (OP013 POUCH) and affixed to the outside shipping container. For more detailed information about the services offered by FedEx, see the electronic [FedEx Service Guide](#).

21 Dangerous Goods

Shipments with dangerous goods must be tendered to FedEx Express® in accordance with current International Air Transport Association (IATA) regulations for air transport and the FedEx Express Terms and Conditions. There are two types of dangerous goods.

Accessible dangerous goods may be shipped using:

- FedEx Priority Overnight®
- FedEx 1Day® Freight
- FedEx International Priority®
- FedEx International Priority® Freight
- FedEx International Economy®
- FedEx International Economy® Freight

Inaccessible dangerous goods may be shipped using:

- FedEx Priority Overnight
- FedEx Standard Overnight®
- FedEx 2Day®
- FedEx 2Day® A.M.
- FedEx Express Saver®
- FedEx 1Day Freight
- FedEx 2Day® Freight
- FedEx 3Day® Freight
- FedEx First Overnight® Freight
- FedEx International Priority
- FedEx International Priority Freight

To locate FedEx services that allow dangerous goods shipping for your origin/destination pair, use the Service Availability Service.

Note: Dangerous goods shipping through FedEx Web Services is available for U.S. and C.A. origin shipments. HazMat shipping through FedEx Web Services is only available for U.S. origin shipments.

It is the shipper's responsibility to identify, classify, package, mark, label, and complete documentation for dangerous goods according to all national and international governmental regulations. In addition, FedEx can only accept the Shipper's Declaration for Dangerous Goods in typed or computer-generated formats, not hand-written. The shipper must provide three copies of the completed Shipper's Declaration for Dangerous Goods, 1421C, for each shipment. The term "Dangerous Goods" applies to FedEx Express shipments only. For more information about dangerous goods, call **1.800.GoFedEx 1.800.463.3339** and press 81 to reach the Dangerous Goods/Hazardous Materials Hotline.

Note: For FedEx Ground® services, these types of shipments are referred to as hazardous materials (HazMat) shipments.

21.1 Dangerous Goods Service Details

The following shipping rules apply to dangerous-goods shipments:

- Dangerous goods cannot be shipped in FedEx Express packaging, with the exception of biological substances.
- Many FedEx drop-off locations cannot accept dangerous goods. Use the Locations Service WSDL to determine locations that accept dangerous goods.
- There are limitations for dangerous-goods shipments to Alaska, Hawaii, and many international destinations. Use the RateService WSDL to determine if your destination allows dangerous-goods handling.
- The federal government requires every shipper to have job-specific dangerous-goods training before tendering a dangerous-goods shipment to any air carrier. FedEx sponsors a number of seminars for which you can register online.
- FedEx packaging cannot be used for dangerous-goods shipments. Proper package marking and required documentation must be included before the FedEx courier will accept dangerous-goods shipments.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

21.2 Dangerous Goods Coding Details

The following ShipService WSDL elements are available for dangerous goods:

Table 122: Dangerous Goods Coding Details Elements

Element	Requirements
RequestedPackageLineItems/Specia lServicesRequested/SpecialServiceT ypes	Specify DANGEROUS_GOODS.
/DangerousGoodsDetail	The descriptive data required for a FedEx shipment containing dangerous goods (hazardous materials).
/DangerousGoodsDetail/Regulation	Identifies the source of regulation for hazardous commodity data. Valid values are: <ul style="list-style-type: none">• ADR• DOT• IATA

Element	Requirements
	<ul style="list-style-type: none"> • ORMD
/DangerousGoodsDetail/Accessibility	Identifies whether or not the products being shipped accessible or inaccessible during delivery. Valid values are: <ul style="list-style-type: none"> • ACCESSIBLE • INACCESSIBLE
/DangerousGoodsDetail/CargoAircraftOnly	Optional. Shipment is packaged and documented for movement on cargo aircraft only.
/DangerousGoodsDetail/Options	Indicates which kinds of hazardous content are in the current package. Valid values are: <ul style="list-style-type: none"> • HAZARDOUS_MATERIALS: Package contains hazardous materials requiring complete documentation, using HazardousCommodityDescription data. Batteries with 5 grams or more of lithium should also be labeled HAZMAT. See Chapter 13: Hazardous Materials (FedEx Ground U.S.) for more information. • LIMITED_QUANTITIES_COMMODITES: • BATTERY: Package contains batteries with nonhazardous quantities of lithium. Nonhazardous batteries contain less than 5 grams of lithium. HazMat batteries contain 5 grams or more of lithium and will be treated as hazardous materials. • ORM_D/Limited Quantity: Package contains other regulated materials for U.S. shipping. • SMALL_QUANTITY_EXCEPTION: Package contains hazardous content in excepted quantities. • REPORTABLE_QUANTITIES: Package contains hazardous materials in an amount that needs to be reported.
/DangerousGoodsDetail/PackingOption	Indicates whether there is additional customer provided packaging enclosing the approved dangerous goods containers. Valid value is: OVERPACK
/DangerousGoodsDetail/ReferenceID	Identifies the configuration of this dangerous goods package. The common configuration is represented at the shipment level.
/DangerousGoodsDetail/Containers	Indicates one or more containers used to pack dangerous goods commodities.
Containers/PackingType	Indicates whether there are additional inner receptacles within this container. Valid value is: ALL_PACKED_IN_ONE

Element	Requirements
Containers/ContainerType	Indicates the type of this dangerous goods container, as specified by the IATA packing instructions. For example, steel cylinder, fiberboard box, plastic jerrican and steel drum.
Containers/RadioactiveContainerClass	Indicates the packaging type of the container used to package the radioactive materials. Valid values are: <ul style="list-style-type: none"> • EXCEPTED_PACKAGE • INDUSTRIAL_IP1 • INDUSTRIAL_IP2 • INDUSTRIAL_IP3 • TYPE_A • TYPE_B_M • TYPE_B_U • TYPE_C
Containers/NumberOfContainers	Indicates the number of occurrences of this container with identical dangerous goods configuration.
Containers/HazardousCommodities	Documents the kinds and quantities of all hazardous commodities in the current container.
Containers/HazardousCommodities/HazardousCommodityContent/Description	Identifies and describes an individual hazardous commodity.
/Description/Id	Regulatory identifier for a commodity (e.g. "UN ID" value).
/Description/SequenceNumber	In conjunction with the regulatory identifier, this field uniquely identifies a specific hazardous materials commodity.
/Description/PackingGroup	Identifies IATA packing group for a hazardous commodity.
/Description/PackingDetails	Specifies documentation and limits for validation of an individual packing group/category.
/Description/ReportableQuantity	The quantity of the hazardous material which, when shipped, requires release notification to the U.S. Nuclear Regulatory Commission (NRC).
/Description/ProperShippingName	Hazardous material proper shipping name. Up to three description lines of 50 characters each are allowed for a HazMat shipment.
/Description/TechnicalName	Hazardous material technical name.
/Description/Percentage	Specifies the percentage for the hazardous commodity.
/Description/HazardClass	IATA hazardous material class or division.

Element	Requirements
/Description/SubsidiaryClasses	Hazardous material subsidiary classes.
/Description/LabelText	IATA diamond hazard label type. Can also include limited quantity or exemption number.
/Description/ProcessingOptions	Indicates any special processing options to be applied to the description of the dangerous goods commodity.
/Description/Authorization	Information related to quantity limitations and operator or state variations as may be applicable to the dangerous goods commodity.
Containers/HazardousCommodities HazardousCommodityContent/Quantity	Specifies the amount of the commodity in alternate units.
Containers/HazardousCommodities HazardousCommodityContent/Inner Receptacles	This describes the inner receptacle details for a hazardous commodity within the dangerous goods container.
Containers/HazardousCommodities HazardousCommodityContent/Options	Customer-provided specifications for handling individual commodities.
Containers/HazardousCommodities HazardousCommodityContent/Radio nuclideDetail	Specifies the details of any radioactive materials within the commodity.
/DangerousGoodsDetail/Packaging	Describes the commodity packaging as used on OP-900 and OP-950 forms for FedEx Ground shipping of hazardous materials. See Chapter 13: Hazardous Materials (FedEx Ground U.S.) for more information.
/DangerousGoodsDetail/Signatory	<p>Specifies the name, title and place of the signatory responsible for the dangerous goods shipment.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • ContactName • Title • Place
/DangerousGoodsDetail/EmergencyContactNumber	Telephone number to use for contact in the event of an emergency.
/DangerousGoodsDetail/Offeror	Offeror's name or contract number per DOT regulation.
/DangerousGoodsDetail/InfectiousSubstanceResponsibleContact	Specifies the contact of the party responsible for handling the infectious substances, if any, in the dangerous goods shipment.
/DangerousGoodsDetail/AdditionalHandling	Specifies additional handling information for the current package.

Element	Requirements
/DangerousGoodsDetail/RadioactivityDetail	<p>Specifies the radioactivity detail for the current package, if the package contains radioactive materials.</p> <p>Valid values are:</p> <ul style="list-style-type: none">• TransportIndex• SurfaceReading• CriticalitySafetyIndex• Dimensions

Note: For details about creating a Shipper's Declaration for Dangerous Goods form, see the Shipping Document Service section.

21.2.1 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

22 Hazardous Materials (FedEx Ground U.S.)

FedEx Web Services supports FedEx Ground® hazardous materials (HazMat) shipping under 49CFR — FedEx Ground regulations.

Note: For FedEx Express® services, these types of shipments are referred to as [Dangerous Goods](#).

22.1 Hazardous Materials Service Details

The following service details apply to hazardous materials shipments:

- Ship, rate, and track services are available for Dangerous Goods shipments for HazMat, ORM-D/Limited Quantity, Dry Ice, Small Quantity Exception and HazMat/NonHazMat Battery.
- FedEx Ground provides reliable delivery of hazardous materials in all U.S. states except Alaska and Hawaii.
- FedEx Ground HazMat weight is limited to 70 lbs.
- If you have not shipped hazardous materials with FedEx Ground before, contact your FedEx account executive first. FedEx needs to confirm that you have met government training requirements and can generate the documentation your shipments need.
- Additional information regarding hazardous materials shipping is provided at fedex.com/us/services/options under the Hazardous Materials link.
- OP-900LL and OP-900LG forms are returned in the shipment reply. See the Shipping Document Service for more information.
- OP-950, the Shipper's Hazardous Materials Certification report, prints after a successful FedEx Ground close. See the Shipping Document Service for more information.
- HazMat shipments must be single package. If you create a multiple-package HazMat shipment, only one commodity prints on the OP-950.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

22.2 Hazardous Materials Coding Details

In addition to the basic elements required for a FedEx Ground ship request using the ShipService WSDL, the following elements are required to create a HazMat ship request:

Table 123: Hazardous Materials Elements

Element	Description
SpecialServicesRequested/DangerousGoodsDetail/Options	Set to HAZARDOUS_MATERIALS.
SpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities	Describes the kinds and quantities of all hazardous commodities in the package, including customer-specified options for handling and regulatory identifiers.
HazardousCommodities/Description	Identifies and describes an individual hazardous commodity.
Description/Id	Hazardous material regulatory commodity identifier referred to as Department of Transportation (DOT) location ID number (UN or NA).
Description/SequenceNumber	In conjunction with the regulatory identifier, this field uniquely identifies a specific hazardous materials commodity.
/Description/PackingGroup	Hazardous material packaging group. Valid values are: DEFAULT I II III
Description/PackingDetails	Specifies documentation and limits for validation of an individual packing group/category.
Description/PackingDetails/PackingInstructions	Coded specification for how commodity is to be packed.
Description/ReportableQuantity	Specifies the reportable quantity for the hazardous commodity
Description/ProperShippingName	Hazardous material proper shipping name. Up to three description lines of 50 characters each are allowed for a HazMat shipment. These description elements are formatted on the OP950 form in 25-character columns (up to 6 printed lines).
Description/TechnicalName	Hazardous material technical name.
Description/Percentage	Specifies the percentage for the hazardous commodity
Description/HazardClass	DOT hazardous material class or division.
Description/SubsidiaryClasses	Hazardous material subsidiary classes.

Element	Description
Description/LabelText	DOT diamond hazard label type. Can also include limited quantity or exemption number.
Description/ProcessingOptions	Specifies any special processing to be applied to the dangerous goods commodity description validation. Valid value is: INCLUDE_SPECIAL_PROVISIONS
Description/Authorization	Information related to quantity limitations and operator or state variations as may be applicable to the dangerous goods commodity.
HazardousCommodities/Quantity	Specifies the amount of the commodity in alternate units.
Quantity/Amount	Number of units of the type specified in "Units."
Quantity/Units	Units by which the hazardous commodity is measured. For IATA commodity, the units values are restricted based on regulation type.
Quantity/QuantityType	Specifies which measure of quantity is to be validated.
HazardousCommodities/InnerReceptacles	Describes the inner receptacle details for a hazardous commodity within the dangerous goods container.
InnerReceptacles/Quantity	Specifies the quantity contained in the inner receptacle.
HazardousCommodities/Options	Customer-provided specifications for handling individual commodities.
Options/LabelTextOption	Specifies how the customer wishes the label text to be handled for this commodity in this package.
Options/CustomerSuppliedLabelText	Text used in labeling the commodity under control of the LabelTextOption field.
HazardousCommodities/RadionuclideDetail	Specifies the details of any radio active materials within the commodity.
RadionuclideDetail/Radionuclide	An atom with an unstable nucleus.
RadionuclideDetail/Activity	The number of radioactive decays per second.
Activity/Value	The data content of this instance.
Activity/UnitOfMeasure	Valid values are: <ul style="list-style-type: none">• BQ

Element	Description
	<ul style="list-style-type: none"> • GBQ • KBQ • MBQ • PBQ • TBQ
RadionuclideDetail/ExceptedPackagingIsReportableQuantity	Indicates whether packaging type EXCEPTED or EXCEPTED_PACKAGE is for radioactive material in reportable quantity.
RadionuclideDetail/PhysicalForm	Valid values are: <ul style="list-style-type: none"> • GAS • LIQUID • SOLID • SPECIAL
RadionuclideDetail/ChemicalForm	—
SpecialServicesRequested/DangerousGoodsDetail/EmergencyContactNumber	Telephone number to use for contact in the event of an emergency.
SpecialServicesRequested/DangerousGoodsDetail/Offeror	Shipper name (offeror) or contact number. Required on all shipping papers, including OP-900LL, OP-900LG forms, and Hazardous Materials Certification per DOT regulation.

Note: Hazardous material must be specified at the package level, not at the shipment level. For more information regarding DOT requirements for hazardous material elements, go to fedex.com/us/services/options/hazmat.

22.2.1 Hazardous Materials Reply Elements

Table 124: Hazardous Materials Reply Elements

Element	Description
CompletedPackageDetail/HazardousPackageDetail	Documents the kinds and quantities of all hazardous commodities in the current package, using updated hazardous commodity description data.
HazardousPackageDetail/ReferenceID	A unique reference id that matches the package to a package configuration. This is populated if the client provided a package configuration for several packages that have the exact same dangerous goods content.

Element	Description
HazardousPackageDetail/Accessibility	
HazardousPackageDetail/CargoAircraftOnly	When true indicates that the package can be transported only on a cargo aircraft.
HazardousPackageDetail/RadioactiveTransportIndex	Specifies the maximum radiation level from the package (measured in microSieverts per hour at a distance of one meter from the external surface of the package, divided by 10).
HazardousPackageDetail/LabelType	<p>Specifies the label that is to be put on a package containing radioactive material. The label type is determined in accordance with the Transportation of Dangerous Goods Act and indicates the type of radioactive material being handled as well as the relative risk.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • III_YELLOW • II_YELLOW • I_WHITE
HazardousPackageDetail/Containers	Documents the kinds and quantities of all hazardous commodities in the current package.
Containers/QValue	Indicates that the quantity of the dangerous goods packaged is permissible for shipping. This is used to ensure that the dangerous goods commodities do not exceed the net quantity per package restrictions.
Containers ValidatedHazardousContainer/HazardousCommodities	Documents the kinds and quantities of all hazardous commodities in the current package.

22.2.2 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".

-
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
 5. Use the “Download Code In...” drop down and check the “Include Documentation PDF” checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer’s Guide.
 6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

22.2.3 Error Messages

For error messages, see [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

23 Alcohol Shipping

Before you process shipments containing alcohol, review the following information:

- You must sign a FedEx Alcohol Shipping Agreement prior to shipping. Contact your FedEx account executive to start the enrollment process.
- You must identify alcohol shipments in the description. This applies to all pieces in a multiple piece shipment and must be done for the first pieces in the shipment.

Note: If Alcohol special service is not specified for the first package in the shipment, but is specified for a subsequent package in the shipment, then the transaction will fail for all pieces.

- Common carriers, such as FedEx Express® and FedEx Ground® must report alcohol shipping activity to state authorities on a regular basis. For this reason, shippers must notify FedEx of each shipment containing alcohol via their electronic FedEx shipping solution *and* by applying FedEx alcohol shipping labels and by attaching an extra Alcohol sticker (which will reflect the verbiage 'Alcohol') to each package. You can get these stickers from your FedEx Sales Account Executive.
- FedEx will assign the Adult Signature Required signature option to the package (ship, rate, and email return transactions).
- FedEx will apply the associated Adult Signature Required surcharge to the package (ship, rate, and email return transactions).
- State law, as well as FedEx policy, requires an adult signature at the time of delivery for every package containing alcohol. It is the shipper's responsibility to ensure an adult is available to sign for the shipment at delivery. If a shipper fails to follow the procedures outlined herein, the shipment will be deemed undeliverable. Violations may result in suspension or termination of your FedEx account.
- FedEx is managing and maintaining alcohol shipper information and FedEx carrier (OpCo) information to prevent the entry of unauthorized packages from approved alcohol shippers into the FedEx Express and Ground networks through Automation controls.
This effort is designed to assist FedEx in meeting regulatory obligations and allow the company to respond more quickly to regulatory changes.

For more information about alcohol shipping, go to fedex.com/us/wine/gettingstarted.html.

FedEx accepts shipments of alcohol (beer, wine, and spirits) within the U.S. and for both U.S. import and export when the shipper and the recipient are licensed to import and/or export alcohol.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

23.1 Alcohol Shipping Coding Details

The following ShipService WSDL and RateService WSDL elements are available for alcohol shipping:

Table 125: Alcohol Shipping Elements

Element	Requirements
RequestedPackageLineItems/ SpecialServicesRequested/SpecialServiceTypes	Specify ALCOHOL
Reply/CompletedShipmentDetail/CompletedPackageDetails/SignatureOption	FedEx assigns ADULT.
Reply/CompletedShipmentDetail/CompletedPackageDetails/PackageRating/PackageRateDetails/Surcharges/SurchargeTypes	FedEx assigns SIGNATURE_OPTION.
ProcessShipmentRequest/RequestedShipment/Request edPackageLineItems/SpecialServicesRequested/Alcohol Detail	Specifies details for package containing alcohol
ProcessShipRequest/RequestedShipments/LabelSpeci fication/CustomerSpecifiedDetail/RegulatoryLabels/Typ e	The value is ALCOHOL_SHIPMENT_LABEL
ProcessShipRequest/RequestedShipments/LabelSpeci fication/CustomerSpecifiedDetail/RegulatoryLabels/Ge neralOptions	Defines how to print the regulatory label in relation to the main shipping label. Valid values are: CONTENT_ON_SHIPPING_LABEL_ONLY CONTENT_ON_SHIPPING_LABEL_PREFERRED CONTENT_ON_SUPPLEMENTAL_LABEL_ONLY
Alcohol Detail/ RecipientType	The license type that the recipient of the alcohol package. Valid values are: <ul style="list-style-type: none"> • CONSUMER • LICENSEE

Special Delivery Instructions

This package contains ALCOHOL
Adult Signature Required-Check ID
Recipient Must be at least 21 years old

Do not deliver to an intoxicated person
 No signature release, driver release or indirect delivery allowed

Shipper certifies that this shipment complies with:

- all FedEx requirements
- all applicable government laws/regulations, including all requirements related to delivery in the destination state.

Figure 3: Sample Label that includes the standard SEL 169 text as a supplemental label

23.2 Alcohol Service Codes

FedEx is currently at high risk to regulatory enforcement and service disruptions due to allegedly non-compliant alcohol packages being delivered and/or inaccurately reported to state agencies. Therefore, new Ground service codes and an Express Handling code have been introduced to mitigate this risk.

23.2.1 Allowed Services for Alcohol Service

The following OpCo's and services are eligible for Alcohol Service:

- FedEx Express Parcel and Freight services:
 - First Overnight
 - Priority Overnight
 - Standard Overnight
 - 2 Day
 - 2 Day AM
 - Express Saver
 - FO Express Freight
 - 1 Day Freight
 - 2 Day Freight
 - 3 Day Freight
- FedEx Ground and Home Delivery services

23.2.2 Exclusions for Alcohol Service

- FedEx SmartPost shipments are not eligible for Alcohol Service.
- FedEx Freight (LTL) shipments are not eligible for Alcohol Service.
- FedEx SameDay shipments are not eligible for Alcohol Service.
- Transborder Distribution shipments are not eligible for Alcohol Service.
- International and non US-domestic services are not eligible for Alcohol Service.
- Shippers that have not been authorized as an approved alcohol shipper by FedEx.
- Alcohol shipments are not allowed to be tendered to FedEx at a Drop Box.
- Alcohol shipments using Express Package services require an Adult Signature Option.
- Alcohol shipments using Express Freight services require Direct Signature Option.

23.2.3 Ground Service Conflicts - the following will no longer be allowed

- FedEx Ground HazMat and Alcohol cannot be shipped together.
- FedEx Ground ORM-D/Limited Quantity and Alcohol cannot be shipped together.
- FedEx Ground Currency COD/ECOD Collection Type and Alcohol cannot be shipped together.
- FedEx Express Inaccessible Dangerous Goods and Alcohol cannot be shipped together.

23.2.4 Allowed Return Options for Alcohol Service

The following Return products are eligible for Alcohol Service:

- Print Return Label
- Email Return Label

For more information about alcohol shipping, go to fedex.com/us/wine/gettingstarted.html.

FedEx accepts shipments of alcohol (beer, wine, and spirits) within the U.S. and for both U.S. import and export when the shipper and the recipient are licensed to import and/or export alcohol.

For more detailed information about the services offered by FedEx, see the electronic [FedEx Service Guide](#).

24 Hold at FedEx Location

Hold at FedEx Location (HAL) is available to customers who want to pick up a package rather than have it delivered. The shipper must select the FedEx pickup location from designated FedEx Office® Print and Ship Center or FedEx World Service Center® locations. You must first use the Locations Service WSDL to locate FedEx locations to use with the Hold at FedEx Location option.

24.1 Hold at FedEx Location Service Details

The following shipping services allow the HOLD_AT_LOCATION option:

- FedEx Priority Overnight® (Saturday service available)
- FedEx Standard Overnight®
- FedEx 2Day® (Saturday service available)
- FedEx 2Day® A.M.
- FedEx Express Saver®
- FedEx 1Day® Freight
- FedEx 2Day® Freight
- FedEx 3Day® Freight
- FedEx Ground®
- FedEx Home Delivery®

Hold at FedEx Location service is also available for certain international shipments. Services include FedEx International Priority®, FedEx International Economy®, FedEx International Priority® Freight and FedEx International Economy® Freight. Call **1.800.GoFedEx 1.800.463.3339** and say “International Services” to confirm pickup date and time. The service is not available for FedEx SameDay® or FedEx First Overnight®.

Saturday Hold at FedEx Location Services is available for FedEx Priority Overnight and FedEx 2Day. Saturday Hold at FedEx Location service is not available for FedEx Freight. Use Locations Service to determine if Hold at FedEx Location and Redirect to Hold is available between your origin ZIP code and destination ZIP code.

For FedEx Express® and FedEx Ground® shipments, you also have the option of requesting Adult Signature Required for pickup at the FedEx location. The standard Adult Signature Surcharge applies.

Note: Hold at FedEx Location service is not available for intra-United Kingdom shipments.

For more detailed information about the services offered by FedEx, see the electronic **FedEx Service Guide**.

24.1.1 Hold at FedEx Location Coding Details

The following ShipService WSDL elements are required for Hold at FedEx Location:

Table 126: Hold at FedEx Location Elements

Element	Description
RequestedShipment/SpecialServicesRequested/SpecialServiceTypes	For the Hold At FedEx Location service, you must include a SpecialServiceTypes element with the value HOLD_AT_LOCATION. <i>Note: A Hold At FedEx Location Saturday Delivery indication can be implemented by setting the SpecialServicesRequested/SpecialServiceTypes to be both HOLD_AT_LOCATION and SATURDAY_DELIVERY.</i>
RequestedShipment/SpecialServicesRequested/HoldAtLocationDetail/PhoneNumber	When your Hold at FedEx Location shipment is received at the designated FedEx location, you will be notified that your shipment is ready to be picked up.
RequestedShipment/SpecialServicesRequested/HoldAtLocationDetail/LocationContactAndAddress/Contact	The contact information.
RequestedShipment/SpecialServicesRequested/HoldAtLocationDetail/LocationContactAndAddress/Address	The FedEx location address where you want to have your shipment held for pickup is required in the ship transaction. For a list of available FedEx locations, use the FedEx Locations Service to search for FedEx locations where Hold at FedEx Location service is available. You must obtain the eligible Location Address from the Locations WSDL and populate this element with the data found in the SearchLocationsReply element.

24.1.1.1 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

24.2 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.

If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.

2. From the left navigation area of the screen, click on the link “FedEx Web Services”.
3. Click on the link “Documentation and Downloads”.
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the “Download Code In...” drop down and check the “Include Documentation PDF” checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer’s Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

25 Dry Ice Shipments

FedEx Web Services can be used to ship packages containing dry ice, as long as the specifics for the dry ice shipment are included in the shipping transaction. While dry ice is not considered a [Dangerous Goods](#) material, you must clearly mark all packages that contain dry ice. For more information about dry ice, call **1.800.GoFedEx 1.800.463.3339** and press 81 to reach the FedEx Dangerous Goods / Hazardous Materials Hotline.

25.1 Dry Ice Service Details

The following shipping rules apply to dry ice shipments:

- Dry ice shipping through FedEx Web Services is allowed for FedEx Express® U.S. shipments, FedEx International Economy® U.S. shipments, FedEx International Economy® Freight U.S. shipments, FedEx Ground® U.S. shipments and Canada origin FedEx Express international shipments.
- Dry ice weight must be submitted in kilograms.
- The weight entered for dry ice must be less than the total weight of the shipment.
- FedEx Ground is used to ship dry ice weighing 70 lbs. or more.

Dry ice is considered a packing material and does not require any [Dangerous Goods](#) elements for shipping.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

25.2 Dry Ice Coding Details

The following ShipService WSDL elements are required for dry ice:

Table 127: Dry Ice ShipService WSDL Elements

Element	Description
RequestedPackages/SpecialServicesRequested/ SpecialServiceTypes	Identifies the special service type at the package level. For dry ice packages, the valid value is: DRY_ICE
RequestedShipment/SpecialServicesRequested/ SpecialServiceTypes	Identifies the special service type at the shipment level. For dry ice packages, the valid value is: DRY_ICE
RequestedPackages/SpecialServicesRequested/	Descriptive data required for a FedEx shipment containing dry

Element	Description
DryIceWeight	ice. Descriptive data includes Weight and Units in KGs. This element is required when SpecialServiceType DRY_ICE is present in the SpecialServiceTypes collection at the package level.
RequestedShipment/SpecialServicesRequested/ShipmentDryIceDetail/PackageCount	Number of packages in this shipment which contain dry ice.
RequestedShipment/SpecialServicesRequested/ShipmentDryIceDetail/TotalWeight	Descriptive data or total weight of the dry ice for this shipment. Descriptive data includes Units, in KGs, and Value.

25.2.1 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

25.2.2 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

26 Shipment Notification in the Ship Request

Notification may be included in the ShipService or requested after shipping through TrackService SendNotificationsRequest. The ShipService ShipmentSpecialServicesRequested/EmailNotificationDetail element allows you to request that FedEx email exception and delivery notifications be sent to you, your recipient, and up to six (6) other email addresses. A personal message can also be included.

Note: Shipment Notification emails are not sent for ship transactions in a Test environment, even if the request is configured correctly.

In addition to the current email notifications of "On Delivery," "On Exception," and "On Shipment," FedEx now offers a new email notification of "On Tender," which may be specified with the shipment request, in addition to the existing "Delivery," "Exception," and "Shipment" email notifications. Use the "On Tender" email notification if you want an email notification sent to the specified recipients once the shipment has been tendered to FedEx. This notification is supported for FedEx Express®, FedEx Ground®, FedEx Freight® Economy, and FedEx SmartPost®.

Note: If you include notification elements in your Ship request, you do not need to use the TrackService Notification option for that shipment. The TrackService Notification option is provided if no notification request has been made for an undelivered shipment.

26.1 Shipment Notification Coding Details

In addition to the standard elements required for all transactions described in the [Introduction](#), the following elements are provided as part of the ShipService WSDL:

26.1.1 Shipment Notification Elements

Table 128: Shipment Notification Elements

Element	Required	Description
RequestedShipment/ SpecialServicesRequested/ SpecialServiceTypes	Required	Set type as EMAIL_NOTIFICATION.
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail	Required	Descriptive data required for FedEx to provide email notification to the customer regarding the shipment. This element is required when SpecialServiceType. EMAIL_NOTIFICATION is present in the SpecialServiceTypes collection.

Element	Required	Description
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/PersonalMessage	Optional	Identifies the message text to be sent in the email notification.
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients	Required	Up to six (6) email addresses to receive the specified shipment notification.
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/ EmailNotificationRecipient	Optional	<p>Identifies the set of valid email notification recipient types. For SHIPPER, RECIPIENT, and BROKER, any email address sent with the email notification for these three email notification recipient types will overwrite the email addresses associated with the SHIPPER, RECIPIENT, and BROKER definitions. Valid values are:</p> <ul style="list-style-type: none"> • BROKER • OTHER • RECIPIENT • SHIPPER • THIRD_PARTY
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/ EmailAddress	Required	The email address of the notification recipient.
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/EMailNotificationAggregationType	Optional	Specifies whether/how email notifications are grouped. Valid values are: <ul style="list-style-type: none"> • PER_PACKAGE • PER_SHIPMENT
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/NotificationEventsRequested/ EmailNotificationEventType	Required	<p>Identifies if an email notification should be sent to the recipient:</p> <ul style="list-style-type: none"> • ON_DELIVERY • ON_EXCEPTION • ON_SHIPMENT • ON_TENDER
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/NotificationEventsRequested/ EmailNotificationEventType/ON_DELIVERY	Optional	Identifies if an email notification should be sent to the recipient when the package is delivered.
RequestedShipment/	Optional	Identifies if an email notification should be

Element	Required	Description
SpecialServicesRequested/ EmailNotificationDetail/Recipients/NotificationEventsRequested/ EmailNotificationEventType/ON_EXCEPTION		sent to the recipient when an exception occurs during package movement from origin to destination.
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/NotificationEventsRequested/EmailNotificationEventType/ON_SHIPMENT	Optional	Identifies if an email notification should be sent to the recipient when the package is shipped. <i>Note: Shipment Notification emails are not sent for ship transactions in a Test environment, even if the request is configured correctly.</i>
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/ON_TENDER	Optional	Identifies if an email notification should be sent to the recipient when the shipment is tendered to FedEx.
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/Format	Required	This element is required to specify the type of notification you want to receive. Valid values are: <ul style="list-style-type: none"> • HTML • Text • Wireless
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/Localization/ Language	Required	You may include a language code to have the email message returned in that language. See "Tracking and Visibility Services" for a table of valid language codes. If no value is included with this element, the default is EN (English).
RequestedShipment/ SpecialServicesRequested/ EmailNotificationDetail/Recipients/Localization/ LocaleCode	Optional	Some languages require a locale code to further identify the requested language. For example, if you request the notification emails in Spanish, you must include a locale code of "US" for North American Spanish. See Notification Service Details for a table of valid locale codes.

27 Variable Handling Charges

If your shipping operation charges handling fees in addition to shipping charges, FedEx Web Services allow you to add these handling fees to your total shipment charge. These charges are returned in the Ship reply and can be configured to print on the 4" x 6" thermal label Doc-Tab. See [Canada Export International](#) for more information.

Note: Variable handling charges display as an individual itemized amount and follow shipments across FedEx systems.

27.1 Variable Handling Coding Details

The elements required to add variable handling charges to your shipment rate quote are provided in the ShipService WSDL. The following table contains variable handling elements:

Table 129: Variable Handling Elements

Element	Required	Requirements
VariableHandlingChargeDetail/RateTypeBasisType/RateTypeBasis		<p>The rate type. Valid values are:</p> <ul style="list-style-type: none">• ACCOUNT: Uses the customer's account rate as the basis for the handling calculation.• LIST: Uses the FedEx List rate as the basis for the handling calculation.
VariableHandlingChargeDetail/RateElementBasisType/RateElementBasis	Required	<p>The charge upon which the variable handling amount is calculated. Valid values are:</p> <ul style="list-style-type: none">• BASE_CHARGE: This value is the base transportation charge.• NET_CHARGE_EXCLUDING_TAXES: This value is the net freight plus surcharges and taxes.• NET_CHARGE_EXCLUDING_TAXES: This value is the net freight plus surcharges.• NET_FREIGHT: This value is the base charge less discounts.
VariableHandlingChargeDetail	Required	<p>Valid values are:</p> <ul style="list-style-type: none">• FIXED_AMOUNT: This value is used if you want to add a fixed handling charge to all shipments.• PERCENTAGE_OF_NET_CHARGE: This value is used if you want to have a variable handling charge calculated on the entire net charge of the shipment, including all surcharges.• PERCENTAGE_OF_NET_CHARGE_EXCLUDING_

Element	Required	Requirements
		<p>TAXES: This value is used if you are a Canada-origin shipper and want to exclude Canadian taxes from the variable handling charge net percentage.</p> <ul style="list-style-type: none"> PERCENTAGE_OF_NET_FREIGHT: This value is used if you want to have the variable handling charge calculated as a percentage of the net freight charge, excluding any other surcharges levied on the shipment.
VariableHandlingChargeDetail/FixedValue	Conditional	If you choose FIXED_AMOUNT as the ChargeType, this element allows you to enter the fixed value of the handling charge. The element allows entry of 7 characters before the decimal and 2 characters following the decimal. For example: if you want to enter a fixed handling amount of \$5.00, enter 5.00 in the FixedValue element.
VariableHandlingChargeDetail/PercentValue	Conditional	If you choose one of the percentage handling charges in the VariableHandlingChargeType element, this element allows you to enter the percent value of the handling charge to be calculated. The element allows entry of 7 characters before the decimal and 2 characters following the decimal. For example, if you want to enter a variable handling amount of 10%, enter 10.00 in the PercentValue element.
VariableHandlingCharges/VariableHandlingCharge	Optional	The variable handling charge amount calculated based on the requested variable handling charge detail.

Note: Variable handling charges may be processed at shipment level or package level except for Express multiple piece shipments, which must be processed at the Shipment level.

27.1.1 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.

5. Use the “Download Code In...” drop down and check the “Include Documentation PDF” checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer’s Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

28 Masked Data

In the ShipService WSDL, you can choose to have some data masked on the shipping label for security purposes. The shipper's account number is automatically masked.

28.1 Masked Data Coding Details

If the following element is included in the Ship request, your specified options will be masked on the shipping label:

Table 130: Masked Data Coding Elements

Element	Required	Description
MaskedData	No	<p>MaskedData allows customers to prevent the following types of information from being printed on the label. Valid values are:</p> <ul style="list-style-type: none">• CUSTOMS_VALUE• DUTIES_AND_TAXES_PAYOR_ACCOUNT_NUMBER• TERMS_AND_CONDITIONS• TRANSPORTATION_CHARGES_PAYOR_ACCOUNT_NUMBER

28.2 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you

to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.

6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

28.3 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

29 Future Day Shipping

FedEx Web Services allows you to perform future day shipping for all supported FedEx shipping types.

29.1 Future Day Service Details

The following service details apply to future day shipping:

- Future day shipping is available for FedEx Express® U.S., FedEx Express® international, FedEx Ground® U.S., and FedEx International Ground® shipping between all origin and destination pairs supported by FedEx Web Services.
- FedEx Express packages may be created with a future ship date up to 10 days in advance. FedEx Freight® shipments can be created up to 5 days in advance.
- FedEx Ground future day shipments may be created up to 10 days in advance.
- You may delete future day shipments up until the ship date.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

Note: The shipper's account number must be enabled for Extended Future Day. Once the account number is enabled, the customer may process a Ground or Express shipment for a ship date up to 90 days from the current date.

29.2 Future Day Coding Details

The following ShipService WSDL elements are required to code a future day shipment:

Table 131: Future Day Shipping Elements

Element	Requirements
ShipmentSpecialServicesRequested/ SpecialServiceTypes	Future day shipping is considered a special service. For future day shipping, FUTURE_DAY_SHIPMENT must be included in the ship request.
ProcessShipmentRequest/RequestedShipment/Ship Timestamp	The ShipTimestamp must be included in the Ship request. For future day shipping, the following parameters apply: <ul style="list-style-type: none">• For Express shipping, entry must be less than or equal to 10 days in the future.• For Express freight, entry must be less than or equal to 5 days in the future. The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-

Element	Requirements
	hour clock. The date and time are separated by the letter T, such as 2009-06-26T17:00:00. The UTC offset indicates the number of hours/minutes, such as xx:xx, from UTC, such as 2009-06-26T17:00:00-04:00 is defined as June 26, 2009 5:00 p.m. Eastern Time. See Appendix M: Time Zones for more information.

29.2.1 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

29.2.2 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

30 FedEx Ground U.S. Shipping

Use the Shipping service to access the FedEx Ground® U.S. shipping features.

See Shipping Services by Region for a list of FedEx Ground U.S. services available by region.

30.1 FedEx Ground U.S. Service Details

The following rules apply to FedEx Ground U.S. shipping:

- Shipments can originate from and be delivered to the 50 United States. Delivery between 1 to 5 business days within the contiguous U.S. and between 3 to 7 business days to and from Alaska and Hawaii.
- No Saturday pickup or delivery for FedEx Ground; shipping and delivery days are Monday through Friday (8 a.m. to close of business day). FedEx Ground delivery is not available to P.O. boxes.
- FedEx Ground accepts packages up to 150 lbs. The dimensions must not exceed 108" in length or 165" in length plus girth (L + 2W + 2H).
- HazMat shipments are allowed with restrictions. See [Hazardous Materials \(FedEx Ground U.S.\)](#) for details. No hazardous materials can be shipped to or from Alaska and Hawaii.
- If the package is to a business, the service type is FedEx Ground. If the package is to a residence, the service type is FedEx Home Delivery®. For information about FedEx Home Delivery, see [FedEx Home Delivery Service Details](#).

Note: The shipper's account number must be enabled for Ground Residential functionality. Once the account number is enabled, the customer may specify a service type of Ground instead of Ground Home Delivery for a shipment weighing less than 70 pounds and destined to a residential address.

For more detailed information about the services offered by FedEx, see the electronic [FedEx Service Guide](#).

30.2 FedEx Ground U.S. Service Options

The following service options are available for use with FedEx Ground U.S. shipping:

- [Alternate Return Address](#)
- [Delivery Signature Services](#)
- [Future Day Shipping](#)
- [FedEx Ground U.S. Collect On Delivery \(C.O.D.\)](#)
- [Hazardous Materials \(FedEx Ground U.S.\)](#)
- [Hold at FedEx Location](#)

- [FedEx Home Delivery Service Details](#)
- [Masked Data](#)
- [Shipment Notification in the Ship Request](#)
- [Variable Handling Charges](#)

30.3 FedEx Ground U.S. Coding Details

- Both commercial and residential shipments are allowed with FedEx Ground U.S. shipping. If you select FedEx Ground as the shipping service but are shipping to a residential address, the Ship reply returns an error and you must select FedEx Home Delivery as the shipping service. If you are unsure about the residential status of an address, use the Address Validation Service to do a residential status check.
- You can bill shipping costs to your own account, your recipient's FedEx account, or a third-party FedEx account. You should always be sure you enter the appropriate FedEx account number if you want recipient or third-party billing. If the account number is missing or incorrect, you will be billed for the shipping costs.
- You can add reference elements to your Ship request that print on the shipping label, the customer invoice, or both. See the following tables for details.
- FedEx Ground shipments that exceed the published FedEx Ground limits are considered oversize shipments. A surcharge applies to any FedEx Ground package that measures greater than 60" in length but equal to or less than 108" in length. The oversize surcharge is returned in the Ship reply. For more information regarding oversize calculations, see the electronic ***FedEx Service Guide***.
- Nonstandard containers also incur an additional surcharge. The nonstandard container definition is:
 - A package not fully encased in an outer shipping container
 - A package encased in an outer shipping container made of wood
 - A drum or pail (less than 5 gallons) not fully encased in an outer shipping container made of corrugated cardboard
- FedEx Ground shipments may be created as multiple-package shipments (MPS). A multiple-package shipment consists of two or more packages shipped to the same recipient.

30.3.1 Required Elements

The following elements are available to ship a FedEx Ground U.S. package:

30.3.1.1 Recipient Information

Table 132: Recipient Information Elements

Element	Multiple Occurrence	Description
CompanyName	No	Required. The name of the company associated with the recipient.
Contact	No	Required. The name of the person receiving the shipment.
StreetLines	No	Combination of number, street name, and so on. At least one line is required for a valid physical address; empty lines should not be included. Combination of number, street name, street type, and other defining attribute. At least one line is required for a valid physical address; empty lines should not be included. Multiple occurrence field.
City	No	Required. Name of the city or town of the recipient.
StateOrProvinceCode	No	Required. Identifying abbreviation for U.S. state or Canada province. Format and presence of this field will vary, depending on country. For more information, see Appendix B: U.S. State Codes and Appendix C: Canada Province Codes .
PostalCode	No	Required. Identification of a region (usually small) for mail and package delivery. Format and presence of this field will vary, depending on country.
Country Code	No	Identifies the recipient country.
CountryName	No	Required. The fully spelled out name of a country.
PhoneNumber	No	Required. The recipient's phone number.
Residential	No	Optional. However, if you ship to a residential address and do not include the Residential element, your rate quote will be incorrect.

30.3.1.2 Billing

Table 133: Billing Elements

Element	Multiple Occurrence	Description
ShippingChargesPayment/PaymentType	No	Required. Values are: <ul style="list-style-type: none"> • ACCOUNT • COLLECT • SENDER • RECIPIENT • THIRD_PARTY
AccountNumber	No	Required. To ensure that shipping and customs charges are billed to the correct account number, include the AccountNumber element that corresponds to the Bill To element if payment type is SENDER, RECIPIENT, or THIRD_PARTY.
Currency	No	Required. The currency code of the monetary exchange for FedEx Services. See Appendix F: Currency Codes for a list of codes. <i>Note: FedEx will provide currency conversion using FedEx Web Services. If you enter a currency other than the currency associated with your FedEx account number, rate quotes will be returned based on the specified currency.</i>
CountryCode	No	The country code associated with the currency type.
CountryName	No	Optional. The fully spelled out name of a country.
CustomerReferenceType	No	Optional. This element allows you to add reference information that prints on the shipping label and on your invoice. Reference information may also be used to track packages. Values are: <ul style="list-style-type: none"> • BILL_OF_LADING • CUSTOMER_REFERENCE • DEPARTMENT_NUMBER • ELECTRONIC_PRODUCT_CODE • INTRACOUNTRY_REGULATORY_REFERENCE • INVOICE_NUMBER • P_O_NUMBER • RMA_ASSOCIATION • SHIPMENT_INTEGRITY

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • STORE_NUMBER <p>SHIPMENT_INTEGRITY prints only on the invoice.</p> <p><i>Note: Reference information is submitted on the shipment level. However, you may add up to three references per shipment. See the Reference Elements with Output Location table for more information about where your reference information prints.</i></p>
CustomerReference/Value	No	Optional. Reference information to be associated with the CustomerReferenceType. For example, if you designate INVOICE_NUMBER in the CustomerReferenceType element, the actual invoice number associated with the package is included in the CustomerReference/Value element.

30.3.1.3 Multiple-Package Shipment Elements

This option is available for FedEx Express U.S. and international multiple-package shipments (MPS), FedEx Ground U.S. and international MPS, FedEx Express U.S. C.O.D. and international C.O.D. MPS and FedEx Ground U.S. C.O.D. and international C.O.D. MPS.

For more information about MPS see FedEx Express U.S. Multiple-Package Shipments.

Note: Up to 200 MPS packages may be created for one master shipment.

Table 134: Multiple-Package Shipment Elements

Element	Multiple Occurrence	Description
PackageCount	No	Required for MPS. Total number of packages in the shipment.
SequenceNumber	No	Required if PackageCount is greater than 1. The sequence number determines the master package and is important when shipment level information is added for that package. The shipment level information added to a master package applies to all packages in the shipment.
MasterTrackingID	No	Required. The MasterTrackingID element is returned with the first package reply. This element contains both the MasterTrackingNumber and the FormID elements. The MasterTrackingID element must be added to each subsequent ship request for all other packages in the multiple-package shipment.
MasterTrackingID/TrackingIDType	No	Valid values are:

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • EXPRESS • FREIGHT • GROUND • USPS • FEDEX

30.3.1.4 Package and Shipment Details

Table 135: Package and Shipment Details Elements

Element	Multiple Occurrence	Description
ServiceType	No	<p>Required. Valid values are:</p> <ul style="list-style-type: none"> • FEDEX_GROUND • GROUND_HOME_DELIVERY • FEDEX_FREIGHT_PRIORITY • FEDEX_FREIGHT_ECONOMY • SAME_DAY • SAME_DAY_CITY <p><i>Note: If you ship to a residential address, your service type must be GROUND_HOME_DELIVERY.</i></p>
PackagingType	Yes	Required. Valid value is YOUR_PACKAGING.
Weight	Yes	<p>Required. Units and Value are included in this element. Values for the Units element are:</p> <ul style="list-style-type: none"> • LB • KG <p>The Value element must contain the actual package weight. For MPS, each ship request must contain the package weight.</p>
TotalWeight	No	<p>Required for MPS. The TotalWeight element is submitted for the master package only, not the subsequent child packages. The master package (designated as 1 in the PackageCount element) contains the total package weight in the multiple-package shipment.</p> <p>Units and Value are included in this Element. Values for the Units element are:</p> <ul style="list-style-type: none"> • LB • KG

Element	Multiple Occurrence	Description
		The Value element must contain actual package weight.
Dimensions/Height	Yes	Optional. Submitted in the Ship request on the package level.
Dimensions/Width	Yes	Optional. Submitted in the Ship request on the package level.
Dimensions/Length	Yes	Optional. Submitted in the Ship request on the package level.
Dimensions/Units	Yes	Required if dimensions (Height, Width, Length) are submitted. Values are: <ul style="list-style-type: none">• IN• CM
TotalInsuredValue/Amount	No	You may enter a value in this element to declare additional value for this shipment. For MPS, the master package should contain the total declared value for the shipment. No declared value is added to subsequent child shipments. FedEx does not provide insurance of any kind.
PreferredCurrency	No	Indicates the currency the shipper requests to have used in all returned monetary values (when a choice is possible).
ShipTimestamp	No	Date of shipment. For FedEx Ground and FedEx Home Delivery packages, this can be the current date or up to 10 days in the future. The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-hour clock. The date and time are separated by the letter T, such as 2009-06-26T17:00:00. The UTC offset indicates the number of hours/minutes, such as xx:xx, from UTC, such as 2009-06-26T17:00:00-04:00 is defined as June 26, 2009 5:00 p.m. Eastern Time. See Appendix M: Time Zones for more information about time zones.

30.3.1.5 Label Requirements

Table 136: LabelSpecification Element

Element	Multiple Occurrence	Description
LabelSpecification	No	To identify the type of label format you will receive, elements in the LabelSpecification complex type element should be included in the ProcessShipment request (depending on your label format).

Element	Multiple Occurrence	Description
		More information about label printing is provided in Creating a Label .

To determine if special options apply at the shipment level (controls every package in the MPS) or at the package level (levied for a particular package), refer to the following table:

Table 137: Package vs. Shipment Level Shipping Options

Shipping Option	Package vs. Shipment Level
Delivery Signature Options	Shipment
HazMat	Shipment
Reference Elements	Package
Shipment Notification	Package

30.3.2 FedEx Home Delivery Convenient Delivery Options

You may also choose from three convenient delivery options for your FedEx Home Delivery shipments:

- FedEx Date Certain Home Delivery®: FedEx contacts the recipient (recipient's phone number is required in transaction) and schedules a specific date for package delivery.
- FedEx Evening Home Delivery®: Just like "Date Certain Delivery," FedEx contacts the customer (recipient's phone number is required in transaction) and schedules an evening package delivery.
- FedEx Appointment Home Delivery®: This option is time-specific. If you want your package delivered at 1:30 on Tuesday, FedEx calls the recipient to confirm this date and time. The recipient phone number is required in the transaction.

Note: FedEx Home Delivery convenient delivery options are requested on the package level and incur surcharges.

30.3.2.1 Elements for FedEx Home Delivery Convenient Delivery Options

Table 138: Home Delivery Convenient Delivery Options Elements

Element	Description
HomeDeliveryPremiumDetail/HomeDeliveryPremiumType	Valid values are: <ul style="list-style-type: none"> • APPOINTMENT • DATE_CERTAIN • EVENING

Element	Description
HomeDeliveryPremiumDetail/Date	Required for FedEx Date Certain Home Delivery. Valid dates are Monday through Saturday.
HomeDeliveryPremiumDetail/DeliveryInstructions	Optional. Allows additional delivery instructions are for any FedEx Home Delivery convenient delivery option.
HomeDeliveryPremiumDelivery/PhoneNumber	Required for FedEx Date Certain Home Delivery and FedEx Appointment Home Delivery. FedEx contacts the recipient at this number to schedule delivery.

30.3.3 Reply Elements

In the ShipResponse/ProcessShipmentReply, the following elements are returned:

- Error messages with severity
- Tracking number(s): Assigned to all packages. For FedEx Ground C.O.D., you receive origin shipment-status tracking number and C.O.D. return payment tracking number.
- Rates and surcharges: For more information, see Registration Service.
- Service commitment
- Routing code
- Origin commitment
- Time in transit detail
- Station ID (where applicable)

30.3.3.1 Reference Elements with Output Location

The ShipService WSDL includes these CustomerReference/CustomerReferenceType elements:

Note: Additional surcharges apply to FedEx Home Delivery convenient delivery options. These elements can also be configured to print on the thermal label Doc-Tab. For more information, see the [Canada Export International](#).

You may use reference elements to track packages or to tie packages together for a single track request.

Table 139: Customer Reference/CustomerReferenceType Elements

Value	Prints
BILL_OF_LADING	Shipping label and invoice.
CUSTOMER_REFERENCE	Shipping label, FedEx Ground shipping reports, and in the Customer Reference element on the invoice.

Value	Prints
INVOICE_NUMBER	Shipping label and invoice.
P_O_NUMBER	Shipping label and invoice.
RMA_ASSOCIATION	Shipping label and invoice.
SHIPMENT_INTEGRITY	Invoice.
STORE_NUMBER	Shipping label and invoice.

30.4 FedEx Home Delivery Service Details

The following rules apply to FedEx Home Delivery (residential flag checked):

- Shipment can originate from and be delivered to the 50 United States, although longer transit times apply to Alaska and Hawaii.
- Shipping and delivery days are Tuesday through Saturday from 9 a.m. to 8 p.m.
- Package weight and size can be up to 70 lbs., 108" in length, or 165" in combined length plus girth (L+2W+2H).
- FedEx Home Delivery is not available to P.O. boxes.
- No HazMat except ORM-D/Limited Quantity packages: see Chapter 23: Hazardous Materials (FedEx Ground U.S.) for details.
- Options include Delivery Signature Services, Signature Proof of Delivery (SPOD), and Chapter 32: FedEx SmartPost Shipping.
- Nonstandard packaging: Include this element in your transaction to indicate that your shipment is packaged in a nonstandard or irregularly shaped container (such as a pail). A surcharge may apply. Contact FedEx Ground Customer Service at 1.800.GoFedEx 1.800.463.3339 for guidelines or to find out if your packaging is nonstandard.
- For shipments including alcohol, see Alcohol Shipping for more information.

Note: The shipper's account number must be enabled for Ground Residential functionality. Once the account number is enabled, the customer may specify a service type of Ground instead of Ground Home Delivery for a shipment weighing less than 70 pounds and destined to a residential address.

- For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

30.4.1 FedEx Home Delivery Convenient Delivery Options

FedEx Home Delivery is part of FedEx Ground shipping. You can use FedEx Home Delivery to ship packages to residential addresses. You can use the basic FedEx Ground transaction for FedEx Home Delivery shipments. You can also use the following options as needed:

30.4.1.1 FedEx Date Certain Home Delivery

Use this convenient delivery option to specify a delivery date for FedEx Home Delivery. For example, if your recipient is available to accept packages on Thursdays only, you may enter a specific Thursday as the delivery date in your shipping transaction.

30.4.1.2 FedEx Evening Home Delivery

Use this convenient delivery option to specify delivery between 5 p.m. and 8 p.m., based on the recipient's local time zone.

30.4.2 FedEx Appointment Home Delivery

Use this convenient delivery option to specify an appointment for delivery. The recipient is contacted by the local FedEx Home Delivery terminal when the shipment arrives, to set a delivery appointment.

31 FedEx SmartPost Shipping

FedEx SmartPost® and FedEx SmartPost® Returns each require a service contract. To sign up for FedEx SmartPost outbound shipping or FedEx SmartPost Returns, contact your FedEx account executive.

FedEx SmartPost helps you consolidate and deliver high volumes of low-weight, non time-critical business-to-consumer packages using the United States Postal Service (USPS) for final delivery to residences. This service provides delivery Monday through Saturday to all residential addresses in the U.S., including P.O. boxes and military APO and FPO destinations.

FedEx SmartPost also offers FedEx SmartPost Returns service, delivery and shipment email notifications for U.S. outbound shipments, customizable labels, and Future Day shipping.

31.1 FedEx SmartPost Service Details

FedEx SmartPost Service includes the following features:

- FedEx SmartPost is available for shipments originating in the 48 contiguous United States only. Alaska, Hawaii, Puerto Rico, and the U.S. territories are not included as origin points.
- The FedEx SmartPost service allows delivery to all 50 United States and the U.S. territories, including PO boxes and military locations (Army Post office - APO, Fleet Post Office - FPO, Diplomatic Post Office - DPO), and Puerto Rico.
- FedEx SmartPost supports customer packaging only. Because FedEx SmartPost employs the USPS for final delivery to residences, packages are subject to USPS restrictions.
- Future Day shipping is available for FedEx SmartPost shipments.
- Saturday delivery is possible by USPS. No FedEx surcharge applies in this case.
- Packages can only be tracked using the FedEx tracking Number or USPS tracking number.
- FedEx SmartPost Returns provides a U.S. to U.S. returns service for all shippers with more than 100 returns a day. Once contracted, a shipper can use any service for their outbound shipping and still use FedEx SmartPost Returns. Both print and email return label options are available. Consumers can conveniently return packages from all 50 states, Puerto Rico, U.S. territories and military locations simply by placing it in their mailbox, dropping it off at their local Post Office, at a USPS collection box or handing it off to a USPS carrier by taking advantage of a free package pickup. Estimated shipping rates are not available for SmartPost Returns.

Note: A separate account number is given for FedEx SmartPost outbound shipments and FedEx SmartPost Returns. If a customer is contracted with return services, they need to use the associate account rollup to a national number. For Standard Mail, Bound Printed Matter, and Media the following dimensions restriction applies:

- Dimensions: No more than 84" in combined length and girth (L+2W+2H).
- No one dimension greater than 60".
- Minimum dimensions are 6" L x 4" W x 1".

- For Parcel Select the following restrictions apply:
- Dimensions: No more than 130" in combined length and girth.
- No one dimension can be greater than 60".
- Minimum Dimensions are 6" L X 4" W X 1".

For more detailed information about FedEx SmartPost outbound shipping and returns, go to fedex.com/us/sm智post.

31.1.1 FedEx SmartPost Request Elements

In addition to the elements required for all requests, the following elements are included in the FedEx SmartPost request:

Table 140: FedEx SmartPost Request Elements

Element	Description
ProcessShipmentRequest/RequestedShipment/ServiceType	Required. Specify SMART_POST for FedEx SmartPost shipping services.
SmartPostDetail	Required. Specify the appropriate details for a FedEx SmartPost shipment.
SmartPostDetail/Indicia	Required. Specify the indicia type. Available options include: <ul style="list-style-type: none"> • MEDIA_MAIL • PARCEL_SELECT (1 LB through 70 LBS) • PRESORTED_BOUND_PRINTED_MATTER • PRESORTED_STANDARD (less than 1 LB) • PARCEL_RETURN
SmartPostDetail/AncillaryEndorsement	Optional. Specify an endorsement type from the following valid values: <ul style="list-style-type: none"> • ADDRESS_CORRECTION • CARRIER_LEAVE_IF_NO_RESPONSE • CHANGE_SERVICE • FORWARDING_SERVICE • RETURN_SERVICE <p><i>Note: For FedEx SmartPost Standard Mail (Presorted Standard < 1 lb.) shipments with delivery confirmation, either RETURN SERVICE REQUESTED or ADDRESS SERVICE REQUESTED is permitted.</i></p>
SmartPostDetail/HubID	Required. Specify the HubID using the four-digit numeric value. Valid values are:

Element	Description
	<ul style="list-style-type: none"> • 5185 ALPA Allentown • 5303 ATGA Atlanta • 5281 CHNC Charlotte • 5602 CIIL Chicago • 5929 COCA Chino • 5751 DLTX Dallas • 5802 DNCO Denver • 5481 DTMI Detroit • 5087 EDNJ Edison • 5431 GCOH Grove City • 5771 HOTX Houston • 5465 ININ Indianapolis • 5648 KCKS Kansas City • 5902 LACA Los Angeles • 5254 MAWV Martinsburg • 5379 METN Memphis • 5552 MPMN Minneapolis • 5531 NBWI New Berlin • 5110 NENY Newburgh • 5015 NOMA Northborough • 5327 ORFL Orlando • 5194 PHPA Philadelphia • 5854 PHAZ Phoenix • 5150 PTPA Pittsburgh • 5958 SACA Sacramento • 5843 SCUT Salt Lake City • 5983 SEWA Seattle • 5631 STMO St. Louis <p><i>Note: Include only the numeric HubID value in your request.</i></p>
SmartPostDetail/CustomerManifestID	<p>Optional. The CustomerManifestId is used to group FedEx SmartPost packages onto a manifest for each trailer that is being prepared.</p> <p>If you have multiple trailers, you must assign a Manifest Id to each FedEx SmartPost package as determined by its trailer. The Manifest Id must be unique to your account number for a minimum of 6 months and cannot exceed 8 characters in length.</p> <p>We recommend that you use the day of year, the trailer id (a sequential number for that trailer). For example, if there</p>

Element	Description
	are 3 trailers that you started loading on Feb 10, then the 3 Manifest IDs would be 041001, 041002, 041003 (this example includes leading zeros on the trailer numbers). The maximum length is 8 characters.
RequestedShipment/RequestedPackageLineItems/PhysicalPackaging	Optional Provides additional detail on how the customer has physically packaged this item.

31.1.2 FedEx SmartPost Reply Elements

SmartPost ship replies will include a shipping label image buffer and at least one Tracking ID. Please use the United States Postal Service (USPS) Tracking ID value.

SmartPost outbound ship replies will also include rate elements with estimated rates. SmartPost Return shipping label replies will **not** include rate elements and estimates.

The following SmartPost-specific elements are returned in the FedEx SmartPost ship reply:

Table 141: FedEx SmartPost Reply Elements

Element	Description
ProcessShipmentReply/CompletedShipmentDetail/UsDomestic	Indicates whether or not this is an intra-U.S. shipment.
ProcessShipmentReply/CompletedShipmentDetail/CarrierCode	Indicates the carrier that will be used to deliver this shipment.
ProcessShipmentReply/CompletedShipmentDetail/MasterTrackingId	The master tracking number and form ID of this multiple piece shipment. This information is to be provided for each subsequent of a multiple piece shipment.
MasterTrackingId/TrackingIdType	<p>Lists the type of tracking ID. Valid values are:</p> <ul style="list-style-type: none"> • FEDEX • GROUND • USPS <p>A USPS tracking number will only return the status of the package while it is being handled by USPS. But a FedEx Ground tracking number will return all the data.</p>
MasterTrackingId/FormId	Describes in detail the type of airbill and shipment moving through the FedEx system.
MasterTrackingId/UspsApplicationId	For use with Smartpost tracking IDs only.
MasterTrackingId/TrackingNumber	Specifies the tracking number of the package.

Element	Description
ProcessShipmentReply/CompletedShipmentDetail/ServiceTypeDescription	Description of the FedEx service used for this shipment. Currently not supported.
ProcessShipmentReply/CompletedShipmentDetail/PackagingDescription	Description of the packaging used for this shipment. Currently not supported.
ProcessShipmentReply/CompletedShipmentDetail/OperationalDetail	Specifies the shipment level operational information.
ProcessShipmentReply/CompletedShipmentDetail/AccessDetail	Used only with pending shipments.
ProcessShipmentReply/CompletedShipmentDetail/SmartPostDetail/	Returns FedEx SmartPost shipment account details including: <ul style="list-style-type: none"> • Machineable (indicates whether the shipment is deemed to be machineable, based on dimensions, weight, and packaging) • AllowedHubs • MailerId • DistributionCenter • SmartPostId • PickUpCarrier (CarrierCodeType) • AllowedIndicia • AllowedSpecialServices • SmartPostHubId • MaximumTransitTime
ProcessShipmentReply/CompletedShipmentDetail/ShipmentRating	All shipment-level rating data for this shipment, which may include data for multiple rate types.
ProcessShipmentReply/CompletedShipmentDetail/ShipmentDocuments	All shipment-level shipping documents (other than labels and barcodes).
ProcessShipmentReply/CompletedShipmentDetail/AssociatedShipments	The details of any associated shipments.
ProcessShipmentReply/CompletedShipmentDetail/CompletedPackageDetails	Package level details about this package.

31.1.3 FedEx SmartPost APO/FPO/DPO

FedEx SmartPost allows customers to ship orders to APO (Army/Air Force Post Office), FPO (Fleet Post Office) or DPO (Diplomatic/Defense Postal Office) addresses. Include the following element values to ship to these addresses:

Table 142: FedEx SmartPost APO/FPO/DPO Elements

Element	Value
City	Valid values are: <ul style="list-style-type: none"> • APO • FPO • DPO
StateOrProvinceCode	Valid values are: <ul style="list-style-type: none"> • AA - Armed Forces Americas • AE - Armed Forces Europe • AP - Armed Forces Pacific

Since packages shipped to APO/FPO/DPO are potentially dutiable, the USPS requires that all customers use Form 2976A when shipping APO/FPO/DPO packages, regardless of weight and value. For more information on customs and USPS requirements and to complete and print the forms online, refer to the USPS Website at http://ribbs.usps.gov/index.cfm?page=siteindexa_z.

The following is an example of a FedEx SmartPost APO address:

StreetLines: PSC 2 box 7629

City: APO

StateOrProvinceCode: AE

PostalCode: 09012

CountryCode: US

The following reply elements would be returned for the FedEx SmartPost APO Address Validation:

```

31.1.4 FedEx SmartPost Labels

FedEx SmartPost shipments use one of the following two types of labels based on the specified pickup carrier:

- FedEx SmartPost label - FedEx SmartPost is the pickup carrier

- FedEx integrated label - FedEx Ground® is the pickup carrier

The pickup carrier type is designated by the FedEx account executive based on the volume requirement at the time of the contract and is stored on FedEx system.

The FedEx SmartPost label type supports the Customer Reference barcode when <CustomerReference> element is used in the Ship request. The FedEx integrated label supports FedEx Ground barcode below the USPS Delivery Confirmation barcode at the bottom half of the label.

31.2 FedEx SmartPost Returns Service Details

For an online retailer or other residential shipper, a no-hassle returns process is critical for customer satisfaction and loyalty. FedEx SmartPost Returns service is an ideal solution because it provides your recipients with the convenience of U.S. Postal Service® (USPS®) access points for their returns, as well as free package pickup from their home or business address.

FedEx SmartPost Returns is a contract-only service for customers with high-volume returns (100 average daily volume) of low-weight residential packages. It's a cost-effective, reliable solution that utilizes the strength of the FedEx® network and the access of the USPS. In addition, FedEx SmartPost Returns provides visibility throughout the returns process to your customer service and operations departments, as well as to the return shipper.

Note: FedEx SmartPost Returns does not provide estimated shipping rates when using the Rating or Shipping Web services.

31.2.1 How it Works

When using FedEx SmartPost Returns, you can choose three methods of processing your return labels:

- Include pre-printed return labels in your original shipments.
- Direct your customers back to your Website to process and print online labels using a ProcessShipment web service.
- Send your customers an email that includes a FedEx URL link to the return shipping label for them to print using a CreatePendingShipment web service.

The return shipper then simply puts the label on the package and tenders it at a USPS access point including any of the 36,000 retail locations or thousands of collection boxes, or even their own mailbox. They can also call for the free USPS package pickup service.

Once your customers' returns packages are picked up by the USPS, they'll be consolidated into larger shipments at local post offices and picked up by FedEx for shipment to you.

FedEx SmartPost provides U.S. to U.S. returns to all shippers regardless of volume segment and includes Email Return Labels and Future Day shipment. Shippers can use any FedEx Express or Competitor outbound service and still contract to use FedEx SmartPost Returns services.

31.2.2 Features

- To use the FedEx SmartPost Returns service, shippers must have an account flagged as eligible for FedEx SmartPost Returns and be U.S. based payors. U.S. Dollars (USD) is the only currency that is supported for a FedEx SmartPost shipment.
- Whenever customers request a return label, they must send in the Returns account number also.
- The only packaging type available is the customer's own packaging.
- Eligible payment types are Bill Sender or Associated Account.

Note: If a customer has one set of credentials and multiple return locations, they will use the Account Number for the correct receiving location and a PaymentType of "ACCOUNT" in the Payor section. The address for the proper receiving location will then print on the SmartPost Return label.

- A prepaid USPS integrated return shipping label is provided, which means your customers don't have to stand in line at a shipping location to obtain the proper documentation and don't incur any out-of-pocket expenses.
- USPS daily pickup options of Monday through Saturday, offering your customers convenient access for tendering their package at a local post office, a postal collection box or their own mailbox. Return shippers also can request a free USPS package pickup at www.usps.gov/pickup.
- Coverage to every residential address in the U.S., including P.O. boxes and APO/FPO/DPO destinations.
- Transit times of 2 to 7 business days. This means you can quickly and efficiently cycle returned products back into inventory for faster redeployment into the market — generating revenue and reducing the effects of product depreciation.
- Maximum package weight of 70 lbs.
- No residential or Saturday pickup surcharges.
- FedEx SmartPost Returns does not provide estimated shipping rates when using the Rating or Shipping Web services.
- Inbound shipment visibility via FedEx InSight®. FedEx InSight email notifications provide timely and automatic status information about your inbound FedEx SmartPost Returns packages and include an estimated delivery date assigned when the FedEx SmartPost origin hub receives the package, enabling you to plan accordingly.
- Visibility for your customers through the tracking or RMA number on fedex.com. With an up-to-the-minute view of their returns, customers are not calling your customer service department for shipment-status updates.

Customer reports via FedEx® Reporting Online. Limit of liability is \$100.

31.2.3 FedEx SmartPost Print Return Labels

You can create a return label that can be printed using a variation of the Ship web service. The recipient can then apply this label to the return package as needed and drop the package off at a U.S. Postal Service drop-off location, or their local mail carrier can pick up the package at the home address. No

charges are assessed until the label is used. In addition, a Returns Merchant Authorization (RMA) reference number can be included as a reference field in your ship transaction. The RMA number prints on the label and can be used to track the return package.

- FedEx SmartPost® Returns service supports both FedEx SmartPost® Email Return Labels and FedEx SmartPost® Print Return Labels. You can request shipment and delivery email notifications. However, ancillary endorsements are not supported.

For FedEx SmartPost Returns, FedEx Ground integrated print and FedEx SmartPost Email Return Label options are available.

- The maximum number of packages allowed for FedEx SmartPost Print Return Label shipments is 999, and 25 for FedEx SmartPost Email Return Label shipments.
- FedEx SmartPost return labels are not available for international destinations.
- Dangerous Goods and Hazardous Materials cannot be shipped.
- FedEx SmartPost returns does not provide estimated shipping rates when using the Rating or Shipping web services.
- Declared value is not available for FedEx SmartPost return labels. If you wish to declare a value, use FedEx Express or FedEx Ground return label services instead.
- Return labels do not expire.
- Returns shipments are billed upon the delivery scan.
- All label formats supported by FedEx Web Services (laser, thermal) are available for FedEx SmartPost Returns shipping labels.
- FedEx SmartPost Email Return Labels are not available for U.S. territories and Puerto Rico.

31.2.4 FedEx SmartPost Returns Request Elements

Begin your ship request with the basic Ship Request elements as detailed in [FedEx Express Freight Services: U.S](#) under the heading [FedEx Express U.S. Coding Details](#).

Add the following elements in your ProcessShipmentRequest to receive a FedEx SmartPost Return Label in your ship reply.

Table 143: FedEx SmartPost Returns Request Elements

Element	Required or Optional	Description
SpecialServicesRequested/SpecialServiceTypes	Required	Include the value: RETURN_SHIPMENT.
ReturnShipmentDetail/ReturnType	Required	The type of return shipment being requested. Valid value is PRINT_RETURN_LABEL. With this option you can print a return label to be applied to the box of a return. This option cannot be used to print an outbound label.

Element	Required or Optional	Description
RequestedShipment/RequestedPackageList/Items/CustomerReferences/CustomerReferenceType	Optional	Include the value: RMA_ASSOCIATION
RequestedShipment/RequestedPackageList/Items/CustomerReferences/Value	Optional	Include the value: Number The RMA number associated with the return shipment. Including this number in your request allows you to track by RMA number up to 20 alpha-numeric characters.
ProcessShipmentRequest/RequestedShipment/ServiceType	Required	Specify SMART_POST for FedEx SmartPost shipping services.
SmartPostDetail	Required	Required. Specify the appropriate details for a FedEx SmartPost shipment.
SmartPostDetail/Indicia	Required	Required. Specify the indicia type. Available option includes: PARCEL_RETURN.
SmartPostDetail/HubID	Required	Required. Specify the HubID. Valid values are: <ul style="list-style-type: none"> • 5185 ALPA Allentown • 5303 ATGA Atlanta • 5281 CHNC Charlotte • 5602 CIIL Chicago • 5929 COCA Chino • 5751 DLTX Dallas • 5802 DNCO Denver • 5481 DTMI Detroit • 5087 EDNJ Edison • 5431 GCOH Grove City • 5771 HOTX Houston • 5465 ININ Indianapolis • 5648 KCKS Kansas City • 5902 LACA Los Angeles • 5254 MAWV Martinsburg • 5379 METN Memphis • 5552 MPMN Minneapolis • 5531 NBWI New Berlin • 5110 NENY Newburgh • 5015 NOMA Northborough

Element	Required or Optional	Description
		<ul style="list-style-type: none">• 5327 ORFL Orlando• 5194 PHPA Philadelphia• 5854 PHAZ Phoenix• 5150 PTPA Pittsburgh• 5958 SACA Sacramento• 5843 SCUT Salt Lake City• 5983 SEWA Seattle• 5631 STMO St. Louis <p><i>Note: Include only the numeric HubID value in your request.</i></p>

31.2.5 FedEx SmartPost Email Return Labels

You can use the power of **fedex.com** to create return shipping labels for FedEx SmartPost® Returns. The **fedex.com** website will email your customer with a link to view and print the label. The customer can take the package to any local United States Postal Center or have their local mail carrier collect the package during their normal mail rounds. The package will be returned to your location using FedEx SmartPost.

You will use the CreatePendingShipment request in OpenShipService web service to trigger **fedex.com** to create the appropriate FedEx SmartPost Return Label and notify the customer through an email from FedEx. You will use the DeletePendingShipment web services in the OpenService WSDL or Schema file to cancel the label before it expires.

Note: SmartPost Returns does not provide estimated shipping rates when using the Rating or Shipping web service.

31.2.5.1 Delivery Area

FedEx SmartPost Returns Service is available throughout the 50 United States, U.S. territories, APOs, FPOs and DPOs. FedEx customer emails can be sent to any standard email address.

31.2.5.2 Email Return Labels Coding Details

The following coding details apply to email labels:

- The email label is created using elements from the CreatePendingShipmentRequest in the OpenShip Service WSDL for FedEx SmartPost Returns.
- The email label request is canceled using elements from the DeletePendingShipmentRequest in the OpenShip Service WSDL for FedEx SmartPost Return Labels.
- You may request up to 25 email labels to one email address using one request transaction.

- Email label URLs expire according to expiration time stamp you specify in your request.
- After the customer prints the label, the label does not expire but can be used indefinitely.
- The only label format supported is 8-1/2" x 11" plain paper printed on a Laser printer.
- A surcharge is added to a returns email label.
- The maximum expiration date for an email label must be greater or equal to the day of the label request and no greater than 30 days in future.

The following elements are included in a request for the email return label to be a FedEx SmartPost® Email Return Label:

Table 144: FedEx SmartPost Email Return Label Request Elements

Element	Required	Description
SmartPostDetail	Required	Required. Specify the appropriate details for a FedEx SmartPost shipment.
SmartPostDetail/Indicia	Required	Required. Specify the indicia type. The value for this transaction is PARCEL_RETURN.
SmartPostDetail/AncillaryEndorsement	Optional and/or Required	<p>Optional. Specify an endorsement type from the following valid values:</p> <ul style="list-style-type: none"> • ADDRESS_CORRECTION • CARRIER_LEAVE_IF_NO_RESPONSE • CHANGE_SERVICE • FORWARDING_SERVICE • RETURN_SERVICE <p><i>Note: These services are of little practical use for a return package, but they will not cause the transaction to fail.</i></p>
SmartPostDetail/HubId	Required	<p>Required. Specify the HubID. Valid values are:</p> <ul style="list-style-type: none"> • 5185 ALPA Allentown • 5303 ATGA Atlanta • 5281 CHNC Charlotte • 5602 CIIL Chicago • 5929 COCA Chino • 5751 DLTX Dallas • 5802 DNCO Denver • 5481 DTMI Detroit • 5087 EDNJ Edison • 5431 GCOH Grove City • 5771 HOTX Houston • 5465 ININ Indianapolis

Element	Required	Description
		<ul style="list-style-type: none"> • 5648 KCKS Kansas City • 5902 LACA Los Angeles • 5254 MAWV Martinsburg • 5379 METN Memphis • 5552 MPMN Minneapolis • 5531 NBWI New Berlin • 5110 NENY Newburgh • 5015 NOMA Northborough • 5327 ORFL Orlando • 5194 PHPA Philadelphia • 5854 PHAZ Phoenix • 5150 PTPA Pittsburgh • 5958 SACA Sacramento • 5843 SCUT Salt Lake City • 5983 SEWA Seattle • 5631 STMO St. Louis <p><i>Note: Include only the numeric HubID value in your request.</i></p>
SmartPostDetail/CustomerManifestId	Optional and/or Required	<p>Optional. This field is of little practical use for a returns package.</p> <p>The CustomerManifestId is used to group FedEx SmartPost packages onto a manifest for each trailer that is being prepared.</p> <p>If you have multiple trailers, you must assign a Manifest Id to each FedEx SmartPost package as determined by its trailer. The Manifest Id must be unique to your account number for a minimum of 6 months and cannot exceed 8 characters in length.</p> <p>Use the day of year and the trailer id (a sequential number for that trailer). For example, if there are 3 trailers that you started loading on Feb 10, then the 3 Manifest Ids would be 041001, 041002, 041003 (this example includes leading zeros on the trailer numbers).</p> <p>The maximum length is 8 characters.</p>
RequestedShipment/RequestedPackageLineItems/PhysicalPackaging	Optional and/or Required	<p>Optional. Provides additional detail on how the customer has physically packaged this item.</p>

31.2.5.2.1 FedEx SmartPost Reply Elements

The following elements are returned in the FedEx SmartPost reply:

Table 145: FedEx SmartPost Reply Elements

Element	Description
CompletedShipmentDetail/OperationalDetail/TransitTime	String. Standard transit time per origin, destination, and service.
CompletedShipmentDetail/OperationalDetail/MaximumTransitTime	String. The maximum expected transit time.
CompletedShipmentDetail/AccessDetail/EmailLabelUrl	The URL the customer will receive in the email from FedEx to take them to the label that has been generated for them.
CompletedShipmentDetail/CompletedPackageDetails/TrackingIds/TrackingIdType	The reply will include tracking numbers for the package. The TrackingIdType will specify whether a specific Tracking Number provided is USPS, GROUND or FEDEX. A UPS tracking number will only return the status of the package while it is being handled by USPS. But a FedEx Ground tracking number will return all the data.
CompletedShipmentDetail/CompletedPackageDetails/TrackingIds/TrackingNumber	The reply will usually include two tracking numbers for the package. The TrackingNumber will show the Tracking number value. USPS is 22 digits, FedEx is 20 digits.

The customer will receive an email from FedEx that uses the data as provided in your request. The email will look like this:

<p>Dear Test ShipperName,</p> <p>Test Recipient Company has sent you an electronic FedEx return label. Please review the shipment information below and if accurate, click the following link to print your return shipping label. Next, be sure to follow important instructions on available options for package drop-off or pickup:</p> <p>Get FedEx Return Label</p> <p>Test Notification email message.</p> <p>Need Help?</p> <ul style="list-style-type: none">• If the return label has expired or you have any general questions about your return, please contact null at 222-333-4444.• You must access the URL on or before the label expiration date of 07-01-2010.• You may alternatively access your label by using this UserID (TestShippe) and Password (xdv0dj) at https://wwwtest.fedex.com/OnlineLabel.• If the return label has not expired and you have difficulty printing it, please call FedEx Technical Support at 1.877.339.2774 for assistance. <p>Thank you for shipping your return with FedEx.</p>	<table border="1"><tr><td>SHIPPER INFORMATION Test Shipper Company <i>Attn: Test ShipperName</i> 2925 Embassy Parkway Suite 10 Akron, OH 44333 222-333-4444</td><td>RECIPIENT INFORMATION Test Recipient Company <i>Attn: Attn: Recipient</i> 60 FED EX PKWY FL 2 COLLIERVILLE, TN 38017-8711 111-222-3333</td></tr><tr><td>RETURN CONFIRMATION INFORMATION Label Expiration Date: 07-01-2010 RMA Number: UAT Test RMA 123</td><td>SHIPMENT DETAILS Total Pieces: 1 Total Weight: 0.50 Product: Sample Item Description Packaging: Other Packaging Delivery Option: Weekday Delivery</td></tr></table>	SHIPPER INFORMATION Test Shipper Company <i>Attn: Test ShipperName</i> 2925 Embassy Parkway Suite 10 Akron, OH 44333 222-333-4444	RECIPIENT INFORMATION Test Recipient Company <i>Attn: Attn: Recipient</i> 60 FED EX PKWY FL 2 COLLIERVILLE, TN 38017-8711 111-222-3333	RETURN CONFIRMATION INFORMATION Label Expiration Date: 07-01-2010 RMA Number: UAT Test RMA 123	SHIPMENT DETAILS Total Pieces: 1 Total Weight: 0.50 Product: Sample Item Description Packaging: Other Packaging Delivery Option: Weekday Delivery

31.2.5.3 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.

If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.

FedEx Web Services, Developer Guide

423

2. From the left navigation area of the screen, click on the link “FedEx Web Services”.
3. Click on the link “Documentation and Downloads”.
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the “Download Code In...” drop down and check the “Include Documentation PDF” checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer’s Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

31.2.6 Customizable Labels

Shippers will be offered a customizable area on thermal labels for FedEx SmartPost and FedEx SmartPost Returns.

The customizable label size is 4" x 8" which is a 4" x 6" format with an additional 1-1/2 inch area available for customization. The customizable label can be printed with and without doc-tabs.

31.2.7 Future Day Shipping

Customers can process FedEx SmartPost future day shipments in the same way as FedEx Ground. This includes the same limit on the number of days (10 days) as FedEx Ground future day shipments

31.2.8 Tracking Numbers

Customers can track FedEx SmartPost shipments using:

- Customer reference number
- Invoice number
- P.O. number
- Return Merchant Authorization (RMA) number
- Tracking number

31.2.8.1 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

31.2.8.2 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

32 FedEx Freight Services

One streamlined network, FedEx Freight®, offers you two easy service options: FedEx Freight® Priority (formerly FedEx Freight) for speed, and FedEx Freight® Economy (formerly FedEx National LTL) for savings. The change in services allows FedEx to offer you two levels of service, priority or economy freight, in one fully integrated, nationwide pickup and delivery network.

Choose fast-transit FedEx Freight Priority (formerly FedEx Freight transit times) to meet your supply chain needs. Our all-points coverage and on-time reliability make FedEx Freight Priority the perfect choice for your time-sensitive shipments.

With FedEx Freight Economy, you get reliable, economical delivery to meet your freight shipping needs and budget. All-points coverage and on-time reliability make FedEx Freight Economy the ideal service when you can trade time for savings.

- FedEx Freight® Priority focuses on regional next-day and second-day services that provide the benefit of fast-cycle logistics. Delivery is typically in 1 or 2 business days by 5 p.m. for U.S. shipments. Use this service when speed is critical to meet your supply chain needs.
- FedEx Freight® Economy provides long-haul service for planned inventory replenishment, with multiple service options to meet your needs. Delivery is typically in 3–5 business days for U.S. shipments. Use this service when you have the option to trade time for savings.

With FedEx Freight, you can ship palletized or non-palletized freight up to 20,000 lbs. in weight and 20 feet in length.

Whatever type of shipping service you need, you will have one Bill of Lading to process your shipments, one invoice statement for less paperwork, one pickup and one delivery for all of your shipments. You will also enjoy simplified account numbers and streamlined web applications, without any changes to your current pricing agreement.

FedEx Freight address labels are optional and contain very little information, compared to FedEx Express and FedEx Ground labels. The PRO number is the equivalent of the FedEx Express® / FedEx Ground® tracking number. A single PRO number is assigned to an LTL freight shipment, regardless of the number of pallets in the shipment.

Use the ShipService WSDL and the PickupService WSDL to access FedEx Freight shipping features, and use the following ServiceType enumerated values:

- FEDEX_FREIGHT_PRIORITY
- FEDEX_FREIGHT_ECONOMY

See the Freight Elements for information on how to specify the freight elements.

Use either the Shipper Freight Account or the Bill To Freight Account depending on your role.

Shipper: The company or person in the "From" fields on the FedEx shipping document; sometimes called the consignor. The shipper is the party that gives the shipment to the carrier. The shipper is often responsible for the shipping charges, but this is not always the case.

Bill To: "Bill To" is an abbreviation of "Third Party Bill To" which is the company or person that will receive and pay a shipment's invoice.

Freight services and special services (accessorials) are supported via Web Services for rate quote, shipment, and pickup requests. Tracking of freight shipments is also supported. There is no specific element for freight that must be specified in a track request.

32.1 FedEx Freight Service Features

FedEx Freight Priority and FedEx Freight Economy services ship packages within the United States, Canada, Mexico, and Puerto Rico. Specifically, service areas include:

- United States (including to/from Alaska and Hawaii) to: Mexico, Canada, Puerto Rico and within the United States
- Canada to: United States, Puerto Rico and within Canada
- Mexico to: United States, Puerto Rico and within Mexico
- Puerto Rico to: United States, Canada and Mexico

Other service features include the ability to

- Create and print a Bill of Lading (BOL)

Note: The BOL can only be printed in PDF file format.

- Schedule an optional pickup
- You must call FedEx to update or cancel a previously scheduled pickup
- Print the BOL in multiple formats (Uniform or VICS)
- Request a rate quote
- Create international customs documents (Commercial Invoice, Certificate of Origin and NAFTA Certificate of Origin)

32.2 FedEx Freight Service Details

Service details play a vital role in getting your shipment delivered and handled correctly. The following service details include information on shipping rules, packaging, Bills of Lading, and restrictions using these services.

32.2.1 Shipping Rules

- Both commercial and residential shipments may be shipped using FedEx Freight Priority and FedEx Freight Economy.
- Residential packages must be identified in your shipping transaction.
- The FreightShipmentDetail/FedExFreightAccountNumber and the corresponding FreightShipmentDetail/FedExFreightBillingContactAndAddress for the given freight account number are required entries for all shipments. The billing contact and address must match that in the FedEx Customer Database for the given account number. The account number and billing

information should be that of the party that is presenting the information in the shipment transaction.

- If the FreightShipmentDetail/Role is set to CONSIGNEE, then the PaymentType must be set to RECIPIENT, and the FreightShipmentDetail/CollectTermsType of either STANDARD or NON_RECOURSE_SHIPPER_SIGNED must be specified.
- The ShippingChargesPayment/PaymentType is required entry for all shipments. Valid values are: SENDER, RECIPIENT or THIRD_PARTY.
 - If the ShippingChargesPayment/PaymentType is set to SENDER, then the ShippingChargesPayment/Payor/ResponsibleParty/AccountNumber must be populated with the same account number as that in FreightShipmentDetail/FedExFreightAccountNumber.
 - If the ShippingChargesPayment/PaymentType is set to THIRD_PARTY, then ShippingChargesPayment/Payor/ResponsibleParty/Contact and ShippingChargesPayment/Payor/ResponsibleParty/Address must both be populated. Required fields are either the company/person name and the phone number. Required address fields are the street line 1, city, state/province code and country code.

32.2.2 Packaging

FedEx provides standard packaging options for FedEx Freight Priority and FedEx Freight Economy shipments.

Freight max dimensions are as follows:

- Height: 106 inches
- Width: 93 inches
- Length: 179 inches

Note: Anything with a length of 180 inches and greater is considered Extreme Length and would need to be flagged as such within in the SpecialServicesRequested element.

Find Freight packaging guidelines at fedex.com/us/services/pdf/FreightPackagingGuidelines.pdf

32.2.3 Creating and Printing a Bill of Lading

1. You can indicate within the transaction one of the following formats for a thermal label.
 - a. 4" x 6" without the Doc-Tab
 - b. 4" x 6" with the Doc-Tab
 - c. 4" x 8"
 - d. 4" x 9"
2. You can indicate within the transaction to print a thermal image on plain paper in one of these formats only.
 - a. 4" x 6" PNG or PDF

- b. 4" x 8" PNG or PDF
- c. 4" x 9" PNG or PDF

32.3 FedEx Freight Priority

With industry-leading on-time performance and fast transit times, FedEx Freight Priority delivers your shipments quickly and reliably. Count on our international and nationwide service for extensive next-day and second-day delivery to your customers, all backed by a no-fee money-back guarantee.*

FedEx Freight Priority service features include:

- Careful handling of shipments.
- Complete coast-to-coast coverage.
- Consistent, on-time reliability.
- Direct delivery to virtually every ZIP code in the continental U.S.
- End-to-end shipment visibility.
- Knowledgeable and dependable employees.
- No-fee money-back guarantee.*
- State-of-the art information technology with end-to-end shipment visibility.

For more information, contact your account executive, or call our customer service team at 1.866.393.4585.

*All services are subject to the **terms and conditions** of the FXF 100 Series Rules Tariff.

32.4 FedEx Freight Economy

FedEx Freight Economy provides economical delivery, focused on your basic freight shipping needs. FedEx takes care of you and your customers with the on-time reliability and careful handling you expect.

FedEx Freight Economy delivers:

- Economical freight solutions.
- Consistent, on-time reliability.
- Direct delivery to virtually every ZIP code in the contiguous U.S.
- State-of-the art information technology with end-to-end shipment visibility.
- Dedicated team of professionals to assist with all of your freight needs.

For more information, contact your account executive, or call our customer service team at 1.866.393.4585.

*All services are subject to the **terms and conditions** of the FXF 100 Series Rules Tariff.

32.5 Custom Delivery Date Options

FedEx Freight Economy supports Custom Delivery Date options to prepare a shipment to be sent at a specific time, on a specific date, or sometime within a specific date range.

32.6 Inside Pickup Service Option

Review the following before shipping using the inside pickup service option.

- Inside pickup service does not require a special service contract with FedEx.
- If a shipment breakdown is needed to fit a shipment through a doorway, additional charges may be assessed.

32.7 FedEx Freight Rates and Surcharges

Freight Priority services and special services (accessorials) are supported via FedEx Web Services for rate quote, shipment, and pickup requests. Tracking of Freight shipments is also supported via the PRO number. A single PRO number is assigned to a Freight shipment, regardless of the number of pallets in the shipment.

If your shipping operation charges handling fees in addition to shipping charges, then you can add these handling fees to your total shipment charge.

For applicable FedEx Freight Priority and FedEx Freight Economy package and freight services, an additional surcharge applies to any package that requires special handling pertaining to the following surcharge types:

- Extreme length
- Freight guarantee
- Liftgate delivery
- Protection from freezing
- Delivery area surcharge

Additionally, a fuel surcharge may apply to shipments destined to select ZIP codes.

Find surcharge and fee information in the Fees and Other Shipping Information in the *FedEx Service Guide*. Updates to surcharges and fees are available online at fedex.com/us/2014rates/surcharges-and-fees.html.

Find Freight accessorial service info online at fedex.com/us/freight/rulestariff/AccessorialRates.pdf.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

Note: LTL Freight Offshore (Alaska, Hawaii, Puerto Rico) rating is not currently supported in the FedEx Web Services solution.

32.8 FedEx Freight Coding Details

In addition to the basic complex elements required for all FedEx Web Services requests, the following elements are available for FedEx Freight Priority and FedEx Freight Economy ship requests:

32.8.1 Freight Elements

Table 146: Freight Request Elements

Element	Required	Description
RequestedShipment/ServiceType	Required	Identifies the FedEx service to use in shipping the package. See ServiceType for list of valid enumerated values. Use one of the following enumerated values: <ul style="list-style-type: none">• FEDEX_FREIGHT_PRIORITY• FEDEX_FREIGHT_ECONOMY
RequestedShipment/ShippingChargesPayment	Optional	Descriptive data indicating the method and means of payment to FedEx for providing shipping services. Enter the party responsible for the transportation charges: SENDER, RECIPIENT or THIRD-PARTY.
RequestedShipment/ShippingChargesPayment/Payor/ResponsibleParty/AccountNumber	Optional	Identifies the FedEx account number assigned to the customer. If the shipment is a Bill Sender transaction, enter the shipper's FedEx 9 digit Enterprise account number or the 8 or 9 digit Freight account number. If the shipment is Bill Recipient and the payor's FedEx account number is known, enter the payor's FedEx account number.
RequestedShipment/SpecialServicesRequested/FreightGuaranteeDetail/Type	Optional	The type of guarantee. Valid values are: <ul style="list-style-type: none">• GUARANTEED_DATE• GUARANTEED_MORNING <i>Note: The Guaranteed delivery options are available for both the Freight Priority service and the Freight Economy service for an additional charge.</i>
RequestedShipment/SpecialServicesRequested/FreightGuaranteeDetail/Date	Optional	Date for all Freight guarantee types.
RequestedShipment/FreightShipmentDetail	Optional	Data applicable to shipments using FedEx Freight services.
RequestedShipment/FreightShipmentDetail/	Required	Account number used with FEDEX_FREIGHT

Element	Required	Description
FedExFreightAccountNumber		services. If the shipper is responsible for the transportation charges, enter the SAME account number in the FedExFreightAccountNumber that is entered in the ShippingChargesPayment/Payor/ResponsibleParty/Account number. If the shipper is not responsible for the transportation charges, enter a valid FedEx Freight 8- or 9-digit account number.
RequestedShipment/FreightShipmentDetail/FedExFreightBillingContactAndAddress	Required	Enter the Billing Address information in FedExFreightBillingContactAndAddress fields for the above FedExFreightAccountNumber. Entries in FedExFreightAccountNumber and FedExFreightBillingContactAndAddress are required for security purposes.
RequestedShipment/FreightShipmentDetail/AlternateBilling	Optional	Used in connection with "Send Bill To" (SBT) identification of customer's account used for billing. To bill the transportation charges to someone other than the sender or recipient, enter the FedEx account number (9 digit Enterprise account number or 8 or 9 digit Freight account number). <i>Note: If this option is desired, the ShippingChargesPayment Payment must be set to SENDER.</i>
RequestedShipment/FreightShipmentDetail/AlternateBilling/AccountNumber	Optional	Identifies the FedEx Account number assigned to the customer. If the transportation charges are to be billed to a payor other than the sender or the recipient, enter the FedEx account number (9digit Enterprise Account number or the 8 or 9 digit Freight account number). <i>Note: If this option is desired, the ShippingChargesPayment/PaymentType must be set to SENDER.</i>
RequestedShipment/FreightShipmentDetail/AlternateBilling/Contact	Required	Descriptive data identifying the point-of-contact person. If an AlternateBilling/Account number has been specified, enter an AlternateBilling/Contact/PersonName and/or AlternateBilling/Contact/CompanyName associated with the AlternateBilling/Address.
RequestedShipment/FreightShipmentDetail/AlternateBilling/Address	Optional	The descriptive data for a physical location. If an AlternateBilling/AccountNumber has been specified, enter the corresponding required Billing Address information associated with the specified AlternateBilling/AccountNumber: <ul style="list-style-type: none">• Street Line

Element	Required	Description
		<ul style="list-style-type: none"> • City • State or Province • Country Code
RequestedShipment/FreightShipmentDetail/PrintedReferences	Optional	Identification values to be printed during creation of a Freight Bill of Lading.
RequestedShipment/FreightShipmentDetail/Role	Required	Indicates the role of the party submitting the transaction. CONSIGNEE is the equivalent of Collect and SHIPPER is the equivalent of Prepaid. Valid values are: <ul style="list-style-type: none"> • CONSIGNEE • SHIPPER
RequestedShipment/FreightShipmentDetail/CollectTermsType	Optional	Designates the terms of the "collect" payment for a Freight Shipment. Valid values are: <ul style="list-style-type: none"> • SECTION_7_SIGNED • NON-REOURSE_SHIPPER_SIGNED • STANDARD
RequestedShipment/FreightShipmentDetail/DeclaredValuePerUnit	Optional	Identifies the declared value for the shipment.
RequestedShipment/FreightShipmentDetail/DeclaredValueUnits	Optional	Identifies the declared value units corresponding to the above defined declared value.
RequestedShipment/FreightShipmentDetail/LiabilityCoverageDetail	Optional	Identifies the Liability Coverage Amount. For January 2011, this value represents coverage amount per pound
RequestedShipment/FreightShipmentDetail/Coupons	Optional	Identifiers for promotional discounts offered to customers.
RequestedShipment/FreightShipmentDetail/TotalHandlingUnits	Required	Total number of individual handling units in the entire shipment (for unit pricing).
RequestedShipment/FreightShipmentDetail/ClientDiscountPercent	Optional	Estimated discount rate provided by client for unsecured rate quote.
RequestedShipment/FreightShipmentDetail/PalletWeight	Optional	Total weight of pallets used in shipment.
RequestedShipment/FreightShipmentDetail/ShipmentDimensions	Optional	Overall shipment dimensions.

Element	Required	Description
RequestedShipment/FreightShipmentDetail/Comment	Optional	Description for the shipment.
FreightShipmentDetail/SpecialServicePayments	Optional	Specifies which party will pay surcharges for any special services which support split billing.
RequestedShipment/FreightShipmentDetail/SpecialServicePayments/SpecialService	Optional	Identifies the special service.
RequestedShipment/FreightShipmentDetail/SpecialServicePayments/PaymentType	Optional	Indicates who will pay for the special services.
RequestedShipment/FreightShipmentDetail/HazardousMaterialsEmergencyContactNumber	Optional	Must be populated if any line items contain hazardous materials.
RequestedShipment/FreightShipmentDetail/HazardousMaterialsOfferor	Optional	Must be populated with a contact name if any line items contain hazardous materials.
RequestedShipment/FreightShipmentDetail/LineItems	Optional	Details of the commodities in the shipment.
RequestedShipment/FreightShipmentDetail/LineItems/FreightClass	Required	Freight class for this line item.
RequestedShipment/FreightShipmentDetail/LineItems/HandlingUnits	Optional	Number of individual handling units to which this line applies. <i>Note: Total of line-item-level handling units may not balance to shipment-level total handling units.)</i>
RequestedShipment/FreightShipmentDetail/LineItems/Packaging	Required	Specification of handling-unit packaging for this commodity or class line.
RequestedShipment/FreightShipmentDetail/LineItems/Pieces	Required	Number of pieces for this commodity or class line.
RequestedShipment/FreightShipmentDetail/LineItems/NmfcCode	Optional	NMFC Code for commodity.
RequestedShipment/FreightShipmentDetail/LineItems/HazardousMaterials	Optional	Indicates the kind of hazardous material content in this line item.
RequestedShipment/FreightShipmentDetail/LineItems/BillOfLadingNumber	Optional	For printed reference per line item.
RequestedShipment/FreightShipmentDetail/LineItems/PurchaseOrderNumber	Optional	For printed reference per line item.

Element	Required	Description
RequestedShipment/FreightShipmentDetail/LineItems/Description	Required	Customer-provided description for this commodity or class line.
RequestedShipment/FreightShipmentDetail/LineItems/Weight	Required	Weight for this commodity or class line.
RequestedShipment/FreightShipmentDetail/LineItems/Weight/Units		<p>Identifies the unit of measure associated with a weight value. See the list of enumerated types for valid values.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • KG • LB
RequestedShipment/FreightShipmentDetail/LineItems/Weight/ValueDecimal	Required	Identifies the weight value of a package/shipment.
RequestedShipment/FreightShipmentDetail/LineItems/Volume	Optional	Volume (cubic measure) for this commodity or class line.
RequestedShipment/ShippingDocumentSpecification	Required	Indicates the types of shipping documents produced for the shipper by FedEx
RequestedShipment/ShippingDocumentSpecification/DangerousGoodsShippersDeclarationDetail	Optional	Indicates the instructions on how to print the 1421c form for dangerous goods shipment.
DangerousGoodsShippersDeclarationDetail/Format	Optional	Specifies characteristics of a shipping document to be produced.
DangerousGoodsShippersDeclarationDetail/CustomerImageUsages	Optional	Specifies the usage and identification of customer supplied images to be used on this document.
RequestedShipment/ShippingDocumentSpecification/ShippingDocumentTypes	Required	Indicates the types of shipping documents requested by the shipper
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail/StartingPosition	Optional	<p>Specifies which quadrant on an 8-1/2" x 11" sheet is the starting quadrant for printing the Freight address labels in a "4 per sheet" configuration.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • BOTTOM_LEFT • BOTTOM_RIGHT • TOP_LEFT • TOP_RIGHT
RequestedShipment/ShippingDocumentSpecification/FreightAddressLabelDetail/DocTab	Optional	If omitted, no doc-tab will be produced (i.e. default - former NONE type).

Element	Required	Description
Content		
ShippingDocumentSpecification/ReturnInstructionsDetail	Optional	Specifies the production of the return instructions document (document characteristics and printing). This information will print on the Return Instructions returned in the transaction for the Print Return Label.
ReturnInstructionsDetail/Format	Optional	Common information controlling document production.
ReturnInstructionsDetail/CustomText	Optional	Specifies additional customer provided text to be inserted into the return document.

Table 147: Optional Pickup Request Elements

Element		Description
CreatePickupRequest/AssociatedAccountNumber	Optional	The number associated with the FedEx Account.
CreatePickupRequest/OriginDetail	Optional	Descriptive data about the origin of the shipment being picked up by FedEx.
CreatePickupRequest/FreightPickupDetail	Optional	Descriptive data for a freight shipment being picked up by FedEx. This element is only required when requesting a freight service pickup and should not be used for other types of pickups including FedEx Freight pickups
CreatePickupRequest/CarrierCode	Optional	Identifies the FedEx service that is being sent the package pickup request.
CreatePickupRequest/Remarks	Optional	Identifies any remarks or comments to be passed to the FedEx courier picking up the shipment.

Table 148: Freight Reply Elements

Element	Description
CompletedShipmentDetail/ShipmentRating/ActualRateType	The rate type identifies which entry in the following array is considered ad presenting the "actual" rates for the shipment.
CompletedShipmentDetail/ShipmentRating/EffectiveNetDiscount	The "list" total net charges minus "actual" total net charges.

Element	Description
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails	Each element of this field provides shipment-level rate totals for a specific rate type.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/RateType	Type used for this specific set of rate data.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/RateScale	Indicates the rate scale used.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/RateZone	Indicates the rate zone used (based on origin and destination).
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/PricingCode	Identifies the type of pricing used for this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/RatedWeightMethod	Indicates which weight was used.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/CurrencyExchangeRate	Specifies the currency exchange performed on financial amounts for this rate.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/SpecialRatingApplied	Indicates which special rating cases applied to this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/DimDivisor	The value used to calculate the weight based on the dimensions.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/FuelSurchargePercent	Specifies a fuel surcharge percentage.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/TotalBillingWeight	The weight used to calculate these rates.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/TotalDimWeight	Sum of dimensional weights for all packages.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/TotalBaseCharge	The total freight charge that was calculated for this package before surcharges, discounts and taxes.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/TotalFreightDiscounts	The total discounts used in the rate calculation.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/TotalNetFreight	The freight charge minus discounts.
CompletedShipmentDetail/ShipmentRating/ShipmentRateDetails/TotalSurcharges	The total amount of all surcharges applied to this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate	This shipment's totalNetFreight + totalSurchages (not

Element	Description
Details/TotalNetFedExCharge	including totalTaxes).
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/TotalTaxes	Total of the transportation-based taxes.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/TotalNetCharge	The net charge after applying all discounts and surcharges.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/TotalRebates	The total sum of all rebates applied to this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/TotalDutiesAndTaxes	Total of all values under this shipment's dutiesAndTaxes;only provided if estimated duties and taxes were calculated for this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/TotalNetChargeWithDutiesAndTaxes	This shipment's totalNetCharge + totalDutiesAndTaxes; only provided if estimated duties and taxes were calculated for this shipment AND duties, taxes and transportation charges are all paid by the same sender's account.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail	Rate data specific to FedEx Freight services.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/QuoteNumber	A unique identifier for a specific rate quotation.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/QuoteType	Specifies the type of rate quote. Valid values are: <ul style="list-style-type: none"> • AUTOMATED • MANUAL
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseChargeCalculation	Specifies how total base charge is determined.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges	Individual charge which contributes to the total base charge for the shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges/FreightClass	Freight class type. These values represent the industry-standard freight classes used for FedEx Freight Priority and FedEx Freight Economy shipment description. <i>Note: The alphabetic prefixes are required to distinguish these values from decimal numbers on some client platforms.</i> Valid values are: <ul style="list-style-type: none"> • CLASS_050 • CLASS_055 • CLASS_060

Element	Description
	<ul style="list-style-type: none"> • CLASS_065 • CLASS_070 • CLASS_077_5 • CLASS_085 • CLASS_092_5 • CLASS_100 • CLASS_110 • CLASS_125 • CLASS_150 • CLASS_175 • CLASS_200 • CLASS_250 • CLASS_300 • CLASS_400 • CLASS_500
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges/RatedAsClass	Effective freight class used for rating this line item.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges/NmfcCode	NMFC Code for commodity.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges/Description	Customer-provided description for this commodity or class line.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges/Weight	Weight for this commodity or class line.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges/ChargeRate	Rate or factor applied to this line item.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges/ChargeBasis	Identifies the manner in which the chargeRate for this line item was applied.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/BaseCharges/ExtendedAmount	The net or extended charge for this line item.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/Notations	Human-readable descriptions of additional information on this shipment rating.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightRateDetail/Notations/Code	Unique identifier for notation.
CompletedShipmentDetail/ShipmentRating/ShipmentRate	Human-readable explanation of notation.

Element	Description
Details/FreightRateDetail/Notations/Description	
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/FreightDiscounts	All rate discounts that apply to this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/Rebates	All rebates that apply to this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/Surcharges	All surcharges that apply to this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/Taxes	All transportation-based taxes applicable to this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/DutiesAndTaxes	All commodity-based duties and taxes applicable to this shipment.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/VariableHandlingCharges	The "order level" variable handling charges.
CompletedShipmentDetail/ShipmentRating/ShipmentRate Details/TotalVariableHandlingCharges	The total of all variable handling charges at both shipment (order) and package level.

33 FedEx Intra-Country Shipping

Use the ShipService WSDL to ship domestically within the countries listed in the following tables. These tables describe shipping areas and services, special handling options, packaging requirements, weight and dimension limits, and coding and service details for intra-country shipping transactions. Intra-country shipping within most European countries and Mexico requires specific test and production credentials for each country. Credentials can be obtained from the Developer Resource Center.

33.1 Services and Service Areas

The service areas for intra-country shipping are detailed below.

33.1.1 Canada

Table 149: Canadian Services

FedEx Ground®	FedEx Priority Overnight®	FedEx First Overnight®	FedEx Economy	FedEx 2Day® Service	FedEx 1 Day® Freight
X	X	X	X	X	X

33.1.2 Europe, the Middle East and Africa

Mexico	X	X	X	X	X	X

33.2 Intra-Country Services Overview

The following information gives an overview of the services that are available for intra-country shipping. Not all services are available in all areas. Refer to Services and Service Areas for more information on which services are available where.

33.2.1 FedEx Economy

FedEx Economy® provides delivery in 3 business days to businesses by 4:30 p.m. and to residences by 7 p.m.

For an intra-United Kingdom shipment, you can ship a package to an address within the U.K. and deliver within 2 - 7 business days (by end of day) variable delivery commitment. Supports the customer packaging type.

- Service days are Monday through Friday, with Saturday pickup available in many areas for an additional charge.
- Available for intra-country shipping in Mexico.
- Options are [Dangerous Goods](#) inaccessible items only, [Delivery Signature Services](#), [Hold at FedEx Location](#) and [Saturday Service](#).

33.2.2 FedEx First Overnight

FedEx First Overnight® provides early-morning delivery between 8 and 10 a.m. depending upon the destination postal code.

- Service days are Monday through Friday, with Saturday pickup available in many areas for an additional charge.
- Options include [Saturday Service](#), [Dangerous Goods](#) support for [Dry Ice Shipments](#) only, and [Delivery Signature Services](#).

33.2.3 FedEx Priority Overnight

FedEx Priority Overnight® provides next-business-day delivery by 10:30 a.m. to most U.S. addresses, by noon, 4:30 p.m. or 5 p.m. in remote areas. Deliveries are also made on Saturdays by noon, 1:30 p.m. or 4:30 p.m.

Service days are Monday through Friday with Saturday pickup and delivery available for an extra charge.

33.2.4 FedEx Standard Overnight

FedEx Standard Overnight® provides next-business day delivery by 3 p.m. to most addresses; by 4:30 p.m. to rural areas.

Service days are Monday through Friday with Saturday pickup and delivery available for an extra charge.

33.2.5 FedEx 1Day Freight

FedEx 1Day® Freight service provides next-business-day delivery for packages/skids weighing in excess of 150 lbs. The business rules are:

- Service days are Monday through Friday, with Saturday pickup and delivery available to many major markets.
- A booking number is required for this service. Call 1.800.332.0807 to book your freight shipment.
- Skid and/or package size and weight: Exceeding 119" in length or 80" in width or 70" in height. Individual packages and/or skids greater than 151 lbs. Skids weighing in excess of 2,200 lbs. require prior approval by FedEx.
- The following special services are allowed (depending on the destination location): [Saturday Service](#), [Dangerous Goods](#), [FedEx Express Collect on Delivery \(C.O.D.\)](#), [Hold at FedEx Location](#), and [FedEx Priority Alert Options](#) (for contracted accounts only).

33.2.6 FedEx 2Day Freight

FedEx 2Day® Freight services provide delivery in 2 business days for packages or skids weighing in excess of 150 lbs. The business rules are as follows:

- Service days are Monday through Friday, with Saturday pickup and delivery available to many major markets.
- Skid and/or package size and weight: Exceeding 119" in length or 80" in width or 70" in height. Individual packages/skids greater than 151 lbs. Skids weighing in excess of 2,200 lbs. require prior approval by FedEx.
- The following special services are allowed (depending on destination location): [Saturday Service](#), [Dangerous Goods](#), [FedEx Express Collect on Delivery \(C.O.D.\)](#), [Hold at FedEx Location](#), and [FedEx Priority Alert Options](#) (for contracted accounts only).

33.2.7 FedEx Ground

The following rules apply to FedEx Ground shipping transactions:

- Do not include fields for Saturday delivery or pickup. This service option is not available for FedEx Ground.
- When estimating time-in-transit or ship dates, consider FedEx Ground delivery days: Mon. through Fri. (8 a.m. to close of business day).
- Do not include packages over 150 lbs. in a FedEx Ground shipment.
- Do not include HazMat packages over 70 lbs. in a FedEx Ground shipment.
- Do not include ORM-D/Limited Quantity packages over 66 lbs. in a FedEx Ground shipment.
- Do not include special accessorial Hold at Location with a HazMat or ORM-D/Limited Quantity shipment.
- Do not include packages which exceed 108" in length or 165" in length plus girth (L + 2W + 2H).
- Before you ship hazardous materials, you must be certified to do so. See fedex.com for certification and training information.

33.2.8 FedEx SameDay

FedEx SameDay[®] service provides door-to-door delivery within hours between select cities and postal codes in an area.

Use the SAME_DAY element to identify this service type when shipping a package.

33.2.9 FedEx SameDay City

FedEx SameDay[®] City service provides cross-city delivery within hours in select cities and postal codes. Pickups and deliveries can be made Monday through Friday.

Use the SAME_DAY_CITY element to identify this service type when shipping a package.

A contract is required to use FedEx SameDay City service. See your FedEx Account Executive for more information about SameDay City.

Note: Manual air waybills are not available with SameDay City service.

33.3 Special Service Options

The following special handling service options are available.

33.3.1 Service Options for Canada

These special service options are available in Canada:

- Future Day Shipping
- Hold at Location
- Residential Delivery

33.3.2 Service Options for Latin America and the Caribbean

Table 152: Latin America and the Caribbean Special Service Options

33.3.3.1 India Details

Not all special service options are available for each service. This table lists the options that are supported with each service.

Table 154: India Special Service Options

Special Service Option	FedEx Priority Overnight	FedEx Standard Overnight	FedEx Economy
Collect on Delivery (C.O.D.)		X	X
Dangerous Goods		X	X
Delivery Invoice Acceptance (D.I.A.)		X	X
Dry Ice		X	X
Freight on Value Carrier Risk	X	X	X

Special Service Option	FedEx Priority Overnight	FedEx Standard Overnight	FedEx Economy
Freight on Value Own Risk	X	X	X
Freight to Collect	X	X	X
Hold at Location	X	X	X
Holiday, Special and Sunday Delivery	X	X	X
Outside Delivery Area (ODA)	X	X	X
Outside Pickup Area (OPA)	X	X	X
Priority Alert		X	
Priority Alert Plus		X	

Note: Freight on Value, C.O.D., D.I.A., and Sunday, Holiday and Special Delivery must be enabled for your account. See your FedEx Account Executive for more information on using these special handling options. Also, ODA is not supported with Hold at Location or Priority Alert/Priority Alert Plus, and Priority Alert is not supported with Inaccessible Dangerous Goods.

33.3.4 Collect on Delivery

For intra-India shipments with the Collect on Delivery (C.O.D.) option, FedEx will deliver goods to the consignee, collect payment for those goods and remit the payment to the FedEx customer or shipper. Allows Unsecured Payments (U), Secured Payments (S) and Cash (R). Unsecured payments include personal check, business check and certified check. Secured payments include banker's check and demand draft.

When using this service the following rules apply.

- These are not valid C.O.D. payment options: traveler's checks, credit cards, counter checks, checks endorsed by a third party or checks made payable to FedEx.
- These requirements apply when the C.O.D. option is combined with the D.I.A. special handling option for intra-India shipments:
 - You may select either or both services, such as COD only, DIA only or COD/DIA combined.
 - You must return both the C.O.D. remit and the D.I.A. receipt to the same address if both options are selected.
 - C.O.D. and D.I.A. shipments travel on a separate label from standard shipments and are subject to a surcharge. Outbound shipping attributes, such as size, weight, MPS and so on, are the same as a standard shipment.

- C.O.D. and D.I.A. special handling options are only available with FedEx Standard Overnight (SO) and FedEx Express Saver (XS).
- Weight limit is 1-68 kg.
- Payment/Invoice maximum value is 5,000,000 INR. Cash payment maximum limit is 20,000 INR.
- Remit shipments for C.O.D. and D.I.A. travel on FedEx Priority Overnight (PO) service and require no clearance support as they are documents.
- Unless you provide a new delivery address for the remit shipment, the remit will be returned to the original shipper as the default.
- Freight To Collect is not a valid special handling option with C.O.D. or D.I.A.

33.3.5 Delivery on Invoice Acceptance

For intra-India shipments with the Delivery on Invoice Acceptance (D.I.A.) option, you can request that the recipient sign the Commercial Invoice (CI) at delivery and have FedEx return it to the FedEx customer or shipper.

33.3.6 Return Receipt

Return Receipt provides formal proof of delivery (POD) to a shipper that includes both FedEx-generated detail Air Waybill information and a formal signature/stamp from the recipient company. The stamped/signed POD is physically returned to the sender.

This special handling option

- Is supported for FedEx Express and FedEx Freight intra-Mexico shipments for manual Air Waybill (AWB) shipping only.
- Includes a flat fee surcharge per shipment. The special handling code used to identify this option is 70.

Note: The Freight To Collect special handling option takes precedence the Return Receipt.

33.3.7 Freight to Collect

Freight to Collect (FTC) is a FedEx Express® value-added payment option in which the transportation charges are paid by the recipient in cash at the time of delivery. The shipper account number is required for the shipment as a backup form of payment if the recipient refuses the shipment or cannot pay. The FTC surcharge is applied per shipment with no available discounts; only list rates will apply. Local country standard operating procedures will manage this requirement for paper Air Waybills.

FTC will display on an intra-India and intra-Mexico FTC shipping label, including multiple-piece shipping labels. The FTC amount is not printed unless configured on the doc-tab. The special handling code used to identify this option is 22 and is included on the 1D and 2D barcode.

The following services are available with FTC.

Table 155: Freight to Collect with Intra-Country Shipping

Country	FedEx First Overnight	FedEx Priority Overnight	FedEx Standard Overnight	FedEx 1Day Freight	FedEx 2Day Freight	FedEx Express Saver
Mexico	X	X	X	X	X	X
India		X	X	X		X

33.3.7.1 Rules

- FTC option takes precedence over the selection of FedEx SameDay services and the Return Receipt on a paper Airway Bill (AWB).
- FTC surcharge takes precedence over any other surcharges that would otherwise be applied, such as Commercial Delivery.
- Rate quotes are limited to list rates only.
- Return list rates by specifying the FREIGHT_TO_COLLECT element with the RECIPIENT payment type, without including the account number.
- Return account specific rates by specifying the FREIGHT_TO_COLLECT element with the SENDER payment type and include the account number.

33.3.7.2 Restrictions

FTC cannot be combined with the COD/DIA service option.

33.4 Colombia

The following information pertains to intra-country shipping within Colombia.

33.4.1 Rules for Colombia

- Packaging Types
Only the FedEx Envelope and customer packaging are supported.
- Weight and Dimension Limits

Table 156: Colombia Package Limitations

Packaging	Service	Dimension	Error Message
Customer	1Day Freight (Express)	Weight > 1,000 kgs /	0270 "The weight limit for this service

Packaging	Service	Dimension	Error Message
Packaging	2Day Freight (Express)	2,206 lbs	type has been exceeded."
		Length > 302 cm / 119 in	0422 "Length cannot be greater than the maximum allowed."
		Width > 302 cm / 119 in	2025 "Width cannot be greater than the maximum allowed."
		Height > 178 cm / 70 in	2083 "Height cannot be greater than the maximum allowed."
		Length + Girth > 1,064 cm / 419 in	0421 "Length & girth combined cannot be greater than the maximum allowed."

33.5 India

The following information pertains to intra-country shipping within India.

33.5.1 Rules for India

- Collect on Delivery (C.O.D.) and Delivery Invoice Acceptance (D.I.A.)

When the shipment is C.O.D. or D.I.A. only, the C.O.D. or D.I.A. return address fields will be used first if included, respectively. If not, the original shipper address will be used.

C.O.D. and D.I.A. may be selected together or separately. If both are requested, the existing C.O.D. return fields will be used; there are no combination C.O.D./D.I.A. return fields.

If a shipment is both C.O.D. and D.I.A., only one return address will be supported. The return label will be populated with the C.O.D. return address if it is included in the transaction, otherwise the shipper address information will be used. The D.I.A. return fields will be ignored.

- Collection Types

The following collection types are supported:

- Cash
- Company Check
- Personal Check
- Demand Draft
- Pay Order

- Clearance/Tax Documents

Clearance and/or tax documents may be required for interstate transit.

- Dangerous Goods

Excepted Package Radioactive Reportable Quantity (EPRRQ) shipments are supported for intra-India shipments.

- Hold at Location

Hold at Location and Sunday Delivery special services cannot be combined.

- Limitations on Commercial Value and Weight

For FedEx Express Standard Overnight shipments, the total invoice value cannot exceed 5 million INR and the total weight cannot exceed 68 kgs.

- Multiple Piece Shipments

- If the first piece is FedEx Priority Overnight, then all pieces in the shipment must qualify for FedEx Priority Overnight.
- If any subsequent piece in the shipment does not qualify for FedEx Priority Overnight, then an error is returned for that piece.
- If the invoice value of all pieces in the shipment make the shipment ineligible for FedEx Priority Overnight, then an error is returned and the shipment fails.

- Package Type

- Only customer packaging is supported.

- Payment Types

- The following payment types are supported:
- Bill Sender
- Bill Recipient or Consignee
- Bill Third Party

- Purpose of Shipment

Shipments with the purpose of "Sold" are not allowed with Priority Overnight service in India.

The purpose of shipment is required for intra-India Standard Overnight and Economy shipments.

- State/Province Code Required

The state/province code is required with intra-India shipping.

- Sunday Delivery

See Hold at Location above.

33.5.2 Intra-India Shipping Weight and Dimension Limits

Intra-India shipping is only available in the Ship WSDL v12 and higher.

Table 157: Intra-Country Shipping Weights and Dimension Limits

	FedEx Priority Overnight	FedEx Standard Overnight	FedEx Express Saver
Size and Weight Restrictions	Maximum allowable weight for single piece: 31 kg/ 68.2 lbs	Maximum allowable weight for single piece: 68 kg/ 149.6 lbs	Maximum allowable weight for single piece: 68 kg/ 149.6 lbs
Dimensional Limitations	Length: 274 cm/ 108 inches Width: 157 cm/ 62 inches Height: 157 cm/ 62 inches Combined length + girth = 330 cm/ 130 inches <ul style="list-style-type: none"> • A shipment is considered oversized if it is more than 274 cm in length or if it is more 330 cm length and girth combined. • Length is defined as the longest side of the object or package. • Girth is calculated as twice the width plus twice the height of the package. 		

The available Service Types for intra-India shipments are Priority Overnight, Standard Overnight, and FedEx Express Saver. See table [India Special Service Options](#) for guidelines when choosing an intra-India shipping option.

33.5.3 Intra-India Coding Details

Table 158: ProcessShipmentRequest

Element	Required	Description
RequestedShipment	Yes	Descriptive data about the shipment being sent by the requestor.
RequestedShipment/ShipTimestamp	Yes	Identifies the date and time the package is tendered to FedEx. Both the date and time portions of the string are expected to be used.
RequestedShipment/DropoffType	Yes	Identifies the method by which the package is to be tendered to FedEx.
RequestedShipment/ServiceType	Yes	Identifies the FedEx services to use in shipping the package. Valid values are: <ul style="list-style-type: none"> • PRIORITY_OVERNIGHT

Element	Required	Description
		<ul style="list-style-type: none"> • FEDEX_EXPRESS_SAVER • FEDEX_1_DAY_FREIGHT • STANDARD_OVERNIGHT
RequestedShipment/PackagingType	Yes	Identifies the packaging used by the requestor for the package. Valid value is: <ul style="list-style-type: none"> • YOUR_PACKAGING
RequestedShipment/Shipper	Yes	Descriptive data identifying the party responsible for shipping the package. Shipper and Origin should have the same address.
RequestedShipment/Recipient	Yes	Descriptive data identifying the party receiving the package.
RequestedShipment/ShippingChargesPayment/PaymentType	No	Descriptive data indicating the method and means of payment to FedEx for providing shipping services. Valid values are: <ul style="list-style-type: none"> • ACCOUNT • COLLECT • RECIPIENT • SENDER • THIRD_PARTY
RequestedShipment/SpecialServicesRequested	No	Descriptive data regarding special services requested by the shipper for this shipment.
RequestedShipment/SpecialServicesRequested/CodDetail	No	Descriptive data required for a FedEx COD (Collect-on-Delivery) shipment.
RequestedShipment/SpecialServicesRequested/DeliveryOnInvoiceAcceptanceDetail	No	The Recipient and Tracking ID data for the Delivery On Invoice Acceptance service.
RequestedShipment/SpecialServicesRequested/HoldAtLocationDetail	No	Descriptive data required for a FedEx shipment that is to be held at the destination FedEx location for pickup by the recipient.
RequestedShipment/SpecialServicesRequested/ShipmentDryIceDetail	No	Number of packages in this shipment which contain dry ice and the total weight of the dry ice for this shipment.
RequestedShipment/CustomsClearanceDetail/FreightOnValue	No	Identifies responsibilities with respect to loss, damage, etc. Valid values are: <ul style="list-style-type: none"> • CARRIER_RISK • OWN_RISK

Element	Required	Description
RequestedShipment/LabelSpecification	Yes	Details about the image format and printer type for the label.
RequestedShipment/RateRequestTypes	Yes	Specifies whether and what kind of rates the customer wishes to have quoted on this shipment. The reply will also be constrained by other data on the shipment and customer.
RequestedShipment/PackageCount	Yes	The total number of package in the entire shipment (even when the shipment spans multiple transactions).
RequestedShipment/RequestedPackageLineItems	No	One or more package-attribute descriptions, each of which describes an individual package, a group of identical packages, or (for the total-piece-total-weight case) common characteristics of all packages in the shipment.
RequestedShipment/RequestedPackageLineItem/SpecialServicesRequested/PackageSpecialServicesRequested/SpecialServiceTypes	No	The types of all special services requested for the enclosing shipment or package. Valid values are: COD DANGEROUS_GOODS DRY_ICE FREIGHT_TO_COLLECT
RequestedShipment/RequestedPackageLineItem/SpecialServicesRequested/PackageSpecialServicesRequested/DangerousGoodsDetail	No	Descriptive data required for a FedEx shipment containing dangerous materials.
CreatePickupRequest/FreightPickupDetail/FreightPickupLineItem/ShipmentSpecialServicesRequested/ExtraLaborDetail	No	Specification for labor to be performed with the shipment. List the total labor time in ExtraLaborDetail/Duration.
CreatePickupRequest/FreightPickupDetail/FreightPickupLineItem/ShipmentSpecialServicesRequested/ExtraLaborDetail	No	Specifies details for a package containing alcohol

An EXTRA_SURFACE_HANDLING_CHARGE will be assessed for all FedEx Express Saver Intra-India shipments.

Note: For more information about C.O.D. coding details, see FedEx Express C.O.D. Coding Details.

Table 159: Intra-India Shipping Surcharge Reply Element

Element	Description
CompletedShipmentDetail/CompletedPackageDetail/PackageRating/PackageRateDetail/Surcharge	Surcharge for all FedEx Express Saver Intra-India shipments.

Element	Description
charges/SurchargeType/EXTRA_SURFACE_HANDLING_CHARGE	

33.6 Mexico

The following information pertains to intra-country shipping within Mexico.

33.6.1 Rules for Mexico

- Contract Required
A contract is required for FedEx Same Day City service. Contact your FedEx sales representative for details.
- Packaging Types
Only the FedEx Envelope and customer packaging are supported.
- Weight and Dimension Limits

Table 160: Mexico Package Limitations

Packaging	Service	Service Option	Dimension	Error Message
Customer Packaging	First Overnight Priority Overnight Standard Overnight	Priority Alert Priority Alert Plus	Weight > 68 kgs / 150 lbs	0270 "The weight limit for this service type has been exceeded."
			Length > 274 cm / 108 in	0422 "Length cannot be greater than the maximum allowed."
			Width > 274 cm / 108 in	2025 "Width cannot be greater than the maximum allowed."
			Height > 274 cm / 108 in	2083 "Height cannot be greater than the maximum allowed."
			Length + Girth > 330 cm / 130 in	0421 "Length & girth combined cannot be greater than the maximum allowed."

33.6.2 Intra-Mexico Coding Details

Table 161: Intra-Mexico Request Elements

Element	Description
RequestedShipment/ServiceType	<p>Identifies the FedEx services to use in shipping the package.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • FEDEX_1_DAY_FREIGHT • FEDEX_2_DAY_FREIGHT • FIRST_OVERNIGHT • FEDEX_EXPRESS_SAVER • SAME_DAY • SAME_DAY_CITY • PRIORITY_OVERNIGHT • STANDARD_OVERNIGHT
RequestedShipment/SpecialServicesRequeste d/SpecialServiceTypes	<p>The types of all special services requested for the enclosing shipment or package.</p> <p>Valid values are: FREIGHT_TO_COLLECT</p> <p>Return list rates by specifying the FREIGHT_TO_COLLECT element with the RECIPIENT payment type without including the account number.</p> <p>Return account specific rates by specifying the FREIGHT_TO_COLLECT element with the SENDER payment type and include the account number.</p>

33.7 United Kingdom

The following information pertains to intra-country shipping within the United Kingdom.

33.7.1 Rules for The United Kingdom

- Contract Required

Intra-UK shipping must be enabled for your account.
- Dangerous Goods

You must be approved by FedEx before you can ship dangerous goods. Contact your FedEx sales representative for more information.
- Minimum Billable Weight

There is a minimum billable weight of 250 KGS / 550 LBS for intra-United Kingdom FedEx Freight shipments. Also, the weight must be greater than zero. If it is not, Error Message 0531, "Package weight cannot be zero or left blank," is returned and the transaction fails.

- Rating

Full postal codes are required when requesting rates. Using a partial postal code when requesting rating may result in an incorrect rate quote.

- Returns

Only FedEx Express Return Tags are enabled. If Express Return Tags are not enabled for a specific location, however, then Error Message 2541, "Returns Not Available To and/or From Location" is returned and the shipment fails.

Express Return tags are limited to single piece shipments and cannot be combined with dangerous goods, dry ice, appointment delivery, Hold at Location, email notifications or rate quotes. FedEx Print Return Labels are not supported for Intra-United Kingdom shipments.

Note: Dimensions are required for freight returns and also limited to one piece per FedEx Express Return Tag request.

33.7.2 Intra-UK Coding Details

Tracking is supported for all intra-UK shipments. In addition to the basic elements required to generate a shipment, the following elements apply specifically to intra-country shipping in the UK.

Table 162: Intra-UK Request Elements

Element	Description
RequestedShipment/ServiceType	Identifies the FedEx service to use in shipping the package. Valid values are: <ul style="list-style-type: none">• FEDEX_DISTANCE_DEFERRED• FEDEX_NEXT_DAY_AFTERNOON• FEDEX_NEXT_DAY_EARLY_MORNING• FEDEX_NEXT_DAY_END_OF_DAY• FEDEX_NEXT_DAY_FREIGHT• FEDEX_NEXT_DAY_MID_MORNING
RequestedShipment/ShippingChargesPayment/PaymentType	Identifies the method of payment for a service. Valid value is SENDER.
RequestedShipment/PackageSpecialServicesRequested	These special services are available at the package level for some or all service types. If the shipper is requesting a special service which requires additional data, the package special service type must be present in the SpecialServiceTypes collection, and the supporting detail

Element	Description
	must be provided in the appropriate sub-object below.
RequestedShipment/PackageSpecialServicesRequested/SpecialServiceTypes	The types of all special services requested for the enclosing shipment or package.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail	Descriptive data required for a FedEx shipment containing dangerous materials. This element is required when SpecialServiceType.DANGEROUS_GOODS or HAZARDOUS_MATERIAL is present in the SpecialServiceTypes collection.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Regulation	<p>Identifies the source of regulation for hazardous commodity data.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • ADR (Required) • DOT • IATA • ORMD
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Options	<p>Indicates which kind of hazardous content (as defined by DOT) is being reported.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • HAZARDOUS_MATERIALS • BATTERY • ORM_D • REPORTABLE_QUANTITIES • SMALL_QUANTITY_EXCEPTION • LIMITED_QUANTITIES_COMMODITIES
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers	Indicates one or more containers used to pack dangerous goods commodities.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/PackingType	Indicates whether there are additional inner receptacles within this container.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/ContainerType	Indicates the type of this dangerous goods container, as specified by the IATA packing instructions. For example, steel cylinder, fiberboard box, plastic jerrican and steel drum.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/RadioactiveContainerClass	Indicates the packaging type of the container used to package the radioactive materials.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/Number	Indicates the number of occurrences of this container with identical dangerous goods configuration.

Element	Description
OfContainers	
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities	Documents the kind and quantity of all hazardous commodities in the current container.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities/Description	Identifies and describes an individual hazardous commodity.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities/Quantity	Specifies the amount of the commodity in alternate units.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities/InnerReceptacles	This describes the inner receptacle details for a hazardous commodity within the dangerous goods container.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities/Options	Customer-provided specifications for handling individual commodities.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities/RadionuclideDetail	Specifies the details of any radio active materials within the commodity.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities	Documents the kinds and quantities of all hazardous commodities in the current container.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities/InnerReceptacles	This describes information about the inner receptacles for the hazardous commodity in a particular dangerous goods container.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities/InnerReceptacles/Quantity	Specifies the amount of the commodity in alternate units.
RequestedShipment/PackageSpecialServicesRequested/DangerousGoodsDetail/Containers/HazardousCommodities/Description	Documents the kinds and quantities of all hazardous commodities in the current package.

Table 163: Intra-UK Reply Elements

Element	Description
ProcessShipmentReply /CompletedShipmentDetail/	The reply payload. All of the returned information about this shipment/package.

Element	Description
ProcessShipmentReply /CompletedShipmentDetail/HazardousShipmentDetail	Computed shipment level hazardous commodity information.
ProcessShipmentReply /CompletedShipmentDetail/HazardousShipmentDetail/ADRLicense	Contains the ADR License information, which identifies the license number and ADR category under which the customer is allowed to ship.
ProcessShipmentReply /CompletedShipmentDetail/HazardousShipmentDetail/ADRLicense/LicenseOrPermitDetail	This contains the ADR License information, which identifies the license number, the effective date and the expiration date under which the customer is allowed to ship.
ProcessShipmentReply /CompletedShipmentDetail/CompletedPackageDetails	Package level details about this package.
ProcessShipmentReply /CompletedShipmentDetail/CompletedPackageDetails /HazardousPackageDetail	Documents the kinds and quantities of all hazardous commodities in the current package using updated hazardous commodity description data.
ProcessShipmentReply /CompletedShipmentDetail/CompletedPackageDetails/HazardousPackageDetail/Containers	Describes the kinds and quantities of all hazardous commodities in the current package.
ProcessShipmentReply /CompletedShipmentDetail/CompletedPackageDetails /HazardousPackageDetail/Containers/HazardousCommodities	Documents the kinds and quantities of all hazardous commodities in the current package.
ProcessShipmentReply /CompletedShipmentDetail/CompletedPackageDetails /HazardousPackageDetail/Containers/HazardousCommodities/MassPoints	The mass points are a calculation used by ADR regulations for measuring the risk of a particular hazardous commodity.
ProcessShipmentReply /CompletedShipmentDetail/CompletedPackageDetails /HazardousPackageDetail /Containers/HazardousCommodities/Description	Identifies and describes an individual hazardous commodity.
ProcessShipmentReply /CompletedShipmentDetail/CompletedPackageDetails/HazardousPackageDetail/Containers/HazardousCommodities/Description/TunnelRestrictionCode	<p>There are five categories of tunnel categorization with A representing the least restrictive and "E" as the most restrictive. Category "A," as the least restrictive, will not be sign-posted. Category "E", the most restrictive, only allows the passage of UN2919, UN3291, UN3331, UN3359 and UN3373.</p> <p>The categorization is based on the assumption that in tunnels there are three major dangers which may cause numerous victims or serious damage to the tunnel itself.</p> <p>These are:</p>

34 FedEx Express International Shipping

FedEx Web Services offers FedEx Express® international shipping from anywhere-to-anywhere, which means that you can create shipping transactions both to and from any prescribed country whose service is supported by FedEx. See Chapter 38: FedEx International Ground Shipping for more information about that service.

See Ship Service for a list of FedEx Express international services available by region.

34.1 FedEx Express International Service Details

FedEx international services include FedEx Express, FedEx Ground®, and all international shipping. Estimated duties and taxes calculations are now available. Contact your FedEx account executive for more information.

34.1.1 FedEx International First

FedEx International First® provides delivery in 1 or 2 business days. Check transit times for availability.

- Service days are Monday through Friday, with Saturday pickup available in many areas for an additional charge.
- Inbound delivery to select U.S. postal codes from 60 countries in 1 or 2 business days.
- Outbound delivery to many destinations in Belgium, England, France, Germany, Italy, the Netherlands, Spain, and Switzerland as early as 9 a.m. in 2 business days.
- Package size and weight up to 150 lbs. each; 108" in length; 130" in length plus girth (L+2W+2H).
- Door-to-door, customs-cleared service.
 - Options include Express International Saturday and [Dangerous Goods](#) support for [Dry Ice Shipments](#) only.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

34.1.2 FedEx International Priority

FedEx International Priority® provides time-definite delivery, typically in 1, 2, or 3 business days, to major cities in Europe and Canada, typically in 2 business days. Check transit times for availability.

- Service days are Monday through Friday, with Express International Saturday available in many areas.
- Available in more than 220 countries and territories.
- Package size and weight up to 150 lbs. each; 108" in length; 130" in length plus girth (L+2W+2H).

- Door-to-door, customs-cleared service. The European network provides next-business-day delivery between 38 major European markets. The Asian network gives you next-business-day delivery within Asia and from Asia to the U.S.
 - Options include Express International Saturday, International Broker Select, [Commercial Destination Control](#), [Dangerous Goods](#), and [Hold at FedEx Location](#).

34.1.3 FedEx International Economy

FedEx International Economy® provides delivery typically in 2 to 5 business days, and in 2 or 3 business days to Canada, Mexico, and Puerto Rico. Check transit times for availability. The business rules are as follows:

- Service days are Monday through Friday, with Saturday delivery available in countries where Saturday is a regular business day.
- Available in more than 215 countries and territories.
- Package size and weight up to 150 lbs. each, 108" in length, 130" in length plus girth (L+2W+2H).
- Door-to-door, customs-cleared delivery to major world markets.
 - Options include Express International Saturday, International Broker Select, [Dry Ice Shipments](#) and [Dangerous Goods](#) to U.S., Canada and Puerto Rico only.

34.1.4 FedEx Europe First

FedEx Europe First® provides intra-European next day, door-to-door, customs-cleared (where applicable) service with early morning delivery by 9 a.m., 9:30 a.m., or 10 a.m., depending on the destination postal code.

- Days of Operation: Monday through Friday. Pick ups on Friday are delivered on Monday
- Delivery Commitment: Depending on the destination postal code, the service delivery commitment will be either 9 a.m., 9:30 a.m., or 10 a.m.
- Origins: Next-day delivery service is available to Europe from the following origin countries: Austria, Belgium, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, the Netherlands, Norway, Poland, Portugal, Slovak Republic, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
- Destinations: Available to more than 18,000 postal codes in major business centers in Austria, Belgium, Denmark, France, Germany, Ireland, Italy, Luxembourg, the Netherlands, Spain, Switzerland and the United Kingdom.
- Available packaging:
 - FedEx Europe First Customer Own packaging
 - FedEx Europe First Envelope
 - FedEx Europe First Pak
 - FedEx Europe First 10kg Box

- FedEx Europe First 25kg Box
- Packaging Restrictions: FedEx packaging is available free of charge: FedEx® Envelope, FedEx® Pak, FedEx® Tube, FedEx® Box, FedEx® 10kg Box, FedEx® 25kg Box. Customer's own packaging is also accepted. Multiple-piece shipments are allowed.
- Size Restrictions: In general, packages up to 274 cm length (108"), 330 cm length and girth combined (130") [length and girth = length + 2 x height + 2 x width] are accepted.
- Weight Restrictions: Packages up to 68 kg are accepted (this can vary by country). As a general rule, there is no limit per shipment. Dimensional Weight applies to packaging other than FedEx Letter (FL), FedEx Pak (FP) and single-piece FedEx boxes and tubes.
- At what price: A FedEx Europe First delivery fee in addition to your international priority rate. You can also benefit from the FedEx 10kg Box and FedEx 25kg Box special rates. The extra delivery fee varies by destination postal code.

34.2 FedEx Express International Service Options

The following service options are available for use with FedEx Express international shipping:

- [Alternate Return Address](#)
- [Commercial Destination Control](#)
- [Dangerous Goods](#)
- [FedEx Express International \(Saturday\)](#)
- [Dry Ice Shipments](#)
- [Delivery Signature Services](#)
- FedEx InSight
- FedEx International Broker Select®
- [FedEx Intra-Country Shipping](#)
- [Mask Account Number \(FedEx International Ground\)](#)
- [Masked Data](#)
- [Shipment Notification in the Ship Request](#)
- [Variable Handling Charges](#)

34.3 International Packaging Options

In addition to standard FedEx Express packaging, you may also choose a FedEx 10kg Box or a FedEx 25kg Box. The weight limit is 22 lbs. for a FedEx 10kg Box and 55 lbs. for a FedEx 25kg Box. These packaging options are allowed for FedEx International Priority® to more than 220 countries and territories.

34.4 FedEx Express International Coding Details

Before you begin coding FedEx Express® International shipping options, note the following:

- FedEx Express International shipments are created using the ShipService WSDL.
- FedEx Express International allows multiple-package shipping (MPS). MPS Express International shipments are associated with one another using a package sequence indicator. For example, if you ship 5 boxes of baseballs to London, the master package label has a package sequence indicator of 1 of 5. All other packages associated with this master will have package sequence indicators of 2 of 5, 3 of 5, etc. The purpose of this type of MPS processing is to ensure that packages grouped together on one Commercial Invoice travel through the FedEx system together and arrive at customs at the same time.
- You may ship both documents and commodity shipments.
- International Freight shipping is available to Puerto Rico.
- For shipments to countries that accept an Electronic Commercial Invoice (ECI), FedEx Web Services uploads your commodity information (entered as part of the Ship request) to that country's customs clearance center to expedite clearance requirements.

For a list of countries that accept Electronic Trade Documents, see the Electronic Trade Documents WSDL Guide.

- Use FedEx® Electronic Trade Documents to automatically generate copies of customs documents. See the Electronic Trade Documents WSDL Guide for more information.
- If you are new to international shipping and need assistance with customs rules, documents, and clearance requirements, go to the https://www.fedex.com/GTM?cntry_code=us Global Trade Manager website that provides the information you need to reduce the time it takes to clear packages through customs.

34.4.1 International Multiple Package Shipments

You may use FedEx Web Services to tie international packages together that have to clear on a single Commercial Invoice. To tie international shipments together as a multiple-package shipment (MPS):

- The first package in the shipment request is considered the master package. Any shipment-level information (TotalWeight, PackageCount, SignatureOption, GAA) is included on the master package. The SequenceID for this package is 1.
- In the master package reply, the tracking number assigned to that package is included in the MasterTrackingID element for all subsequent packages. The SequenceID is also required for each child package.
- When shipping commodities, the entire list of all the commodities in the shipment must be included in the ship request for each package so the commodity values are calculated correctly.

Note: The maximum number of packages in an MPS request is 200.

This option is available for international C.O.D. multiple-package shipments.

For more information about MPS, see FedEx Express U.S. Multiple-Package Shipments.

34.4.2 Document Shipments

Shipment contents that are considered to be non-dutiable are known as document shipments. In addition to basic elements (including shipper elements) required for all shipping transactions and described in the Introduction of the *FedEx Web Services Developer Guide*, the following elements are available to create a FedEx Express International document shipment:

Note: For FedEx Express International multiple piece shipments (MPS), if one package is a document, then all packages in the shipment must be documents. This is also true for commodity shipments. All the packages must be for commodities. Commodity and Document packages cannot be in the same MPS shipment.

34.4.2.1 Recipient Information

Table 164: Recipient Information Elements

Element	Multiple Occurrence	Description
RequestedShipment/Company	No	Required if Contact name is blank.
RequestedShipment/Contact	No	Required if Company name is blank.
RequestedShipment/StreetLines	Yes	At least one street address line is required.
RequestedShipment/City	No	Required.
RequestedShipment/StateOrProvinceCode	No	Required only if recipient country is U.S. or Canada, or if EEI applies and country is Mexico (MX).
RequestedShipment/PostalCode	No	Required only if recipient country is a postal aware country. See Appendix J: Postal-Aware Countries and Formats for a list of postal aware countries.
RequestedShipment/UrbanizationCode	No	Relevant only to addresses in Puerto Rico, where multiple addresses within the same postal code can have the same house number and street name. When this is the case, the urbanization code is needed to distinguish them.
RequestedShipment/CountryCode	No	Required. Identifies the recipient country.
RequestedShipment/CountryName	No	The fully spelled out name of a country.
RequestedShipment/PhoneNumber	No	Required.
TinType/TinNumber	No	Tax Identification Number. Specify the Employer Identification Number (EIN). Required if duties, taxes, and fees are billed to recipient.

Element	Multiple Occurrence	Description
Address/Residential	No	This element is optional for shipments to the U.S. and Canada. However, to receive an accurate rate quote, this element must be included in the Ship request.

34.4.2.2 Billing

Table 165: Billing Elements

Element	Multiple Occurrence	Description
ShippingChargesPayment/ PaymentType	No	Required. Values are: <ul style="list-style-type: none"> • ACCOUNT • COLLECT (Ground) • SENDER • RECIPIENT • THIRD_PARTY
ShippingChargesPayment/ Payor/AccountNumber	No	Required if PaymentType element is SENDER, RECIPIENT or THIRD_PARTY.
Currency	No	Required. <i>Note: FedEx will provide currency conversion using FedEx Web Services. If you enter a currency other than the currency associated with your FedEx account number, rate quotes will be returned based on the specified currency.</i>
CountryCode	No	Required. The country code associated with the shipper's FedEx account billing currency type.
CountryName	No	Optional. The fully spelled out name of a country.
CustomerReferenceType	No	Optional. This element allows customer-defined notes to print on the shipping label. The reference element is also used to track by reference. Valid values are: <ul style="list-style-type: none"> • BILL_OF_LADING • CUSTOMER_REFERENCE • DEPARTMENT_NUMBER • ELECTRONIC_PRODUCT_CODE • INTRA_REGULATORY_REFERENCE • INVOICE_NUMBER

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • P_O_NUMBER • RMA_ASSOCIATION • SHIPMENT_INTEGRITY • STORE_NUMBER <p><i>Note: You can add up to three references per shipment. SHIPMENT_INTEGRITY prints only on the invoice.</i></p>
CustomerReference/Value	No	Optional. Reference information to be associated with the CustomerReferenceType. For example, if you designate INVOICE_NUMBER in the CustomerReferenceType element, the actual invoice number associated with the package is included in the CustomerReference/Value element.

34.4.2.3 Multiple Piece Shipment Elements

This option is available for FedEx Express U.S. and international multiple-package shipments (MPS), FedEx Ground U.S. and international MPS, FedEx Express U.S. C.O.D. and international C.O.D. multiple-package shipments, and FedEx Ground U.S. C.O.D. and international C.O.D. multiple-package shipments. For more information about MPS, see FedEx Express U.S. Multiple-Package Shipments.

Note: Up to 200 MPS packages can be created for one master shipment.

Table 166: Multiple Piece Shipment Elements

Element	Multiple Occurrence	Description
PackageCount	Yes	Required for MPS. Total number of packages in the MPS.
SequenceNumber	Yes	Required if PackageCount is greater than 1.
MasterTrackingID	Yes	Required for MPS. The MasterTrackingID element is returned for the first package in an MPS. This element must be included on all subsequent shipments to tie these packages together. <i>Note: The MasterTrackingID element includes the MasterTrackingNumber and FormID. Both simple elements are required.</i>

Note: For additional coding details, see FedEx Express U.S. Multiple-Package Shipments.

34.4.2.4 Shipment/Package Information

Table 167: Shipment/Package Information Elements

Element	Multiple Occurrence	Description
ServiceType	No	<p>Required. Values are:</p> <ul style="list-style-type: none"> • EUROPE_FIRST_INTERNATIONAL_PRIORITY (for intra-Europe shipment only). • INTERNATIONAL_ECONOMY • INTERNATIONAL_FIRST • INTERNATIONAL_PRIORITY • INTERNATIONAL_ECONOMY_FREIGHT • INTERNATIONAL_PRIORITY_FREIGHT
PackagingType	Yes	<p>Required. Values are:</p> <ul style="list-style-type: none"> • FEDEX_10KG_BOX • FEDEX_25KG_BOX • FEDEX_BOX • FEDEX_ENVELOPE • FEDEX_PAK • FEDEX_TUBE • YOUR_PACKAGING
PhysicalPackaging	Yes	<p>If you select YOUR_PACKAGING as the package type, this element is required for packages traveling to and from the U.S., Canada, and Puerto Rico. This enumeration rationalizes the former FedEx Express international "admissibility package" types (based on ANSI X.12) and the FedEx Freight packaging types. The values represented are those common to both carriers.</p> <p>See Appendix K: Physical Packaging Type Codes for valid package descriptions.</p>
Weight	Yes	<p>Required. Units and Value are included in this element. Values for the Units element are:</p> <ul style="list-style-type: none"> • LB • KG <p>The Value element must contain the actual package weight. For multiple-piece shipments (MPS), each ProcessShipment request must contain the package Weight.</p>
TotalWeight	No	Required for MPS. The TotalWeight element is submitted for the master package only, not the subsequent child

Element	Multiple Occurrence	Description
		<p>packages. The master package (designated as 1 in the PackageCount element) contains the total package weight in the MPS.</p> <p>Units and Value are included in this element. Values for the Units element are:</p> <ul style="list-style-type: none"> • LB • KG <p>The Value element must contain the actual package weight.</p>
Height	Yes	Optional but recommended if your package type is CUSTOMER_PACKAGING.
Width	Yes	Optional but recommended if your package type is CUSTOMER_PACKAGING.
Length	Yes	Optional but recommended if your package type is CUSTOMER_PACKAGING.
Units		Required if dimensions are specified. Values are: <ul style="list-style-type: none"> • IN • CM
InternationalDocument	No	Required. Values are: <ul style="list-style-type: none"> • DOCUMENTS_ONLY • NON_DOCUMENTS
Commodity/Description	Yes	<p>A minimum of three characters is required for this element. Maximum number of characters is 450.</p> <p>See Appendix L: Customs-Approved Document Descriptions for more information.</p>
Commodity/CountryOfManufacture	Yes	Optional. Country code where document contents were produced in their final form.
InsuredValue/Amount	No	<p><i>Note: Some countries require a minimum document declared value of \$1USD. For a list of these countries, see Minimum Customs Value. FedEx liability for each package is limited to \$100USD unless a higher value is declared and paid for. Use this element if you want to declare a higher value.</i></p> <p>For FedEx Express International MPS, the master package should contain the total declared value/carriage value. No declared value/carriage value is added to the subsequent child packages.</p>

Element	Multiple Occurrence	Description
		<i>Note: "InsuredValue" refers to declared value of the package. FedEx does not provide insurance of any kind.</i>
RequestedShipment/ShipTimeStamp	No	<p>Required. Time of shipment based on shipper's time zone. Defaults to CDT.</p> <p>The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-hour clock. The date and time are separated by the letter T, such as 2009-06-26T17:00:00. The UTC offset indicates the number of hours/minutes such as xx:xx from UTC, such as 2009-06-26T17:00:00-04:00 is defined as June 26, 2009 5:00 p.m. Eastern Time.</p> <p>See Appendix M: Time Zones for more information.</p>
RequestedShipment/Date	No	<p>Required. Date of shipment. For FedEx Express international shipments, this value can be current date or up to 10 days in future.</p>

34.4.2.5 Label Requirements

Table 168: Label Requirements Element

Element	Multiple Occurrence	Description
LabelSpecification	No	<p>To identify the type of label format you will receive, elements in the Label Specification complex type element should be included in the Ship reply (depending on your label format). More information about label printing is provided in Creating a Label.</p>

In addition to these elements, you may choose these shipping options for a document shipment:

- [Alternate Return Address](#)
- [FedEx Express International \(Saturday\)](#) (depending on origin/destination pair and service)
- FedEx Insight
- [Hold at FedEx Location](#) (depending on origin/destination pair and service)
- International Broker Select
- [Shipment Notification in the Ship Request](#)

Table 169: Document Shipment Options

Shipping Option	Package vs. Shipment Level
Dangerous Goods	Shipment
Delivery Signature Options	Shipment
Dry Ice	Shipment
Future Day	Shipment
Hold at Location	Shipment
Inside Delivery	Shipment
Inside Pickup	Shipment
Notification	Shipment
Reference Elements	Package
Saturday Services	Shipment
Variable Handling Charge	Package

34.4.3 Commodity Shipments

Shipment contents that are considered to be dutiable are known as commodity shipments. In addition to the basic elements required for all shipping requests described in the Introduction of the *FedEx Web Services Developer Guide*, the following elements are required to create a FedEx Express International commodity shipment.

When shipping commodities, the entire list of all the commodities in the shipment must be included in the ship request for each package so the commodity values are calculated correctly.

Note: For FedEx Express International multiple piece shipments, if one package is a commodity shipment, then all packages in the shipment must contain commodities. Commodity and document shipments cannot be combined in an multiple piece shipment.

34.4.3.1 Recipient Information

Table 170: Recipient Information Elements

Element	Multiple Occurrence	Description
RequestedShipment/Company	No	Required if Contact name is blank.

Element	Multiple Occurrence	Description
RequestedShipment/Contact	No	Required if Company name is blank.
RequestedShipment/StreetLines	Yes	At least one street address line is required.
RequestedShipment/City	No	Required.
RequestedShipment/StateOrProvinceCode	No	Required only if recipient country is U.S. or Canada, or if EEI applies and country is Mexico (MX).
RequestedShipment/PostalCode	No	Required only if recipient country is a postal aware country. See Appendix J: Postal-Aware Countries and Formats for a list of postal aware countries.
RequestedShipment/UrbanizationCode	No	Relevant only to addresses in Puerto Rico, where multiple addresses within the same postal code can have the same house number and street name. When this is the case, the urbanization code is needed to distinguish them.
RequestedShipment/CountryCode	No	Identifies the recipient country code.
RequestedShipment/CountryName	No	The fully spelled out name of a country.
RequestedShipment/PhoneNumber	No	Required.
TaxpayerIdentification/TinType/	No	Identifies the category of the taxpayer identification. Valid values are: <ul style="list-style-type: none"> • BUSINESS_NATIONAL • BUISNESS_STATE • BUSINESS_UNION • PERSONAL_NATIONAL • PERSONAL_STATE
TinType/TinNumber	No	Tax Identification Type and Tax Identification Number. Specify the Employer Identification Number (EIN). Required if duties, taxes, and fees are billed to recipient.
Address/Residential	No	This element is optional for shipments to the U.S. and Canada. However, to receive an accurate rate quote, this element must be included in the ProcessShipment request.
RequestedShipment/ShipTimeStamp	No	Required. Time of shipment based on shipper's

Element	Multiple Occurrence	Description
		<p>time zone. Defaults to CDT.</p> <p>The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-hour clock. The date and time are separated by the letter T (e.g., 2009-06-26T17:00:00). The UTC offset indicates the number of hours/minutes (e.g. xx:xx) from UTC (e.g., 2009-06-26T17:00:00-04:00 is defined as June 26, 2009 5:00 p.m. Eastern Time).</p> <p>See Appendix M: Time Zones or more information about time zones.</p>
RequestedShipment/Date	No	Required. Date of shipment. For FedEx Express International shipments, this value can be the current date or up to 10 days in the future.
TaxpayerIdentification	No	<p>TaxpayerIdentification is used in the Party object. Valid values are:</p> <ul style="list-style-type: none"> • tinType • number • usage • effectiveDate • expirationDate

34.4.3.2 Billing Details

Table 171: Billing Detail Elements

Element	Multiple Occurrence	Description
TaxpayerIdentification/TinType	No	<p>Required for non document shipments to Brazil.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • Passport Number • Individual Tax ID • Company Tax ID <p><i>Note: This type must match the data entered in the TaxpayerIdentification/Number element.</i></p> <p><i>Note: This element is not required but should be added for recipient billing of duties, taxes, and fees.</i></p>
TaxpayerIdentification/Number	No	Required for shipments to Brazil. Depending on the TinType submitted, include the tax ID number for the

Element	Multiple Occurrence	Description
		recipient. Also required if you included the TaxpayerIdentification/TinType element in the Ship Request.
ShippingChargesPayment/PaymentType	No	Required. Values are: <ul style="list-style-type: none"> • COLLECT (Ground) • SENDER • RECIPIENT • THIRD_PARTY
AccountNumber	No	Required if PaymentType element is SENDER, RECIPIENT or THIRD_PARTY.
Currency	No	Required. FedEx will provide currency conversion using FedEx Web Services. If you enter a currency other than the currency associated with your FedEx account number, rate quotes will be returned based on the specified currency.
CountryCode	No	Optional. Country code associated with the currency.
CountryName	No	Optional. The fully spelled out name of a country.

34.4.3.3 Multiple-Piece Shipment Elements

This option is available for FedEx Express U.S. and international multiple-package shipments, FedEx Ground U.S. and international multiple-package shipments, FedEx Express U.S. C.O.D. and international C.O.D. multiple-package shipments, and FedEx Ground U.S. C.O.D. and international C.O.D. multiple-package shipments.

For more information about MPS, see FedEx Express U.S. Multiple-Package Shipments (MPS).

Note: The maximum number of packages in an MPS request is 200.

Table 172: Multiple-Piece Shipment Elements

Element	Multiple Occurrence	Description
PackageCount	Yes	Required for MPS. Total number of packages in the MPS.
SequenceNumber	Yes	Required if PackageCount is greater than 1.
MasterTrackingID	Yes	Required for MPS. The MasterTrackingID element is

Element	Multiple Occurrence	Description
		<p>returned for the first package in an MPS. This element must be included on all subsequent shipments to tie these packages together.</p> <p><i>Note: The MasterTrackingID element includes the MasterTrackingNumber and FormID. Both simple elements are required.</i></p>

34.4.3.4 Shipment/Package Information

Table 173: Shipment/Package Information Elements

Element	Multiple Occurrence	Description
ServiceType	No	<p>Required. Values are:</p> <ul style="list-style-type: none"> • EUROPE_FIRST_INTERNATIONAL_PRIORITY (for intra-Europe shipment only) • INTERNATIONAL_ECONOMY • INTERNATIONAL_FIRST • INTERNATIONAL_PRIORITY • INTERNATIONAL_ECONOMY_FREIGHT • INTERNATIONAL_PRIORITY_FREIGHT
PackagingType	Yes	<p>Required. Values are:</p> <ul style="list-style-type: none"> • FEDEX_10KG_BOX • FEDEX_25KG_BOX • FEDEX_BOX • FEDEX_ENVELOPE • FEDEX_PAK • FEDEX_TUBE • YOUR_PACKAGING
PhysicalPackaging	Yes	<p>Required for packages traveling to and from the U.S., Canada, and Puerto Rico.</p> <p>This enumeration rationalizes the former FedEx Express international "admissibility package" types (based on ANSI X.12) and the FedEx Freight packaging types. The values represented are those common to both carriers.</p> <p>See Appendix K: Physical Packaging Type Codes for valid package descriptions.</p>

Element	Multiple Occurrence	Description
Weight	Yes	<p>Required. Units and Value are included in this Element. Values for the Units element are:</p> <ul style="list-style-type: none"> • LB • KG <p>The Value element must contain the actual package weight. For MPS shipments, each ship request must contain the package Weight.</p>
TotalWeight	No	<p>Required for multiple-piece shipments (MPS). The TotalWeight element is submitted for the master package only, not the subsequent child packages. The master package, designated as 1 in the PackageCount element, contains the total package weight in the MPS shipment. Units and Value are included in this element. Values for the Units element are:</p> <ul style="list-style-type: none"> • LB • KG <p>The Value element must contain the actual package weight.</p>
CustomerReferenceType	No	<p>Optional. This element allows customer-defined notes to print on the shipping label. The reference element is also used to track by reference.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • BILL_OF_LADING • CUSTOMER_REFERENCE • DEPARTMENT_NUMBER • ELECTRONIC_PRODUCT_CODE • INTRACOUNTRY_REGULATORY_REFERENCE • INVOICE_NUMBER • P_O_NUMBER • RMA_ASSOCIATION • SHIPMENT_INTEGRITY • STORE_NUMBER <p>SHIPMENT_INTEGRITY prints only on the invoice.</p> <p><i>Note: Reference information is submitted on the shipment level. However, you may add up to three references per shipment.</i></p>
CustomerReference/Value	No	<p>Optional. Reference information to be associated with the CustomerReferenceType. For example, if you designate INVOICE_NUMBER in the CustomerReferenceType element, the actual invoice number associated with the</p>

Element	Multiple Occurrence	Description
		package is included in the CustomerReference/Value element.
Height	Yes	Optional but recommended if your package type is CUSTOMER_PACKAGING.
Weight	Yes	Optional but recommended your package type is CUSTOMER_PACKAGING.
Length	Yes	Optional but recommended if your package type is CUSTOMER_PACKAGING.
Units		Required if dimensions are specified. Values are: <ul style="list-style-type: none"> • IN • CM
InsuredValue/Amount	No	Optional. You may enter a value in this element to declare additional value for this shipment. For MPS shipments, the master package should contain the total declared value for the shipment. No declared value is added to subsequent child shipments. <i>Note: "InsuredValue" refers to declared value of the package. FedEx does not provide insurance of any kind.</i>
InternationalDocument	No	Required. Values are: <ul style="list-style-type: none"> • DOCUMENTS_ONLY • NON_DOCUMENTS
RequestedShipment/ShipTimeStamp	No	Required. Time of shipment based on shipper's time zone. Defaults to CDT. The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-hour clock. The date and time are separated by the letter T, such as 2009-06-26T17:00:00. The UTC offset indicates the number of hours/minutes, for example xx:xx from UTC, such as 2009-06-26T17:00:00-04:00 is defined as June 26, 2009 5:00 p.m. Eastern Time. <i>See Appendix K: Physical Packaging Type Codes for valid package descriptions.</i>
RequestedShipment/Date	No	Required. Date of shipment. For FedEx Express international shipments, this value can be current date or up to 10 days in future.

34.4.3.5 Label Requirements

Table 174: Label Requirements Element

Element	Multiple Occurrence	Description
LabelSpecification	No	To identify the type of label format you will receive, elements in the LabelSpecification complex type element should be included in the Ship reply (depending on your label format. More information about label printing is provided in Creating a Label .

34.4.3.6 International Clearance Requirements

Table 175: Commodity Shipment Elements

Element	Multiple Occurrence	Description
TermsOfSale	No	<p>Required for commodity shipments. Valid values are:</p> <ul style="list-style-type: none"> • FCA/FOB (Free Carrier/Free On Board): Seller is responsible for all costs of delivering goods to destination. (Default) • CIP/CIF (Costs, Insurance Paid/Carriage Insurance Freight): Seller is responsible for freight insurance, and miscellaneous charges to destination. • CPT/C&F (Carriage Paid To/Costs and Freight): Seller is responsible for cost of freight to destination; buyer is responsible for insurance. • EXW (Ex Works): Seller makes goods available to buyer. Buyer is responsible for delivering goods to destination. • DDU (Delivered Duty Unpaid): Seller is responsible for delivering goods to destination. Buyer is responsible for clearing goods through Bureau of Customs and Border Protection. • DDP (Delivered Duty Paid): Seller is responsible for delivering goods to destination, including duties, taxes, and miscellaneous fees. • DAP (Delivered at Place): Seller pays for carriage to the named place, except for costs related to import clearance, and assumes all risks prior to the point that the goods are ready for unloading by the buyer. • DAT (Delivered at Terminal): Seller pays for carriage to the terminal, except for costs related to import clearance, and assumes all risks up to the point that the goods are unloaded at the terminal.

Element	Multiple Occurrence	Description
FreightCharge/Amount	No	Required if the Terms of Sale element is either CF or CIF. This charge must be added to the total customs value amount.
InsuranceCharge/Amount	No	Required if the Terms of Sale element is CIF. This charge must be added to the total customs value amount.
RegulatoryControlType	No	<p>Identifies the type of regulatory control. Valid values are:</p> <ul style="list-style-type: none"> • EU_CIRCULATION • FOOD_OR_PERISHABLE • NAFTA • NOT_APPLICABLE_FOR_LOW_CUSTOMS_VALUE_EXCEPTION <p><i>Note: EU_CIRCULATION is required for shipments between European Union countries. The EU indicator prints on the shipping label.</i></p> <p><i>Note: FOOD_OR_PERISHABLE is required by the FDA/BTA for food or perishable items coming to the U.S. and Puerto Rico (except for shipments from PR to the U.S. or U.S. to PR) containing food items.</i></p>
CustomsValue	No	For MPS shipments, this element must contain the total value declared to the Bureau of Customs and Border Protection for all packages in the shipment.
Purpose	No	<p>Optional. To facilitate customs clearance and to ensure that duties, taxes, and fees are correctly assessed, enter a valid purpose. Valid values are:</p> <ul style="list-style-type: none"> • Sold • Not Sold • Gift • Sample • Repair and Return • Personal Effects

34.4.3.7 Commodity Elements

Note: A maximum of 20 occurrences of commodity line item information is supported in the ShipService WSDL. Commodity information must be included in the ship request for all packages in an multiple-piece (MPS) shipment.

Table 176: Commodity Elements

Element	Multiple Occurrence	Description
Commodity/Name	No	Name of this commodity.
Commodity/NumberOfPieces	Yes	Required. The total number of packages within the shipment that contain this commodity (can be less than or equal to PackageCount).
Commodity/Description	Yes	A minimum of three characters is required for this element. Maximum number of characters is 450. See Appendix H: Vague Commodity Descriptions for a list of appropriate commodity names.
Commodity/CountryOfManufacture	Yes	Required. Code of country in which commodity contents were produced or manufactured in their final form.
Commodity/HarmonizedCode	Yes	Optional. To expedite customs clearance, especially if the Customs Value is greater than \$2,500USD or if a valid U.S. export license is required, include valid Harmonized Codes for all commodities.
Commodity/Weight	No	Required. Total weight of this commodity. One explicit decimal position. Maximum length is 11 including the decimal.
Commodity/Quantity	Yes	Total quantity of an individual commodity within the shipment (used in conjunction with QuantityUnits). For example, if your MPS contains 10 baseballs, 10 is included in this element as part of the commodity description of baseballs assuming that the QuantityUnits value is EA. Must be included for each commodity.
Commodity/QuantityUnits	No	Optional. Unit of measure (for example, EA = each, DZ = dozen) of each commodity in the shipment.
Commodity/AdditionalMeasures	Yes	Optional. Contains only additional quantitative information other than weight and quantity to calculate duties and taxes.
Commodity/UnitPrice	No	Required. Customs value for each commodity in the shipment.
Commodity/CustomsValue	No	Optional. Total customs value for this line item. It should equal the commodity unit quantity times commodity unit value. Six explicit decimal positions.

Element	Multiple Occurrence	Description
		The maximum length is 18 including the decimal.
Commodity/ExiseConditions	Yes	Optional. Defines additional characteristics of the commodity used to calculate duties and taxes.
Commodity/ExportLicenseNumber	No	To expedite customs clearance, especially if the Customs Value is greater than \$2,500USD or if the Foreign Trade Regulations (FTR) number is not supplied. Applies to U.S. export shipping only.
Commodity/ExportLicenseExpirationDate	No	Date of expiration. Must be at least one day in the future. Required only if a commodity is shipped on a commercial export license and the export license number is supplied. Applies to U.S. export shipping only.
Commodity/CIMarksAndNumbers	Yes	An identifying mark or number used on the packaging of a shipment to help customers identify a particular shipment. Required only for the FedEx CI.
Commodity/PartNumber	No	The part number of the commodity.
Commodity/NaftaDetail	No	All data required for this commodity in NAFTA Certificate of Origin.

If the recipient and the importer are not the same, the following importer elements are required:

Element	Multiple Occurrence	Description
customsClearanceDetail/ImporterofRecord	No	Required if the recipient and importer are not the same. The following elements are included: <ul style="list-style-type: none"> • AccountNumber • TIN (Tax Payer Identification) • Contact • Address

In addition to the preceding elements, you may also choose from the following shipping options for a commodity shipment:

- [Alternate Return Address](#)
- [FedEx Express International \(Saturday\)](#) (depending on origin/destination pair and service)
- FedEx International Broker Select

- FedEx InSight
- Hold at FedEx Location (depending on origin/destination pair and service)
- Shipment Notification in the Ship Request

Shipping Option	Package vs. Shipment Level
Dangerous Goods	Shipment
Dry Ice	Shipment
Future Day	Shipment
Hold at Location	Shipment
Inside Delivery	Shipment
Inside Pickup	Shipment
International Traffic in Arms Regulations	Shipment
Reference Elements	Package
Saturday Services	Shipment
Shipment Notification	Shipment
Signature Options	Shipment
Variable Handling Charge	Package

34.4.4 International Traffic in Arms Regulations

The International Traffic In Arms Regulations (ITAR) is a set of US government regulations that control the import and export of defense-related articles and services on the United States Munitions List (USML). As a US-based carrier, FedEx Express is required to maintain compliance with ITAR regulations. Likewise, US persons (corporations) worldwide are required to adhere to ITAR regulations. To this end, it is important that the US person making any export shipment must first determine which type of goods they are shipping: ITAR Exempt goods or ITAR goods that require a license to transport.

FedEx Express can accept and properly transport two types of ITAR-controlled items

1. ITAR Exempt goods

Note: An exempt good still falls under ITAR regulations, however a license is not required for import or export.

2. Commodities controlled under a State Department License (SDL)

FedEx Express International Priority® (IP) and FedEx Express International Priority® Freight (IPF) can ship ITAR exempt commodities. Ensure the ITAR special handling option is indicated in your shipping transaction input, including exemption or license data if applicable.

Refer to <http://www.fedex.com/us/international/regulatory-alerts/index.html> for specific details on the various State Department licenses and ITAR exemptions.

34.4.4.1 International Traffic in Arms Regulations Coding Details

International Traffic in Arms Regulations (ITAR) services are included in the ShipService, OpenShip, and RateService WSDLs. The following elements are required:

Table 177: International Traffic in Arms Regulations Coding Elements

Element	Description
RequestedShipment/ SpecialServicesRequested/ InternationalTrafficInArmsRegulationsDetail	Descriptive data regarding special services requested by the shipper for this shipment. If the shipper is requesting a special service which requires additional data, such as COD, the special service type must be present in the specialServiceTypes collection, and the supporting detail must be provided in the appropriate sub-object.
RequestedShipment/ SpecialServicesRequested/ InternationalTrafficInArmsRegulationsDetail/ LicenseOrExemptionNumber	The export or license number for the ITAR shipment.

34.4.5 Reply Elements

In addition to the standard reply elements for all ship requests, the following Express International elements are returned:

Table 178: Express International Elements

Element	Description
MasterTrackingID/Tracking Number	Returned for international multiple-piece shipments (MPS).
MasterTrackingID/FormID	Returned for international MPS.
Taxes/TaxType/HST	Returned for Canadian origin shipments.
Taxes/TaxType/GST	Returned for Canadian origin shipments.
Taxes/TaxType/PST	Returned for Canadian origin shipments.
SurchargeType/Offshore	Returned for international shipments.
SurchargeType/EuropeFirst	Returned for intra-Europe shipments using Europe First service.
RequestedShipment/CustomsClearanceDetail/	Details the return reason used for clearance processing of

Element	Description
CustomsOptions/CustomsOptionsDetail/Type	<p>international dutiable outbound and international dutiable return shipments.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • COURTESY_RETURN_LABEL: For the outbound courtesy return label. • EXHIBITION_TRADE_SHOW: For exhibition or trade-show, outbound and inbound. • FAULTY_ITEM: For faulty item being returned, inbound only. • FOLLOWING_REPAIR: For repaired or processed item being sent, outbound only. • FOR_REPAIR: For repair or processing, outbound and inbound. • ITEM_FOR_LOAN: For loan item, outbound and inbound. • OTHER: Other reason, outbound and inbound. This type requires a description. • REJECTED: For rejected merchandise being returned, inbound. • REPLACEMENT: For replacement being sent, outbound only. • TRIAL: For use in a trial, outbound and inbound.
RequestedShipment/CustomsClearanceDetail/CustomsOptions/CustomsOptionsDetail/Description	<p>Specifies additional description about customs options. Required when the customs options type is "other."</p>

34.4.6 Reference Elements with Output Location

The ShipService WSDL includes these CustomerReference/CustomerReferenceType elements:

Table 179: CustomerReference/CustomerReferenceType Elements

Value	Prints
BILL_OF_LADING	Shipping label and invoice.
CUSTOMER_REFERENCE	Shipping label, ground shipping reports, and in the Customer Reference element on the invoice.
INVOICE_NUMBER	Shipping label and invoice.
P_O_NUMBER	Shipping label and invoice.
RMA_ASSOCIATION	Shipping label and invoice.

Value	Prints
SHIPMENT_INTEGRITY	Invoice.
STORE_NUMBER	Shipping label and invoice.

35 FedEx Express International (Saturday)

In the ShipService WSDL, you may choose Saturday pickup or Saturday delivery services for your FedEx Express® International shipments for an additional surcharge.

35.1 Saturday Service Details

The following service details apply:

- Saturday delivery is available for shipments from the U.S. to select points in Canada for the following services:
 - FedEx International Priority®
 - FedEx International Economy®
 - FedEx Freight®
- Saturday pickup for international shipments is available for select markets in the United States.
- To determine if Saturday services are available for your shipment origin/destination pair, use the ServiceAvailability WSDL.

Note: Saturday delivery is available in select international destinations that consider Saturday a regular business day. For these countries, Saturday delivery does not have to be included in the Ship request and no handling fees are applied.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

35.2 Saturday Coding Details

Saturday services are included in the ShipService WSDL. The following elements are required:

Table 180: Saturday Service Request Elements

Element	Description
ShipmentSpecialServicesRequested /SpecialServiceTypes	<p>Two elements must be included in the ShipService WSDL for Saturday services:</p> <p>Saturday_Delivery: The ship date and service must equal a Saturday delivery date for this option. For example, if you choose FedEx International First® and your ship date is Thursday, Saturday delivery is not allowed.</p> <p>Saturday_Pickup: Your ship date must equal a Saturday date for this option.</p>

36 FedEx Express Freight Services: International

If your FedEx Express® international package exceeds 150 lbs, you must choose one of the FedEx Express® Freight Services.

36.1 FedEx International Priority Freight

FedEx International Priority® Freight provides time-definite delivery, typically in 1, 2 or 3 business days to most major world markets including the U.S. to Canada:

- Service days are Monday through Friday, with Saturday delivery available in countries where Saturday is a regular business day.
- A booking number is required for this service. Call 1.800.332.0807 to book your freight shipment.
- Skid or package size and weight: exceeding 70" in height or 119" in length or 80" in width. Individual packages and/or skids greater than 151 lbs. Skids weighing in excess of 2,200 lbs. require prior approval by FedEx.
- The following special services are allowed (depending on destination location): [FedEx Express International \(Saturday\)](#), [FedEx International Broker](#), [Dangerous Goods](#), and [Hold at FedEx Location](#).

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

36.2 FedEx International Economy Freight

FedEx International Economy® Freight provides time-definite service, typically within 5 business days, with flexible pickup and delivery options.

- Service days are Monday through Friday, with Saturday delivery available to countries where Saturday is a regular business day.
- Import to the U.S. available from Canada, Puerto Rico, Mexico, and key Asian, Latin American and European Markets.
- Export from the U.S. available to more than 130 countries and territories.
- Skid or package size and weight: Exceeding 70" in height or 119" in length or 80" in width. Individual packages and/or skids greater than 151 lbs. Skids weighing in excess of 2,200 lbs. require prior approval by FedEx.
- Advanced confirmation required. Call 1.800.332.0807 to book your freight shipment.

- The following special services are allowed (depending on destination location): [FedEx International Broker®](#), [Hold at FedEx Location](#), [Dangerous Goods](#), and [Dry Ice Shipments](#)

36.3 Additional Service Details

- Freight must be shrink-wrapped and/or banded to a skid.
- Must be palletized, stackable, and able to be lifted by forklift.
- Skids exceeding 70" in height or 119" in length or 80" in width require prior approval.
- Individual skids of 151 lbs. or more. Skids exceeding 2,200 lbs. require prior approval. Unlimited total shipment weight.

Note: If you have any questions about services available for your origin or destination pair, use the RateService WSDL to determine service availability.

36.4 FedEx Express Freight Services Coding Details: International

Before coding FedEx Express® Freight Services International:

- Freight shipping weight must exceed 150 lbs.
- Use the RateService WSDL to determine what freight services are available for your origin/destination pair.

FedEx Freight international services are included in the ShipService WSDL. In addition to the basic shipping elements required for a FedEx Express shipment, the following elements are available:

Table 181: International ExpressFreightDetail Elements

Element	Description
ExpressFreightDetail/BookingConfirmationNumber	An advance booking number is required for FedEx International Priority Freight. When you call 1.800.332.0807 to book your freight shipment, you will receive a booking number. This booking number can be included in the Ship request and prints on the shipping label.
ExpressFreightDetail/PackingListEnclosed	Optional. If you enclose a packing list with your freight shipment, this element informs FedEx operations that shipment contents can be verified on your packing list.

36.4.1 Reply Elements

See the [Ship Service](#) section for ProcessShipment reply information.

36.5 Dangerous Goods (International Express)

See FedEx Express U.S. [Dangerous Goods](#) for more information.

36.6 Alcohol Shipping (International Express)

See FedEx Express U.S. [Alcohol Shipping](#) for more information.

36.7 Future Day Shipping (International Express)

See FedEx Express U.S. [Future Day Shipping](#) for more information.

36.8 Hold at FedEx Location (International Express)

See FedEx Express U.S. [Hold at FedEx Location](#) for more information.

36.9 Dry Ice Shipments (International Express)

See FedEx Express U.S. [Dry Ice Shipments](#) for more information.

37 FedEx International Ground Shipping

Use the Shipping service to access the FedEx International Ground® shipping features.

See [Shipping Services by Region](#) for a list of FedEx International Ground services available by region.

37.1 FedEx International Ground Service Options

The following service options are available for use with FedEx International Ground shipping:

- [Alternate Return Address](#)
- [Commercial Destination Control](#)
- [Delivery Signature Services](#)
- [Future Day Shipping](#)
- [FedEx Ground U.S. Collect On Delivery \(C.O.D.\)](#)
- [Mask Account Number \(FedEx International Ground\)](#)
- [Shipment Notification in the Ship Request](#)
- [Variable Handling Charges](#)

37.2 FedEx International Ground Service Details

FedEx International Ground is a direct-ship method for you to send single or multi-weight small package shipments directly from the U.S. to Canada, Canada to the U.S. There are no minimum package requirements.

Note: In addition to FedEx International Ground service to and from Canada, you may also use FedEx Ground® to ship intra-Canada packages.

Estimated duties and taxes calculations are now available. Contact your FedEx account executive for more information.

FedEx International Ground provides day-definite delivery throughout Canada:

- Delivery Times: 2-7 business days.
- Service Days: Monday through Friday by the end of the business day.
- Delivery Area: Canada.
- Package Size and Weight: Up to 150 lbs., 108" in length, and 165" in length and girth (L+2W+2H). For packages weighing 100–150 lbs., specific guidelines must be followed for marking heavy packages. For more information, go to fedex.com/us/services/intl/ground.html.
- Exceptions: FedEx Ground® cannot deliver to P.O. boxes.

- No hazardous materials (except for certain shipments to Canada that contain dry ice or are classified as Other Regulated Materials — Domestic [ORM-D/Limited Quantity]).)
- Customs clearance is included for shipments to Canada through our brokerage-inclusive service. A fee applies. Brokerage-inclusive service may not be available with all electronic shipping solutions.
- A CI is needed for all shipments.

Note: To determine actual shipping services and options allowed for your origin/destination pair, use the Service Availability service.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

37.2.1 Clearance Requirements

All export documents must be placed in the international document pouch and attached to the FedEx International Ground package, or the first package in an multiple-piece shipment (MPS). Each shipment must include:

- 1 signed copy and 4 originals for Canada, and 1 signed copy and 2 originals for Puerto Rico.
- The broker information (including Non-Resident Importer (NRI) designation if applicable) must be on the Commercial Invoice.
- The Commercial Invoice must also have contract details for your recipient, including a phone number.
- The recipient is automatically the Importer of Record (IOR) unless otherwise designated on the Commercial Invoice.

Note: For more information regarding specific clearance requirements for FedEx International Ground shipping, see your FedEx account executive.

37.2.2 Brokerage and Billing Options for Shipments Between the U.S. and Canada

FedEx Web Services includes a variety of features that will improve your shipping experience and increase the ease of transborder shipping of FedEx International Ground packages between the U.S. and Canada.

- **Brokerage Inclusive Services:** Through the new default brokerage-inclusive service option, FedEx International Ground shipping gives you one point of contact, and initiates regulatory clearance while your packages are still en route.
- **Broker Selection Option:** If you prefer to use your own broker, you have the option to do so.
- **Flexible Billing Solutions:** You now have the option to bill duties, taxes, and ancillary fees to the shipper, the recipient, or a third party.

37.3 FedEx International Ground Coding Details

Before you begin coding FedEx International Ground shipping options, note the following:

- FedEx International Ground shipments are created using the ShipService WSDL.
- The ground collect billing option is also available for the Broker Select Option services.
- FedEx International Ground service allows multiple-package shipping so that you can create a single Commercial Invoice for the multiple-package shipment (MPS).
- FedEx Web Services does not generate hard copies of customs documents. However, you may capture reply elements to create a Commercial Invoice.
- A standard CI form can be printed at fedex.com/us/services/createlabels.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

37.3.1 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

37.3.2 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

37.3.3 FedEx International Ground Ship Elements

In addition to basic elements required for all ship transactions as described in the Introduction of the *FedEx Web Services Developer Guide*, the following elements are available to create a FedEx International Ground shipment.

37.3.3.1 Recipient Information

Table 182: Recipient Information Elements

Element	Multiple Occurrence	Description
Company	No	Required
Contact	No	Required
StreetLines	No	At least one street address line is required.
StreetLines	No	Optional
City	No	Required
StateOrProvinceCode	No	Required for Canada and U.S.
PostalCode	No	Required
CountryCode	No	Identifies the recipient country.
CountryName	No	The fully spelled out name of a country.
Telephone	No	Required
Residential	No	Optional. If you ship to a residential address and do not include the Residential element, your rate quote will be incorrect.
RecipientEIN	No	Required if duties, taxes, and fees are billed to recipient.

37.3.3.2 Billing

Table 183: Billing Elements

Element	Multiple Occurrence	Description
ShippingChargesPayment/PaymentType	No	Required. Values are: <ul style="list-style-type: none">• ACCOUNT

Element	Multiple Occurrence	Description
		<ul style="list-style-type: none"> • COLLECT (Ground) • SENDER • RECIPIENT • THIRD_PARTY
AccountNumber	No	Required. Ensures that shipping and customs charges are billed to the correct account number, include the AccountNumber element that corresponds to the BillTo element.
Currency	No	Required. FedEx will provide currency conversion using FedEx Web Services. If you enter a currency other than the currency associated with your account, rate quotes will be returned based on the specified currency.
Country	No	Country code associated with the currency.
CustomerReferenceType	No	<p>Optional. This element allows you to add reference information that prints on the shipping label and on your invoice. Reference information may also be used to track packages. Values are:</p> <ul style="list-style-type: none"> • BILL_OF_LADING • CUSTOMER_REFERENCE • DEPARTMENT_NUMBER • ELECTRONIC_PRODUCT_CODE • INTRACOUNTRY_REGULATORY_REFERENCE • INVOICE_NUMBER • P_O_NUMBER • RMA_ASSOCIATION • SHIPMENT_INTEGRITY • STORE_NUMBER <p>SHIPMENT_INTEGRITY prints only on the invoice.</p> <p><i>Note: Reference information is submitted on the shipment level. However, you may add up to three references per shipment.</i></p>
CustomerReference/Value	No	Optional. Reference information to be associated with the CustomerReferenceType. For example, if you designate INVOICE_NUMBER in the CustomerReferenceType element, the actual invoice number associated with the package is included in the CustomerReference/Value element.

37.3.3.3 Multiple Piece Shipment Elements

Note: Up to 200 multiple piece shipment (MPS) packages may be created for one master shipment.

Table 184: Multiple Piece Shipment Elements

Element	Multiple Occurrence	Description
PackageCount	No	Required for MPS. Total number of packages in the shipment.
SequenceNumber	No	Required if PackageCount is greater than 1. The sequence number determines the master package and is important when shipment level information is added for that package. The shipment level information added to a master package applies to all packages in the shipment.
MasterTrackingID	No	Required. The MasterTrackingID element is returned with the first package reply. This element contains both the MasterTrackingNumber and the FormID elements. The MasterTrackingID element must be added to each subsequent ship request for all other packages in the MPS.
MasterTrackingID/TrackingIDType	Package	Valid values are: <ul style="list-style-type: none"> • EXPRESS • FREIGHT • GROUND • USPS • FEDEX

37.3.4 Package and Shipment Details

Table 185: Package and Shipment Details Elements

Element	Multiple Occurrence	Description
ServiceType	No	Required. <i>Note: Both residential and commercial shipments use the FEDEX_GROUND ServiceType.</i>
PackagingType	Yes	Required. Valid value is YOUR_PACKAGING. <i>Note: Packages traveling to and from the U.S., Canada, and Puerto Rico require an additional package description. Use the PhysicalPackaging element to designate the package description.</i>

Element	Multiple Occurrence	Description
PhysicalPackaging	Yes	<p>Required for packages traveling to and from the U.S., Canada, and Puerto Rico. This enumeration rationalizes the former FedEx Express® international "admissibility package" types (based on ANSI X.12) and the FedEx Freight packaging types. The values represented are those common to both carriers.</p> <p>See Appendix K: Physical Packaging Type Codes for valid packaging types.</p>
Weight	Yes	<p>Required. Units and Value are included in this element. Values for the Units element are:</p> <ul style="list-style-type: none"> • LB • KG <p>The Value element must contain the actual package weight. For multiple-piece shipments (MPS), each ship request must contain the package weight.</p>
TotalWeight	No	<p>Required for MPS. The TotalWeight element is submitted for the master package only, not the subsequent child packages. The master package (designated as 1 in the PackageCount element) contains the total package weight in the MPS.</p> <p>Units and Value are included in this element. Values for the Units element are:</p> <ul style="list-style-type: none"> • LB • KG <p>The Value element must contain the actual package weight.</p>
Dimensions/Height	Yes	Optional. Submitted in the Ship request on the package level.
Dimensions/Width	Yes	Optional. Submitted in the Ship request on the package level.
Dimensions/Length	Yes	Optional. Submitted in the Ship request on the package level.
Dimensions/Units	Yes	<p>Required if dimensions (Height, Width, Length) are submitted. Values are:</p> <ul style="list-style-type: none"> • IN • CM
InsuredValue/Amount	No	<p>You may enter a value in this element to declare additional value for this shipment. For MPS, the master package should contain the total declared value for the shipment. No declared value is added to subsequent child shipments. FedEx does not provide insurance of any kind.</p> <p><i>Note: "InsuredValue" refers to declared value of the package. FedEx does not provide insurance of any kind.</i></p>

Element	Multiple Occurrence	Description
RequestedShipment/Date	No	Date of shipment. For FedEx International Ground, this date can be the current date or up to 10 days in advance.
RequestedShipment/TimeStamp	No	<p>Time of shipment based on shipper's time zone. Defaults to CDT.</p> <p>The date format must be YYYY-MM-DDTHH:MM:SS-xx:xx. The time must be in the format: HH:MM:SS using a 24-hour clock. The date and time are separated by the letter T, such as 2009-06-26T17:00:00. The UTC offset indicates the number of hours/minutes, such as xx:xx, from UTC, such as 2009-06-26T17:00:00-04:00 is defined as June 26, 2009 5:00 p.m. Eastern Time.</p> <p>See Appendix M: Time Zones for more information.</p>

37.3.4.1 Label Requirements

Table 186: International Ground Label Requirements

Element	Multiple Occurrence	Description
LabelSpecification	No	To identify the type of label format you will receive, elements in the LabelSpecification complex type element should be included in the ProcessShipment reply, depending on your label format. More information about label printing is provided in Creating a Label .

37.3.4.2 Broker Selection

Table 187: Broker Selection Elements

Element	Multiple Occurrence	Description
CustomsClearanceDetailBrokers//AccountNumber	No	Optional. Broker's valid FedEx account number.
CustomsClearanceDetail/Brokers/Party/Tins	No	Optional. Tax ID number (EIN).
CustomsClearanceDetail/Broker/TinNumber	No	Corresponding valid Tax ID number; must match Broker/Tin description.
CustomsClearanceDetail/Brokers/Type	No	Specify one of the valid values: EXPORT

Element	Multiple Occurrence	Description
		IMPORT <i>Note: EXPORT is only valid for Freight shipments and Mexico origin shipments.</i>
CustomsClearanceDetail/Brokers/Broker	No	The two broker scenario for Mexico outbound shipments is optional - two brokers are not a required entry.
CustomsClearanceDetail/Contact/PersonName	No	Required.
CustomsClearanceDetail/Contact/CompanyName	No	Required if PersonName is not supplied.
CustomsClearanceDetail/Contact/PhoneNumber	No	Required.
CustomsClearanceDetail/Contact/PhoneExtension	No	Optional. Identifies the phone extension associated with this contact.
CustomsClearanceDetail/Contact/TollFreePhoneNumber	No	Optional. Identifies a toll free number, if any, associated with this contact.
CustomsClearanceDetail/Contact/PageNumber	No	Optional
CustomsClearanceDetail/Contact/FaxNumber	No	Optional
CustomsClearanceDetail/Contact/EmailAddress	No	Optional
CustomsClearanceDetail/Address/StreetLines	No	Optional
CustomsClearanceDetail/Address/City	No	Optional
CustomsClearanceDetail/Address/StateOrProvinceCode	No	Optional
CustomsClearanceDetail/Address/PostalCode	No	Optional
CustomsClearanceDetail/Address/CountryCode	No	Optional
CustomsClearanceDetail/Address/CountryName	No	Optional. The fully spelled out name of a country.

37.3.4.3 Commodity Information

Note: A maximum of 20 occurrences of the commodity line item information is supported in the ShipService WSDL. Commodity information must be included in the Ship request for all packages in an multiple-piece shipment (MPS).

Table 188: Commodity Information Elements

Element	Multiple Occurrence	Description
Commodity/NumberOfPieces	Yes	Required. The total number of packages within the shipment that contain this commodity (can be less than or equal to PackageCount).
Commodity/Description	Yes	A minimum of three characters is required for this element. Maximum number of characters is 450. See Appendix H: Vague Commodity Descriptions for a list of appropriate commodity descriptions.
Commodity/CountryOfManufacture	Yes	Code of the country in which the commodity contents were produced or manufactured in their final form.
Commodity/HarmonizedCode	Yes	Optional. For efficient customs clearance, a Harmonized Code should be included for all commodities in a shipment. For more information regarding Harmonized Code look-up, go to fedex.com/GTM .
Commodity/Quantity	Yes	Total quantity of an individual commodity within this shipment (used in conjunction with QuantityUnits). For example, if your MPS contains 10 baseballs, 10 is included in this element as part of the commodity description of baseballs assuming that the QuantityUnits value is EA. Must be included for each commodity.
Commodity/CIMarksandNumbers	Yes	Optional. An identifying mark or number used on the packaging of a shipment to help customs identify a particular shipment.
Commodity/QuantityUnits	Yes	Required. Unit of measure (for example: EA = each; DZ = dozen) of each commodity in the shipment.
Commodity/Weight	Yes	Required. Weight of each commodity.
Commodity/Unit Price	Yes	Required. Customs value for each piece of a particular commodity in the shipment.
Commodity/Amount	Yes	Required. At least one occurrence is required for international commodity shipments. The

Element	Multiple Occurrence	Description
		Commodity/Amount must equal the commodity UnitPrice times Units.
Commodity/ExportLicenseNumber	No	Required only if a commodity is shipped on a commercial export license.
Commodity/ExportLicenseExpirationDate	No	Required only if a commodity is shipped on a commercial export license and the ExportLicenseNumber element is supplied.
CommercialInvoice/Comments	Yes	A maximum of four occurrences per commodity may be included.
customsClearanceDetail/NAFTA	No	For shipments to NAFTA countries (U.S., Canada, and Mexico), you are required to enter the appropriate NAFTA information for your shipment. For more information regarding these requirements, go to fedex.com/us/customersupport/ftn/faq/nafa.html .
NAFTACommodityDetail	No	Optional. Specifies the NAFTA commodity detail for the shipment.
NAFTACommodityDetail/PreferenceCriterion	No	Optional. Preference for each commodity in the shipment: A - The good was obtained or produced entirely in a NAFTA country. B - The good was produced entirely in a NAFTA country and satisfies the specific origin that applies to its tariff classification.
NAFTACommodityDetail/ProducerDetermination	No	Optional. If you are the Producer of the commodity, specify Yes. If you are not the producer of the commodity, select No and indicate whether the certificate is based on one of the following: No (1) - Your knowledge of the commodity No (2) - Written statement from producer No (3) - Signed certificate from producer
NAFTACommodityDetail/ProducerId	No	Identifies the commodity producer when multiple producers are used in a single shipment.
NAFTACommodityDetail/NetCostMethod	No	Optional. The Net cost (NC) method calculates regional value content (RVC) as a percentage of

Element	Multiple Occurrence	Description
		<p>the net cost to produce the good.</p> <p>Net cost represents all costs incurred by the producer minus promotions, royalties, shipping, and nonallowable interest costs. Specify one of the following:</p> <ul style="list-style-type: none"> No - Select No if the RVC is not calculated according to the net cost method. NC - Select NC if the RVC is calculated according to the net cost method.
NAFTACommodityDetail/NetCostDateRange	No	<p>Optional. Specify NC plus date range if RVC is calculated according to the net cost method over a period of time.</p> <p>Enter the beginning and ending dates of the time period in a MM/DD/CCYY format or select from the calendar icons.</p>

Note: In addition to standard ground ship replies, FedEx International Ground transit times are returned in the Ship reply.

37.3.4.4 International/NAFTA Information

The following elements apply to U.S. to Canada FedEx International Ground shipments only. They *do not* apply to Canada to U.S. FedEx International Ground shipments. For international multiple-piece shipments, request GAA on the master piece.

Table 189: FedEx International Ground U.S. to Canada NAFTA Elements

Element	Multiple Occurrence	Description
Print General Agency Authority (GAA) Form	No	Optional. Print the GAA.
GAA Media Type	No	Optional. Specify the form for the GAA as PNG or PDF.
Provide GAA Instructions	No	Optional. Specify whether to include GAA instructions.
List Clearance Entry Fee Surcharge	No	Optional. Specify the list clearance entry fee surcharge.
Clearance Entry Fee Surcharge (Discount)	No	Optional. Specify the list clearance entry fee surcharge discount.
GAA Form	No	Optional. Specify the location of the GAA form.

Element	Multiple Occurrence	Description
GAA Form Copies To Print	No	Optional. Specify the number of GAA form copies to print.
GAA Instructions	No	Optional. Specify the GAA instructions.
GAA Instruction Copies to Print	No	Optional. Specify the number of GAA instruction copies to print.

37.3.5 Reply Elements

In addition to the standard reply elements for all Ship requests, the following FedEx International Ground elements are returned:

Table 190: International Ground Reply Elements

Element	Description
MasterTrackingID/TrackingNumber	Returned for international multiple piece shipments (MPS).
MasterTrackingID/FormID	Returned for international MPS.
Taxes/TaxType/HST	Returned for Canadian origin shipments.
Taxes/TaxType/GST	Returned for Canadian origin shipments.
Taxes/TaxType/PST	Returned for Canadian origin shipments.

37.3.5.1 International/NAFTA Reply Information

Table 191: International/NAFTA Reply Information

Element	Description
List Clearance Entry Fee Surcharge	Returned list clearance entry fee surcharge.
Clearance Entry Fee Surcharge (Discount)	Returned list clearance entry fee surcharge discount.
GAA (General Agency Authority) form	Returned location of the GAA form. Applies only to U.S. to Canada FedEx International Ground shipments. Does not apply to Canada to U.S. FedEx International Ground shipments.
GAA Form Copies To Print	Returned number of GAA form copies to print. Applies to U.S. to Canada FedEx International Ground shipments. Does not apply to Canada to U.S. FedEx International Ground shipments.

Element	Description
GAA Instructions	Returned GAA instructions. Applies only to U.S. to Canada FedEx International Ground shipments. Does not apply to Canada to U.S. FedEx International Ground shipments.
GAA Instruction Copies to Print	Returned number of GAA instruction copies to print. Applies to U.S. to Canada FedEx International Ground shipments. Does not apply to Canada to U.S. FedEx International Ground shipments.

37.3.6 Reference Elements with Output Location

The ShipService WSDL includes these CustomerReference/CustomerReferenceType elements:

Table 192: CustomerReference/CustomerReferenceType Elements

Value	Prints
BILL_OF_LADING	Shipping label and invoice.
CUSTOMER_REFERENCE	Shipping label, ground shipping reports, and in the Customer Reference element on the invoice.
INVOICE_NUMBER	Shipping label and invoice.
P_O_NUMBER	Shipping label and invoice.
RMA_ASSOCIATION	Shipping label and invoice.
SHIPMENT_INTEGRITY	Invoice.
STORE_NUMBER	Shipping label and invoice.

37.4 Delivery Signature Services (FedEx International Ground)

See [Delivery Signature Services](#) for more information.

37.5 Future Day Shipping (FedEx International Ground)

See FedEx Express U.S. [Future Day Shipping](#) for more information.

37.6 FedEx Ground Collect On Delivery (C.O.D.) (International)

See [FedEx International Ground Shipping](#) for more information.

37.7 Alternate Return Address (FedEx International Ground)

See FedEx Express U.S. [Alternate Return Address](#) for more information.

37.8 Mask Account Number (FedEx International Ground)

See FedEx Express U.S. [Masked Data](#) for more information.

38 FedEx International Broker

FedEx International Broker Select® allows you to designate a specific customs broker other than FedEx (or our designated broker).

38.1 FedEx International Broker Select Service Details

FedEx International Broker Select is available when using the following services to ship to select countries:

- FedEx International Priority®
- FedEx International Economy®
- FedEx International Priority® Freight
- FedEx International Economy® Freight
- FedEx International Ground® to Canada

Note: FedEx International Broker Select is a contract service. Contact your FedEx account executive for more information.

For more detailed information about the services offered by FedEx, see the electronic FedEx Service Guide.

38.2 FedEx International Broker Select Coding Details

Before you begin coding FedEx International Broker Select, you should know the following:

- You must contact your FedEx account executive to be enrolled for this service.
- Saturday services are not allowed for FedEx International Broker Select.
- An additional routing surcharge applies to your FedEx International Broker Select shipments if you choose to have FedEx complete delivery after customs clearance and if your recipient and customs broker are served by different FedEx clearance points.

Note: Certain customs limitations may apply for FedEx International Broker Select shipments. Contact FedEx Express® International Customer Service at 1.800.247.4747 for requirements.

38.2.1 FedEx International Broker Select Elements

FedEx International Broker Select is requested using the ShipService WSDL. In addition to the basic shipping elements required for a FedEx Express international shipment, the following elements are available for FedEx International Broker Select:

Table 193: International Broker Select Elements

Element	Description
CustomsClearanceDetail/Party/AccountNumber	Optional. Broker's valid FedEx account number.
CustomsClearanceDetail/Party/Tins	Optional. Tax ID Number. EIN (Employer Identification Number).
CustomsClearanceDetail/Party/Contact	Required. The descriptive data for a point-of-contact person.
CustomsClearanceDetail/Contact/ContactId	Optional. Client provided identifier corresponding to this contact information.
CustomsClearanceDetail/Contact/PersonName	Required
CustomsClearanceDetail/Contact/CompanyName	Required
CustomsClearanceDetail/Contact/PhoneNumber	Required
CustomsClearanceDetail/Contact/PhoneExtension	Optional. Identifies the phone extension associated with this contact.
CustomsClearanceDetail/Contact/TollFreePhoneNumber	Optional. Identifies a toll free number, if any, associated with this contact.
CustomsClearanceDetail/Contact/PagerNumber	Optional
CustomsClearanceDetail/Contact/FaxNumber	Optional
CustomsClearanceDetail/Contact/EmailAddress	Optional
CustomsClearanceDetail/PartyAddress/StreetLines	Required. Combination of number, street name, etc. At least one line is required for a valid physical address; empty lines should not be included.
CustomsClearanceDetail/Address/StreetLines	Optional. Additional street lines can be included as needed.
CustomsClearanceDetail/Address/City	Required
CustomsClearanceDetail/Address/StateOrProvinceCode	Required for U.S. or CA
CustomsClearanceDetail/Address/PostalCode	Optional
CustomsClearanceDetail/Address/CountryCode	Required
CustomsClearanceDetail/Address/CountryName	Optional. The fully spelled out name of a country.

39 Electronic Export Information

The Electronic Export Information (EEI) is the equivalent electronic version of the Shipper's Export Declaration (SED), Department of Commerce (Census Bureau) form 7525-V, which can no longer be submitted to the U.S. government (as of September 30, 2008). The EEI provides export statistics and control by reporting all pertinent export data of an international shipment transaction.

The EEI is required by the U.S. Department of Census to obtain statistical data and also by the Bureau of Industry and Security (BIS) to assist in enforcing export controls. The EEI is required when the total value of goods classified under any Schedule B number exceeds \$2500 USD or the commodities listed require an export license. This information is mandatory and must be submitted electronically by the exporter or agent through the Automated Export System (AES) for commodities listed on the Commerce Control List (CCL).

The EEI is not required for shipments from the U.S. to Canada unless the merchandise is subject to International Traffic in Arms Regulations (ITAR) or requires an export license or permit. An EEI is not required for shipment to other U.S. possessions (American Samoa, Baker Island, Commonwealth or the Northern Mariana Islands, Guam, Howland Islands, Jarvis Island, Johnston Atoll, Kingmen Reef, Midway Islands, Navassa Island, Palmyra Atoll, and Wake Island) or from the U.S. Virgin Islands to the U.S. or Puerto Rico.

39.1 Where to File

Because of U.S. Government changes in the EEI process, you must file your EEI information with AESDirect at www.aesdirect.gov. This Government-supported website facilitates your filing requirements and provides you with the appropriate shipper identification for your packages. FedEx will apply this information with your shipment but will no longer file this information for you.

For more information regarding EEI filing, the following locations are available:

- FedEx International Shipping page: fedex.com/us/international
- FedEx Global Trade Manager: fedex.com/GTM
- AESDirect: www.aesdirect.gov
- U.S. Census Bureau: www.census.gov/foreign-trade/

39.2 When to File

You must file an EEI for all shipments from the U.S., Puerto Rico or the U.S. Virgin Islands to foreign destinations. It is also required for all shipments between the U.S. and Puerto Rico, and from the U.S. or Puerto Rico to the U.S. Virgin Islands if any of the following apply:

- Shipment of merchandise under the same Schedule B commodity number is valued at more than \$2,500 USD and is sent from the same exporter to the same recipient on the same day.

Note: Shipments to Canada from the U.S. are exempt from this requirement

- The shipment contains merchandise, regardless of value, that requires an export license or permit.
- The merchandise is subject to International Traffic in Arms Regulations (ITAR), regardless of value.
- The shipment, regardless of value, is being sent to Cuba, Iran, North Korea, Sudan or Syria.
- The shipment contains rough diamonds, regardless of value (HTS 7102.10, 7102.21 and 7102.31).

An EEI is *not* required for shipments to other U.S. territories (American Samoa, Commonwealth of the Northern Mariana Islands, Guam, Howland Islands and Wake Island) or from the U.S. Virgin Islands to the U.S. or Puerto Rico.

39.3 U.S. to Canada

The EEI is *not* required for shipments from the U.S. to Canada except when one of the following apply:

- Merchandise is subject to International Traffic in Arms Regulations (ITAR)
- Shipment requires an export license or permit
- Shipped commodity is rough diamonds.

For more information about Electronic Export Information, go to the FedEx Global Trade Manager site at fedex.com/gtm.

39.4 Information for the EEI

Identify the following information before you complete the Electronic Export Information.

- USPPI EIN and ID — if the shipper is a corporation, you'll need the EIN Employer Identification Number (Tax ID) of the U.S. principal party in interest. If the shipper is an individual, you'll need the person's social security number.
- Information about the relationship of parties to the transaction is required. This information indicates whether the sender and recipient are subsidiaries or divisions of the same company or are unrelated.
- Transportation Reference No. — requires that you supply your FedEx International Air Waybill number.
- Ultimate Consignee — identify the end user of the merchandise you are shipping only if the ultimate consignee is different from the consignee you entered on your FedEx International Air Waybill.
- Country of Ultimate Destination — indicate the country where the shipment will ultimately be used.

- D/F or M (Domestic or Foreign in AES) — indicate if the commodity was made or manufactured in the U.S. (D=domestic) or made or manufactured outside the U.S. (F=foreign).
- Schedule B Number (Commodity Classification Number in AES) — enter the correct Schedule B or Harmonized Code number and units. To find this information, go to the FedEx Global Trade Manager site on fedex.com/gtm or call the U.S. Census Bureau at 1.800.549.0595.
- Value — enter the selling price or cost of the merchandise if it has not been sold.
- License No./License Exception Symbol/Authorization (License Number/Citation in AES) — enter your export license number or license exception symbol. To determine if you need to supply this information, call the U.S. Department of Commerce at 1.202.482.4811 or 1.714.660.0144 in Newport Beach, California or go to the Bureau of Industry and Security website at www.bis.doc.gov/.

39.5 Electronic Export Information Coding Details

Electronic Export Information (EEI) shipments require either an exemption number or an ITN number (Internal Transaction Number) received from filing your EEI shipment data with AESDirect (go to www.aesdirect.gov to use this application). Elements for submitting your ITN or EEI exemption number to FedEx are provided in the ShipService WSDL.

Table 194: ITN or EEI Exemption Number Elements

Element	Description
Sender/Tins/TinType	As the shipper, your tax identification information must be uploaded to FedEx for EEI shipments. Specify the Employer Identification Number (EIN). Valid values are: <ul style="list-style-type: none">• BUSINESS_NATIONAL• BUSINESS_STATE• BUSINESS_UNION• PERSONAL_NATIONAL• PERSONAL_STATE
Sender/Tins/Number	Specify the Taxpayer Identification/Number with the corresponding ID number for TinType.
CustomsClearanceDetail/ExportDetail/ExportComplianceStatement	For shipments requiring an EEI, enter the ITN number received from AES when you filed your shipment or the FTR (Foreign Trade Regulations) exemption number. The proper format for an ITN number is AES YYYYMMDDNNNN where YYYYMMDD is date and NNNNN are numbers generated by the AES.

Note: The ITN or FTR exemption number you submit in the Ship request prints on the international shipping label.

40 Commercial Destination Control

For shipments that travel under an ITAR exemption or ITAR license outbound from the U.S., Puerto Rico, the Virgin Islands, and all other U.S. territories to all other international destinations, the Department of State Commercial Destination Control Statement (DCS) must be printed on your thermal or laser shipping label, the Commercial Invoice, and any supporting export documents accompanying these shipments. FedEx Web Services provide three elements in the ShipService WSDL for you to have the appropriate DCS on your shipping label.

40.1 Commercial Destination Control Service Details

There are two types of Department of State shipments:

1. Exempt: Department of State exempt statements are allowed for all FedEx international services except FedEx International Ground® shipments to Canada.
2. Licensable: Licensable Department of State shipments are allowed for FedEx International Priority® and FedEx International Priority® Freight services only.

Note: Shipments from the U.S., Puerto Rico, or the U.S. Virgin Islands to Guam, American Samoa, or Northern Mariana Islands are excluded from this requirement.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

40.2 Commercial Destination Control Coding Details

Required elements for printing the Commerce Destination Control Statement on your shipping label are provided in the ShipService WSDL:

Table 195: Commerce Destination Control Statement Elements

Element	Required	Description
CustomsClearanceDetail/ExportDetail/DestinationControlDetail/StatementTypes	Optional	Values are: <ul style="list-style-type: none">• DEPARTMENT_OF_COMMERCE• DEPARTMENT_OF_STATE
CustomsClearanceDetail/ExportDetail/DestinationControlDetail/DestinationCountries	Optional	DCS shipment destination country. Up to 11 alphanumeric characters are allowed. If the StatementType is DEPARTMENT_OF_STATE, this element is required. You may enter up to four country codes in this element. <i>See Appendix A: Country Code Tables</i> for a list of countries.

Element	Required	Description
CustomsClearanceDetail/ExportDetail/ DestinationControlDetail/EndUser	Optional	End-user name. If the StatementType is DEPARTMENT_OF_STATE, this element is required.

41 B13A for Canada Export Shipping

The B13A is an export declaration form filed with Canada Customs by the Canadian exporter for all outbound shipments containing non-restricted goods when the commercial goods are valued at \$2,000CAD or more and the final destination of the goods is a country other than the United States, Puerto Rico, or the United States Virgin Islands.

41.1 B13A Service Details

The following service details apply:

- For shipments of documents and commodities, the B13A is required when a shipment exceeds a customs value of \$2,000CAD.
- The B13A is also required for shipments of controlled commodities, as defined by Revenue Canada Customs and related agencies, regardless of the value of the shipment.

Note: If you have questions regarding B13A shipping requirements, go to fedex.com/ca_english/international/regulatorynews/b13afaqs.html for more information.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

41.2 B13A Coding Details

For product and/or commodity shipments: The B13A Filing Option element and associated elements must be provided for shipments of any value that are consigned to countries other than the United States, Puerto Rico, or the U.S. Virgin Islands.

For document shipments: The B13A Filing Option element and associated elements must be provided for shipments consigned to countries other than the United States, Puerto Rico, or the U.S. Virgin Islands and if the value exceeds:

- \$1,999.99CAD
- \$999.99USD
- \$0.00 for any other currency type

Note: The B13A Authorization Code, if submitted, prints on the international shipping label.

41.2.1 B13A Elements

Required elements for the B13A export declaration are provided in the ShipService WSDL:

Table 196: B13A Elements

Element	Description
ExportDetail/B13AFilingOption	<p>Required for all FedEx Express® International shipments outbound from Canada that are not destined to the United States, U.S. Virgin Islands, or Puerto Rico.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • FEDEX_TO_STAMP • FILED ELECTRONICALLY • MANUALLY_ATTACHED • NOT_REQUIRED • SUMMARY_REPORTING <p><i>Note: If MANUALLY_ATTACHED is specified, your manually filed B13A must be time and date stamped at a Canada Customs office before you ship. The shipment-status tracking number must be indicated on the stamped B13A. One original copy of the stamped B13A must be attached to the shipping documentation. You are not required to enter the 21-character B13A transaction number at the time of shipping. If FILED_ELECTRONICALLY is specified, your B13A authorization code must be obtained by submitting your B13A information using the CAED software. To add the required shipment-status tracking number to your B13A declaration, return to the CAED software after you create your shipping label and update your original B13A declaration with this information.</i></p>
ExportDetail/ExportComplianceStatement	General field for exporting country-specific data (such as B13A for CA, FTSR Exemption or AES Citation for US).
ExportDetail/PermitNumber	If you enter NOT_REQUIRED as the B13AFilingOption, you may enter a Canada export permit number as well (optional).
ExportDetail/DestinationControlDetail	Department of Commerce/Department of State information about this shipment.

42 Shipping Document Service

FedEx Web Services can save you time and help optimize your shipping by creating many shipping documents for you. You will need to submit the required data elements in your Ship requests, including signature and/or letterhead images if required. Before you can attach images, you must upload them (refer to Upload Images, Chapter 43 for details). FedEx Web Services will then create the shipping documents and return them in your Ship replies as Base64-encoded strings. You can also request that most shipping documents be sent electronically (see the Electronic Trade Documents WSDL Guide) instead of printing and attaching them to your shipments.

42.1 Shipping Document Service Details

FedEx Web Services can create the following types of shipping documents:

- Certificate of Origin
- Commercial Invoice
- Customer Specified Labels
- Custom Package Document
- Custom Shipment Document
- Shipper's Declaration for Dangerous Goods Form 1421C
- Export Declaration
- FedEx Freight Address Label
- General Agency Agreement (GAA)
- Labels
- NAFTA Certificate of Origin
- OP-900 (Required for shipping hazardous materials with FedEx Ground[®])
- Pro Forma Invoice
- Return Instructions

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

42.1.1 ShippingDocuments Elements

The following request elements are available from the ShipService WSDL.

Include the following elements to produce a Certificate of Origin:

42.1.1.1 Certificate of Origin

Table 197: Certificate of Origin Elements

Element	Required or Optional	Description
ProcessShipmentRequest /RequestedShipment/ShippingDocumentSpecification/ShippingDocumentType	Required	Specify CERTIFICATE_OF_ORIGIN.
ShippingDocumentSpecification/CertificateOfOrigin	Optional	The instructions indicating how to print the Certificate of Origin, such as whether or not to include the instructions, image types, and so on.
ShippingDocumentSpecification/CertificateOfOrigin/DocumentFormat	Optional	Specifies characteristics of a shipping document to be produced. ImageType and StockType are required. Other elements are optional.
ShippingDocumentSpecification/CertificateOfOrigin/CustomerImageUses	Optional	Specifies the usage and identification of customer supplied images to be used on this document. Specify image of type SIGNATURE to include on your document.
RequestedShipment/SpecialServicesRequested / ShipmentSpecialServicesRequested / ShipmentSpecialServiceType	Optional	The types of all special services requested for the enclosing shipment (or other shipment-level transaction). Specify ELECTRONIC_TRADE_DOCUMENTS to send this document electronically.
SpecialServicesRequested/EtdDetail / RequestedDocumentCopies	Optional	Specify CERTIFICATE_OF_ORIGIN if you want to send this document electronically and also receive a copy of this document in reply.
SpecialServicesRequested/Detail/DocumentReferences	Optional	Customer reference to the uploaded document(s).
RequestedShipment/CustomsClearanceDetail/Commodities/Description		Complete and accurate description of this commodity.

42.1.1.2 Commercial Invoice

Include the following elements to produce a Commercial Invoice:

Table 198: Commercial Invoice Elements

Element	Required or Optional	Description
ProcessShipmentRequest /RequestedShipment/Shipper/Tins	Optional	Specify Shipper tax identification number and type.
RequestedShipment/Recipient/Tins	Optional	Specify Recipient tax identification number and type if known.
RequestedShipment/SpecialServicesRequested ShipmentSpecialServicesRequested/SpecialServicesTypes	Optional	Specify ELECTRONIC_TRADE_DOCUMENTS to send this document electronically.
RequestedShipment/SpecialServicesRequested ShipmentSpecialServicesRequested/EtdDetail/RequestedDocumentCopies	Optional	Specify COMMERCIAL_INVOICE if you want to send this document electronically and also receive a copy of this document in reply.
RequestedShipment/CustomsClearanceDetail/Brokers	Optional	Specify Broker information only if you are using Broker Select Option for your shipment.
CustomsClearanceDetail/Brokers/Type	Optional	Specify one of the valid values: EXPORT IMPORT <i>Note: EXPORT is only valid for Freight shipments and Mexico origin shipments.</i>
CustomsClearanceDetail/Brokers/Broker	Optional	The two broker scenario for Mexico outbound shipments is optional - two brokers are not a required entry.
CustomsClearanceDetail/ImporterOfRecord	Optional	Specify Importer of Record information if different from Recipient.
CustomsClearanceDetail/CustomsValue	Optional	Specify customs value for your entire shipment.
CustomsClearanceDetail/InsuranceCharges	Optional	Specify insurance charges if applicable. <i>Note: FedEx does not provide insurance of any kind.</i>
CustomsClearanceDetail/PartiesToTransactionAreRelated	Optional	Specify if parties to transactions are related. Valid values are: TRUE FALSE
CustomsClearanceDetail/CommercialInvoice/	Optional	Any comments that need to be communicated

Element	Required or Optional	Description
Comments		about this shipment.
CustomsClearanceDetail/CommercialInvoice/FreightCharge	Optional	Specify freight charges.
CustomsClearanceDetail/CommercialInvoice/TaxesOrMiscellaneousCharge	Optional	Specify total taxes and/or any miscellaneous charges.
CustomsClearanceDetail/CommercialInvoice/PackingCosts	Optional	Specify packing costs.
CustomsClearanceDetail/CommercialInvoice/HandlingCosts	Optional	Specify handling costs.
CustomsClearanceDetail/CommercialInvoice/SpecialInstructions	Optional	Specify special instructions. <i>Note: Values specified for the CUSTOMER_REFERENCE element may also appear as special instructions.</i>
CustomsClearanceDetail/CommercialInvoice/DeclarationStatement	Optional	Free-form text.
CustomsClearanceDetail/CommercialInvoice/PaymentTerms	Optional	Specify payment terms.
CustomsClearanceDetail/CommercialInvoice/Purpose	Optional	Specify purpose of shipment. Valid values are: <ul style="list-style-type: none">• GIFT• NOT_SOLD• PERSONAL_EFFECTS• REPAIR_AND_RETURN• SAMPLE• SOLD
CustomsClearanceDetail/CommercialInvoice/CustomsInvoiceNumber	Optional	Customer assigned Invoice number.
CustomsClearanceDetail/CommercialInvoice/OriginatorName	Optional	Name of the International Expert that completed the Commercial Invoice if different from Sender.
CustomsClearanceDetail/CommercialInvoice/TermsOfSale	Optional	Specify terms of sale. The existing incoterms, or terms of sale, are represented as enumerated list of values in the WSDLs. Due to frequent changes in the approved

Element	Required or Optional	Description
		<p>terms of sale,or incoterms, the type for the TermsOfSale element will be changed from a list of enumerations to a string type.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • CFR_OR_CPT • CIF_OR_CIP • DDP • DDU • DAP • DAT • EXW • FOB_OR_FCA
CustomsClearanceDetail/Commodities/Name	Optional	Specify name of the commodity.
CustomsClearanceDetail/Commodities/NumberOfPieces	Required	Specify number of pieces for the commodity.
CustomsClearanceDetail/Commodities/Description	Optional	Specify description of the commodity.
CustomsClearanceDetail/Commodities/CountryOfManufacture	Required	Specify country where commodity was manufactured.
CustomsClearanceDetail/Commodities/HarmonizedCode	Optional	Specify Harmonized Code for commodity. Refer to the FedEx® Global Trade Manager for Harmonized Codes.
CustomsClearanceDetail/Commodities/Weight	Required	Specify weight of commodity.
CustomsClearanceDetail/Commodities/Quantity	Optional	Specify quantity of commodity.
CustomsClearanceDetail/Commodities/QuantityUnits	Optional	Unit of measure used to express the quantity of this commodity line item.
CustomsClearanceDetail/Commodities/AdditionalMeasures	Optional	Contains only additional quantitative information other than weight and quantity to calculate duties and taxes.
CustomsClearanceDetail/Commodities/UnitPrice	Optional	Value of each unit in Quantity. Six explicit decimal positions, Max length 18 including decimal.

Element	Required or Optional	Description
CustomsClearanceDetail/Commodities/CustomsValue	Optional	Specify customs value for commodity.
CustomsClearanceDetail/Commodities/ExciseConditions	Optional	Defines additional characteristic of commodity used to calculate duties and taxes.
CustomsClearanceDetail/Commodities/ExportLicenseNumber	Optional	Applicable to U.S. export shipping only.
CustomsClearanceDetail/Commodities/ExportLicenseExpirationDate	Optional	Date of expiration. Must be at least 1 day into future. The date that the Commerce Export License expires. Export License commodities may not be exported from the U.S. on an expired license. Applicable to U.S. shipping only. Required only if commodity is shipped on commerce export license, and Export License Number is supplied.
CustomsClearanceDetail/Commodities/CIMarksAndNumbers	Optional	An identifying mark or number used on the packaging of a shipment to help customers identify a particular shipment.
CustomsClearanceDetail/ExportDetail/ExportComplianceStatement	Optional	Enter Automated Export System (AES) or Foreign Trade Regulations (FTR) exemption.
CustomsClearanceDetail/ExportDetail/PermitNumber	Optional	This field is applicable only to Canada export non-document shipments of any value to any destination. No special characters are allowed.
CustomsClearanceDetail/ExportDetail/DestinationControlDetail	Optional	VERY IMPORTANT: Specify appropriate destination control statement type(s). Valid values are DEPARTMENT_OF_COMMERCE and DEPARTMENT_OF_STATE. Be sure to also specify destination country and end user.
RequestedShipment/ShippingDocumentSpecification/ShippingDocumentType	Required	Specify COMMERCIAL_INVOICE.
ShippingDocumentSpecification/CommercialInvoiceDetail/DocumentFormat	Optional	ImageType and StockType are required. Other elements are optional.
ShippingDocumentSpecification/CommercialInvoiceDetail/CustomerImageUsages	Optional	Specify image type of LETTER_HEAD and/or SIGNATURE to include on the document.
RequestedShipment/RequestedPackageLineItems/CustomerReferences	Optional	Specify P_O_NUMBER and/or INVOICE_NUMBER.

42.1.1.3 NAFTA Certificate of Origin

Include the following elements to produce a NAFTA Certificate of Origin:

Table 199: NAFTA Certificate of Origin Elements

Element	Required or Optional	Description
ProcessShipmentRequest /RequestedShipment/Shipper/Tins	Optional	Specify Shipper tax identification number and type.
RequestedShipment/Recipient/Tins	Optional	Specify Recipient tax identification number and type if known.
RequestedShipment/SpecialServicesRequest ed/ SpecialServicesTypes	Optional	Specify ELECTRONIC_TRADE_DOCUMENTS to send this document electronically.
RequestedShipment/SpecialServicesRequest ed/EtdDetail/ RequestedDocumentCopies	Optional	Specify NAFTA_CERTIFICATE_OF_ORIGIN if you want to send this document electronically and also receive a copy of this document in reply.
RequestedShipment/CustomsClearanceDetai l/Brokers	Optional	Specify Broker information only if you are using Broker Select Option for your shipment.
CustomsClearanceDetail/Brokers/Type	Optional	Specify one of the valid values: EXPORT IMPORT <i>Note: EXPORT is only valid for Freight shipments and Mexico origin shipments.</i>
CustomsClearanceDetail/Brokers/Broker	Optional	The two broker scenario for Mexico outbound shipments is optional - two brokers are not a required entry.
CustomsClearanceDetail/ImporterofRecord	Optional	Specify Importer of Record information if different from Recipient.
CustomsClearanceDetail/CustomsValue	Optional	Specify customs value for your entire shipment.
CustomsClearanceDetail/InsuranceCharges	Optional	Specify insurance charges if applicable. <i>Note: FedEx does not provide insurance of any kind.</i>
CustomsClearanceDetail/PartiesToTransactio nAreRelated	Optional	Specify if parties to transactions are related. Valid values are:

Element	Required or Optional	Description
		TRUE FALSE
CustomsClearanceDetail/Commodities	Optional	Specify name of the commodity.
CustomsClearanceDetail/Commodities/NumberOfPieces	Required	Specify number of pieces for the commodity.
CustomsClearanceDetail/Commodities/Description	Optional	Specify description of the commodity.
CustomsClearanceDetail/Commodities/CountryOfManufacture	Required	Specify country where commodity was manufactured.
CustomsClearanceDetail/Commodities/HarmonizedCode	Optional	Specify Harmonized Code for commodity. Refer to the FedEx® Global Trade Manager for Harmonized Codes.
CustomsClearanceDetail/Commodities/Weight	Required	Specify weight of commodity.
CustomsClearanceDetail/Commodities/Quantity	Optional	Specify quantity of commodity.
CustomsClearanceDetail/Commodities/QuantityUnits	Optional	Unit of measure used to express the quantity of this commodity line item.
CustomsClearanceDetail/Commodities/AdditionalMeasures	Optional	Contains only additional quantitative information other than weight and quantity to calculate duties and taxes.
CustomsClearanceDetail/Commodities/UnitPrice	Optional	Value of each unit in Quantity. Six explicit decimal positions, Max length 18 including decimal.
CustomsClearanceDetail/Commodities/CustomsValue	Optional	Specify customs value for commodity.
CustomsClearanceDetail/Commodities/ExciseConditions	Optional	Defines additional characteristic of commodity used to calculate duties and taxes.
CustomsClearanceDetail/Commodities/ExportLicenseNumber	Optional	Applicable to U.S. export shipping only.
CustomsClearanceDetail/Commodities/ExportLicenseExpirationDate	Optional	Date of expiration. Must be at least 1 day into future. The date that the Commerce Export License expires. Export License

Element	Required or Optional	Description
		commodities may not be exported from the U.S. on an expired license. Applicable to U.S. shipping only. Required only if commodity is shipped on commerce export license, and Export License Number is supplied.
CustomsClearanceDetail/Commodities/CIMarksAndNumbers	Optional	An identifying mark or number used on the packaging of a shipment to help customers identify a particular shipment.
CustomsClearanceDetail/Commodities/NaftaDetail	Optional	All data required for this commodity in NAFTA Certificate of Origin.
CustomsClearanceDetail/Commodities/NaftaDetail/PreferenceCriterion	Optional	Specify preference criterion. Valid values are: <ul style="list-style-type: none"> • A • B • C • D • E • F
CustomsClearanceDetail/Commodities/NaftaDetail/ProducerDetermination	Optional	Specify producer determination. Valid values are: <ul style="list-style-type: none"> • NO_1 • NO_2 • NO_3 • YES
CustomsClearanceDetail/Commodities/NaftaDetail/ProducerId	Optional	Specify producer ID.
CustomsClearanceDetail/Commodities/NaftaDetail/NetCostMethod	Optional	Specify net cost method. Valid values are: <ul style="list-style-type: none"> • NC • NO
CustomsClearanceDetail/Commodities/NaftaDetail/NetCostDateRange	Optional	Specify begin and end dates for net cost.
CustomsClearanceDetail/ExportDetail/B13AFilingOption	Optional	Specifies which filing option is being exercised by the customer. Required for non-document shipments originating in Canada destined for any country other than Canada, the United States, Puerto Rico, or the U.S. Virgin Islands.

Element	Required or Optional	Description
CustomsClearanceDetail/ExportDetail/ExportComplianceStatement	Optional	Enter Automated Export System (AES) or Foreign Trade Regulations (FTR) exemption.
CustomsClearanceDetail/ExportDetail/PermitNumber	Optional	This field is applicable only to Canada export non-document shipments of any value to any destination. No special characters are allowed.
CustomsClearanceDetail/ExportDetail/DestinationControlDetail	Optional	VERY IMPORTANT: Specify appropriate destination control statement type(s). Valid values are DEPARTMENT_OF_COMMERCE and DEPARTMENT_OF_STATE. Be sure to also specify destination country and end user.
RequestedShipment/ShippingDocumentSpecification/ ShippingDocumentTypes	Required	Specify NAFTA_CERTIFICATE_OF_ORIGIN.
ShippingDocumentSpecification/NaftaCertificateOfOriginDetail	Optional	Data required to produce a Certificate of Origin document. Remaining content (business data) to be defined once requirements have been completed.
ShippingDocumentSpecification/ NaftaCertificateOfOriginDetail/Format	Optional	ImageType and StockType are required. Other elements are optional.
ShippingDocumentSpecification/ NaftaCertificateOfOriginDetail/BlanketPeriod	Optional	Specify begin and end dates for blanket period.
ShippingDocumentSpecification/ NaftaCertificateOfOriginDetail/ImporterSpecification	Optional	Specify importer specification. Valid values are: <ul style="list-style-type: none"> • IMPORTER_OF_RECORD • RECIPIENT • UNKNOWN • VARIOUS
ShippingDocumentSpecification/NaftaCertificateOfOriginDetail/SignatureContact	Optional	Contact information for "Authorized Signature" area of form.
ShippingDocumentSpecification/ NaftaCertificateOfOriginDetail/ProducerSpecification	Optional	Specify producer specification. Valid values are: <ul style="list-style-type: none"> • AVAILABLE_UPON_REQUEST • MULTIPLE_SPECIFIED • SAME • SINGLE_SPECIFIED

Element	Required or Optional	Description
		<ul style="list-style-type: none"> UNKNOWN
ShippingDocumentSpecification/ NaftaCertificateOfOriginDetail/Producers	Optional	Specify producer(s), including contact company, and tax identification information.
ShippingDocumentSpecification/ NaftaCertificateOfOriginDetail/CustomerImageUsages	Optional	Specify image of type SIGNATURE to include on the document.

42.1.1.4 OP-900

Include the following elements to produce an OP-900 form:

Table 200: OP-900 Elements

Element	Required or Optional	Description
RequestedShipment/ShippingDocumentsSpecification	Optional	Content data used to create additional (non-label) shipping documents.
ShippingDocumentSpecification/ShippingDocumentTypes	Required	Specify OP_900.
ShippingDocumentSpecification/Op900Detail	Optional	Specifies the production of the OP-900 document for hazardous materials packages.
Op900Detail/Format	Optional	Specify ImageType of PDF and StockType of OP_900_LL, or ImageType of Text and StockType of OP_900_LG. Other elements are optional.
Op900Detail/Reference	Optional	Identifies which reference type (from the package's customer reference) is to be used as the source for the references on this OP-900.
Op900Detail/CustomerImageUsages	Optional	Specifies the usage and identification of customer supplied images to be used on this document.
Op900Detail/SignatureName	Optional	Data field to be used when a name is to be printed in the document instead of (or in addition to) a signature image.
RequestedShipment/ConfigurationData	Optional	Specifies the data that is common to dangerous goods packages in the shipment. This is populated when the shipment contains packages with identical dangerous goods commodities.

Element	Required or Optional	Description
RequestedPackageLineItems/SpecialServicesRequested/SpecialServicesTypes	Optional	Specify DANGEROUS_GOODS.
RequestedPackageLineItems/SpecialServicesRequested/DangerousGoodsDetail	Optional	The descriptive data required for a FedEx shipment containing dangerous goods (hazardous materials).
DangerousGoodsDetail/Options	Optional	Indicates which kinds of hazardous content are in the current package. Specify HAZARDOUS_MATERIALS.
DangerousGoodsDetail/Containers	Optional	Describes an approved container used to package dangerous goods commodities. This does not describe any individual inner receptacles that may be within this container.
Containers/DangerousGoodsContainers/PackingType	Optional	Indicates whether there are additional inner receptacles within this container.
Containers/DangerousGoodsContainers/HazardousCommodities	Optional	Documents the kinds and quantities of all hazardous commodities in the current container.
HazardousCommodities/Description	Optional	Identifies and describes an individual hazardous commodity.
Description/Id	Optional	Specify UN ID for commodity.
Description/PackingGroup	Optional	Specify packing group. Valid values are: DEFAULT I II III
Description/ProperShippingName	Optional	Specify DOT proper shipping name for commodity.
Description/TechnicalName	Optional	Specify the technical name for the hazardous commodity.
Description/HazardClass	Optional	Specify hazard class for commodity.
Description/SubsidiaryClasses	Optional	Specify the subsidiary class of the hazardous material.
Description/LabelText	Optional	Specify the text for the label.
DangerousGoodsDetail/Packaging	Optional	Specify packaging.

Element	Required or Optional	Description
DangerousGoodsDetail/EmergencyContactNumber	Optional	Specify emergency contact telephone number.
DangerousGoodsDetail/Offeror	Optional	Specify shipper name (offeror) or contact number. Required on all shipping papers, including OP900LL, OP900LG forms, and Hazardous Materials Certification per DOT regulation.

42.1.1.5 Shipper's Declaration for Dangerous Goods Elements

Include the following elements to produce a Shipper's Declaration for Dangerous Goods form:

Table 201: Dangerous Goods Shippers Declaration Elements

Element	Required or Optional	Description
RequestedShipment/ShippingDocumentSpecification	Optional	Content data used to create additional (non-label) shipping documents.
ShippingDocumentSpecification/ShippingDocumentTypes	Required	Specify DANGEROUS_GOODS_SHIPPERS_DECLARATION.
ShippingDocumentSpecification/DangerousGoodsShippersDeclarationDetail	Optional	The instructions indicating how to print the 1421C form for dangerous goods shipment.
DangerousGoodsShippersDeclarationDetail/Format	Optional	Specifies characteristics of a shipping document to be produced.
DangerousGoodsShippersDeclarationDetail/CustomImageUsages	Optional	Specifies the usage and identification of customer supplied images to be used on this document.
RequestedShipment/ConfigurationData	Optional	Specifies the data that is common to dangerous goods packages in the shipment. This is populated when the shipment contains packages with identical dangerous goods commodities.
RequestedPackageLineItems/SpecialServicesRequested/SpecialServicesTypes	Optional	Specify DANGEROUS_GOODS.
RequestedPackageLineItems/SpecialServicesRequested/DangerousGoodsDetail	Optional	The descriptive data required for a FedEx shipment containing dangerous goods (hazardous materials).

Element	Required or Optional	Description
DangerousGoodsDetail/Options	Optional	Indicates which kinds of hazardous content are in the current package. Specify HAZARDOUS_MATERIALS.
DangerousGoodsDetail/Containers	Optional	Describes an approved container used to package dangerous goods commodities. This does not describe any individual inner receptacles that may be within this container.
Containers/PackingType	Optional	Indicates whether there are additional inner receptacles within this container.
Containers/HazardousCommodities	Optional	Documents the kinds and quantities of all hazardous commodities in the current container.
HazardousCommodites/Description	Optional	Identifies and describes an individual hazardous commodity.
Description/Id	Optional	Specify UN ID for commodity.
Description/PackingGroup	Optional	Specify packing group. Valid values are: DEFAULT I II III
Description/ProperShippingName	Optional	Specify DOT proper shipping name for commodity.
Description/TechnicalName	Optional	Specify the technical name for the hazardous commodity.
Description/HazardClass	Optional	Specify hazard class for commodity.
Description/SubsidiaryClasses	Optional	Specify the subsidiary class of the hazardous material.
Description/LabelText	Optional	Specify the text for the label.
DangerousGoodsDetail/Packaging	Optional	Specify packaging.
DangerousGoodsDetail/EmergencyContactNumber	Optional	Specify emergency contact telephone number.

Element	Required or Optional	Description
DangerousGoodsDetail/Offeror	Optional	Specify shipper name (offeror) or contact number. Required on all shipping papers, including OP900LL, OP900LG forms, and Hazardous Materials Certification per DOT regulation.

42.1.1.6 Pro Forma Invoice

Include the following elements to produce a Pro Forma Invoice:

Table 202: Pro Forma Invoice Elements

Element	Description
ShippingDocumentSpecification/ShippingDocumentType	Specify PRO_FORMA_INVOICE.
SpecialServicesRequested/SpecialServicesTypes	Specify ELECTRONIC_TRADE_DOCUMENTS to send this document electronically.
SpecialServicesRequested/EtdDetail/RequestedDocumentCopies	Specify PRO_FORMA_INVOICE to send this document electronically.
CustomsClearanceDetail/ImporterOfRecord	Specify Importer of Record information if different from Recipient.
CustomsClearanceDetail/CustomsValue	Specify customs value for your entire shipment.
CustomsClearanceDetail/CommercialInvoice/Purpose	Specify purpose of shipment. Valid values are: <ul style="list-style-type: none"> • GIFT • NOT_SOLD • PERSONAL_EFFECTS • REPAIR_AND_RETURN • SAMPLE • SOLD
CustomsClearanceDetail/CommercialInvoice/TermsOfSale	Specify terms of sale. Valid values are: <ul style="list-style-type: none"> • CFR_OR_CPT • CIF_OR_CIP • DDP • DDU • DAP • DAT

Element	Description
	<ul style="list-style-type: none"> • EXW • FOB_OR_FCA
CustomsClearanceDetail/Commodities/Name	Specify name of commodity.
CustomsClearanceDetail/Commodities/NumberOfPieces	Specify number of pieces for commodity.
CustomsClearanceDetail/Commodities/Description	Specify description of commodity.
CustomsClearanceDetail/Commodities/CountryOfManufacture	Specify country where commodity was manufactured.
CustomsClearanceDetail/Commodities/HarmonizedCode	Specify Harmonized Code for commodity. Refer to the FedEx Global Trade Manager for Harmonized Codes.
CustomsClearanceDetail/Commodities/Weight	Specify weight of commodity.
CustomsClearanceDetail/Commodities/Quantity	Specify quantity of commodity.
CustomsClearanceDetail/Commodities/CustomsValue	Specify customs value for commodity.
ShippingDocumentSpecification/CommercialInvoiceDetail/ DocumentFormat	ImageType and StockType are required. Other elements are optional.
ShippingDocumentSpecification/CommercialInvoiceDetail/ CustomerImageUsages	Specify image of type LETTER_HEAD and/or SIGNATURE to include on the document.
RequestedPackageLineItems/CustomerReferences	Specify P_O_NUMBER to include a purchase order number. Specify CUSTOMER_REFERENCE to include special instructions.

42.1.1.7 Freight Address Label

Include the following elements to produce a Freight Address Label:

Table 203: Freight Address Label Elements

Element	Description
ShippingDocumentSpecification/ShippingDocumentType	Specify FREIGHT_ADDRESS_LABEL. <i>Note: Type OUTBOUND_LABEL is the enumerator used to indicate the Bill of Lading, for both Uniform and VICS formats.</i>
ShippingDocumentSpecification/ShippingDocumentType/FreightAddressLabelDetail/	Specifies the details on the Freight Address Label.
FreightAddressLabelDetail/Format/ShippingDocu	Lists the correct type of paper for the Freight address label

Element	Description
mentFormat/StockType	option. Specify valid value: <ul style="list-style-type: none">• PAPER_4_PER_PAGE_PORTRAIT

42.1.1.8 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

42.1.1.9 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

43 Upload Images

FedEx Web Services enables you to upload signature and letterhead images to be inserted on FedEx generated shipping documents. See the Shipping Document Service section for more information.

43.1 Upload Image Service Details

You can upload up to five different images for future use. If you upload an image to a slot where you previously uploaded an image, the new image overwrites the old image. The maximum size of an image can only be 700 pixels wide by 50 pixels tall.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

43.1.1 UploadImage Request Elements

The following elements are available from the UploadDocuments WSDL:

Table 204: UploadImage Request Elements

Element	Description
Images/Id	Specify slot to store uploaded image. Valid values are: <ul style="list-style-type: none">• IMAGE_1• IMAGE_2• IMAGE_3• IMAGE_4• IMAGE_5
Images/Image	Provide GIF, PNG, JPG, or PDF image encoded as Base64 string.

43.1.2 UploadImage Reply Elements

The following elements are available from the UploadDocuments WSDL:

Table 205: UploadImage Reply Elements

Element	Description
ImageStatuses/Id	Returns value for the slot where you uploaded the image.
UploadImageStatusType	Returns status as SUCCESS or ERROR.

Element	Description
ImageStatuses/StatusInfo	Returns applicable error messages: <ul style="list-style-type: none">• IMAGE_EXCEEDS_MAX_RESOLUTION• IMAGE_EXCEEDS_MAX_SIZE• IMAGE_FAILED_VIRUS_CHECK• IMAGE_ID_INVALID• IMAGE_ID_MISSING• IMAGE_MISSING• IMAGE_TYPE_INVALID• IMAGE_TYPE_MISSING

43.1.3 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

44 FedEx Electronic Trade Documents

FedEx® Electronic Trade Documents (ETD) is an international shipping solution that simplifies your international shipping needs. You can submit most of your trade documentation electronically and no longer have to print and attach trade documents. Capturing and sharing critical trade information as early as possible optimizes the customs clearance process. Customs and other agencies receive documents sent electronically faster than paper copies. You have two choices for using FedEx Electronic Trade Documents. You can either upload your own documents or let FedEx generate them for you (see Shipping Document Service section for details on documents that FedEx can generate).

If you use FedEx generated documents, you can provide the necessary information as specified in the Shipping Document Service section and then specify Electronic Trade Documents as a special service in your ship request. If you also want to receive copies of FedEx generated documents in the ship reply, be sure to also specify RequestedDocumentCopies. If you are using your own uploaded documents, FedEx Electronic Trade Documents requires FedEx Web Services. First, you upload your trade documents (Commercial Invoice, Certificate of Origin, etc.) using the UploadDocuments WSDL. When you upload a document successfully, you receive a Document ID in the reply. Second, you create the FedEx shipment using the ShipService WSDL. You indicate Electronic Trade Documents as a special service and reference the Document ID for each uploaded document associated with your shipment.

44.1 FedEx ETD Details

- For the most current list of Electronic Trade Document-enabled countries, check FedEx website fedex.com/international/etd.

Note: The server does not limit ETD requests to only the countries that are supported. It's up to the programmer to limit the countries that use this service to only the countries that allow it.

- Valid file types for uploaded documents are PDF, TXT, PNG, JPG, GIF, BMP, TIF, RTF, DOC, and XLS. Before uploading documents, you must convert them to a Base64-encoded string.
- FedEx Electronic Trade Documents does not accept shipments that include dangerous goods, hazardous materials, or dry ice because they require that all paperwork physically accompany them.
- Each uploaded trade document cannot exceed 1 MB.
- A maximum of 5 trade documents can be uploaded per transaction.

For more detailed information about the services offered by FedEx, see the electronic *FedEx Service Guide*.

44.1.1 UploadDocuments Request Elements

The following Electronic Trade Documents request elements are available from the UploadDocuments WSDL:

Table 206: Electronic Trade Documents Request Elements

Element	Description
Documents/LineNumber	Optional. Specify a positive integer value to sequence your uploaded documents. This value is returned in reply but is not stored with your document.
Documents/CustomerReference	Optional. Specify a string value to provide additional information about the uploaded document.
Documents/DocumentType	Required. Specify the type of document being uploaded. Valid options are: <ul style="list-style-type: none"> • COMMERCIAL_INVOICE • CERTIFICATE_OF_ORIGIN • NAFTA_CERTIFICATE_OF_ORIGIN • PRO_FORMA_INVOICE • OTHER
Documents/FileName	Required. Specify the file name, such as CI.pdf, of the document to be uploaded.
Documents/Content	Required. Provide the document to be uploaded as a Base64-encoded string.
Documents/Expiration Date	Specifies the date until which the document is available
OriginCountryCode	Origin country code
DestinationCountryCode	Destination country code
DocumentUsageType	Specifies the intent or the usage of the documents being uploaded. This provides details about how the documents are relevant to the current transaction. Valid values are: <ul style="list-style-type: none"> • CUSTOMER_INFORMATION • ELECTRONIC_TRADE_DOCUMENTS

44.1.2 UploadDocuments Reply Elements

The following Electronic Trade Documents reply elements are available from the UploadDocuments WSDL:

Table 207: Electronic Trade Documents Reply Elements

Element	Description
DocumentStatuses/LineNumber	Returns the number (if any) specified in the UploadDocuments request and returns a value of zero if none is specified. This

Element	Description
	value is not stored with your document.
DocumentStatuses/CustomerReference	Returns the string (if any) specified in the UploadDocuments request.
DocumentStatuses/DocumentProducer	Returns CUSTOMER.
DocumentStatuses/DocumentType	Returns the type specified in the UploadDocuments request.
DocumentStatuses/FileName	Returns the file name specified in the UploadDocuments request.
DocumentStatuses>Status	Returns the high-level results for the document upload. Valid values are: <ul style="list-style-type: none"> • SUCCESS • FAILURE • ERROR
DocumentStatuses/StatusInfo	Returns one or more of the following specific reasons for high-level results: <ul style="list-style-type: none"> • DOCUMENT_CONTENT_FAILED_VIRUS_CHECK • DOCUMENT_CONTENT_MISSING • DOCUMENT_CONTENT_TOO_LARGE • DOCUMENT_FILE_NAME_MISSING • DOCUMENT_FORMAT_NOT_SUPPORTED • DOCUMENT_ID_INVALID • DOCUMENT_ID_MISSING • DOCUMENT_TYPE_INVALID • DOCUMENT_TYPE_MISSING • DOCUMENT_TYPE_NOT_ALLOWED_FOR_ETD • ELECTRONIC_CLEARANCE_NOT_ALLOWED_AT_DESTINATION • ELECTRONIC_CLEARANCE_NOT_ALLOWED_AT_ORIGIN • EXPIRATION_DATE_INVALID • FILENAME_TOO_LONG • UNABLE_TO_PROCESS_DOCUMENT • UPLOAD_NOT_ATTEMPTED
DocumentStatuses/MessageReturn	Returns additional information about specific results.
DocumentStatuses/DocumentId	Returns the Document ID you will need to reference when creating your shipment with the ShipService WSDL.

44.1.3 ShipRequest Elements

The following Electronic Trade Documents request elements are available from the ShipService WSDL:

Table 208: Electronic Trade Documents Request Elements

Element	Description
ShipmentSpecialServicesRequested/ EtdDetail/RequestedDocumentCopies	<p>Optional Specify FedEx generated documents for which you want copies returned.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • COMMERCIAL_INVOICE • CERTIFICATE_OF_ORIGIN • NAFTA_CERTIFICATE_OF_ORIGIN • PRO_FORMA_INVOICE • GENERAL_AGENCY AGREEMENT
CustomsClearanceDetail	Customs clearance data, used for both international and intra-country shipping.
DocumentReferences/LineNumber	Optional. Specify a positive integer value to sequence your uploaded documents. This value is not stored with your document.
DocumentReferences/CustomerReference	Optional. Specify a string value to provide additional information about the uploaded document. Use this option to change the CustomerReference specified during document upload.
DocumentReferences/DocumentProducer	Reserved. This element is reserved for future use and should not be specified.
DocumentReferences/DocumentType	<p>Optional. Specify the type of uploaded document.</p> <p>Valid values are:</p> <ul style="list-style-type: none"> • COMMERCIAL_INVOICE • CERTIFICATE_OF_ORIGIN • NAFTA_CERTIFICATE_OF_ORIGIN • PRO_FORMA_INVOICE • OTHER <p>Use this element to change the DocumentType specified during document upload.</p>
DocumentReferences/DocumentIDProducer	Details for uploaded documents provided by the shipment initiator. The valid values are:
	<ul style="list-style-type: none"> • CUSTOMER • FEDEX_CAFE

Element	Description
	<ul style="list-style-type: none"> • FEDEX_CSHP • FEDEX_FXRS • FEDEX_GSMW • FEDEX_GTM • FEDEX_INET

44.1.4 ShipReply Elements

The following Electronic Trade Documents reply elements are returned from the ShipService WSDL:

Table 209: Electronic Trade Documents Reply Elements

Element	Description
CompletedEtdDetail/UploadDocumentReferenceDetails/LineNumber	Returns the number (if any) specified in the ProcessShipment request or returns a value of zero if none is specified. This value is not stored with your document.
CompletedEtdDetail/UploadDocumentReferenceDetails/CustomerReference	Returns the string (if any) specified in the ProcessShipment request.
CompletedEtdDetail/UploadDocumentReferenceDetails/DocumentProducer	Returns the value (if any) specified in the ProcessShipment request for the uploaded documents in addition to other values for FedEx generated documents such as shipping labels. This element is reserved for future use and should not be specified in the ProcessShipment requests.
CompletedEtdDetail/UploadDocumentReferenceDetails/DocumentType	Returns the type of document (if any) specified in the ProcessShipment request.
CompletedEtdDetail/UploadDocumentReferenceDetails/DocumentId	Returns the value specified in the ProcessShipment request for your uploaded documents in addition to other values for FedEx generated documents such as shipping labels.
CompletedEtdDetail/UploadDocumentReferenceDetails/DocumentIdProducer	Returns the value (if any) specified in the ProcessShipment request for your uploaded documents. This element is reserved for future use and should not be specified in the ProcessShipment requests.
CustomsClearanceDetail	Customs clearance data, used for both international and intra-country shipping.

44.1.5 Samples

Sample code, sample transactions and the specific individual WSDL/XML guide(s) can be downloaded following these steps:

1. Go to the FedEx Developer Resource Center (DRC) at www.fedex.com/developer. Log in with your FedEx.com username and password.
If you don't have one then click on the "Register Now" link. Fill out the form for your DRC username and password. You will be asked to click through a DRC EULA.
2. From the left navigation area of the screen, click on the link "FedEx Web Services".
3. Click on the link "Documentation and Downloads".
4. Click on either the Standard Services tab or the Advanced Services tab to find the functionality you are interested in.
5. Use the "Download Code In..." drop down and check the "Include Documentation PDF" checkbox near the top of the list of functions you can use Web Services for. That will enable you to download the Sample code in the programming language of your choice and also the pdf version of the Developer's Guide.
6. In the light gray margin near the name of the functionality (e.g. Ship Service, Rate Service, etc.), there is a link for the WSDL. Click on that link to download the desired WSDL.

44.1.6 Error Messages

For error messages, see the [Appendix O: Error Code Messages](#) section of the *Web Services Developer Guide* in the Support area of the Developer Resource Center at fedex.com/developer.

Appendix A: Country Code Tables

The following country codes are listed in alphabetic order.

A

Country	Code	Ship To	Ship From
Afghanistan	AF	Y	Y
Albania	AL	Y	Y
Algeria	DZ	Y	Y
American Samoa	AS	Y	N
Andorra	AD	Y	N
Angola	AO	Y	Y
Anguilla	AI	Y	Y
Antarctica	AQ	N	N
Antigua	AG	Y	Y
Argentina	AR	Y	Y
Armenia	AM	Y	N
Aruba	AW	Y	Y
Australia	AU	Y	Y
Austria	AT	Y	Y
Azerbaijan	AZ	Y	N

B

Country	Code	Ship To	Ship From
Bahamas	BS	Y	Y
Bahrain	BH	Y	Y
Bangladesh	BD	Y	Y
Barbados	BB	Y	Y
Barbuda	AG	Y	Y
Belarus	BY	Y	N
Belgium	BE	Y	Y
Belize	BZ	Y	Y
Benin	BJ	Y	N
Bermuda	BM	Y	Y

YD	Yard
YN	Yarn

Appendix H: Vague Commodity Descriptions

This table lists commodity descriptions considered vague by the U.S. Bureau of Customs and Border Protection (CBP).

Table 215: Vague Commodity Descriptions

Vague Commodity	Vague Commodity Description
"A/C Parts"	"A/C Parts" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Brake Caliper for Aircraft." Clearance delays may result if the contents are not completely and accurately described.
"AC Parts"	"AC Parts" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Brake Caliper for Aircraft." Clearance delays may result if the contents are not completely and accurately described.
"Accessories"	"Accessories" is an incomplete description and not accepted by Customs. Specify the description of the contents being shipped. Clearance delays may result if the contents are not completely and accurately described.
"Advertising Material"	"Advertising Material" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Plastic Advertising Signs." Clearance delays may result if the contents are not completely and accurately described.
"Aircraft Parts"	"Aircraft Parts" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Brake Caliper for Aircraft." Clearance delays may result if the contents are not completely and accurately described.
"Aircraft Spare Parts"	"Aircraft Spare Parts" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Brake Caliper for Aircraft." Clearance delays may result if the contents are not completely and accurately described.
"Aircraft Spares"	"Aircraft Spares" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Brake Caliper for Aircraft." Clearance delays may result if the contents are not completely and accurately described.
"Antibodies"	"Antibodies" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Human Antibodies." Clearance delays may result if the contents are not completely and accurately described.
"Antibody"	"Antibody" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Human Antibody." Clearance delays may result if the contents are not completely and accurately described.

Vague Commodity	Vague Commodity Description
"Apparel"	"Apparel" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Men's T-shirt." Clearance delays may result if the contents are not completely and accurately described.
"Appliance"	"Appliance" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Industrial Dishwasher." Clearance delays may result if the contents are not completely and accurately described.
"Appliances"	"Appliances" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Industrial Dishwasher." Clearance delays may result if the contents are not completely and accurately described.
"Art"	"Art" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Water Color Painting." Clearance delays may result if the contents are not completely and accurately described.
"As Per Attached INV"	"As Per Attached INV" is an incomplete description and not accepted by Customs. Specify the description of the contents being shipped. Clearance delays may result if the contents are not completely and accurately described.

"Wires"	"Wires" is an incomplete description and not accepted by Customs. An example of an acceptable description is "Insulated Copper Wire." Clearance delays may result if the contents are not completely and accurately described.

Appendix I: Waybill Legal Terms and Conditions

In addition to creating and printing the waybill label, you need to print copies of the International Legal Terms and Conditions to accompany each label with your international shipments. The following defines international handling instructions for the waybill labels and Legal Terms and Conditions document.

If international: U.S. export — Print 2 copies of the waybill label to your laser printer, fold 1 copy in half and use as the shipping label. Place it in the waybill pouch and affix it to the shipment so that the barcode portion of the label can be read and scanned. Place the additional recipient copy of the waybill label in the pouch.

If international: Shipments originating outside of the U.S. — Print 3 copies of the waybill label to your laser printer, fold 1 copy in half and use as the shipping label. Place it in the waybill pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned. Place the 2 recipient copies of the waybill label in the pouch.

Note: For all Mexico to Mexico shipments, if no language is specified, the Legal Terms and Conditions will be provided in Spanish.

The following defines U.S. handling instructions for the waybill labels and Legal Terms and Conditions.

If U.S. shipment — Print 1 copy of the waybill label to your laser printer, fold the printed page in half and use as the shipping label. Place it in the waybill pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Note: The International and U.S. waybill Legal Terms and Conditions information must be supplied with test labels when completing the certification process.

Warning: To ensure timely delivery, use only printed original labels for shipping.

Appendix N: Minimum Customs Value

The following countries require a minimum customs value of \$1USD for all shipments, including document shipments:

Country
Algeria
Armenia
Australia
Azerbaijan
Belarus
Canada
China
Czech Republic
El Salvador
Georgia
Indonesia
Japan
Kuwait
Kyrgyzstan
Libya
Moldova
Mongolia
Montenegro
Nepal
New Zealand
Papua New Guinea
Philippines
Romania

Country
Russia
Samoa
Serbia and Montenegro
Slovenia
Slovak Republic
South Korea
Turkmenistan
Tonga
Uzbekistan

Note: The value must be the selling price or the fair market value. Unacceptable values are \$0, NDV, NVD or NCV.

Appendix O: Error Code Messages

The following messages may be returned in a reply to notify you of some sort of issue with your request.

Chained SSL Certificate Error Messages

The Chained Secure Socket Layer (SSL) is the secure protocol for transmitting data securely using encryption over the web. SSL creates a secure connection between a client and a server, over which any amount of data can be sent; S-HTTP (https) is designed to transmit individual messages securely between a client and a web server.

The following error messages may be returned when the FedEx gateway certificate needs to be updated.

Chained Secure Socket Layer (SSL) Error Messages	
Possible Customer Error	Action
Exception : javax.net.ssl.SSLHandshakeException: unknown certificate	Download and install the FedEx gateway certificate and the intermediate VeriSign CA certificate into keystore.
java.security.cert.CertificateException: CA certificate does not include basic constraints extension	Download and install the FedEx gateway certificate and the intermediate VeriSign CA certificate into keystore.
Exception in FedEx exchange javax.net.ssl.SSLHandshakeException: unknown certificate	Download and install the FedEx gateway certificate and the intermediate VeriSign CA certificate into keystore.
java.net.SocketException: Xport: SSL handshake failed: SSL routines:SSL3_GET_SERVER_CERTIFICATE:certificate verify failed SSL handshake failed	Download and install the FedEx gateway certificate and the intermediate VeriSign CA certificate into keystore.
Master VeriSign Certificate does not match	Download and install the FedEx gateway certificate and the intermediate VeriSign CA certificate into keystore.
java.security.cert.CertificateException: Unable to parse certificate(s) cannot process input.	Potential middleware application problem. Contact vendor of middleware application.
This may show in the customers WebSphere Application log: SystemErr.log SystemErr: Content is not allowed in prolog.	Download and install the FedEx gateway certificate and the intermediate VeriSign CA certificate into keystore.

Appendix Q: Track Service Scan Codes

See the [Appendix Y: Glossary](#) for Carrier Code definitions.

Note: N/A means that nothing will be returned for that field; however, if there is an N/A in the "Package Exception Scan Message" field, then neither the "Package Exception Scan Code" or the "Package Exception Scan Message" will be returned.

IOR	Importer of Record

Acronym	Description
IP	International Priority
IPBSO	International Priority Broker Select Option
IPD	International Priority Direct Distribution
IPF	International Priority Freight
IPFS	International Priority Freight Service
IRS	Internal Revenue Service
ITAR	International Traffic in Arms Regulations
ITN	Internal Transaction Number
IVA	Impuesto al Valor Agregado (means "value-added tax" in Spanish)
KG or KGS	Kilograms (common abbreviation is kg or kgs)
LAC	Latin America and the Caribbean
LB or LBS	Pounds (common abbreviation is lb. or lbs.)
LOCID	Location Identifier
LTL	Less Than Truckload
LVS	Limited Value Shipments
MAWB	Master Air Waybill
MBG	Money Back Guarantee
MPS	Multiple-Piece Shipment
MTW	Multiweight
NAFTA	North America Free Trade Agreement
NMP	New Mexican Peso
ORM-D/Limited Quantity	FedEx Ground HazMat Report
ORM-D	Other Regulated Materials-Domestic

Acronym	Description
OS	Oversize
Oversize Packages	FedEx Ground. A package whose Length plus Girth ($L+2W+2H$) is greater than 84 inches is considered to be Oversize. Oversize packages are considered to have a minimum weight of 30 lbs. (or 50 lbs. if the Length plus the Girth is greater than 108 inches) for U.S. shipments and 50 lbs. for Canadian shipments. There is also a maximum allowable size of "Length plus Girth less than or equal to 130 inches," as well as a maximum allowable single dimension of 108 inches.
PAPS	Pre-Arrival Processing System
PHMSA	Pipeline and Hazardous Materials Safety Administration
PIB	Personal, Interoffice, and Business
PNG	Portable Network Graphic, a bitmap image file format
POD	Proof of Delivery
PO	Priority Overnight
PO	Purchase Order
POD	Proof of Delivery
Postal Code	Localization code of numbers or letters or both depending on the country. Sometimes referred to as a Zone Improvement Plan (ZIP) code, although this is specific to the U.S.
PR	Puerto Rico
PRO Number	Freight Tracking Number, also called a "progressive number"
PST	Provincial Sales Tax
QST	Quebec Provincial Sales Tax
RET	Routed Export Transaction
RMA	Return Materials Authorization
ROW	Rest of World
SCAC	Standard Carrier Alpha Code
SEL 169	Alcohol Shipment Indicator Sticker
SLAC	Shipper's Load and Count

Acronym	Description
SOAP	Simple Object Access Protocol
SPOC	Single Point Of Clearance
SPOD	Signature Proof of Delivery
TCN	Transportation Control Number
TD	Transborder Distribution
TPC	Third Party Consignee
URSA	Universal Routing and Sorting Aid
US	United States
USD, \$US	U.S. Dollars
USPS	United States Postal Service
VI	Virgin Islands
VICS	Voluntary Interindustry Commerce Solutions
WISC	FedEx Web Integrated Solutions Consultation Team
ZIP	Zone Improvement Plan code
